Noted Baritone Booked for Next Concert Program

Petoskey—Edmund Karlsrud, the bass-baritone, will appear as the next attraction of the northern Michigan Community Concert Series at the Petoskey High School Auditorium on Tuesday evening, Jan. 8 at 8:30.

Karlsrud is a "professional's professional". Still in his thirties, he has performed in almost every phase of the world of entertainment . . . ranging from night clubs to opera with many stops for concerts and network television.

Called by one reviewer, "a young man with an easy personality and a bass-baritone voice of depth and polish of a sapphire," Mr. Karlsrud has established himself os a recitalist, oratorio soloist, and as a guest with Symphony orchestras. His record of over 900 professional concert appearances is probably unequaled by any other singer his age.

While still at Juilliard, Mr. Karlsrud became an active professional and organized The Men of Song Quartet. This group became one of the most famous concert quartets in the history of concerts in this country. In addition to their many concerts, they appeared on top television shows with such performers as Sid Ceaser, Milton Berle, and Fred Allen.

Today Edmund Karlsrud is widely known and admired not only for his own artistry, but as the organizer and guiding force behind other tremendously popular vocal ensembles such as the Rondoliers Trio, the New York Sextet, the Concertmen, and the Karlsrud Chorale.

Recent appearances have been as solist on "The Bell Telephone Hour" TV show, with the Oratoria Society of New York in Carnagie Hall, and as soloist with the Worchester Music Festival.

Admission to the concert will be by membership in the northenr Michigan Community Concerts Association only.

Tourist Council Publicizes State As Winter Resort

What is the Michigan Tourist Council doing to publicize Michigan as a winter resort?

A report of activities released recently by the council reveals that an extensive program of odvertising and promoting the state has been underway since early fall through the use of vorious media.

Michigan Winter sports advertisements ore appearing during November, December and January in regional editions of Sports Illustrated, True, Argosy and TV Guide; the national magazine, Ski-Ski Life; in rotogravure aections of all midwest newspapers and in 16 college newspapers in the same area. Radio time has also been purchased on Detroit and Chicago sports shows.

Since early October publicity releases highlighting winter sports activities have been distributed to more than 900 newspapers, magazines, radio and television stations and other outlets throughout the U.S. and Canada.

Mail and personal contacts with two Council representatives concentrating on this phase of spreading the word regarding the state's winter attractions have been featured since mid-October. Another facet of the field promotion activity was the operation of an information booth at ski shows in Grand Rapids, Chicago and Cleveland where Michigan winter sports literature was distributed to some 8,500 people.

Distribution of 75,000 copies of the 8th annual edition of a statewide ski map, listing 83 facilities and locations has been underway since mid-October. In addition, the Council has produced a new winter travel promotional booklet, "Michigan White Winter Wonderland" an eight-page, four-color publication designed to show and describe the state's winter vacation advantages.

Circulation of the Council's 28-minute sound and color motion picture, "Michigan Winter Wonderland" has also been underway with 15 TV bookings arranged. The 50 prints of the new film now in circulation have also been offered to ski clubs, sportsmen's groups and others interested clubs.

The council is spending $42,805 for promotional activities to increase interest in the state's winter travel attractions as compared with $19,098 spent last year.

Couple Repeat Nuptial Vows In Evening Ceremony

The First Methodist church was the scene Friday evening of the wedding of Lorraine Marie Heise and Larry E. Warner.

The bride is the daughter of Edward E. Heise and the late Mrs. Heise. Mr. and Mrs. Jasper Warner are the parents of the bridegroom.

Red and white poinsettias and lighted tapers in candelabra formed a setting for the double ring service at which the Rev. Raymond J. McBratnie officiated in the presence of more than 200 guests. Mrs. Mark White, at the organ, played the traditional wedding marches and accompanied the soloist, Mrs. Lee Moerland, who sang "Because" and "I Love You Truly".

Given in marriage by her father, the bride wore a floor length gown fashioned with a fitted lace bodice, long tapered sleeves and a hoop skirt. Her fingertip veil fell from a miniature crown ond she carried a colonial bouquet of white carnations and red sweetheart roses.

Susan deCastro, as maid of honor, wore a ballerina length gown of red velvet, a red velvet and net headdress and carried a bouquet of red roses and white carnations.

Ronald Fratrick assisted the bridegroom as best man. Donald Heise, cousin of the bride, and James Dennis seated the guests.

A reception followed in Harmony Hall which was decorated in a pink and white motif. Mrs. James Wilis, aunt of the bride, served the wedding cake, assisted by Mrs. Gerald Stebc and Barbara Shwab. Judy Warner, sister of the bridegroom, was in charge of the guest book.

For traveling on their brief wedding trip, the bride chose a red, gray and white plaid suit and black accessories.

Both arc graduates of the Charlevoix high school. The bride is presently enrolled in the Northwestern Michigan School of Practical Nursing and will return there to complete her training. Late next month she will join Mr. Warner at Fort Leonard Wood, Mo., where he is stationed with the U. S. Army while completing basic training.

O. Somerville's On Wedding Trip To California

In a quiet ceremony solemnized at the home of Rev. and Mrs. David Goodman in Grand Rapids Friday, Miss Violet Giffin became the bride of Orville Somerville of Central Lake.

The bride selected a beige wool ensemble and brown accessories for her wedding.

Mr. and Mrs. Melvin Clark of Grand Rapids were their only attendants.

Following a reception at the Clark home, the couple left on an extended trip to California. They will be at home in Charlevoix after April 1.

J. A. Hayes Speaks At Kiwanis Meet

J. A. Hayes, who with his family is spending two weeks here from his position as an industrial management engineer with an oil company in Iran, was the guest speaker at the dinner meeting of the Kiwanis club held Thursday at the high school cafeteria.

He spoke on the conditions in the Middle East. He was introduced by Fred Willis, program chairman.,

Glenn Snider, who will retire as club president later this month was presented with a pin for 10 years perfect attendance. Glenn Kenney received a two year pin.

Visiting Kiwanians present at the meeting were Kenneth Smith and Fred Brice of the Gross Point club and Julian Harrison and David Hamilton who attended as guests of their respectives fathers.

Probate Court Needs Approved Foster Homes

The Charlevoix County Probate Court and Juvenile Court needs boarding homes in the county for children who become wards of the court, according to Probate Judge John Makel.

The probate court is continually faced with the problem of caring for juveniles pending final disposition of their respective cases. Many of these children become wards of the court through no fault of their own, Judge Makel said. These children in many instances do not receive proper care because of broken homes, destitute or shiftless parents and other reasons. Because the children have to shift for themselves, more or less, they are undernourished and poorly clothed. And, without care and guidance there is always the possibility they will become delinquents.

The probate judge must decide what to do with these children when they are brought into juvenile court. The four main procedures are: allow them to remain with their parents; make them temporary or permanent wards of the court; place them in a boarding home until further arrangement can be made; and if they are made permanent wards of the court, try to place them for adoption with new parents who will provide satisfactory home conditions.

Persons interested in helping care for these unfortunate children should contact the probate court.

Interviews will then be arranged for licensing homes under the State foster care program. The court may then place children in approved homes for short or extended periods of time. The payments for child care in approved homes is minimal but rewarding to persons who find happiness in helping others, particularly children.

Enlarged prints of pictures appearing in the Courier can be ordered at the office of the Charlevoix Courier.

AGRICULTURE in ACTION .....

by M. L. Woell

Be Careful What You Want

There is wisdom in the saying, "Be careful whot you want,—you might get it." Farmers should know.

For a long period in our history, American farmers were not careful of what they wanted. They asked for all types of government aids and programs. They got them. With them they got pricing devices, quotas and controls. Much as the Sorcerer's Apprentice, they have yet to discover the magic words to turn off the government "help."

All the more reason to applaud genuine self-help farm programs of the kind that call for local work and responsibility.

Good examples are the types of programs sponsored by the National Livestock and Meat Board, local and state cooperatives, or marketing and bargaining groups such as the Michigan Agricultural Cooperative Market ing Association.

Annual meetings will be held shortly for two do-it-yourself Michigan farm groups, the American Dairy Assoc. of Michigan and Michigan Allied Poultry Industries. Both deserve widespread support and attention.

A newcomer to Michigan, the Allied Poultry Industries has all groups interested in poultry, spent the year bringing together Unlike similar groups, it includes growers, processors, distributers and feed manufacturers. It operates on a voluntary fee system, and works to promote the use of egg, poultry meat and other products.

The annual meeting for API will be held at 4 p.m., January 29, at Michigan State University in conjunction with the "Poultry Day" of Farmer's Week. It is open to all who are interested in poultry, and will be followed by an evening banquet.

The Michigan ADA meeting is scheduled for 10 a.m. Ferbuary 1, at Michigan State University. Stressed will be the idea that dairy farmers have made tremendous advances in production without equal advances in marketing. Dr. Earl Butz, Dean, School of Agriculture, Purdue University, will speak on "Managing Markets and Milk to Make Money."

The work of these self-help groups is a positive force for agriculture. They represent the idea that the best helping hand a man can find, is the one at the end of his own arm.

Local Couple Featured in Florida Newspaper Story

Editor's Note: Thanks to "Cap" Herbert E. Paddock for the following article by Gene V. Davis about two of our residents who are wintering at Bradenton, Fla. The article was published in the Sarasota (Fla.) News. Mr. and Mrs. Paddock are wintering at Venice, Fla.

"It takes time to observe Christmas in Sweden," says John E. Rosquist of Avon Air Trailer Park, who came to America from Sweden in 1910 when he was 21 years old. "The season begins two weeks before Christmas with a great deal of baking, and cooking, and making of sausages and special dishes."

Christmas Eve is celebrated with a smorgasbord of delectables and dainties, and it is followed by a big meal on Christmas, and again on Second Day Christmas. No one does any work until after New Year's (could it be they are unable?) and it is another 12 days before Christmas is considered gone.

"There is always a Christmas tree," contributes Mrs. Rosquist, who is also Swedish born, "and it is decorated with cookies, small cakes, and candies — no tinsel or artifical decorations. We children would take tastes of the cookies and cakes while the elders were not looking, or slip pieces of candy out of the paper container,s fastening up the paper again so that no one would know."

Turkey Unknown

Turkey was unknown in Sweden in her childhood, ahe says, and usually the main dish of the smorgasbord was "lutfish" — a kind of fish, We didn't have fish often and it was considered a treat."

Christmas day always began with a 5 a.m. attendance at church. There were not many presents in her home, as there were nine children, and the mother died when Gunhild, Mrs. Rosquist, was 10. Her father, a cabinet maker, worked very hard to take care of the children.

Sana Claus called "Jultomtem," (the first syllable pronounced like Yule) — is a beloved Christmas figure in Sweden, and travels with his sleigh and reindeer, reasonably enough in a land where snowdrifts are so high in winter that persons use snowshoes for walking, and popular sports are ice skating, skiing, and sleigh riding. Mrs. Rosquist has often seen the Lapps driving reindeer in Sweden.

She came to America when she was 18, and she and her husband met in Chicago, where he was then employed as a private chauffeur. Both are naturalized Americans. Rosquist served in the First World War as driver of an ammunitions truck, and after his return from France took out his U.S. papers.

Bought Orchard

The couple lived in Chicago at first, but late Rosquist, who had been reared on a farm in Sweden, bought an old run-down orchard near Charlevoix, Mich., about one-half mile from Lake Michigan, and in an area famed for its fruit, especially cherries. Mrs. Rosquist knew little of farm life, and gave up many conveniences to go to the country, but she says, "we were so happy there. We worked hard, but the air was fresh and clean, and the life good."

Rosquist soon built up the place to one of the leading orchards in Michigan. He had about 50 acres, with 38 acres in fruit, and soon was harvesting from 3,000 trees, apples, pears, peaches apricots, and sour and sweet cherries of many varieties, He produced a crop four times the crop of the old orchard, and the quality was so high that the state inspector rated his sweet cherries the best in the area. Two different years an advertising firm air-expressed Montmorency cherries, stems, leaves and all, from Rosquist's Longview orchard, to New York where the fruit was made into pies that were used in color photographs advertising frozen cherry pies in Life Magazine.

Some of Rosquist's apricot stock was 100 years old, and some of the cherries 80 years old. The University of Michigan used apricot budding slips from Rosquist's orchard. At one time he had 500 Montmorencies, 1,000 sweet cherries including such varieties as Schmidt, Napoleon, Bing, Windsor, Early Seneca, and Black Tartarian, and 300 apple trees. His fruit was shipped all over the United States, and bought locally from 100 miles around.

Worked Daily

From the days when Rosquist drove hand-cranked cars with the old time carbide lights, until the day when he sold his orchard in 1959, he never lost a day from work. After 18 years as orchardist, however he sold out and retired because of ill health, and for the last three years, the Rosquists have been coming to Avon Air Park for the winters, though still maintaining a home at Charlevoix.

This season they will observe Christmas with the other park residents at a community dinner, but their thoughts will turn now and then to the tables in the old Country, heaped with cookies and cakes, sausages and pudding, and lutfisk and other fine Swedish dishes, and to the Christmas trees hung with bonbon sprits, nut wafers, lace cookies, jelly cookies, gaily decorated small cakes and the many dainties for which Swedish cooks are famous. Good? "Oh GOOD"' says Mrs. Rosquist relishfully.

And afterward perhaps they may tune in, as they did last year, on a program fro Stockholm, "God Jl! Gott Nytt Orl" they call in parting.

School Superintendent Tenders Resignation

★ ★ ★

Served 18 Years As School Adminstrator In Charlevoix

The resignation of Roy G. Bennett as superintendent of the Charlevoix Public School was accepted by the Charlevoix Board of Education at its regular meeting Monday night E. Darrell Dinwiddie, president of the board, has announced.

Mr. Bennett, who has served as administrator of the local schools since 1945, requested that the board release him from his contract as superintendent of schools effective June 30, 1963, to permit him to retire from this professional field.

In announcing Mr. Bennett's retirement, Mr. Dinwiddie said that it was with regret that the board had accepted the resignation. The resolution accepting the resignation included the board's expression of appreciation of Mr. Bennett's dedicated service and contribution to the school community.

His decision to retire after 40 years in the field of education including 36 years in administration came as no great surprise to many with whom he had discussed the possibility of retiring for some time. The decision was made and announced at this time to permit the board adequate time to name a successor.

Mr. Bennett is one of the veteran educators in the state having entered the field 40 years ago in Grand Traverse county where he held his first teaching position for four years.

After serving two years in the U. S. Army during World War I, he returned there briefly before accepting the superintendency at Muir and Palo in Ionia county. Later he served in the same capacity at Manton before coming here in the fall of 1945.

During his 18 year tenure of office here the school district has annexed 12 adjacent school districts including McGeagh, Clark, Hilton and Norwood in Norwood township, Marion Center, Grandvue, Phelps, Barnard and Loeb in Marion township and Undine, Burgess and Maple Grove in Hayes township. The Hopyard school was annexed earlier.

The enrollment also shows a marked increase, having grown from 732 including 406 in the elementary grades and 325 in the high school in 1945 to 1,069 this year including 586 in the elementary grades and 483 in the high school. It is interesting to note that there were 50 children enrolled in the kindergarten in 1945 compared to 118 in 1962.

Under his administration the physical plant has olso grown. The Charlevoix Elementary school facilities were expanded in 1952 and in 1981 a new million dollar Junior-Senior high school constructed on a new site was opened.

Mr. Bennett has been an active member of the Charlevoix county District M.E.A. since coming here, the Michigan Education Association and the National Education Association, the latter for 30 years.

He is an equally active member of the Michigan Association of School Administrators, having served as vice president and as a member of its council and board of directors. He has served on the organization's legislative committee for many years and is considered an authority on school legislation and finance.

He is a member of the First Methodist church and the Charlevoix Kiwanis club. He has served as president of the latter club and as Lieutenant Governor of District 15 of the state organization.

A native of Grand Traverse County, he is a graduate of the Traverse City high school and Central Michigan University. He received his Master's degree in Education from the University of Michigan and has done addtional work at Western Michigan and Michigan State Universities.

Mr. Bennett is married to the former Elsie Nickerson. The couple bas two sons, J. William of Santo Ana, Calif., and Robert L. of Alpena.

Mr. Bennett said he and Mrs. Bennett have made no firm plans but would probably do some traveling which both have wanted to do for some time.

Board of Supervisors Approve Two Special Appropriations

The Charlevoix County Board of Supervisors approved two special appropriations and adopted a resolution regarding the improvement of M-32 in addition to approving the bonds of elected county officials at the regular biennial meeting held Monday.

Major appropriation was not to exceed $4,000 and was to underwrite the cost of employing a full-time sheriff's deputy and dog warden for the period of Jan. 15 to Dec. 31, 1963. The appropriation is to underwrite the cost of the deputy's salary, travel expenses and the cost of maintaining dogs in shelters until they are claimed or destroyed. The maintenance cost is not to exceed $1.25 per day for care of the animals. It was also stated that the sheriff may assign other dutics of the department to the special deputy up to one half his time.

The other appropriation was in the amount of $568 to underwrite the cost of installing an aluminum capping on the decorative parapet of the county jail.

The resolution approved by the board requested the Michigan State Highway Commission highway M-32 between Alpena and East Jordan be improved to o Class A highway making it wider and safer highway. Copies of the resolution were also sent to the State Senate, State Representative and Board of Supervisors in areas adjoining the highway.

The board also approved a school for supervisors assessors and members of boards of review within the county. The school is tenatively scheduled to be held next month at the county building for the purpose of acquainting those people with new procedures in evaluating and assessing. It will be conducted by Russell Curtis who heads the county's assessment equalization department.

Offer Youngsters Skiing Lessions At Mt McSaubi

Skiing lessons for the young fry of the community will be offered at Mt. McSauba ski park beginning at 9:30 a.m. Saturday, Chuck Meier, manager of the park for the Charlevoix-Mt. McSauba Recreation Corp., has announced.

In making the announcement, Mr. Meier said the schedule of lessons would be followed if there was enough snow.

A child must be six years old or more to join the class. The fee fofr lessons is fifty cents but this cost will be paid by the Kiwanis Club of Charlevoix out of revenues earned from the annual maple syrup project, according to Ralph Gillam, chairman of this activity. The usual tow fees will be absorbed by the Charlevoix-Mt. McSauba Recreation Corp., said Mr. Meier, manager of the club. Children must have their own equipment, however, to enroll in the classes.

If there are too many for the class or if there is no snow for skiing the youngsters are still asked to register so that future classes may be scheduled.

The park now boasts a snow traveler which will be used to pack new snow or transport snow to the slopes when necessary. Generous contributions have been received by Julius Gilbert, Frank Rothschild and the Weathervane Lodge to be applied to the cost of the vehicle, Mr. Meier said.

Anyone having Christmas trees they would like to dispose of is asked to leave them at the warming house at Mt. McSauba for use on the slopes.

Hoskins Celebrates First Anniversary of New Plant Here

Directors of the Charlevoix Development Corp. were guests last week Wednesday of the Hoskins Manufacturing Co. The occasion—to dommemorate the first year's operation of the manufacturer's branch factory in the Charlevoix area.

Hosts of the Hoskins company were President William Brown, Vice President John Thomas who became a part of the community as a resident during the preliminary stages of training employees and building the factory, and John Lachman who is manager of the new plant on a production basis.

The anniversary observance started with a tour of the plant, located about two miles southeast of Charlevoix on the former Loeb property in Morion township. A dinner followed at the Grey Gables Inn and the formal presentation of a check to the Charlevoix Development Corp., as the first Payment on a five-year loan to the Hoskins Manufacturing Co., when the firm decided to locate a branch factory here.

Following the dinner, Mr. Thomas, acting as toastmaster, praised the co-operative attitude of local people and expressed the appreciation of the Hoskins company. He cited in particular the help given them in their preliminary surveys by officials of the Charlevoix Development Corp., City of Charlevoix, Chamber of Commerce, The Charlevoix State Savings Bank, the Charlevoix County State Bank, local manufacturing companies and nearby townships.

Responding to introductions with words of welcome and assurance of future co-operation were Mayor E. D. Hawley; Clyde Cunningham, supervisor of Marion township; and Haroid M. Totten, president of the Charlevoix Development Corp.

Speaking for Hoskins were Mr. Lachman, manager of the Charlevoix plant, and Mr. Brown who expressed satisfaction with the operation as of now. He pointed out, however, that ultimate success and expansion would depend to a great extent on the efficiency and loyalty of local employees along with moral support from the entire community. He concluded his remarks by presenting a check in the amount of $5,375.00 to Mr. Totten. It was the first annual payment on the $25,000 loan made by the Char-

Miss Franco Named Co-Ed Magazine Correspondent

Mary Ann Franco, Charlevoix high school junior, has been elected by the students of the Home Economics Department to serve as Co-Ed correspondent for the 1962-63 school year.

Selected for her qualities of leadership ond her enthusiasm for home economics, she will serve as junior advisor to the editors of the notional magazine for teen-age girls and will keep them informed of activities at the Charlevox high school.

She is the daughter of Mr. ond Mrs. Albert G. Franco.

Charlevoix Postal Receipts Total $52,973.74

Postal receipts at the Charlevoix post office showed a two percent increase in 1962 over the prevous year according to Postmaster Peter H. Timmer who said that the receipts increased from $51,063.08 in 1961 to $52,973.74 in 1962 or an increase of $1,010.66.

Christmas cards and letters showed an increase of only 179 over last wear reaching a total of 91,051 for the period of Dec. 10 through 25.

Parcels mailed during the same period showed a marked decrease or 2,078 to 1,960, Mr. Timmer said.

The interest in the public in services offered for money orders and postal savings deposits has declined in recent years he continued. The business in Documentary stamps was up to $1,200 indicating that considerable real estate changed hands during 1982.

As in other offices, the sales of 'Bird' stamps took a decided drop from 80 in 1981 to 38 in '62.

The downtown delivery area remains quite static for the city delivery services while the outlying areas continue to build up with opproximately 50 additional stops added to the Rural Delivery routes during 1962.

Of special interest to the mailing public, in addition to the increase in postal rates, is the ruling that prohibits the mailing of small and odd-shaped pieces of mail. Cards and letters may be no smaller than 3 by 4 inches.

Articles marked 'fragile' must also be cushioned wth two inches of moterial on all sides.

Patrons are reminded that mail is collected from boxes on Bridge st. from Dixon ave. on the north side to Upright ave. on the south side until 5 p.m. daily except Saturday. The mail is dispatched from the office at 5:15 p.m.

Navigation Class Starts Jan. 17-18

The first of ten weekly courses in navigation offered by the U. S. Power Squadron will start next week Thursday at the Charlevoix City hall, according to Phil Lawrence, publicity director for the Charlevoix Marine club which is sponsoring the instruction classes.

The classes each week will begin at seven p.m. Persons interested arc invited to take thesc courses in navigation. There is no charge.

Some of us can't even prove to ourselves that we deserve what we got.

Richardson-Beaudoin Vows Repeated in Church Ceremony

Mr. and Mrs. Joseph B. Beaudoin have returned from a southern Michigan wedding trip to make their home at 1002 Bridge st.

The couple was married Dec. 27 at the Community Church of God with the Rev. George L. Majors officiating.

The bride is the former Sandra Richardson, daughter of Mr. and Mrs. Orva Richardson. The bridegroom is the son of Mrs. Edith C. Beaudoin of Charlevoix and Lyle C. Beaudoin of Franklin Village.

The Rev. Richard Struthers of Greenville, uncle of the bride, assisted by the Rev. George L. Majors, officiated at the double ring service in the presence of 250 guests. Red poinsettias and a lighted Christmas tree formed a setting for the service at which Mrs. Robert Tollas was the soloist and Mrs. Leonard Burns, the organist.

Given in marriage by her father, the bride chose a white satin gown fashioned with a fitted bodice, scoop neckline, long sleeves and a full skirt which ended in a chapel sweep train. A satin crown secured her fingertip veil and she carried a miniature bouquet of white carnations and red poinsettias.

Janice Burns as maid of honor and Mrs. Ronald Balch as bridesmaid wore identical gowns of black lace and white nylon fashioned with fitted lace bodices and nylon sweep skirts. Their black veil headdresses were outlined in red hearts and they carried miniature bouquets of white carnations and red roses.

Dawn Bartlett, cousin of the bride, was flower girl and Scott Boss the ringbearer.

William Poquette assisted the bridegroom as best man. David Beaudoin of Franklin Village, brother of the bridegroom, was groomsmen. Sam Supernaw, Don Helse, James Ladd and Brian Seymour seated the guests.

A reception followed at Fellowship hall which was decorated with red poinsettias and red hearts. A tiered wedding cake centered the refreshment table. Judy Koteskey served the weding cake assisted by Mrs. Robert Geer, Mrs. Roy Whitley and Judy Russell.

For traveling the bride changed to a peacock blue suit and black accessories. Her corsage was of red roses.

Both are graduates of the Charlevoix high school. The bride attended Davenport Institute and McConnel. Airline School. Mr. Beaudoin attended Ferris and Pontiac Business Institute.

Betrothed

Mr. and Mrs. James Baker of Bay Shore have announced the engagement of their daughter, Sandy, to Darrell Somerville, son of Mr. and Mrs. Robert Somerville of Charlevoix.

Miss Baker graduated from the Petoskey high school in 1962 and is presently employed in the office of the city clerk at Petoskey. Mr. Somerville graduated from the Charlevoix high school with the class of 1962 and is presently attending a barbering school in Hamtramack.

Kwanis Club Plans Tri-City Installation

Plans for the tri-city installation of Kiwanis club officers for 1963 were completed at a dinner meeting of the board of directors of the Charlevoix club held at the home of Leonard Burns.

The installation dinner meeting, to which wives and guests will be invited, will be held at the Holiday Terrace Hotel here at 6:30 p.m. Tuesday. Officers of the Harbor Springs, Petoskey and Charlevoix clubs will be installed at that time.

The annual Klondike Derby for the Northern District of the Scenic Trails Boy Scout Council was given the green light by the directors with Mr. Burns and the new president, Barney Englehart, heading the Kiwanis committee in charge of the event to be held at the Rod and Gun club property next month. The local club sponsors the Boy Scout troop in Charlevoix.

Among the other issues discussed was a Kids' night at Mt. McSauba ski park; the club bulletin and the hearing aid program.

Angus L. Fochtman was again named an honorary member of the club for 1963.

The achievement report committee is scheduled to meet Jan. 19.

Present for the meeting were the new president, Mr. Englehart, Glenn B. Snider, the retiring president, Curtis Burlin, Leonard Burns, Kit Carson, John Schmidt, William Paddock, Ralph Gillam, Ralph Hamilton, E. K. Shanahan and Fred Willis.

Open House Honors Betrothed Couple

Mrs. Ingma Pontious entertained at an open house at her home recently honoring her son, Henry Pontious of Wharton, N. J., and his fiance, Virginia Gross off Hannover, N.J., who were visiting here during the holidays.

Among those from away who joined with relatives and friends in greeting the couple who are planning an April wedding were Mr. and Mrs. Paul McClure and son Michael, of Lansing; Mr. and Mrs. Harold Isaksen and family of Sturgeon Bay, Wis., and Mr. and Mrs. Floyd Potts and family of Petoskey.

Miss Russell & Ronald Zednicek Marry in Church Ceremony

Judith Ann Russell became the bride of Ronald F. Zednicek in a quiet ceremony solemized recently at the First Congregational church.

Parents of the couple are Mr. and Mrs. Albert L. Russell and Mr. and Mrs. Frank Zednicek.

The Rev. Harold E. Kohn officated at the double ring service in the presence of their immediate families and close friends. Christmas greens and white poinsettias and an arrangement of white snapdragons and mums formed a setting for the service. Mrs. Charles Bellinger, at the organ, played the traditional wedding marches and accompanied Mrs. Robert Harrison who sang "I Love You Truly" and "The Lord's Prayer".

Given in marriage by her father, the bride chose a beige wool sheath and brown accessories for her wedding. She carried a white Bible topped with a white orchid.

Sharon Russell, as her sister's only attendant, wore a powder blue wool dress and matching accessories. Her corsage was of white carnations touched with red.

Joseph Beaudoin assisted the bridegroom as best man. Kit Carson Jr., brother-in-law of the bride and John M. Sweers seated the guests.

A reception followed in Friendship hall with Mrs. Carson serving the wedding cake assisted by Kathy Gallagher and Mrs. Beaudoin.

After a wedding trip to northern Michigan and a visit in Saginaw over the New Year holiday, the couple returned here to make their home.

The bride is a graduate of the Charlevoix high school and is employed at Boyne Products. Mr. Zednicek is a graduate of Saginaw Arthur Hill high school and attended Bay City Junior College and Saginaw Business Institute. He s employed as a bookkeeper at John Mol Plumbing.

Betrothed

Mr. and Mrs. S. A. Bascom have announced the engagement of their daughter, Joyce, to Norman Penza.

The prospective bridegroom is the son of Mr. and Mrs. Traian Penza of Jonesville.

Wedding plans have not been completed by the couple.

The bride-elect is a graduate of the Charlevoix high school. Mr. Penza is a graduate of the Jonesville high school.

Rites Held Monday For Mrs. Mitchell Lifelong Resident

Mrs. Robert C. Mitchell, 71, lifelong resident of this community, died late Friday at the Charlevoix hospital where she had been a patient for two weeks.

Funeral services were held Monday at the Winchester Funeral home with the Rev. Harold E. Kohn officiating. Burial was in Brookside cemetery.

Born in Marion township June 23, 1891, the former Myrtle R. Ward was married to Mr. Mitchell in October 1909. They had always made their home here. She was a member of the First Methodist church and its associated church circle and the Charlevoix Rebekah lodge and its Past Noble Grand club.

Surviving are her husband; a daughter, Mrs. William (Arletta) Bergmann and one grand-daughter, all of Charlevoix. A daughter, Marjorie, preceded her in death in 1925.

IN MEMORIUM

In loving memory of our dearest husband, father and grandfather, Charles Tuhy, who passed away January 2, 1956, seven years ago today.

We often think of those happy days,
When we were all together,
His loving smile and cheerful ways
Will live in our hearts forever.
His memory still is ever dear
Though many times he seems so near
Though oft with tears our eyes do fill,
We trust in God, it was His will.

Sadly missed by his wife, Mary, daughter, Anne Staley, and all grandchildren. 4e

The Rev. Harrison To be Recognized At Special Service

A recognition service for the Rev. A. Robert Harrison will be held al the First Congregational church (United Church of Christ) at 3 p.m. Sunday.

The service will recognize Rev. Harrison's position as co-pastor and minister of the parish in the local church and as a member of the Cheboygan Association of Congregational Christian churches.

The Rev. Frank T. Jensen, assistant minister of the Michigan Congregational Christian Conference, United Church of Christ, will present the sermon.

The Rev. Harold E. Kohn, minister of the pulpit of the local church, will have the Prayer of Recognition. The Rev. Alexander Wood, vicar of Christ Episcopal church, will speak in behalf of the Charlevoix Ministerial Association.

Others who will participate in the service will be the Rev. Oliver Weber of Lewiston, Rev. William Harmon of Ironton and Rev. Charles Hastie of Gaylord. Special music will be by the local church.

A social time will follow in Friendship hall.

Residents of the community are invited to attend this special service.

Reviewing the . . .

Palace Theatre

Opening of the Palace theatre last weekend was welcomed enthusiastically by those who saw the screen version of "The Music Man". Those who missed it, missed an opportunity to see and hear an outstanding musical, superbly presented in a background that was nothing less than an extravaganza. Les Taylor operator of the Palace Theatre, is to be commended for bringing to Charlevoix pictures of this style.

This week's presentation will be in the thriller class. "What Happened to Baby Jane", starring Betty Davis and Joan Crawford, has suspense and shock, interspersed with laughs. It is described in reviews as an old fashioned screamer loaded with but it's solid entertainment that provides gimmiks imaginable, every kind of bizarre and fright-keeps the eyes of the audience glued to the screen.

The plot centers around two sisters-one, a former spoiled child star (Baby Jane) whose appeal vanished after she grew up; the other, a former top film star whose career abruptly ended after being 'accidently" run into and crippled by a car driven by Baby Jane.

In the supporting roles are Victor Buono, a fat unstable pianist; Madie Norman, the cleaning woman; Anna Lee a curious next door neighbor.

Mix this all in one bowl and it could be quite a dish.

The engagement and approaching marriage of Sally Eileen Cross to L. Eugene Sanford, Seaman, U.S. Navy, has been announced by the bride-elect's parents, Mr. and Mrs. Mark H. Cross.

The prospective bridegroom is the son of Mr. and Mrs. Forrest Sanford.

The wedding will be an event of March 16.

Miss Cross is a graduate of the Charlevoix high school and is presently attending Davenport Institute. Mr. Sanford is serving a five-year enlistment in the U. S. Navy and is presently serving aboard the USS Stribling.

Charlevoix J V's Roll Over Pellston 46 to 37

The Charlevoix Reserves rolled to a 46 to 37 win over the Pellston Hornets Friday despite the fact that the young Rayders lost three regulars via the foul route.

The Rayders romped to a 17-5 quarter lead and then were outscored 12-6 in the second period to see their lead trimmed to 23-17 at halftime. However, in the third period they snapped back for a 33-23 third period advantage before winning by a nine point margin after they had been outscored 14-13 in the final period.

Jack Uhrick with 12 and Dave Smith with 11 points led the scoring attack for the victors followed by Warren Belding with 7; Doug Winnell 5; Don Smith and Dave Norton, 4 each; John Bleha, 3 points. Tom Maxwell was the only other player to see action for Charlevoix.

Home Extension Council to Sponsor Lecture Series

The Home Extension Council of Charlevoix county is sponsoring a series of four lectures entitled "Adventures in Understanding" by the Rev. Harold E. Kohn, pastor of the First Congregational church who has gained national recognition as an author, lecturer and artist, Mrs. Clare Brown, county extension agent, Home Economics, has announced.

The series will be held at the Top O' Michigan R.E.A. building in Boyne City at 8 p.m. Monday and continuing on the second Mondays of February, March and April at the same hour.

A number of questions will be answered in the series. Among them why is it not good to be free of tensions; how conscience is developed and improved, why some people are at their worst at home, why the emotional life of an adolescent is especially stormy, how to relieve an inferiority complex and related questions.

A silver offering will be accepted with the proceeds to be used to re-open the Boyne City public library.

The Charlevoix plant of tha Hoskins Manufacturing Co., is of most modern construction and designed to meet the most rigid requirements to eliminata vibrations and foreign mattar in the air that might result in an inferior finished product. Using a trite term, "It's as clean as a whistle" and Manager John Lachman says that's the way it has to be.

Hoskins Celebrate First Anniversary

(Continued from page 1)

the Hoskins Manufacturing Co., as an indication of the community's interest in having them locate here.

Hoskins was not in need of this financial assistance but the company set a policy that it would not locate a new plant in any community without local participation by that community.

The plant at present has 36 employees, nearly all of whom are residents of the area. Future expansion will, no doubt depend on how well the local operation can compete with American and foreign competition and it appears that competition is becoming keener every day.

The Product

Few persons in the area are aware of the fact that they have for years been using a product manufactured by Hoskins. Among these products are various types of resistance wires in the heating elements of such appliances as toasters, coffee pots, electric irons and many other home appliances as well as special alloy wires used in the spark plugs of a car.

The company specializes, however, in producing speeific metal alloy wire to meet the particular requirments of the most scientific equipment in the space age. Hoskins wire will be found in the most modern jet planes, radar units and space craft.

The metal alloy wire is produced in the Detroit plant. The second stage is drawing this special wire to meet specified diameter and heat resistance quantities. This final processing is done in their Charlevoix and Toronto, Canada plants as well as in the Detroit factory.

Some of this wire has a diameter one-fourth that of human hair. It is next to invisible.

Selecting Charlavoix

A chronological review of the location of a Hoskins plant here has been prepared by Mr. Thomas who became a part of the community while residing in Charlevoix during the preliminary surveys, establishment of a training plant for employees and the construction of the new factory.

The Hoskins Manufacturing Company, which has been located in Detroit since 1909, first visited Charlevoix in February, 1961, in their search for a new plant location in their plant expansion program. Although they were considering locations in many other areas, including the Southern States, they eventually selected Charlevoix. Some of the reasons for their choice were the nearness to their plant in Detroit with good connecting highways, an adequate labor supply, and the cooperative attitude of the local people. Considerable help was given to them in their survey by officials of The Charlevoix Development Corporation, the City of Charlevoix and nearby Townships, The Charlevoix Chamber of Commerce, and officials of the local Banks and Manufacturing Companies.

The Charlevoix Development Corporation, through their stockholders, and with some assistance from the Charlevoix County State Bank and the Charlevoix State Savings Bank, loaned Hoskins $25,000 to help finance construction of their new plant. Although Hoskins was not in need of financial assistance, they had stipulated that they would not locate in any new community unless the community was interested enough in having a new industry to participate to some extent in the financing of it.

The plant site in Marion Township on Highway M-66 was purchased from the Loeb family, and construction completed late in 1961. Training of the first employees was begun at a temporary location in Charlevoix Township in June, 1961.

After one year of operations in the new plant, the compnay has 36 employees engaged in the manufacture of fine wire mainly for the electrical and electronics industry. They do not expect it to grow rapidly, and are frank to admit that its future growth will depend mainly on the success of the present employees in producing a high quality product that can compete favorably with the products of other companies in this field. They are pleased with the progress to date, but point out with caution that there are still many problems ahead.

Hoskins appreciates the assistance of the Charlevoix Development Corporation and others in this endeavor. This service to their community has in this case already brought to the area several hundred thousand dollars in new revenue for supplies, services, taxes, labor and other manufacturing expenditures.

William Brown (r), President of the Hoskins Manufacturing Co, hands a check for $5.375 to Harold M. Totten, president of the Charlevoix Development Corp., as tha first of five annual payments on a loan to the company when it built a plant in Charlevoix. Mr. Brown demanded a picture as proof of payment before handing over the check. Mr. Totten passed the check on to E. D. Hawley, treasurer of the Charlevoix Development Corp.

Tableau of Nativity Scene Presented by Youth Group

Courier Photo

The unusual tableau of the Nativity scene, presented by members of the seventh and eighth grade Sunday school class of the First Methodist church, attracted many visitors at the Christmas Season. The tableau was planned and directed by Mrs. Joseph R. Williams. Due to the cold weather the young people in the tableau were forced to take turns out occasionally for a warmer-upper. Publication of the picture was delayed due to engravers taking a holiday vacation.

Pictured above (l to r) are Arthur Holmes, Errin Arvilla, Ellen Arvilla, Paul Martin, Joy Pierce, Sharon McBratnie, Bill Williams, Kevin Swanson and the Three Wisemen, Tom Meggison, Randy Penn and Paul Belding.

The pony, Bonnie, shown in the picture was loaned by Kevin Swanson who was his handler for the tableau. Other ponies used in the scene were loaned by Robert Dougherty.

Rayders Drop Game to Pellston 46-50

* * *

Pellston Hornets Remain Undefeated In NMCC League

The Charlevoix Rayders, playing their most spirited game this season, bowed to the league-leading Pellston Hornets by a four point 50 to 46 score after trailing as much as 11 points at times.

Starting for the Rayders were John Pearl who paced the scoring for the game with 16 points, Frank Curtis, Dave Rader, Ken Parrish and Jim Uhrick. Rick Miller, Gary Stutzman, Pete Ance and Bruce Kroken joined the line-up early in the game with Chip Terrill joining the action in the second period.

Pellston was in control of the game as it got underway, outscoring Charlevoix 13 to 8 in the first period and 14 to 6 in the second quarter. Charlevoix's scoring was done by Pearl who had three field goals in the first and two in the second period, Jim Uhrick who had one in the first and Pete Ance who had one in the second and Parrish and Stutzman who had one free throw each in the second quarter.

As the second half got underway, the Rayders dumped in seven field goals including three by Ance and two by Stutzman to cut Pellston's margin to 37-30 going into the final period.

Pellston went ahead 40-30 early in the final period but the Rayders battling for the ball, dumped in three quick buckets, all by Pearl, to put them back in the game.

The Hornets then went ahead 43 to 38 before Stutzman scored from the side but the Hornets countered with a bucket and added a free throw for a 46-38 advantage. The Rayders, however, were not to be denied and made the score 46-42 on baskets by Miller and Ance.

Pellston scored a field goal, Ance and Stutzman added one point each from the free throw line but the Hornets came back with a field goal. Stutzman scored a field goal at the final whistle after giving the Hornets their closest game of the season.

The Hornets won the game on the free throw line where they scored 13 points on 30 tries while collecting only 11 personal fouls.

The Rayders outscored the visitors 21 to 16 in the field goal department while scoring four of 10 free throws and collecting 21 personal fouls.

Behind Pearl in the scoring department for the Rayders were Ance with 11, Stutzman with 10, Uhrick with four and Miller and Kroken with two each.

Ed Clear had 15, Stan Bodzik 13 and Mike Thompson 11 points for Pellston.

Last Week With Class C

The Pellston Hornets edged Charlevoix Friday night 50 to 46 to retain their top spot in the Northern Michigan Class C league while Mancelona was upsetting Grayling 61 to 60; Harbor Springs was dumping Boyne City 72 to 59 and Gaylord was rolling over East Jordan 68 to 40.

Mancelona 61, Grayling 60

Grayling edged into a three point lead with 14 seconds remaining in their game with Mancelona Friday night but as time ran out the Ironmen pulled the game out of the fire as Kent Stradginer, who had entered the line-up late in the period when Leroy Hood went to the bench with his fifth foul, sunk two charity shots to cut the Vikings' margin to one point. A Viking player missed a chance to put the game on ice from the free throw line before Pat Dutcher dumped in a field goal in the ensuing action to give the underdog Mancelona squad the victory.

Grayling had romped to a 8 to 0 lead over the Ironmen before the latter fought back for a 17-11 quarter lead which was increased to 30 to 23 at halftime and 45 to 38 going into the final period when Grayling snatched the lead briefly only to fall to the determined Ironmen.

Dutcher acored 11 field goals to pace the scoring for the victors with Hood hitting 13 and Dave Pruden 11 for the winning cause. Tim Neal had 20, Chris Koll 16 and Tom Wright 14 for Grayling.

Harbor Springs 72, Boyne City 59

Paced by Paul Ranney who scored 30 points including 13 field goals, the Harbor Springs Rams led the visiting Boyne City Ramblers 16-11; 16-24 and 51-38 before rolling to an easy victory. Mike Lauer had 16 points and George Lauer 14 for the Rams.

Verlin Thompson scored 25 points and Larry Gunderson 16 for the Ramblers.

Gaylord 69, East Jordan 40

Eleven of the 12 Blue Devils who saw action for Gaylord got into the scoring column as they rolled over East Jordan 18-11; 39-20 and 57-27 by quarters behind the scoring of Tom Lick who had 17 points; Rich Bottomly who tallied 11 and Art Tebo who contributed 15 for the winning cause.

Don Roberts, Jim Goebel and Mickey Bell shared scoring honors with eight each for the Jordanites.

This Week With Class "C"

The Charlevoix Rayders will travel to Gaylord, Pellston will entertain Grayling, Harbor Springs will invade Mancelona and East Jordan and Boyne will clash in an area battle on the Ramblers floor to headline action in the Northern Michigan Class C league this week.

Gaylord with a 3-win 2-loss record will be favored this week over the Charlevoix Rayders whose only win has been over the cellar-dwelling Jordanites. The Rayders, however, made a good showing last week against the league-leading Pellston Hornets, holding them to a four-point victory.

Coach Don Carey has tried several combinations recently and last week came up with a couple that combined aggressiveness with a scoring threat that gave the local lads a 21-16 edge over the visitors in the field goal department. If these players continue to shape up, the Rayders may pull themselves up in loop standings as the season progresses. They will have a chance to prove themselves this week against the Blue Devils.

Pellston, on top of the heap with five wins, will host the Grayling Vikings who were upset last week by the Mancelona Ironmen (61-60). The Vikings showed great promise earlier in the season but have failed to carry through and as a result are in the fourth place tie with Boyne City with two-three record. It is doubtful if the Vikings will be able to dump the Hornets, especially on the latter's small floor.

Harbor Springs, with a four-one record, will take on the Cinderella team of the league, the Mancelona Ironmen, this week in a game which should prove whether the latter are a real threat or whether their success, to date has been a matter of luck. The Ironmen are tied with Gaylord for third place. By virtue of their record, the Rams will be favored but this could be a close battle.

The Boyne City-East Jordan meeting will be a sectional clash which usually would mean a close game but the Red Devils have shown little improvement so the bustling Ramblers will be favored to maintain their present standing.

AGRICULTURE in ACTION .....

by M. L. Woell

MICHIGAN FARM BUREAU

Rural "Peace Corps"

This is the story of Armando Sanchez Toledo. It is a story typical of thousands of Mexican Nationals, "Braceros"—the farm laborers who work out the seasons in the great fields of California, the Southwest and Midwes.t

Armando, or someone like him, is frequently found picking Michigan cucumbers, or hoeing sugar beets. This past season, Armando worked in the California tomato fields. Now, his job done for the season he prepares to go to Mexico. With him will go many new possessions, among them considerable clothing, a steam iron, a clock-radio and a treadle sewing machine. In cluded too will be about 50 percent of the wages he made here. Most of all, by his own admission, he is taking home a new respect for himself, for the United States and American farmers.

Since last Spring, Armando has made up to $25 per day, working long hours at "stoop" labor that local American farm workers refuse to do at any price according to an official of the State of California Farm Labor Placement Service.

Under terms of Public Law 78, Armando can't go to work anyway unless the quota of domestic labor has been filled. Yet many influential people in Church groups, in labor organizations and n "social welfare" work are greatly disturbed by his presence, and oppose the Mexican National work program on the theory that somehow Armando's presence makes life tougher for domestic workers.

The Department of Labor has in effect, taken the law into its own hands, arbitrarily setting wages and imposing job limitations in some areas. The result has not been more jobs for local people,—rather it has meant the elimination of many jobs by stepped-up use of machinery.

The Mexican National program has exchanged the dignity of work for mutual respect and understanding, at a time when Communist and Castro pressure in Latin-America is a serious threat. The program is self-supporting. It has been called a "Rural Peace Corps"—and in truth, Armando is the best ambassador we could exchange with Mexico.

But he may not be back. The irony is that the same people who want to tear up his ticket are the type that eventually get around to asking Congress to appropriate a billion dollars or so to bail out his government.

County Sheriff Compiles Report On Department's Activities

A report on the activities of the Charlevoix county Sheriff's Department has been compiled by Sheriff Glenn E. Rose in an effort to acquaint the public with the work and accomplishments of this division of the law enforcement department in the county.

The report reveals that the activites of the department vary greatly and encompass many aspects of law enforcement.

For instance, it shows that 90 traffic accidents were investigated within the county with 50 percent of the people involved receiving some type of injury. There were also eight boating accidents resulting in minor injuries to several persons.

There were eight fatalities as the result of accidents in the coonty including six traffic occidents and two in boating accidents.

The department made 61 arrests for various offenses ranging from traffic violotions to morals charges. In addition, there were 195 summonses for violation of the Michigan Dog Law; 50 for violation of the Michigan Boating Act; 202 safety inspections of boat liveries; 72 liquor inspections; investigation of 89 reports of persons bitten by dogs; 1,872 applications for drivers licenses involving written examinations, vision tests and road tests processed; 280 for bounty applications processed; 6,230 entries of miscellanous information made in the department's daily log with each coded for reference in accordance with uniform crime reparting procedure; 5,327 typewritten entries received over the state-wide radio communications network.

The sheriff also registered any guns belonging to private citizens; served countless civil papers; attended all court cases where felonies were involved in addition to operating the county jail.

The maintenance of the county jail and the care of prisoners is one of the major phases of this department as reveeled in the fact that 221 inmates were housed in the county jail durlng the year. Among the prisoners were those charged with crimes and awaiting trial, those committed thereto after conviction, persons ordered to give bond to keep the peace and who failed to do so and persons committed for civil process.

A total of 9,988 meals were preparcd and served at the cost of $6,010.80 to the county. In additional bedding, clothing and other necessary items to sustain tbe health of the prisoners were furnished by the department under the supervision of the sheriff.

In addition to preparing and serving meals, the matron was in charge of women prisoners.

The jail is operated under rules and standards adopted by the Michigan Corrections Commission. Under this a complete medical record as well as property and conduct records must be maintained by the sheriff who must also provide a complete record to accompany all prisoners being transferred to other institutions. Finger prints must also be made of all persons arrested for felonies or circuit court misdemeanors and included in the history of the offense with which the prisoner is charged.

The department must also surpervise all visits with prisoners; keep a record of all visitors and conduct investigations on complaints received on the communications network.

For three months of the year the sheriff's department operates a marine patrol within the county. A marine deputy operates the 17 ft. patrol boat powered by a 75 hp. outboard motor. The boat is mounted on a trailer for transit to any of the county's many inland lakes.

The department is operated by the sheriff, an elected official, and two deputies, Philo Sumner and Joseph Etienne. The latter serves as night turnkey at the jail.

During the year the patrol car travelled 37,000 miles through out Charlevoix county (exclusive of Beaver Island). The mainland section of the county is approximately 40 miles from east to west and 20 miles from the northern to the southern boundaries.

Churches Continue Blanket Drive

The blanket drive for Algerion relief sponsored by the Michigan Protestant Churches in cooperation with the Councils of Churches and the United Church Women will be extended until Sunday according to Rev. A. Robert Harrison.

The drive, which is being coordinated by CROP, was extended one week so persons plonning to contribute new or good blankets could bring them to their respective churches along with the 25 cents to cover shipping charges this week.

Charlevoix Hit By Zero Weather

The Charlevoix area has been experiencing the coldest weather of the winter with temperatures hovering near the zero mark since Saturday.

Approximately a foot of snow has been dumped on the area in that time.

Schools were closed Monday when higb winds out of the south and soutbwest whipped the loose snow through the air, cutting visibility. Side roads were blown ahut but main highways were open to traffic.

The frigid weather continued through Wednesday.

S. Rodgers Heads Charlevoix County Road Commission

Samuel E. Rogers of East Jordan, veteran of 35 years as a member of the Charlevoix County Road Commission, was elected chairman of the commission at its annual organizational meeting held Monday.

Gerald Fineout of Walloon Lakc was named vice chairman. Ivan A. Phillips, who was appointed to the board last fall, joined the board as a new member.

Bids for gasoline and fuel oil were opened. Rouse Oil Co. of Boyne City submitted the low bid for gasoline and fuel oil for the Ironton Ferry and the East Jordan Cooperative had the low bid for heating and diesel oil.

George Granger, county road superintendent, presented the primary road construction program for 1963 which was approved by the board. The program includes a Federal Aid Secondary project to be done by contract on the Korthase road on the town line between Wilson and Boyne Valley township and eigbt smaller projects to be don by county forces at a cost of $115,000.

The local road construction program has not been determined at this time but an estimated $50,000 program is under consideration.

Approximately $35,999 worth of equipment, mostly trucks will be purchased during 1963 to replace equipment from five to 10 years old.

Fire Destroys Copeland Home

Fire from an unknown cause completely destroyed the home of Mr. and Mrs. Arnold Copeland located one-quarter of a mile north of the city limits on Mercer Blvd. in Charlevoix township Sunday morning.

The Copeland's and the former's son, Graydon, who lived at the home were away at the time of the fire. Mr. and Mrs. Copeland, accompanied by Thomas Nielsen of Ironton had left the house sbortly before 7 a. m. enroute to Mackinaw City. The men were returning to the jobs with the MRA at Mackinac Island. Mrs. Copeland returned here later in the morning. Graydon Copeland is a patient at the Cbarievoix hospital where he had undergone surgery on Friday.

Except for the clothing tbey bad witb them, the family lost all their possessions with the exception of some canned goods and a few pieces of furniture which was damaged by fire and water.

The fire wos discovered about 8 a.m. by Andrew Essenberg Jr. who reported it. The Charlevoix fire department found the interior of the rear of the two-story frame house almost consumed by the blaze when it arrived. The fire had spread to partitions throughout the house, making it difficult. The near zero temperature and a southwest wind up to 25 miles an hour hampered the firemen who remained at the scene until 6 p.m. Sunday. They were recalled to the acene Tuesday when smoldering timbers which had fallen through to the basement began to burn after being fanned by the wind.

The iosa was partially covered by inaurance.

The Copelands are at the home of Mrs. Edger Smith wbo offered the use of her home to the family.

Bulow, county clerk. He qualified this list by stating he had not as yet had official notice of the officea to be filled.

The ogenda will also include formulation of plans for the spring election campaign.

Judge Sentences Boyne City Man

A boyne City youth waa sentenced to Southern Michigan prison, another Boyne City man was placed on probation and two other area men were arraigned before Judge Charles L. Brown during a special term of circuit court last week.

Charles F. Schroeder, 20, of Boyne City was sentenced to one to five years for violation of probation. He has been placed on four years probation in 1959 on a charge of breaking and entering the Boyne City high school on the night of May 19,1959. Charlevoix county sheriff's officials went to Marquette last week to get him after he was released from the Marquette county jail after serving a year'a sentence after becoming involved in a tavern brawl during which the owner of the tavern received fatal injuries.

Kenneth Gardner, 23, of Boyne City was placed on two years probation and ordered to pay $85 fine and costs on a morals charge.

Arraigned were Robert VanDorn, 23, of RR Boyne City, wbo pleaded guilty to uttering and publishing checks on an insufficient fund account and Jerome Kiogema, 17, of Petoskey, wbo pleaded guilty to two charges of unlawfully driving away two automobiles last month. Both cases were referred to the probation department for investigation. They will be sentenced later. Both were returned to the county jail after failing to furnish bonds.

Charlevoix County State Bank Holds Annual Meeting

The annual meeting of the Stockholders of the Charlevoix County State Bank was heid January 15th. All sharehoiders were present or were represented by proxy.

Annual reports showed a most successful year. Loans, deposits and capital accounts were all substantially increased.

The Directors who have served for several years, namely, Robert Bridge, E. D. Hawley, Ralph Hess, Joseph M. Foster, Ernest J. Hilier and Dr. G. B. Saltonstall were re-elected. New directors elected to the board are E. Darrell Dinwiddie CPA, of the firm of Dinwiddie and Kandt with main offices in Petoskey and Karl J. Erber of the Erber Oil and Erber Auto Company.

Officers re-elected are as follows: Robert Bridge, President, E. D. Hawley, Cashier, Maurice J. Foster and Ada Y. Golden Assistant Cashiers.

The Charlevoix County State Bank was originally organized in 1864 and has served this community since that time. At the year end the Bank had total assets of over four and one-half million dollars. During the past year the bank increased its capital account to $200,000 for the better protection of depositors and additional loaning capaclty to be of greater service to Charlevoix according to Mr. Bridge.

Income Tax Refund Availiable in U. S. Savings Bonds

If you are in line for a refund on your 1962 federal income tax return, Robert Bridge, county Savings Bond chairman suggests you buy bonds.

This year for the first time Uncle Sam is making it possible for you to take your refund in Series E Savings Bonds by the simple expedient of putting an "X" in the appropriate box on the tax form.

Last year some 40 million taxpayers received cash refunds on their taxes and, judging from samplings of opinions, many would have preferred to get their money in Savings Bonds if they had had the chance. This year Mr. Bridge wants the residents of Charlevoix county to know they now have this cbance.

The Treasury Department will issue the smallest possible number of E bonds of the largest possible denominations to cover the amount of the refund and a check will be written for the remainder.

What about joint returns? "John and Mary Smith" on the tax return becomea "John or Mary Smith" on the bond registration, moking them co-owners.

1962 Community Chest Fund Campaign Surpasses Goal

$1,550; Scenic Trails Council, Boy Scouts, $1,450; American Red Cross, Charlevoix county Chapter, $1,000; Charlevoix Hospital, $1,000; Cbarlevoix Association for Retarded Children, Inc., $950; Charlevoix City Recreation, $800; Crooked Tree Council, Girl Scouts, $750; Mt. McSauba Ski Area, $500; Salvation Army, $375; Michigan United Fund (for 17 state and 19 national agencies), $1,803; Emergency fund, $300*; School Polio fund, $200*; local campaign expenses (slightly less than amount allowed), $350.

* denotes that funda are on deposit with Charlevoix Community Cbest to be used as needed.

On bebalf of the above agencies, the Charlevoix Community Chest board of directors expresses its gratitude to the generous people of this area, summer residents, local businesses and industries.

A final report on the results of the 1962 Community Chest fund campaign reveals that $11,957.44 or $679.44 over the campaign goal of $11,278.00 was raised during the drive.

However, of the above amount $11,211.84 has been deposited and $755.60 is still to bc collected from individual pledges and industrial payroll deductions. A small balance in the Community Chest treasury at the beginning of the drive, added to the contributions already deposited, has made it possible to make 100 per cent payment to all participating agencies by Jan. 1.

Poyments have been made to participating agencies as follows: Charlevoix Community Nurse,

Special mention should be made of the summer residents whosc gifts made up approximately 25 percent of the total raised; local businesses and industries contributed slightly more than 39 per cent of the total. This includes contributions from employees of five local industries which cooperated with the campaign workers by conducting campaigns within their plants.

The remainder of the total or approximately 48 per cent was raised in individual contributions from local professional people (teachers, hospital employees, government employees including the U. S. Coast Guard) and from area residents including those in adjacent townships.

In reporting the final results of the campaign, Mrs. Dean Davenport, board president, and Dr. Robert G. Martin campaign chairman, said that the success of the fund drive proves that the people of the Charlevoix area take pride in their community and the agencies which help make it a better place to live.

Dun and Bradstreet Listings Show 3 Percent Increase

Dun and Bradstreet Inc. haa mailed statement requests to 258 businesses in Charlevoix county according to a spokesman for the firm whose November Reference Book showed a total of 258 manufacturers, wholesalers and retailers as compared to 251 in 1960 or an increase of three per cent.

During the past year 21 changes were made in the refenence book listings of Charlevoix county businesses including six names added, six deleted and nine changes in the ratings of continuing businesses. Changes in Charlevoix county are about even with the rest of the country.

Using the Dun and Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the two principal communites during the past year. In November 1960 there were 87 listings in Charlevoix and 73 in Boyne City while in November 1962 there were 99 in Charlevoix for an Boyne City for a one per cent increase.

Back of each listing in the reference book is a Dun and Bradstreet credit report whicb includea the history of the business, a description of whot the business does and how it does it; a financial section which usually includes the latest financial statement and a record of how the business pays its bills.

BETWEEN YOU AND ME

- By Harold E. Kohn -

Doing Something in tne Meanwhile

This morning I had one of those experiences that are at the same time frustrating and fruitful; frustrating because they upset a schedule and cause much inconvenience, and fruitful because they remind one of valuable principles so easily forgotten. Last night was cold and blizzardy, and when we arose this morning our car would not start, and the trail to our house was drited shut with heavy snow. We called into town for help, and immediate assistance was promised. An eight-fifteen appointment made for urgency, but eight o'clock came and went and eight-fifteen, too, and no wrecker sight. I was fidgety and fussed sight. I yas fidgety and fussed with the car, paced the floor, and watched the trail for sign of the wrecker as my agitation grew.

Then a flicker of whimsical wondering put a stop to my inner commotions. Where was all this fluster getting me? Would it make the wrecker arrive sooner? Would it start the car or remove the snowdrifts from the trail? I then remembered an old principle by which I have tried to live but had temporarily forgotten: patience is the art of doing something else in the meanwhile. Patience is more than the capacity to wait, for often we have no choice but to wait, and we wait in fretful frustration. Patience is doing something worthwhile while waiting. So I went to my desk, laid out some work and became absorbed in it. My inner turbulence subsided. Soon the wrecker with snowplow attached came thundering down the trail. (The wrecker had been frozen up, too, and almost impossible to start). In a few minutes I was in town.

Early American farmers mastered the art of being patient. They were dependent upon their crops for a livelihood, but they could not continually sow, cultivate and harvest crops. Winters set in, when crop raising ceased. They began the long wait for spring sowing. But farmers were a patient lot. They did not suffer through the winter from tedium, boredom or fretful waiting. They organized their winter days for small accomplishments. Many built a profitable fireside industry of nail-making. Most farmers spent several January and February weeks in the farm shop or forge-barn preparing tools for the spring work. Some regarded the first two months of the year as the best for cutting fine timber to be used in building. When America's early farmers waited they did so creatively and patiently, knowing that the secret of patience is doing something else in the meanwhile. It is a secret worth knowing.

A young minister of my acquaintance served a parish in central Michigan while taking seminary studies in Illinois. He made a 440 mile round trip each weekend to preach to his parishioners and to call at their homes. The long journey became boresome after a few months. The road was too familiar and uninteresting, and the monotonous hum of his motor threatened to put him to sleep. He became impatient to get to his destination, and the trip was always dreaded. He finally found a partial solution to his problem by using his travelling hours to memorize long passages of scripture and poetry, thus keeping himself awake, adding interest to his trip and enriching his mind. The distance and time of the trip were not diminished, but they seemed to be, as he did something else "in the meantime."

Most people who endure a long illness gracefully practice some form of this principle. They must wait for the return of health and for release from their confinement, but they need not wait in emptiness. Even a hospital room can be a place of activity—mental and spiritual activity. Most patients, no matter how confined, can read or be read to. Even mental capacities that are dimmed by pain-relieving drugs can function better than the owner would guess. (I know one young man who kept his mind off his pain following radical surgery by reviewing the major classifications of the plant and animal kindoms and reciting them to a friend.) Many people feel they have too little time to read valuable literature. While waiting for healing there is time. Five-minute snatches from a good book will do wonders for the mind and spirit. Moreover, while waiting one can review all of the good that has been poured into ones life. "In the meantime" one can recall the kind and thoughtful things one meant to say to loved ones—and never found the time or the occasion. Now is the time. This is the occasion.

The answer to many a problem with waiting is to do something in the meantime.

Lions Club to Stage Dinner To Mark First Anniversary

The US. Coast Guard, its history and duties, was the subject of the program presented at the regular luncheon meeting of the Lions Club held Monday at the Weathervane Inn.

Cmdr. Francis J. Mann, commanding officer of the U.S.C.G. Cutter Sundew, and Lt. Paul Anderson, the ship's exeeutive officer, presenter the program and showed a film illustrating the work of this country's oldest military service. They were introduced by Paul Kohler, program chairman.

At the business session held last week, three new members, Rex Davis, Robert Hamilton and Barry Wood, were inducted into the service club.

Plans for the club's first anniversary dinner to be held at the Argonne Saturday night were announced at this week's meeting by the chairman, Wayne Belding. This will be a ladies' night with wives and guests joining the members in the birthday celebration. The club's membership has grown from 24 charter members to 40 members. Don Meggison will serve as master of ceremonies.

Appointment of key committees for the year have also been announced by the president, Dean Davenport. Committees serving under first vice president, Franklin Ochs, with the first named serving as chairman are: Attendance: Stanley Fiedorek, James Smith, Frederick Ager; Membership: Kenneth Cellner, Henry Felix, Jerome Whitley; Fiance: Whitley, Fay Davis, Ager; Constitution and By-laws: Smith, Robert Winchester, Fritz Puffpaff; Retarded Children's Association: William Carey, Smith, Byron Wright; Program: Jack Erber, Cellner, David Patrie.

Committees serving under second vice president Robert Lieberman, with the first named serving as chairman follow: Information and convention: Wright, Lynn Porter, Wayne Belding; Sight conservation: Winchester, W. Carey, Herbert Moore; Boys and Girls activities: Puffpaff, Lyle Miles, Robert Ferguson; Miscellaneous and Emergency Fund: Les Payne, Moore, Patrie; Citizenship-Patriotism and United Nations: Felix, James Taylor, Erber; Community Chest: Davis, Ager, Richard Edwards.

Committees serving under third vice president, Jesse Penn, with the first named acting as chairman are: Public relations: Paul Kohler, Thomas Loeb, Fiedorek; Civic improvements: Taylor, Kohler, Ferguson; Education: Edwards, W. Carey, Miles; Community betterment: Meggison, Don Kowbel, Joseph Liston; Agriculture and Safety: Thomas Carey, Kowbel; Club bulletin: Loeb, Fiedorek, Kohler; Music: Belding, T. Carey, Payne; Health and Welfare: Liston, Porter, Puffpaff.

Funds to be raised during the year have been earmarked as follows: Sight conservation (glasses, leader dogs, etc), 30 per cent; Boys and girls activities (Scouting, Camp Daggett, Christmas party, etc.), 20 per cent; Emergency fund, education and health and welfare, 10 per cent each; Civic improvement, Retarded Children's Association and Community Betterment (Chamber of Commeree, recreation, etc., five per cent each; Community Chest and Agricultural and safety, 2½ per cent each.

Other club officers follow: president, Mr. Davenport; secretary, Alun Bevan; treasurer, Dr. Robert Tollas; directors, one year, Mr. Kohler and Mr. Fiedorek; directors, two years, Mr. Erber and Mr. Wright. Mr. Payne is the lion tamer and Mr. Meggison, the tail twister.

The engagement of Sharon Lee Edmonson to Edward T. O'Neill has been announced by the bride-eleet's parents, Mr. and Mrs. Edwin Edmonson of Western Springs, Ill.

The prospective bridegroom is the son of Mrs. Louls O'Neill of Elmhurst, Ill., and Charlevoix and the late Mr. O'Neill.

An August wedding is being planned.

Miss Edmonson, a graduate of Lyons Township high school, attended Albion College and will be graduated in June from Purdue University. An elementary education major, she is a member of Alpha Xi Delta sorority. Mr. O'Neill is a graduate of the Charlevoix high school and Albion College with a B.A. degree. In June he will receive a B.S. degree in industrial engineering from Purdue University. He is a member of Sigma Chi fraternity.

Mrs. William Carey Hosts Dickens Club

The Dickens Study club met recently at the home of Mrs. Wm. Carey.

Dr. A. F. Litzenberger, director of District Health Unit No. 2, spoke on the results of the recent 'Pap' tests in the county. He outlined the benefits to be derived from the test which detects early uterine cancer and the number of women who received the tests during the testing program last spring.

Robert Gillispie, director of the Child Guidance Clinic in Petoskey, spoke on the facilities offered by the clinic and the number of persons who are processed at the clinic. Mrs. Keith Miles, community and school nurse here, told how the clinic is utilized by area residents.

At the social hour which followed, Mrs. Robert Hooper and Mrs. Harold Totten presided at the refreshment table.

Churches to Sponsor TV Program Series For Children

A new church-sponsored television program series for children called BREAKTHRU will make its first appearance on the Paul Bunyan network stations on Sunday, January 27, 1963, from 1:30 to 2:00 p.m. The series will continue each Sunday at this time through April 21, 1963.

BREAKTHRU, a half-hour program, has been produced especially for the Junior-age child, from 9 through 11 years of age. Each program dramatizes a situation common to the experience of most children, dealing with such matters as basic honesty, personal injustice, failure, use of talents, and prejudice among others.

All thirteen of the BREAKTHRU program point to Christian solutions to the problems dealt with and could very well become the basis for home teaching and discussion. Although prepared primarily for Junior-age children, BREAKTHRU will be viewed with interest by the entire family.

Shakespeare Club Hears Mrs. Carson

"Social Action" was the theme of the program presented by Mrs. Kit Carson at the regular meeting of the Shakespeare Study club held recently at the home of Mrs. Robert Foss with Mrs. John Erber as co-hostess.

International relations, and women's activities in world, national, state and local affairs were included in the lesson.

A social hour followed.

The next meeting will be held at the home of Mrs. T. R. Miller Monday with E. K. Shanahan, Con Con delegate, speaking on the proposed new state constitution to be presented for the approval of the voters of the state in the spring election.

Action of School Board

The study of bus routes to determine whether a change in present policy of children in the kindergarten through the third grade walking one-half mile, fourth through sixth grade students one mile and older students 1½ miles was one of the major issues which came before the Charlevoix board of education at its regular meeting Monday.

No decision was reached. However, Albert G. Smith was asked to go with Mortin Elzinga who is in charge of buses to study the feasibility of going into the Sheck home on RR 2 which is beyond the minimum distance, to pickup two small children. The secretary was also asked to notify David Potter that his request for a change in the bus route would not be made at this time.

A preliminary study of salary schedule changes and the nessessity of conforming with budge possibilities for 1963-64 was made. This included a study of taxes and other factors that will affect the gross income.

A report on the hot lunch program indicated that the deficit had been reduced to $145.71.

Albert Smith and Clarence Smith were named to a committee to check on snow removal equipment including a tractor and related equipment as proposed by Conrad Klooster. They were outhorized to make a decision regarding its purchase.

Supt. R. G. Bennett was authorized to make plans for the purchase of a new stoker for the public library in order to have one available when the present stoker is no longer usable.

A position of maintenance man and bus driver was offered to Louis Holm following a study of a list of applicants.

Bills totaling $3,426.69 were approved.

CMU to Conduct Ceramic Classes Here January 24

Central Michigan University will conduct a class in Art 103 or Ceramics at the Charlevoix Elementary School cafeteria beginning Thursday, Jan. 24, Glenn B. Snider, who is organizing the class here, has announced.

Enrollees need have no previous college training in order to enroll in the class. The course may be taken for college credit if desired but this is not a requirement.

Cost of the Course will be $34.00, Mr. Snider said.

It is imperative that persons interested in taking the course enroll at once so plans for the course may be completed. A minimum of 20 students must be enrolled to insure having the course.

Volunteer Fire Fighters Stage Potluck Dinner

Members of Charlevoix's volunteer fire department and their respective families enjoyed a potluck supper and social hour at the city holi Wednesday evening.

Places for 86 were laid at tables set up in the community room. Later movies and slides of the department's Venetian weekend waterball fight in East Park as one of the events of the weekend entertainment were shown.

Guests at the dinner were City Supt. James Taylor and Mrs. Taylor and Mr. and Mrs. Herbert Campbell.

Members of the fire Department are: Fire Chief John Curtis, Assistant Fire Chief Patrick R. Martin, Dan Geneit, Don Meggison, Jess Penn, John Geer, Alfred Bergmann, Richard Wells, Clifford Riley, James Whitley, Joseph Armstrong, Archie Himebauch, George Lusk, Robert Hamilton, Dewey Bruce, Lee Moerland, Jerome Whitley and Glenn Rose.

1963 RAMBLER WINS "CAR OF THE YEAR" AWARD

from Motor Trend Magazine

Each year the automobile industry eagerly awaits the selection of one car as "Car of the Year" by Motor Trend's impartial experts. For 1963, this most-wanted, hardest-to-get honor goes to Rambler..."*for outstanding design achievement and engineering leadership.*" Read why Rambler won this prized award over all other cars.

Here are some of the experts' reasons:

"New styling is based on lean, clean lines that are apparent from almost any angle."

"Motor Trend's Cars of the Year prove their mettle in actual testing, confirm their engineering excellence, reliability, sturdiness and performance."

"Quality has always been one of American Motors' largest selling points."

"In unitized bodies, which American Motors pioneered, this latest design represents a real advancement . . . biggest single reason we chose Rambler Car of the Year."

"This new construction method results in a unit so strong it'll take punishment longer and naturally hold its resale value."

"The interiors of both the Classic and Ambassador are **roomy and comfortable...** offer plenty of legroom."

"A good safety device. Self-adjusting brakes and dual master cylinders . . . if one system fails, the other brings the car to a safe stop."

"Trunk is large. Low loading lip makes it simple to load."

"Our Classic . . . with the rugged, ohv in-line Six . . . gave a high of 26.7 mpg highway cruising . . . mixed city and freeway gave 23.4."

"A sportier, more performance-oriented vehicle, the Ambassador V-8 should satisfy the wants of the Rambler buyer who favors performance."

"There isn't any pitch or choppiness noticeable even on rough roads."

"Summing up . . . it looks like the new Rambler will be an even better buy than it has been in previous years."

Why don't you look at the 1963 Rambler? Best-selling Rambler ever built!

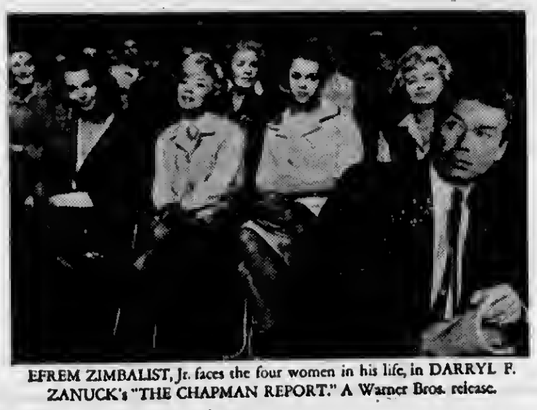
Previewing the Movies



EFREM ZIMBALIST, Jr. faces the four women in his life, in DARRYL F. ZANUCK's "THE CHAPMAN REPORT." A Warner Bros. release.

"The Cbapman Report" showing at the Palace Theatre this weekend is definiteiy a picture for adults. The story is the film version of Irving Wallace's popular book by the same title. The theme candidly, bluntly and without blatancy explores the explosive consequences of a Kinsley-like survey probing the sex attitudes of four women in a well-to-do Los Angeles suburb.

Nothing in the picture has been treated in a smutty, sensation-for sensations-sake manner, but the contract with the theaters stipulates that children and youth under 18 years of age must be accompanied by an aduit, according to Les Taylor, manager of the local theater.

The theme combines tbe individual "cases" of four women into a totai exposure with dashes of romance, drama, humor and tradgedy.

Portraying the four women in the "cases" are Jane Fonda, Sheliey Winters, Claire Bloom and Glynis Johns.

Bursting Rooms

IF YOU HAVE CHILDREN in school, you should know many of the classes are of record or near size throughout the state. If not, this year's enrollment figures can demonstrate the impact of the post-World War II "bumper crop" of babies.

Superintendent of Public Instruction Lynn M. Bartlett said this fall enroliment figures showed a startling rise, even though the hike was expected. During the past three years alone, Michigan's school cnrollment has seen almost a 2,000 per cent increase, Bartlett said.

This fall's hike was 42,171 students in the secondary schools, practically double the increase noted last year, and it brought the total high school popuiation to a record 441,588.

• • •

"The true picture emerges only when you consider that the 1960 increase over 1959 was only 2,378 students," Bartiett said.

The state spokesman said the jump in attendance during the past two years wiii probably be the largest Michigan will experience, but the spiraling enrollments have not yet ended.

• • •

Con-Con Conflict

BATTLE LINES are drawn for the Spring vote on the proposed new State Constitution.

A committee of delegates to the recent Constitutional Convention has been actively working for more than a month planning the campaign to urge approval of their product in the April election. Most of the members of the group were Republican delegates, but a few termed themselves independents who ran on the Democratic ticket.

Now the Democratic State Central Committee has hired a former member of Gov. John B. Swainson's staff to prepare campaign literature pointing out what party leaders contend are defects in the proposed document.

• • •

Democratic members of the State Administration Board also have served official notice to incoming Gov. George Romney that they plan to campaign against the ballot proposal as hard as he wili urge its approvai.

As chief of state and a former delegate to the Con-Con, of which he was a vice president, Romney will have a more impressive platform from which to speak.

His contenton has been and remains that the baliot vote should not be argued on a partisan basis.

• • •

The Democrats, however, speak primarily as party members. They say, as they did recently in a letter informing Romney of their plans to campaign on the Con-Con issue, that it will "weaken the executive. impair the judiciary, endanger school and highway funds, and set up new lekislative inequities."

Republican party officials generally have expressed favor with the document although no formal stand has been taken by them as a group.

The Spring party conventions undoubtedly will put both parties on record about tbe document.

With this the case, success or failure of the proposed Constitution at the polls wiii largely depend on which party gets out the most voters in April. Republicans generally have been more successful n turning out support in off-year elections.

Help Needed

NEARLY ONE IN EVERY 100 Michigan citizens came into contact with facilities designed to care for those with mental disorders during the last complete fiscal year.

This amounted to about 70,500 during the fiscal year 1961-62, State Mental Health Director Charles F. Wagg said.

"Providing this treatment was not a simple accomplishment," Wagg noted. "It required the services of approximately 10,500 employes and cost about $74 million."

• • •

The spectrum of service ranged from a single interview in a psychiatric clinic, to complete residental treatment in a state hospital. "All of it was the most adequate treatment the state could realistically provide appropriate to the needs of each of the patients involved," Wagg said.

"In spite of the extensive volume of service provided last year," Wagg said, "there were many people in need of help who simply could not be reached without a long period of waiting."

The Mental Health Director said the "deficits" shown by waiting lists centered largely around services for children.

Sunday—dinner guests of Mr. and Mrs. Lawrence Boss were Mr. and Mrs. Ed Boss and Martin Bottema of Charlevoix. The occasion was the 85th birthday anniversary of the latter Mr. Boss.

If Wide-Track is as hot as Pontiac says, why don't they put it in their Tempest?

They just did.

We can take a hint. When people are as happy with something as Pontiac owners are with Wide-Track, we're willing—nay, eager—to let everybody else in on it. That's why Tempest has a Wide-Track of its own this year. It's why you get to choose between a lively 4 and a 326-cu. in. V-8*, too. We aim to please—and if we do say so, we're pretty accurate. *Optional at extra cost.

In The Best Interest Of The City Of Charlevoix

The following information has been compiled for the Citizens of Charlevoix—that you may be aware of the pertinent facts regarding the attempt by Consumers Power Company to deprive us of our largest source of City income, at a price which is a fraction of the appraised value.

A review of the City records for nine months ending November 30th. 1962 shows the following Electric Utility Money activities, outside of the operating of the Utility itself; (where a saving is listed it is the difference between the money now paid, and what would be paid to Consumers Power Co. under their published rates:

Rayders Drop Fifth Loop Game 55-49

* * *

Outscore in Field Goals, Lose on Free Throw Line

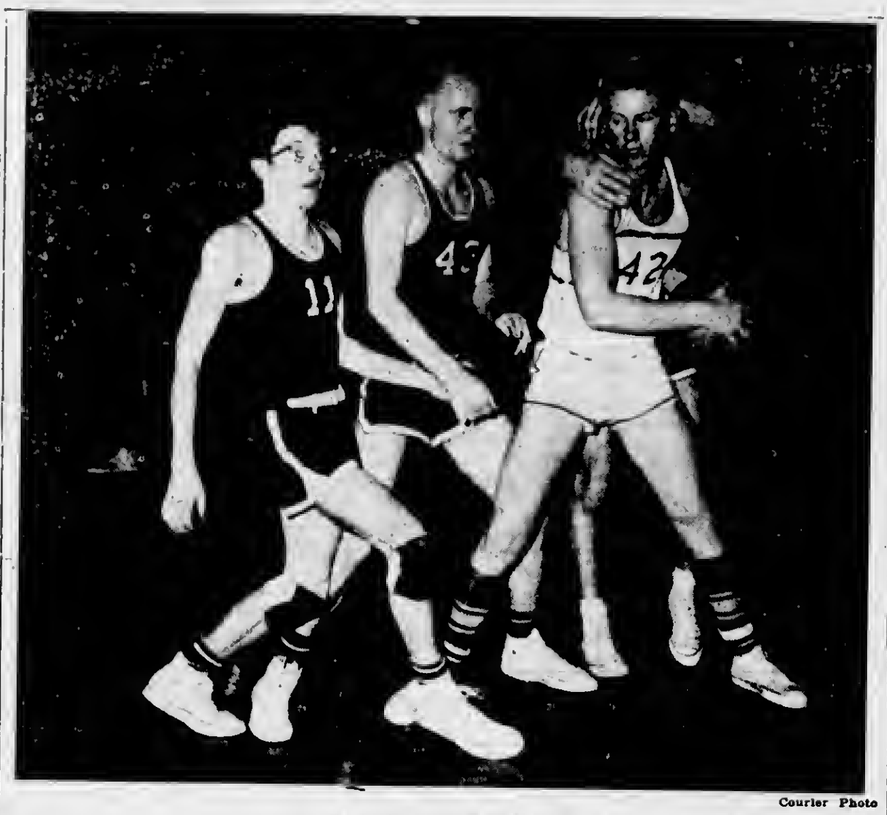
The Charlevoix Rayders dropped their fifth loop game of the season Friday night when they were edged by Gaylord 55 to 49.

This marks the second successive week that the Rayders have outscored their opponents in the field goal department only to lose o the free throw line.

In Friday's game, the Rayders trailed 13 to 8 at the quarter; 30 to 22 at halftime and 39 to 35 going into the final period when they cut the margin to two points but never succeeded in heading the Blue Devils.

John Pearl and Bruce Kroken who started in the forward spots scored 14 and 12 points each to share scoring honors. Others in the starting lineup were Frank Curtis who had eight; Chip Terrill who had six and Pete Ance who contributed four points. Ken Parrish who joined the lineup early in the game added five. Gary Stutzman wsa the only other Rayder to see action.

Blue Devils Art Tebo paced the game with 25 points.



Courier Photo

Gaylord's Charlie Howe wasn't about to go any place Friday night as Chip Terrill (11), John Pearl (43) and Ken Parrish form a wall to halt his progress. In the background is Bruce Kroken. The Rayders dropped the game to the Blue Devils by a score of 55-49

Last Week With Class C

High scoring was a feature of three of the four games played in the Northern Michigan Class C league Friday night as Harbor Springs rolled up the highest score of the night as they dumped Mancelona 82-31.

Elsewhere Boyne City won over East Jordan 81-48 and Pellston dumped Grayling 61-48. In the fourth game Gaylord edged Charlevoix 55-49.

Harbor Springs 82, Mancelona 31

In the game at Mancelona, Pat Dutcher went to the bench with only two minutes gone in the game after injuring his ankle. He returned later ofter having his ankle taped but was not at his best as his team trailed 18-7; 34-16 and 58-25 by quarters before the Rams poured in 24 points for the win by a 51 point margin.

Four Rams hit double figures including Tom Pifer with 18, Paul Ranney with 17, George Lauer with 15 and Cecil John with 14. Dutcher had 13 points for Mancelona.

Pellston 61, Grayling 48

In a game in which guard Ed Clear poured in 22 points including nine field goals. Pellston led Grayling all the way, holding a 17-13; 27-22 and 42-33 advantages by quarters. Mike Tompson with 16and Ken Cassidy with 11 points did their bit to aid the winning cause. Tim Neal had 12 points for the Vikings.

Boyne City 81, East Jordan 42

At Boyne City the Ramblers roared to a 22-7 first quarter lead over the visiting East Jordan Red Devils and then coasted to victory with a 39-17 halftime and 60-32 third period lead.

Randy Price and Verlin Thompson with 21 points each, Larry Gunderson with 13 and Bill Darbee with 11 shared scoring honors for Boyne City. Mickey Bell had 13 for the Jordanites.

Don Meggison please call at the Charlevoix Courier before Saturday noon and get your free ticket to the Palace Theatre, Charlevoix.

Charlevoix J V's Roll Over Gaylord 53-44

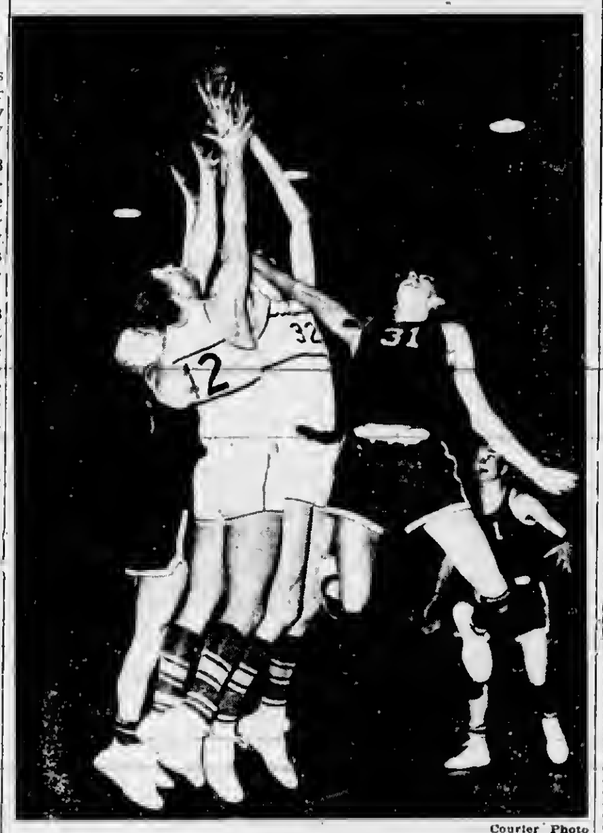
Charlevoix's little Rayders rolled to an easy victory over the Gaylord Reserves Friday night, trimming their hosts by a score of 53 to 44.

Charlevoix rolled to a 12 to 8 first quarter lead which they increased to 24 to 16 at halftime and 44 to 29 at the three-quarter mark before Coach Terry Rice started to substitute, thus cutting the team's scoringpotential.

The young team dumped in 18 field goals to 16 for Gaylord but made up the margin from the free-throw line where they connected on 17 of 30 tries while collecting 18 personal fouls. The young Blue Devils connected on 12 of 23 tries and had 20 personal fouls.

Scoring for the victors was done by Dave Smith who paced the win with 14 followed by Warren Belding with 13; Dave Norton, 12; Doug Winnell, eight; Jack Uhrick, three; Don Smith; two and Ed Homlms, one. Others who played were John Bleha, Neil Cross, John Ferguson, Tom Maxwell and Bob McCall.

Mike Johnson had 22 or half of Gaylord's points.



Courier Photo

Charlie Howe (42) and big Tom Lick (32) battle it out with Rayders John Pearl and Bruce Kroken (31) for the rebound during the Gaylord-Charlevoix game Friday night while Chip Terrill, in the background, awaits the outcome of the action. The Blue Devils edged Charlevoix 55-49 in the game.

This Week With Class "C"

Charlevoix will host Mancelona Friday night as the Northern Michigan Class C conference schedule nears its halfway mark.

In other games the Harbor Springs Rams will entertain Gaylord, Boyne City will travel to Grayling; and Pellston will play at East Jordan.

Tied with Boyne City and Grayling for fourth place in league standings with a 3-3 record, the Mancelona Ironmen will invade Charlevoix to take on the Rayders who have a 1-5 record to date. By virtue of their record, the Ironmen will be favored but the Rayders have shown a lot of scrap in their last two games so could upset the visitors.

Second place Harbor Springs (5-1) will take on third place Gaylord (4-2) in a game which could be the closest of the night. The Rams, however, will be favored for they have a smooth operating quintet with two serious scoring threats in Paul Ranney and Cecil John while the Blue Devils, through a winning team, are not as polished. The Rams will be favored but the will to win may play a major role in this game. Should Gaylord have it they colud ump their hosts.

Boyne City and Grayling will battle for possession of fourth place in league standings. It would not be surprising if the Ramblers would come up with a win over the Vikings who have failed to shape up, as anticipated.

The Pellston Hornets will travel to East Jordan to take on the Red Devils who have yet to win a game. This hardly seems the time for them to move out of the league cellar.

Panel Discusses School Needs At Parent Teachers Meeting

A program devoted to the needs and problems in the Charlevoix schools was presented at a program sponsored by the P. T. A. Wednesday.

Hal M. Hill served as moderator for the panel composed of faculty members who spoke on the various phases of the school program.

A report on the meeting, submitted by Mrs. Robert G. Tollas, P.T.A. secretary follows:

Delbert R. Terrill, speaking on the physical education phase of the program said there was a need for physical education, pointing out that a great number of students received little or no physical education and auch a program is necessary if children are to be physically fit. He urged better use of existing facilities. He said, for example, that the high school gymnasium is used only six hours during the 30 hour school week.

C. A. Odmark, speaking on the needs in music education, pointed out that a band is not an end but the means to an end. Students participating in the band learn not only the appreciation of good music but self discipline and cooperation with the group. He went on to say that most schools divide their program into three divisions: instrumental, vocal and theory or musicianship. Though Charlevoix has nearly 50 per cent of its students participating in the band program (and this is a very high per centage in comparison with most schools) barely one of the three aspects of musical education ia covered. He suggested that the school could support a stringed instrumental program, pointing out that he felt this should come first because it would benefitt the largest number of atudents. Secondly, every student ahould be given an opportunity to sing in a vocal group.

Mrs. Bessie Coleman, representing the early elementary grades, said that the most important thing was learnink to read. Reading readiness tests, which are given in the local schools, ahould be the most important factor in determining whether or not the child is ready to go on. If a child needs to repeat a grade, the sooner the better. The greatest need is for more elementary teachers so that each would have smaller groups with whom to work. A physical education program is needed. There is also a need for a special room, or a class for those students with low abilities, who find it impossible to keep up, no matter what grade they are in.

Mrs. Constance Klooster, representing the upper elementary grades, pointed out that a coordinated series in each subject from one through six is used here. Reading is important in these grades also. Comprehension, phoenics, ability to use new words, sentence structure and these things are emphasized in the upper elementary grades. Each year the gap in the reading abilities gets wider. She also pointed out the need for a special room and a special teacher for those of low abiiity as well as more teachers so that each may work with a smaller group. The recommended number is 25 and not more than 30; However, of the 14 rooms in the elementary school, there are four rooms with more than 40 and four with more than 37 students. The home background is also an important factor in the child's learning to read.

She directed the following questions to the parents: How many books do you have in your home for children and adults? What magazines are available in your home? How much television do your children watch? Does this take the place of reading: How important do you make reading to your child? She concluded by saying that there is a need to provide for the indiviluai difference of each child.

Leonard Burns of the junior high school said that rooms were adequate for 30 but not 45 students as some have this year. He said there was a need for more chalk board space, bulletin boards and display space for students to exhibit their accomplishments. Most important is the lack of ability to use visual education because the lighting, although excellent for work and study, does not permit the use of visual aids. There is also a need for more tables and shelves for adequate storage and display of student and teaching materials. There are not enough American flags, maps, encyclopedias and dictionaries.

Mrs. Lucile Martin spoke on the high school reading level. Reading, she aaid, is the most important factor in doing high school work. Research shows a high correlation between the reading level or reading ability and the atudent's marks. the variations in reading abilities in a single class that began in grade school is now reaching in many instances an eight-grade spread. For example, in the present eighth grade, the reading level reaches from the fourth to the twelfth grade.

the circumstances under which each teacher can more nearly meet each student at his own level instead of attempting to fit them all into the same mold. As a result, the slower student is lost and most advance student are not challenged.

Car-Truck Collision Kills Two Brothers

Two brothers, the only sons of Mr. and Mrs. Charles Wielenga, were killed in n car-truck crash at approximately 7:15 p.m. Monday a quarter of a mile outside the city limits on US 31 North.

They were Leon E. Wielenga, 20, driver of the small British station wagon, and his brother, Raleigh Denn, who would have been 13 years old on Feb. 14.

Their young sister, Myra, 7, a passenger in the car, received mouth and facial laeerations and bruises. She was reported in satisfactory condition at the Charlevoix hospital Wednesday.

The accident occurred when the Wielenga compact car struck the rear of a loaded tank truck as the driver, Arden L. Border, 34, of Shepherd, prepared to cross the north lane into the new Leonard bulk plant opposite the Lake Terrace Mobile Court after stopping to permit an oncoming car to pass. The highway was icy in spots and at times visibility was poor as gusty winds out of the northwest blew loose snow across the highway according to Sheriff Glenn E. Rose who investigated the accident.

Funeral services for the two brothers will be held at the Winchester Funeral Home at 1 p.m. Thursday with the Rev. Charles A. Stoppels officiating.

The bodies will then be taken to Grandville where the family resided before coming here in July 1956 for services at the Posthumus Funeral Home at 4145 Chicago Drive at 1 p.m. Friday. The Rev. Peter Muyskens of the Olivet Reformed church and the Rev. Mr. Stoppels will officiate. Burial will be in Wyoming cemetery.

Born in Grand Rapids Dec. 6, 1942, Leon Edward Wielenga was graduated from the Charlevoix high school in 1960 and had attended North Central Michigan College. In high school he wos a member of the Varsity basketball team.

Roleigh Dean Wielenga was born in Grand Rapids Feb. 14, 1950, and was a seventh grade student in the Charlevoix junior high school.

Both were members of the Community Reformed church of Charlevoix.

Besides their parents, they are survived by two sisters, Myra, at home, and Mrs. Cleo (Bonnie) Schader of Grandville; their paternal grand-parents, Mr. and Mrs. Miner Wielenga of Grand Rapids and their maternal grandparents, Mr. and Mrs. John F. Henrickson of Grandville.

The family has suggested that anyone wishing to honor the memories of the brothers may do so by contributing to the memorial Fund of the Community Reformed Church of Charlevoix.

Scouts to Stage Klondike Derby at Rod and Gun Club

Charlevoix will host the 1963 Northern District Klondike Derby Sunday, Feb. 3.

The event which is expected to attract more than 200 Boy Scouts from the Northern District Counties of Antrim, Emmet, Cheboygan, Otsego and Charlevoix will be held at the Charlevoix Rod and Gun Club property off US 31 three miles north of the city. Sponsors of the derby will be the Kiwanis Club and the Rod and Gun club.

The Klondike Derby will operate on a patrol basis with the Scouts displaying their Boy Scout skills at five stations; namely, First Aid which will be manned by the doctors of the Northern District, a new idea being initiated this year for the first time; fire building, wild life, knot tying and compass work. All other stations will be manned by Scout Masters, another new idea being used for the first time. The stations will be along a route laid out on the Rod and Gun club property. All equipment will be carried on Klondike sleds made and pulled by the Scouts.

Plans for the event have been made by members of the local Scout committee, Leonard Burns, neighborhood representative, Arnold Wodas, institutional representative, Louis Edwards, local Scout master, Guy Molby, Northern District Scout Representative and other northern District Scouters.

After traveling the route of the Derby, all Scouts and their adult leaders will be treated to a complete pancake supper by the Charlevoix Kiwanis club, according to Barney Englehart, Kiwanis president who appointed the various committees at Monday's meeting.

Plan Extension of Natural Gas Lines into Northern Area

Michigan Consolidated Gas Company announced this week that it plans to spend over $4 million this year to extend natural gas service to this area if sufficient numbers of large volume customers indicate they desire service.

James C. Preston, of Mt. Pleasant, general manager of Michigan Consolidated's Northern Districts, and Fred H. McIntire, of Detroit, assistant vice president-sales, were in Charlevoix Monday to talk with potential customers. Preston said they and a group of sales representatives will call on business, industrial, governmental, school and hospital executives to determine if there is sufficent sales potential to make the project ecomically feasible.

The proposed project would include 90 miles of gas transmission lines plus distribution systems in Charlevoix, Petoskey, Boyne City, Boyne Falls, East Jordan, Kalkaska, Mancelona and Antrim. Cost of the initial system this year would be approximately $4,300,000.

McIntire said that "with this large an investment, we have to be assured of serving the larger fuel consumers before we can go much further in our planning." Preliminary surveys indicate a potential to warrant extending the gas lines into this area, he added.

To service this area the company would hook onto the main gas line now terminating at Traverse City and run a 10-inch line to Boyne City with eight-inch feeder lines running to the other cities served in the area. Steel electric welded steel pipe would be used for the mains in the cities.

Michigan Consolidated is one of the largest gas utilities in Michigan, serving nearly 900,000 customers. The company is a wholly owned subsidiary of the American Natural Gas Co. The company is supplied with natural gas from fields in Texas, Oklahoma, Kansas, off-shore and gulf coast fields of Louisiana and the new fields in Alberta, Canada. Consolidated is reported to have natural storage facilities for 100 billion cubic feet of gas in central Michigan.

Michigan Tourist Business Exceeds $680 Million in 1962

Michigan enjoyed its best tourist business year in history during 1962, with expenditures by vacation travelers exceeding $680 million according to the state tourist council.

All available information on the year indicates a statewide tourist business showed a five to seven per cent increase as compared with an eight per cent increase in tourism throughout the United States. Variations throughout Michigan were accentuated, however, by substantial shifts in travel patterns.

Of 46 communities reporting to the Michigan Tourist Council, 33 indicated 1962 vacation travel business increases ranging from two to 50 per cent; nine reported decreases ranging from two to 40 per cent and four areas indicated that 1962 tourist business remained at the previous year's level.

According to information made available by Paul Kohler, secretary-manager of the Charlevoix Chamber of Commerce, Charlevoix county experienced an increase of approximately 11.4 percent in the tourist business during 1962. This estimate was reached through the evaluation of figures available on use tax, sales tax and through other sources.

available to the Charlevoix

In making this information Courier, Mr. Kohler said that as the result of the extensive advertising campaign being conducted by the West Michigan Tourist Association and the Michigon Tourist Council, he would predict another 10 per cent increase during 1963. This is on a year-around basis and includes visitors and travelers who come to the county around the calendar. It is not confined to the summer tourist trade.

Robert J. Furlong, council director, said a statewide increase of five per cent added at least $30 million to the estimated $650 million spent by resident and nonresident vacation travelers during 1961. This is especially significant because the state's annual income from tourism had remained at about the $650 million level since 1958 while many competing states were reporting increases. In the highly competitive and expanding vacation travel market, Michigan actually was losing ground by standing still because its share of the market was growing smaller.

Along with reports from individual communities, other 1962 travel business indicators (compared with 1901 figures) cited by the council included a three per cent increase in requests received for Michigan travel information and literature; a 15 per cent rise in camping permits issued at state parks and a 10-15 per cent increase in the use of state forest camping grounds; an increase in general highway traffic of slightly more than five per cent; a five per cent increase in hunting and fishing license sales and an increase of more than four per cent in Mackinac Bridge crossings.

Factors responsible for the upswing included generally improved economic conditions throughout the nation based on the U. S. Department of Commerce estimate of five per cent improvement over the year before; rapid development of Michigan's share of the interstate highway system with more than 1,000 miles of freeways now open to travelers; improved accommodations in many sections of the state including several new and expanded motel and resort facilities and increased public campaign facilities expanded promotional activities on the state, regional and local levels, resulting in more advertising and publicity for Michigan's vacation opportunities.

Expansion of the council's promotional programs brought good results during the autumn travel season and the early portion of the 1962-63 winter sports season but the full effect of the council's increased advertising cannot be measured until the 1963 spring-summer campaign is complete. The state legislature appropriated $545,000 to the council for its activities during the fiscal year beginning July 1, 1962, an increase of $124,000 over the previous year's budget.

Statistics Show More Marriages; Fewer Divorces

Statistics compiled and released this week by F. R. Bulow, Charlevoix county clerk, revealed that there were more marriages, more births and more deaths in the county than in 1961 but that fewer divorces were started and granted.

In 1962 there were 137 marriages recorded as compared to 124 the year before; 203 births or eight more than in 1961 and 160 deaths as compared with 147 the year before.

In 1061 25 divorces were granted but in 1962 the figure dropped to 22. However, 34 divorces were started last year as compared with 33 the year before.

Consumers Pay $82,262.76 Tax On Big Rock

Consumers Power Co. lost week paid the 1962 tax of $82,262.76 on the Big Rock Nuclear Plant to Hazel Evers, treasurer of Hayes township. The 1962 tax was assessed on stage of construction along with various properties acquired for transmission lines, according to R. H. Fredberg, district manager of Cheboygan.

The basic tax on the Big Rock Point plant is allocated as follows: Grandvue Medical Facility, $4,316.22; County, $22,371.80; total township taxes, $11,165.90; School allocated, $27,237.78; School voted debt, $14,470.77; School voted debt, $850.20; Fire Protection, $1,358.12.

The tax on transmission lines amounted to $560.12 and on other property $502.84. These taxes are also prorated percentagewise on the same basis os the tax on the Big Rock Point plant.

What the Consumers Power Co. tax will amount to when the Big Rock plant is past the experimental stage and on a production basis is a wild guess, but some fairly good guessers estimated the tax could be triple the 1962 tax.

Charlevoix Hosts Band Ass'n Meeting

Charlevoix was host Saturday to the annual winter meeting of District II of the Michigan School Band and Orchestra Association.

C. A. Odmark, president of the group, presided at the business session at which plans were completed for the solo-ensemble festivals to be held at Indian River and Glen Lake Feb. 9; the district band and orchestra festivals to be held at Petoskey and Traverse City Feb. 23 and the annual massed band festivals to be held in Charlevoix, Mancelona and Frankfort on May 7, 8 and 9.

The district association has announced plans for a clinic-concert to be held here by the Detroit Arts Woodwind quintet some time in April. The Detroit Arts Woodwind Quintet is composed of Detroit Symphony members and was organized by Mr. Odmark's brother, Ronald Odmark, oboist with the Detroit Symphony Orchestra. Further details will be released in the near future regarding the visit of the outstanding group to the community.

The spring meeting of District II will also be held in Charlevoix in conjunction with the clinic-concert.

A luncheon in the high school cafeteria served by the local chapter of the Future Homemakers of America preceded the business meeting Saturday which was attended by band and orchestra directors from northern and western Michigan.

Trip Cancelled To Shrine Circus

There were 75 disappointed youngsters who went back to bed at an early hour Monday as the trip to the Shrine Circus in Grand Rapids was cancelled because of bad weather.

The youngsters of the seventh grade in the Charlevoix public school were to have made the trip via bus to Traverse City where they were to board the train for the trip to Grand Rapids. However, on the advice of highway officials and the state police the trip was called off. Highways between here and Traverse City, especially in Antrim county, had become plugged during the night as the result of a five-inch snowfall and westerly winds up to 35 miles an hour.

Later in the day, all local schools were closed because of highway conditions.

John G. Apfel Construction Co. Awarded Hospital Contract

The John G. Apfel Construction Co. of Bellaire whose bid was in the amount of $58,605 was the successful bidder on construction work to be done at the Charlevoix hospital, Fred Willis, president of the board of directors announced Wednesday following the opening of bids.

Work to be done will include construction of an addition to house a new physical therapy department, enlargement of the existing dining room and addition of storage area, the enlargement of the exisiting laboratory area and bringing other items in the hospital in compliance with State Fire Marshall's requirements. The latter includes the modification of elcetrieal transformers in the operating rooms and installation of required sprinkler heads in the lanudry and storage rooms.

The bid and construction work are subject to the approval of the Office of Hospital Survey and Construction, Mr. Willis said.

The construction project is scheduled to begin Feb. 1, weather permitting.

Other companies submitting bids were the Koenig Coostruction Co. of Traverse City and the Nelson Construction Co. of Ludingston.

The work was made possible at this time as the result of a federal grant in the amount of $46,200 for addition to auxiliory hospital services by the Department of Health, Education and Welfare.

The funds were made available under the Accelerated Public Works program sponsored by the federal government with federal monies underwriting approximately 66 per cent of the overall costs and the hospital supplying the other 33 percent.

Only the cost of stationary equipment such as therapy tanks is included in the general contractor's bid.

The enlargement of existing facilities and the addition of the physical therapy department have been recommended repeatedly by the American Hospital Association, Mr. Willis said.

On hand for the opening of the bids were members of the hospital board, Gordon Cornwell of Traverse City, architect, and Joseph Homminga of the Office of Hospital Survey and Construction for Michigan.

Charlevoix State Savings Bank Names Directors

One new director was elected and five others re-elected to the board of the Charlevoix State Savings Bank at the annual stockholders meeting held recently.

Donald C. Coulter of Traverse City, a member of the firm of Williams, Thompson and Coulter, Attorneys-at-low was elected as a new director and A. L. Livingston, P. D. Campbell, E. J Edwards, Robert Livingston and E. K. Shanahan were re-elected to bring the member of directors to six for the ensuing year.

The directors voted to increase by declaring a stock dividend out the capital 25 per cent to $75,000 fits to be issued to stockholders of Surplus and Undivided Profits pro-rata.

It was reported at the business session that growth of assets had been sound in 1962 and capital growth rates the second best in the bank's history.

The following officers were re-elected for 1963: president, A. L. Livingston; vice president, Mr. Campbell; cashier, Robert B. Livingston and assistant cashier, Mrs. Maurice (Dorothy) Dixon.

BETWEEN YOU AND ME

- By Harold E. Kohn -

Evergreen Things

A northern winter
Is a season of Divine desclosure,
Revealing those things that last.

By now
The fragile things of earth,
The tender tendrils
And frail flowers,
Have long-since withered and died.
Leaves have fallen.
Ice and snow have been too much
For rigid and rotting limbs to bear.
In the cold, silent nights
They have broken
And plunged to white oblivion
In the snow.

What remains?
Mostly the hearty evergreens,
Mostly trees that will humbly bend
Beneath winter burdens.

Grief
Is the winter season
Of the soul
That reveals to us
The things that last,
The things God meant to be
Evergreen.

The following letter appeared in the Progressive Grocer is as serious as it is humorous. The subject is "Not Raising Hogs".

Dear Mr. Secretary:

My friend Bordeaux over in Terrebonne Parish received a $1,000 check from the government this year for not raising hogs. So I am going into the not-raising-hog-business next year. What I want to know is, in your opinion, what is the best kind of hogs not to raise? I would prefer not to raise razorbacks, but, if that is a good breed not to raise, I will just as gladly not raise Berkshires or Durocs.

The hardest work in this business is going to be keeping an inventory of how many hogs I haven't raised. My friend Bordeaux is very joyful about the future of the business. He has been raising hogs for more than 20 years and the best he ever made was $400 until this year, when he got $1,000 for not raising any hogs. If I can get $1,000 for not raising 50 hogs then I will get $2,000 for not raising 100 hogs.

I plan to operate on a small scale at first holding myself down to about 4,000 hogs which means I will have $80,000. Now another thing; These hogs I will not raise will not eat 100,000 bushels of corn. I understand that you also pay farmers for not raising corn. So will you pay me for not raising 100,000 bushels of corn not to feed the hogs I am not raising? I want to get started as soon as possible as this seems like a good time of year for not raising hogs.

Yours verly truly,
Octave Boussard, Louisiana

P.S. Can I raise 10 or 12 hogs on the side while I am in the not-raising-hog-business — just enough to get a few sides of bacon to eat?

It appears the only ones getting their money's worth on the ice skating rink are the men who keep the snow cleaned off and I've got my doubts about them with the weather we're having.

The Iceboaters are having their troubles too. There is too much snow covering the ice on Lake Charlevoix. We suggest putting a ski-type runner on the ice boats.

Girl Scout News

A new Brownie Scout troop has been organized under the leadership of Mrs. Paul White with Mrs. Bud Murray serving as assistant leader. The troop, as yet without an official number, is made up of 10 children who live in Hayes township.

They held their first meeting, as a group, on Friday. A report of the meeting follows:

We met Friday at the home of our leader, Mrs. Paul White.

We had an election of officers. Debra White is president; Susan Kerner, secretary; Rita Wikianski, treasurer and Linda Sneathen, scribe.

We recited the Girl Scout Promise, played a game, sang a song, had a contest and made turtles.

Charlevoix Board of Education Studies Tentative Budget

A tentative budget for the 1963-64 school year was discussed and approval given a salary schedule for teachers with bachelor's degrees and qualifications for the superintendent to succeed R. G. Bennett who is retiring effective June 30 at the regular meeting of the Charlevoix board of education Mondoy night.

The tentative budget for the 1963-64 schoal year which includes the addition of four elementary teachers and one high school teacher to climinate the large membership rooms, a a proposed new salary schedule and an appropriation for decreasing the deficit of this current year would requlre an estlmated 10.7 mills lncluding the library voted millage of one-half mill, 10.2 mills without the library voted millage and 0.2 mills without the deficit appropriatian of one mill. However, this budget proposal was held for further discussion at a leter date owing to the lack of facts regarding assessed valuations, gross State Aid for the coming year and tax monies ovailable through the Charlevoix county Allocation Board.

In adopting the salary schedule for teachers with bachelor degrees several issues were taken into consideration. Among them was the fact that beginning teachers are no longer available at the starting salary that has been offered in the past and the pattern of area and similar school systems has created a demand for a higher maximum salary schedule and that Charlevoix must be in line with similar good schools if good teachers are to be engaged and retained.

After the discussion, the following schedule was presented by Albert H. Smith and its adoption approved:

The beginning salary with teachers with A.B. and B.S. degrees was set at $4,500 with increases of $200 for the next two years; $150 for the following six years and $100 for the next four years for a maximum salary of $6,200. However, qualification for remaining on this schedule must be met. They include the obtaining of two semester credits within each three year period. This may be waived to include travel or research. Experience in other school systems will be taken into consideration when teachers with experience apply. This schedule was adopted with the understanding that a limit of $200 increases will be given for any one teacher for the 1903-64 school yeor.

Qualifficarions for ony candidate far the office of superintendent were discussed with the boord adopting the following: 35 to 50 years of age with a Master's Degree and an indication of further trainlng and experience in administration with emphasis on finances and transportation. In addition to other applications for the position, mojor teacher trainlng institutions in the stote will be asked to submit a screened list of three candidates each, complete with credentials, by Feb. 5. A committee composed E. Darrell Dinwiddie, Burr Blanchard, Albert Smith and Clarence Smith was named to study the credentials of all applicants before presenting them to the entire board for consideration. With regard to a suggested salary, it was decided to include an assurance of a substantial increased over a three year period. An effort will be made to reach a final decision by March 15.

A letter from T. R. Miller urging that action be taken to request a re-routing of Highway M-68 to provide a safety factor for students going to and from the new high school. In his communicotion, he also commended the boord or the increment of pay for the salary schedule for merit and the incentive for additional training. It was suggested that he be informed of the board's appreciotion of his interest in retaining better teachers througb these salary incentives. On the first subject, the re-routing of M-66, the board asked that a review be made of a letter from Louis Juilleret regarding a similar suggestion involving re-routing tbe same highway.

In other action at the meeting it was roported that a tractor had been purchased on wbich a bucket is to be installed for use in snow-removal at the schools; the present driver training program reviewed; a request that the loading area on the Boyne City road at the Camp Charlevoix corner be inspected for safety and necessary steps be taken for correction. The county highway superintendent was asked to check the same and it was suggested that bus driving experts, conducting a class on Feb. 4 be asked to make a survey and recommendation.

A report on the bus route into the Sheck home was made and approval given for the bus to pick up two students there. It was reported, also that Louis Hoim had accepted the position of custadian at the high school and as a bus driver.

Bills totaling $2,431.65 were approved and ordered paid.

Mrs. Richard Elzinga please pick up your ticket for free admission to any movie showing at the Palace Theater Charlevoix, on or before Feb. 3, 1963. The picture this week is Walt Disney's "Big Red."

Mr. & Mrs. Cummings Contribute Art Collection to N. Y. Museum

Mr. and Mrs. Nathan Cummings of Chicago, whose summer home, the Anchorage, is located on the north shore of Lake Charlevoix, are contributing a substantial part of their collection of Pre-Columbian Art to the Metropolitan Museum of Art, New York, it has been announced by James J. Rorimer, director of the Metropolitan Museum.

The collection, representing about 1,000 pieces, will be used in a series of galleries, one of which will be designated as The Mr. and Mrs. Nathan Cummings Gallery of Pre-Columbian Art. The collection consists of artifacts of the mochica, Nazca and Paracas Indian Cultures. Experts on these cultures are of the opinion that the youngest piece is some 500 years old and the oldest 5,000 years or more.

The Chicago Art Institute, of which Mr. Cummings is a member of the Primitive Arts committee, has already received gifts of several hundred pieces over the past few years. Currently, part of the collection is on exhibition at the Beloit College Museum in Wisconsin which college has an outstanding course in anthrapology. A major part of the Paracas collection has been in Washiington, D.C., for the past two years being researched, restored and cataloged.

Mr. Cummings, who is also a collector of French impressionist paintings, has exhibited many in New York, San Franciso, Dallas, Chicago, Minneapblis and in both the Metropolitan Museum of Art and the Museum of Modern Art in New York as well as in Paris, Rome, London, Vienna and other European cities. The collection of Pre-Columbian Art has in part been exhibited in many leading museums in the U.S. as well as the Lourve in Paris and the Paiazzo Venezia in Rome.

It will be remembered that Mr. and Mrs. Cummings loaned several of the French impressionist paintings for exhibition at Charlevoix's Waterfront Fair last August.

Mr. Cummings is chairman of the board of Consolidated Foods Corp., Associated Products, Inc., and a director of several other corporations including Metro-Goldwyn-Mayer, Inc.

Mr. and Mrs. Cummings make their homo in Chicago and Palm Beach as well as Charlevoix. They spent the recent holidays at the Anchorage.

John Schroeder Among Winners in National Contest

John Schroeder of Schroeder Drugs was one of 11 second prize winners in a national contest sponsored by the Robert Wood Johnson Co., a division of Johnson & Johnson. Hereceived a portable television.

The contest called for the estimating the total cumulative audience for two television shows on which a company's product was advertised. It was open to all retail druggists and their employees.

Top winner was a pre-medical student at Holy Cross University, Norbert Gilmore, a part-time employee of a Burlington, Vt., drug store who took the $4,000 offered in place of an all-expense trip to Hawaii. He plans to use it to further his career in medicine.

Mr. Schroder was a North Central Division winner, one of 11 divisions throughout the country. G. J. Farmiloe, division drug salesman, also received a television.

GILLES PAYANT, young new star of Walt Disney's live-adventure story "BIG RED," fondles the Dog-Hero in the title role of the Technicolor film.

"Big Red" concerns the relationship between a young boy and a handsome Irish setter.

"Big Red" is handsomely photographed in Technicolor along the banks of Quebec'a St. Lawrence. The lush scenery and Big Red are the film's true stars, although good performances are turned in by Walter Pidgeon, as a lonely dog breeder, and 14 year old Gilles Payant.

The orpban Payant works for Pidgeon excercising the champion setter. Boy and dog become so close Pidgeon is forced to separate them.

There's an exciting climax where dog and mountain lion fight it out atop a rocky gorge.

It's a happy ending when Boy and Dog return to the Pidgeon bouse.

The film proves equally enjoyably for youngsters and grownups.

Good Behavior Not Enough in Today's World

Ann Arbor—Most parenta used to ask little more of their children than that they be well-behaved. Today's parents must go beyond that, a University of Michigan sociologist says.

"As civilization becomes more complex, the task of parents enlarges too," notes Professor Robert O. Blood, Jr., an expert on marriage and family relations.

Says Blood, "The rich opportunities of modern life will be missed unless children are introduced to them and motivated to seek them on their own."

But this requries, above all things, treating the child as a person in bis own right and at the same time expressing high hopes for him and supporting his efforts to fulfill them, Blood writes in his recent book, "Marriage," (Free Press; 515 pages; $6).

Parents must differentiate between "encouraging' a child and "pressuring" him with respect to achievement. "The distinction is subtle but important," Blood says.

Parents push too hard usually for selfish reasons. "They want the child to fulfill their own dreams, to accomplish what they didn't, to become someone that they can be proud of."

There is nothing wrong with such motives—"provided that they don't blind parents to the child's limitations and lead them to disregard his wishes and feelings," Blood points out.

"If parents overestimate the child's ability, he will be satisfied with less than hisbest. If they underestimate it, he may not achieve even what he could since he knows they will still be disappointed."

Bring'em back alive every time you drive.

Face to Face PTA Confabs Are Best

Ann Arbor- Face to face in conference with the teacher, parents can learn best just how their child stands, says William H. Mills, University of Michigan assistant professor of education.

Mills says he feels a parent-teacher conference should be a shared discussion, supplementing the report card parents receive from the school at the end of each marking period, and should be conducted in a free period when neither the parent nor the teacher is hurried to end the interview because someone else is waiting.

"It should be informative, objective, positive in tone, and take into account the attitude of the student," Mills says.

The U-M educator suggests parent should prepare for the conference. "In one school, teachers hold practice conferences with each other. One first grade sends out an elaborate checklist before the parent-teacher conference.

"If the interview involves a high school student, sometimes the student and his parents can benefit from sbaring in the conference with the teacher," Mills says.

"In any case, to walk into a conference cold, without any preparation on either side, could be a disappointment.

"At the beginning of a conference it is well for the teacher to present a paper and pencil to each parent, or even an outline. Growth data should be prepared in advance," Mills says.

"After the conference, the teacher should keep a written record-what we talked about. commitments were made-to continue the line of communication for further talks, as needed, by parent or teacher.

"The value to the child is the important thing," says Mills. "It helps the teacher understand the child better. It helps the Dad or Mother understand that their child is improving even if the grades are only C or D.

"Perhaps at home, the student can be helped in areas of academic weakness."

Sam C. Campbell please pick up your ticket for free admission to any movie showing at the Palace Theater, Charlevoix, on or before Feb. 3, 1963. The picture this week is Walt Disney's "Big Red."

Bobcat Chase

Take a crisp winter day, blanket it with a thin layer of fresh tracking snow, add several hard-working hounds and you have the ingredients for fast-paced sport—bobcat hunting in northern Michigan. Naturally, it also takes a good measure of go-power on the part of hunters to make the chase a success. From now through February 15, several hundred hunters will be on the swampland trail of 'cats in the northern lower peninsula. For many of them, the thrill of the hunt will be in the chase rather than in the kill. In recent years, a growing number of northern lower peninsula sportsmen have passed up chances to shoot 'cats they have treed, knowing the animal's numbers have fallen off in this area. The decline led to the area's season being shortened one month this year. In the upper peninsula, the bobcat's reputation as a great game animal has been dulled by a price tag on his head. He's hunted year 'round both for sport and a $5 bounty payment above the Straits.—Mich. Dept. of Conservation.

MICHIGAN FARM BUREAU

State Income Tax? A Big IF

Mention the word "tax" and most people see red. And if the term is "tax reform," it helps little. People have a feeling that "reform" programs usually cost more money these days.

Some news reports have it that the Michigan farmers recently came out in favor of a state income tax. Without qualifying that statement very strictly, it cannot stand as true.

Delegates to the recent big 43rd annual meeting of the Michigan Farm Bureau left a big IF in the picture.

Farmers and other property owners are floundering in a quicksand bog of taxation on property. After long and vigorous debates the Farm Bureau delegates finally approved a flat rate state income tax.—on condition.

They said it must bring relief to the property tax picture. They said that taxes on personal property and business activities must be repealed, if the income tax is adopted.

They pointed out that property is now paying 47% of all taxes in the state in spite of the sales tax yield of 23%. The rate of rise in property taxes is enough to set off the alarm bell. School taxes are up nearly fIve times the level of 1948 and township taxes are up nearly five times

Farmers are hardest hit. Property taxes take from two to three times more of their income than is the case for other groups. Some farmers are having to "divvy up" as much as 17% of their income to pay the property tax bills.

An important point: the delegate action gives the Michigan Farm Bureau a definite stand in case a proposal for income tax is thrown on the floor of the Legislature in the future.

When you come right down to it, Michigan farmers do not favor any form of state income tax, as such.

Rather, there is a cautious acceptance of such a tax only if it can be used to ease the increasing desperate situation facing property.

"Sympathy is what one woman offers another in exchange for details."—Cherryvale (Kans.) Republican.

Charlevoix Rolls Over Mancelona 51 to 39

* * *

Friday's Game Marks 2nd Rayder Victory

The Charlevoix Rayders racked up their second victory of the current season Friday night when they rolled over a favored Mancelona quintet by a score of 51-39.

The Rayders starting with Ken Parrish, Gary Stutzman, Pete Ance, Frank Curtis and Jim Uhrick, romped to a 16-3 first quarter lead with Uhrick connecting for three field goals, Ance for two, Parrish for one plus a free throw, Curtis one and Stutzman a charity shot. Mancelona was confined to three singles.

The Ironmen found their stride in the second period but failed to get back in the game though they scored five field goals and three free throws. The Rayders, however, countered with 14 points fofr a 30-16 halftime advantage after Parrish had scored four points and Ance, Curtis, Uhrick, Chip Terrill and John Pearl two points each.

Going into the second half, the Rayders continued to click and umped in 18 to 18 for the visitors. Pearl hit on five long arching shots from the side, Dave Rader added two from the key, Ance and Curtis connected for one each and Uhrick hit on a free throw. The Ironmen had five field goals and eight free throws.

Before the game was over, Coach Don Carey had emptied the Bench and as a result the Rayder scoring was limited to two free throws by Pearl. Mancelona had two field goals and a single.

Others who saw action were Dan Pearl and Bruce Kroken who joined the lineup in the second quarter, Dwight Boss, Rick Miller, Brendan LaBlance and Bruce Murray.

John Pearl with 14 points led the scoring for the Rayders who had a total of 22 field goals, seven of 16 free throw attempts and 22 personal fouls.

He was followed by Uhrick who had nine; Ance, eight; Parrish, seven; Curtis, six; Rader, four; Terrill two and Stutzman, one.

Tom Moeke paced the Ironmen with 13 followed by Pat Dutcher with 12.

This Week With Class "C"

Teams of the Northern Michigan Class C Conference will open the second half of their eage schedule Friday with the league-leading Pellston Hornets entertaining Gaylord; second place Harbor Springs hosting Charlevoix; Mancelona invading Boyne City and East Jordan playing at Grayling.

Pellston, pacing the conference with a perfect record of seven wins, will be favored again this week, first because the Hornets already have one victory over the Gaylord Blue Devils and because the game is being played on their home floor. The Devils were dropped to a third place tie with Grayling Friday after losing to Harbor Springs (55-40).

Though the Charlevoix Rayders have come a long way since their opening game loss to Harbor Springs, it is doubtful if they have gained enough to dump the Rams who are in second place with a six win-one loss record.

Boyne City and Mancelona with inentical records of three wins and four losses will meet this week to determine which team is to take over fourth place in league standings. The Ironmen lost to Charlevoix (51-38) while the Ramblers were being edged by Grayling (68-66) and as a result this should be a hard fought game with the Ramblers favored only because they will be on their home floor.

East Jordan has yet to post a victory and this hardly seems to be the week as the Jordanites take on the third place Grayling Vikings.

During the warm-up before the Charlevoix-Mancelona game Friday night, big Rayder center Dave Rader gave a demonstration on how to dunk the ball into the basket. Fellow team-mates took his impressive lesson to heart by dunking in, from various spots on the floor, a total of 22 field goals, all as impressive in their own way, to give the local lads their second victory of the season.

Grayling-Gaylord Tied at Mid Season

The Grayling Vikings edged Boyne City by a score of 68-66 Friday night to finish the first half of the season in a tie with Gaylord for third place in Northern Michigan Class C league standings.

Elsewhere, Harbor Springs trimmed Gaylord 55-40 to retain its second place standings; Pellston rolled over East Jordan 68-48 to keep its record clean and Charlevoix, still in fifth place, dumped Mancelona 51-39.

Grayling 68, Boyne City 66

Grayling edged into a 21-18 lead over the Boyne City Ramblers who cut the Viking lead to two points 36-34 at halftime and knotted the score 46-all at the three quarter mark. In the final period the lead changed several times before the Vikings managed a three-point win in the closing minute. Tom Wright of Grayling and Larry Gunderson of Boyne City shared scoring honors with 25 points each.

Harbor Springs 55, Gaylord 40

The Rams Paul Ranney piled up a total of 22 points as Harbor Springs rolled over Gaylord by a 15-point margin after leading the visitors 21-9; 33-19 and 47-28 by quarters. Tom Lick had 18 for the Blue Devils.

Pellston 68, East Jordan 48

Surprisingly, the cellar dwelling East Jordan Red Devils held the powerful Pellston Hornets to a 15-10 quarter and 24-21 halftime lead before the league leaders pulled away for the lopsided win after heading the Jordanites 53-35 at the three-quarter mark.

Mike Thompson took over the scoring duties for the Hornets, tallying 24 points with Doug Lovaasen coming through with 16. Don Roberts had 14 and Dave Drenth 12 for East Jordan.

Charlevoix J V's DumpMancelona Reserves 70-31

Charlevoix's little Rayders wrapped up the first half of their schedule with a perfect record Friday night after dumping the visiting Mancelona Reserves 70-31.

With 19 players seeing action, the Rayders rolled to a 24-6 first quarter lead which they increased to 40-13 at halftime and 61-24 going into the final period.

Charlevoix poured in 22 field goals to 13 for the visitors while adding 14 free throws on 25 attempts and collecting 10 personal fouls. The young Ironmen had five of 11 attempts from the free throw line and 15 personal fouls.

Documentary Film On Constitution Now Available

"Michigan Can Lead the Way," a 27-minute documentary film portraying the activities of Michigan's constitutional convention will be ready for frec distribution through the film loan libraries of the state's three major universities after January 14.

The 16 mm. sound documentary was produced through the cooperation of the audio-visual departments of MSU, the U. of M., and Wayne State University.

The film's title is taken from the address of former President Eisenhower to the Michigan convention on Dec. 13, 1961. He said: "The responsibilities, best exercised by the people of a state, can be returned to them in all 50 states. And Michigan can lead the way."

Interested groups and organizations in Michigan may show the documentary without rental charge. Reservations for its use and shipping instructions may be sent to the audio-visual departments at the individual universities or directly to the Constitutional Convention Office, Civic Center, Lansing, Michigan.

Adoption of the basic state law framed by the Michigan constitutional convention will be an issue at the spring election on April 1.

Pine Grosbeaks Visit Oyster Bay

Mrs. Lawrence K. Montgomery has reported a pair of pine grosbeaks, identified by their rose coloring, at her feeders at the couple's cottage at Oyster Bay.

Mrs. Montgomery said that such visitors were rare in this area. She added that the evening grosbeaks who were so plentiful last winter are not visiting the feeders this winter and that only one pair of the birds had been seen.

Like so many area residents the Montgomerys have numerous feeders well supplied with a variety of foods to please the palates of all their feathered friends which numbers many, especially during the stormy weather.

Earlier, another friend of the birds, Mrs. Gammel, who lives with her son and daughter-in-law, Mr. and Mrs. Don Anders, reported seeing a shrike, a northern bird seldom seen in this area, attacking and killing a sparrow and carring it off.

Residents of the area are urged to feed the birds.

Mr. and Mrs. Clarence Way were Sunday dinner guests at the Dawson Way home and Mr. and Mrs. Douglas Way of Atwood were afternoon callers there.

Mr. and Mrs. Gale E. Brintnall and family of Hudsonville were weekend guests at the William Parsons home. While here they visited Mrs. Geo. Parsons in the Charlevoix hospital, and also the former's parents, Mr. and Mrs. Arthur Brintnall at East Jordan.

Mrs. George Parsons has been a patient at the Charlevoix Hospital since Jan. 2nd. She received a broken shoulder socket in a fall in the William Parsons home.

Barnard News

Mrs. Jasper Warner

Monday evening Mr. and Mrs. Sanford Mattchett and family were supper guests of Mr. and Mrs. Lawerence Boss and family. The occasion was the birthdays of Beth Ann Boss and Joyce Matchett.

Mr. and Mrs. Lawerenve Boss and family had as their Sunday dinner guests on January 13, Mr. and Mrs. Ed Boss of Charlevoix and Martin Botema. They helped Edd Boss celebrate his 85th birthday.

Mrs. Jasper Warner was in Traverse City Friday evening where she attended the capping ceremony of her daughter-in-law, Mrs. Larry E. Warner, at the Medical Care Facility building.

Miss Betty Stoel plans to leave Thursday (today) from Mt. Pleasant via train for Conway, Arkansas were she will visit several days with her brother-in-law and sister, Mr. and Mrs. Paul Foster and new son, Stewart.

Miss Barbara Sugden was a Friday dinner guest with Miss Beth Ann Boss.

Harold DeYoung and sons of Charlevoix celebrated the former's birthday at a dinner with Mr. and Mrs. Lawerence Boss and family on Tuesday.

James Pound Grand Traverse, district lay leader will be the guest speaker at the Barnard Methodist Church Sunday at 2 p. m. Rev. and Mrs. Harold Cox plan to be in Detroit that weekend where their son, John will leave for Santiago, Chile, S.A. as an exchange student and Timothy Gayton exchange student from Mexico who has been living with the Cox family for three months will depart for home.

Mrs. Guy Bost spent the weekend visiting her mother, Mrs. Henry Hammond near Lansing and her son and daughter-in-law, Mr. and Mrs. Stewart Bost and family of Pontiac.

Adaptability Most Important Factor In Alfalfa Seed

Charlevoix County farmers are already making plans to obtain their alfalfa seed for the 1963 plantings, according to Ed Rebman, County Extension Director. The question that is now arising is whether to use certified Vernal Alfalfa seed or use some of the foreign seeds that may be somewhat cheaper in price. Farmers should remember that price alone is not a good basis on which to judge the kind of seed to obtain. Many other factors should also be considered.

The Federal Seed Act requires that imported seeds of alfalfa and red clover must be stained to indicate their adaptability for growing in this country. Red clover and alfalfa seed grown in Canada must be atained so that 1% of the seed is colored violet. Progeny from such seed is considered winterhardy. Seed from South America must be stained so 10% of the seed is orgamered; seed from other origins must be stained red. The orange-red or red indicate that the progeny may not be winterhardy. There is no doubt a difference in the winterhardiness off alfalfa from different areas of Argentine, but Michigan farmers have no assurance that the seed they purchase is of the desired winterhardy type. Research at MSU has shown that Argentine alfalfa is not winterhardy in Michigan. Typically the plants are similar in appearance to those of non-winterbardy, southern U. S. alfalfas.

Because Argentine seed is approximately 25 cents per pound lower in cost than certified Vernal, some Charlevoix farmehs might be tempted to substitute Argentine for certified Vernal for forage production. The fact that Agrentine seed may not be winterhardy should be remembered.

In special altuations, Argentine alfalfa might be used as a green manure crop-although there are crops sucb as sweet clover or red clover which can also be used for the same purpose. In any case, Charlevoix farmers sbould understand that Argentine alfalfa cannot be depended upon for forage production due to its lack of winterhardiness.

Justice Court Correction

Due to a typographical error in the Courier of Jan. 17, the fine of $35.00 meted out to George Whitley should have been $5.00 as appears on the court record.

Charlevoix Lions Club Celebrates First Anniversary

The Charlevoix Lions club celebrated its first birthday anniversary Saturday evening at a dinner at the Argonne.

Approximately 65 members, their wives and other guests joined in the celebration which featured the dinner followed by a brief program.

George C. Kempton of Traverse City, district governor, spoke briefly, He commended the club on its fine record of growth during the first year of organization and on its fine accomplishments earning the reputation as one of the outstanding clubs of the state. He also commended Dean Davenport for his fine leadership as club president.

Dr. Charles Price of Petoskey, president of the Petoskey club, said that his club was proud to have been a part of the organization of the local club and wished them continued success.

Other special guests who were introduced by Don Meggison, toastmaster, were A. N. Schneider of Indian River, International Councilor, and his daughter; Mrs. Charles Price, Mayor E. D. Hawley and Mrs. Hawley, Mr. and Mrs. Lewis Chalker of Indian River and Mr. and Mrs. Keith Price of Petoskey.

Mr. Davenport, Lions president, reviewed the club activities for the year. Outstanding activities include participation in Canta Anonymoos in 1961 and '62 through financial assistance and collection and distribution of food baskets to needy families; attendance at the Father and Son banquet and the Chamber of Commerce dinner as a group; participation in the Venetian boat parade with club float winning third prize. Fifty per cent of the prize money was sent to the Leader Dog School for the Blind and the remainder used for local projects; purchase of eye glasses for those in need but unable to afford them; aid to the Retarded Children Center through contributions of money and painting the exterior of the center; financial assistonce to the Leader Dog School and the Welcome Home; assistance to Leader Dog School by obtaining two dogs to be trained for use by the blind; participation in the P.T.A. Fair by donating pies; sponsored Open Forum on proposed Schooi Consoiidation issue; provided and distributed posters urging the public to get out and vote; installation of highway signs; and sponsoring of a broom sale, golf tournament and a fruit cake sale.

Plans for this year include continuance of above mentioned projects plus a safety program and White Cane sale.

Recognition was given the 24 charter members and their wives and the 20 new members. The club now boasts 36 active and four members-at-large.

Paul Kohler was honored as the oldest Lion present. He was given a cane and Mrs. Kohler was presented with a corsage. Don Kowbel was honored as the youngest member.

Entertainment included a twist contest with prizes going to Mr. and Mrs. James Smith and to Mrs. Jack Erber and William Supernaw; a broom dance; selections by a quintet composed of William Carey, Dean Davenport, Thomas Carey, Mrs. Stanley Fiedorek and Mrs. Alun Bevan and group singing led by William Carey.

Captain G. C. Gibbons Named Police College Valedictorian

Captain Geraid C. Gibbons, former local resident, has returned to his duties as Instructor at the Department of Career Development, U. S. Army Military Police School, Fort Gordon, Ga., after completing a 10-week course at the Canadian Police College of the Royal Canadian Mounted Police.

The 30-year oid captain, son of Dr. and Mrs. Gerald Gibbons, was the youngest graduate in the class of 32 students and was also class valedictorian. He was one of two students from the entire United States and the only one representing Fort Gordon.

Others attending the schooi which was held at Regina, Sask., were personnel from Canadian Army and Air Force, Canadian civilian poiice force members and officers and senior non-commissioned officers of the Royai Canadian Mounted Police from across Canada.

Capt. Gibbons was much impressed with the school, its courses and teaching methods, history and traditions. A variety of subjects pertinent to poiice work was taught but the most important, in the estimation of Capt. Gibbons and the one on which most time was spent was the course on Criminal Code, a 70-hour course which taught the laws of Canada. Some of the other courses included Criminal Psychoiogy, Forensic Medicine, National Police Service and Treatment of Addicts.

Capt. Gibbons attended the schooi for the purpose of learning methods and techniques of the Royai Canadian Mounted Police, to estabiish liaison that would be invaiuable in the event of war, and to acquire an understanding of the Canadian people and their iaws.

Ali members of the Royal Canadian Mounted Poiice are 'volunteers' in the sense that they are not drafted but enlist. Officers always come up 'through the ranks' which normally takes about 20 years.

Rigid requirements as to physicai build, age, education and morals are strictly adhered to. Since much of the Mountie's time is spent out of doors, sometimes in a grim nature, he must be above average physically, mentaliy and emotionaliy. Because of the rugged life (long journeys by dog-team in winter, iiving in snow houses and obtaining food for himself and his dogs) the Mountie must possess great physical stamina and mental alertness; and the iong hours of lonliness require a maximum of emotional stabiiity.

Rich in historic background and steeped in tradition, the School itself has a chapei that was moved in sections from eastern Canada by flat-car, steamer and ox-cart to its present site in Regina in 1885. Donated workmanship and gifts through the years have made it a shrine worthy of visits by royalty. In 1939 His Majesty King George VI and Her Majesty Queen Elizabeth visited the chapei, as did her Royai Highness Princess Elizabeth and her Royai Consort, the Duke of Edinburgh in 1951.

Capt. Gibbons, a native of Detroit, is a graduate of the Charlevoix high schooi and a 1954 graduate of Michigan State University with a BS degree in Police Administration, School of Business and Public Service and a commission in the U. S. Army.

He has attended the Anti-Aircraft and Guided Missile Schooi, Fort Bliss, Tex., Officers Orientation Course and MP Officers Career Course at Fort Gordon and the Canadian Police Coliege, Ciass 45.

Prior to assignment at Fort Gordon in 1961, he served as Executive Officer, 502d MP Co., Fort Hood, Tex. in 1958-60 and MP Operations Officer the Provost Marshall's Office, 1st Cavalry Division, Korea, in 1960-61.

He is married to the former Carol Foote, also of Detroit. They have three children, Geraid, 6, Gregory, 5, and Gail, 4. The family lives in August, Ga.

Klondike Derby to Be Held Here Sunday

More than 200 Boy Scouts and their adult leaders from throughtout the five counties that comprise the Northern District of the Scenic Trails Council will converge on Charlevoix Sunday for the annual Klondike Derby, major winter event for Scouts.

The Klondike Derby will be held at the Charlevoix Rod and Gun Club property three miles north of the city off US-31 under the spousorship of the Kiwanis club headed by Barney Englehart and the Rod and Gun club whose president is Max Novak.

Several new ideas designed to facilitate the progress of the event at which Boy Scouts will display their skills in first aid, fire building, wild life, knot tying and compass and measuring are being initiated this year. These will include the manning of the first aid station by doctors of the Northern district and other stations by district Scout Masters who are aware of the knowledge Scouts should have in the various skills.

The Scouts, pulling their equipment for use at the various stations on Klondike sleds they have made as a patrol, will come from the communities in the counties that make up the Northern district including Antrim, Cheboygan, Emmet, Otsego and Charlevoix counties. The event is held on a patrol basis with from six to eight Scouts to a patrol.

The Kiwanis Club, which sponsors the local Boy Scouts program, will serve a pancake supper without charge to all participating Scouts in the clubhouse as they complete the course and have their sleds judged. Hot coffee and other refreshments will be available to visitors who are urged to attend the event and see the Boy Scouts inaction.

Plans for the Derby have been made by Northern district Scout committee members, Scoutmasters, Charlevoix Kiwanis and Rod and Gun club members under the direction of Guy Molby, Northern district Scout executive.

On a local level, Mr. Englehart has appointed the following Kiwanians to assist with the event: Arnold Wadas; institutional representative; Leonard Burns, neighborhood representative; Don Anders, cubbing representative; Russel Mieras, Boys and Girls activities chairman; Glenn E. Rose, law and order. Rev. Alexander Wood, blessing of the event.

Mr. Engelhart will be in charge of ordering the refreshments. He will be assisted by the following committees: chef, noon to 2:30 p.m., John Mol, R. G. Bennett, Robert Richards, Lawrence Feindt and Dr. H. O. Messmore; 2:30 until closing time, Fred Willis, Scott Wilson, T. R. Weidman, E. K. Shanahan and Glenn Snider.

Dining room: noon to 2:30, Ralph S. Hamilton, H. E. Bingham, Curtis Burlin and Robert McClellan; 2:30 p.m. to closing time, Rev. A. Robert Harrison, John Lachman, A. L. Livingston, C. B. Meggison and Rev. Jack Harris.

Clean-up committee: William Paddock, Richard Worfel, John Uhrick, Gerald Selph and Fred deCastro; snow-plowing, Ralph Gillam and Glenn Kenney.

Residents Invest $163,063 in U.S. Savings Bonds

Development Corp. Elects New Directors

William Carey was elected president of the Charlevoix Development Corp. at the organization meeting of directors which followed the annual meeting of the shareholders last Thursday. He succeeds Harold M. Totten who held the office the past two years. Directors elected Paul Kohler as secretary. He succeeds Joseph R. Williams who has served for the past ten years. E. D. Hawley was re-elected treasurer for his second term.

The directors were eleeted at the annual meeting of shareholders. Max Novak was re-elected for a term of three years. New directors elected for a three year term are William Carey and Richard Fochtman. They succeed Clarence Rabach and S. E. Coleman, both of whom have served on the board for a number of years.

A resolution, adopted by the shareholder., proposed changing the by-laws to authorize the corporation to redeem stock in certain situations, such as persons over 65 years of age, and to a beneficiary when a shareholder is deceased. The resolution also directed the president to appoint a committee to draft the proposed change in the by-laws for approval of the directurs. Adoption of the amendment will then have to be approved by share holders at a special meeting as provided in the present by-laws.

Earl A. Young requested the organization to sponsor the construction of a new motel on Pine River Lane. He briefly reviewed how federal funds could be obtained for the project providing there is participation by an organization such as the Development Corp. It was decided by the directors that Mr. Young be invited to present details of the plan at a special meeting.

Stockholders also adopted a resolution directing the directors to have copies of the constitution and by-laws printed and sent to each shareholder.

It was suggested by Mr. Carey at the ,shareholders' meeting that the development corporation formulate a definite program in co-operation with the Michigan Development commission for the purpose of attracting and locating new industries in the area. It was also suggested that the Charlevoix Development Corp. be set up as a profit sharing corporation and pay interest to shareholdera. It presently is a non-profit corporation.

Walter W. Wightman To Speak at County F.B. Directors Meet

Walter W. Wightman of Fennville, Michigan Farm Bureau president, will be a guest of the Charlevoix county Farm Bureau baard of directors at a meeting to be held at the Aaron Brock home in Eveline township at 8:30 p.m.

A member of the Michigan Farm Bureau for 40 years and a director for 13 years, he was elected chairman of the board in 1956 and continues to serve in this capacity. He has been a director on the board of the national organization for the past seven years and, in his capacity as state president, is a member of the Resolutions Committee of the American Farm Bureau.

Herbert Campbell Completes Civil Defense Course

Herbert Campbell, finance officer-deputy city clerk for Charlevoix, has completed a special Civil Defense course held at Battle Creek last week.

He was among 48 local and State Civil Defense officials from varinus parts of the country who completed the five-day training course for shelter management instructors.

The Shelter Management Instruetor course conducted at OCD staff college provides training in fallout shelter management to those persons who will return to their respective communities and train others to serve as shelter managers in case of emergency.

The duties and responsibilities of the manager are taught, together with the special staffing, skills and techniques that would be needed in community fallout shelters. Included in the one-week course is a period of actual shelter living which provided practical experience to the instructors.

Personnel trained during this course will manage the people who may occupy shelters approved by the Federal Government that have been stocked with food, water, sanitation, medical and radiological detection supplies and equipment under the Civil Defense prngram.

Paul Reed Inc. Offers Facilities For Making Defense Equipment

The Charlevoix county Civil Defense organization received considerable encouragement recently through the civic cooperation of Paul-Reed Inc. of Charlevoix which made its facilities available to complete the cutting and sewing of canvas sacks for use as sand bags.

The sand bags will be used in the event of a nuclear attack on the United States, according to Gen. George B. Ely, Charlevoix county Civil Defense director.

Assisting in the project were Jean Rood, Marie Ance, Sadie Allison and Rosella Warstler.

The sand bags will be used in the development of a shelter and control center sn that the essential functions of county and municipal governments may be continued before, during and after an enemy nuclear attack on this country.

The increasing interest and cooperation of the people and government of the city of Charlevoix in Civil Defense problems, especially community and personal shelters is commendable. There is an increasing interest in the design and construction of a home shelter against radio active fallout. Design information is available at the Civil Defense office in the county building. Proposed plans by area residents will be treated with confidenee, Gen. Ely said.

The city of Charlevoix has appointed Herbert Campbell shelter manager of the emergency community fallout shelter being established in the basement of the city hall. Mr. Campbell has returned from a week's training at Battle Creek and will be prepared to train others.

Speedskating Champion Races Set for Weekend

The annual Winter Sports carnival at Petoskey will swing into high gear this week as the Michigan Open Speedskating championship races get underway at noon Saturday and continue through Sunday.

This event will be held at the East Side skating rink.

Petoskey's Winter Queen will also be selected Saturday with Mrs. Paul Kohler serving as one of the three judges. The Winter Wonderland Ice revue will also make an appearance on the ice over the weekend at the Winter Sports Park.

The weekend of Feb. 9 and 10 will feature the dog sled races on Little Traverse Bay, the Winter Wonderland Ice Revue and the selection of the Michigan Winter Sports Queen.

Democrats Name Five Delegates to State Convention

Five delegates to the Democratic State convention were elected at the Charlevoix county convention held Wednesday at the county building here.

They are George A. LaBlance, county chairman, and Mra. LaBlance, Arthur Osborn and Frank Oleksy of Charlevoix and Harold Price of Boyne City.

Delegates were instructed to vote under the unit rule if other delegates from the 11th Congressional district chose to do so and to support the nomination of Paul Adams as a candidate for the State Supreme Court.

The state convention will be held in Grand Rapids this weekend.

Sundew Leaves To Break Ice In L. Michigan

The U. S. Coast Guard Cutter Sundew, in command of Cmdr. Francis J. Mann, departed Monday to join Task Group; Oil Can in the difficult task of breaking iee for tankers hauling eargoes of fuel to indutrial ports around the southern end of Lake Michigan.

The ship will operate under the command of the Captain of the Port Offiee in Chicago while on this regular winter duty.

When the ship left here it was scheduled to cross the 125 miles of ice covered Lake Michigan to Kewaunee, Wis., beforo continuing to Chicago.

Except for several short runs, the ship has been in port since concluding its fall job of picking up Aids to Navigation and returning lighthouse station crews to the mainland. This work was completed the weekend before the holidays.

Hal 'Bunker' Hill Wins Gold Medal In Alpine Races

It was a gold medal for 'Bunker' Hill this week as he copped a first in the slolam in Junior Alpine competition at Thunder Mountain Saturday.

He also took a fourth place in the downhill competition in Class three in the event which is held under the sponsorship of the Central United State Ski Association.

This week he will race at Walloon Hills.

He is the son of Mr. and Mrs. Hal M. Hill.

Annual March of Dimes Schedules Major Projects

Major fund-raising events for the annual March of Dimes are being announced this week by Mrs. Robert Anderson, general chairman for the fund campaign.

The first benefit event is scheduled for tonight (Thursday). It is a buffet supper at the Weathervane Inn beginning at 5:30 p.m. under the direction of Mrs. Marguerite Wallace. Tickets will be available at the door of the popular eating place which is offering its facilities for the benefit. Mrs. Wallace said a fine selection of home-prepared foods will be featured on the menu.

A second benefit supper, this a smorgasbord at the Argonne, will be held Saturday evening under the chairmanship of Mr. and Mrs. Perry Smith and Mr. and Mrs. James Alspaugh. The buffet supper will be served late Saturday evening and will also feature a smorgasbord selection of foods. An orchestra will furnish music for dancing.

The annual Mothers' March being planned under the direction uf Mrs. Robert L. Hooper is scheduled for Thursday, Feb. 7. On that evening, mothers throughout the city will march to accept contributions for the March of Dimes.

A special coffee day will be scheduled at a later date with Mrs. Lyle Arvilla making the arrangements.

Radar Bomb Scoring Detachments Due To Re-locate Here

The re-location of six Radar Bomb Scoring Detachments has been scheduled for the summer of 1963, aecording to a release from the Office of the Strategic Air Command at Offutt Air Force Base, Neb.

One of these detachments, Detachment 12 of the 10th Radar Bomb Scoring Squadron (SAC) presently located at Ironwood, is scheduled to be moved to Bay Shore at that time, according to the news release sent to the Charlevoix Chamber of Commeree.

A radar bomb scoring detachment has an average strength of approximatey 70 military personnel. Normally these people seek housing in the surrounding civilian community.

There, detachments serve as "targets" for training SAC bomb crews to a high degree of combat readiness. Bombers fly over the practice targets and send out an electronic signal which is received on the ground, indicating where a weapon would have landed had an actual bomb been dropped. Usefulness of this type of training decreases if aircrews become too familiar with specific practice targets and surrounding terrain through repeated flights.

The Air Force, therefore, moves its bomb scoring detachments when aircrew training value in the area is lost.

In addition tu the permanent type of detachment scheduled to come to the Charlevoix area, SAC has three mobile scoring units on railroad trains which move to new locations every 90 days.

It is understood that the Detachment being re-located here has been in Michigan's Upper Peninsula for approximately two years.

The Charlevoix Chamber of Commerce earlier has offered assistance in obtaining housing for the military personnel, Paul Kohler, secretary-manager of the Chamber, said.

Freedom Is Up to You

NOTE: Following is the text of a speech given Monday evening at the regular meeting of the Kiwanis Club of Charlevoix by Harry J. Gruber, president of the First State Bank of Petoskey, and former governor of the Wisconsin-Upper Michigan District of Kiwanis.

Do you ever stop to think?

George Bernard Shaw once attributed his success to his thinking. He claimed the average person actually thought once or twice a year. His advancements, he felt, were stimulated because he would think once or twice a week.

At first glance this idea seems strange and mathematically weak. Take a good look at yourself and stop to consider how often do you really think.

Thinking is not making decisions. The decision "I think I'll have a Martini" could hardly be placed in that catagory. The art of thinking can be the study of positive conditions and the effect of these conditions on your life, your surroundings or your immediate position.

Let's start thinking about you and your present opportunity—note the opportunities of the past, not the dreams or goals of the future—but what is available and can be counted on right now. We may divide thinkers into those who think for themselves and those who think through others. The latter are the rule and the former the exception. The first are original thinkers in a double sense, and egotists in the noblist meaning of the word. It is from them only that the world learns wisdom, for only the light which we have kindled in ourselves can illuminate others.

It's true today, as it always has been, that "as men think, so are they". Saying that we Americans believe in the American economic system is utterly meaningless unless we know why we believe in it and are able to explain why in understandable language.

You have to start from the realization that it isn't a system at all. The word "system" implies a predetermined plan—as if a set of rules had been written in advance. Of course, that isn't true.

The American economic system isn't a thing separate and apart from America. It's part and parcel of our way of life, developed from the same roots as our other American institutions. It's a branch on the American tree. To understand the branch we have to understand the tree and its roots.

Traditionally, the "American Way of Life" means living under a limited government—a government that is restricted by a constitution—a constitution that says, "Government may do certain things and government may not do certain things". Our American form of government was founded and has been preserved and developed by citizens who believed that men, simply by reason of being, possess certain human rights that no government, regardless of power or pure intentions, can justly deny for any reason whatever, or to phrase it another way, we hold, as our Declaration of Independence puts it, "men are endowed with certain unalienable rights." That word, "unalienable", means that certain rights are ours irrespective of government. Because we didn't get them from government, no government can justly take them away from us.

But what is an unallenable right? What are the rights that belong to us as human beings?

Man has a duty, whether or not he always fulfills it, to live and act as a human being. But the duty is meaningless unless man has freedom to perform that duty. For instance, man is born with a desire to know truth, but he can't even start to fulfill that desire—that duty—if he isn't free to speak what he believes the truth to be, and to listen to others speak what they believe to be the truth. Therefore, the right to speak truth or as we say, free speech, is unalienable.

Another example, man has a duty as a created being to worship the God who created him but it would be unintelligent for a Creator to give man a duty and not a freedom to fullfill it.

Therefore, Freedom of religion is one of the unalienable rights.

Everyone loves freedom. If freedom meant no more than a natural hatred of restraint it would not be a very useful ideal.

Everyone loves freedom, if by freedom we mean no more than doing as we please. It is often said that the Pilgrims and the Puritans came to America to find freedom of religion. The freedom, however, concerned only their particular religion. The Quakers who tried to exercise this same freedom in the colony were sometimes obused, beaten and even hanged by the Puritans. Everyone thrills to Patrick Henry's stirring words 'give me liberty or give me death".

Freedom is one thing you can't have unless you give it to others. It is said that "your freedom ends when your neighbors' freedom begins"—freedom from want. In no country have all people ever had enough to eat, and in some countries famine and death by starvation are ever present for vast numbers of human beings. Such conditions are no longer neeessary. The needs for control are in man's hands. The bountiful earth can produce enough food for all its inhabitants. When we stop to think that if the globe's entire population were all put in the state of Taxes, there would be only about 12 to the acre, we realize that the good earth is not crowded. Freedom from want, however, will require more than economic understanding between governments. It will call for a spirit of sharing on the part of all the people.

Logically, the fourth of the famous freedoms should be listed first. Uuless we can free ourselves from fear, there can be no genuine freedom of speech or worship, no real freedom from fear, which translated into world terms, means a worldwide reduction of world armaments to such a point that no nation will be in a position to commit an act of physical aggression against any neighbor.

Can we the people of the United States preserve the individual from being dwarfed by the growing pressure of numbers?

It depends on the ability to get these ideas and ideals into the channels of culture which shapes the attitude of common men. Ideas and ideals must be related to activities and standards. An ideal is something we reach for. A standard is something we take hold of, and unless we have something to take hold of, eventually the ideals vanish.

We do not denounce clear thinking by merely denouncing prejudice, for prejudice is an evil which everybody denounces and nobody thinks he has. We must stir the thoughtful to social participation and leadership by being in agreement with freedom of thought. We must rely less on the methods of direct persuasion and more on the free and open sharing of ideas in conversation and forums. Independent thinkers resent having formulas of action put over them, but they welcome facts put to them.

We the people are called to be the creators of atmosphere. We individually are summoned to be the pace setters of serious and intelligent thinking. We individually must be the centers of encouragement if morale is to be preserved. We cannot offer our insignificance as an alibi for our inaction. Each of us, even the least, does count in a world as plastic as ours. The impact of every individual is a shaping influence. Our conversations, our attitudes, create atmosphere. Each day offers some opportunity to every one of us for affecting the racial attitudes and social outlooks of those around us. Every week gives some chance to advance the peace making spirit.

Now let us do some real thinking.

Our most precious Amerlean heritage is freedom, but the iesson history teaches is that freedom is never safe. Men do not long possess freedom unless they work for it. Freedom is easily lost. It is lost when dictatorship takes over and tyranny reigns. It is lost just as surely when people lack self-reliance and put too much dependence on government.

Freedom is lost when the demand of the State overbalances the rights of the individual. It is lost when the individual is deprived of his right to speak up, to work at a job of his own choosing, to take risks, to compete in business, to earn a proffit and to keep as his own a fair share of what he earns. Freedom remains only when men, in their daily lives, praetice it, apply it and protect it.

And what does it mean to practice freedom?

To practiee freedom means to use freedom, not for selfish benefit or privilege, but for the good of society and to increase the effieiency of the economy, knowing that individual good stems from the general good. It means to assume responsibility for solving local and national problems. It means to work for the long range good of the country, rather than for the immediate advantage.

To practice freedom means to keep well informed about public affairs; to know what the big issues of the day are all about. It means to take an active interest in legislation—to have a say in the kinds of laws that are passed. It means to have an active interest in politics—to use freedom to nominate and elect men of character and ability to public office.

To practice freedom means to unleash the creative energies of the people to step up production, to add to our culture, and to keep our American living standards increasingly high.

It means to encourage integrity, initiative, self-reliance and not call on the government to do for the people what they can do better for themselves.

Now start thinking! Isn't there opportunity for you? Go back to Mr. Shaw. Start each week thinking.

And why did I pick this subject? Because our theme for 1863 is "Freedom our individual responsibility; responsibility the key to freedom".

BETWEEN YOU AND ME

- By Harold E. Kohn -

In Days of Scarcity

These are days of scarcity in the wilderness. In the spruce-scented, cold, white silences food reserves have badly dwindled and the children of swamps and forests begin to look lean.

While deer normally require ten to twelve pounds of browse daily, most of them must get by on one-half or one-third as much. Some deer will survive with no more than two or three pounds of daily browse, providing they laid up generous stores of fat during the lush days of summer and autumn. Deer that began the winter in good health, and well fattened, can safely lose up to thirty per cent of their weight. Their reserves are sufficient for the crisis. But whitetails that enter winter too lean and low on fat-reserves have either already died or are about to starve. Wild creatures that survive winter hardships will be those that have accumulated some capital of energy, so that they are not living "from hand to mouth." This is a law of the wild.

It is a law of life, too, that if we are to endure a crisis we must have spiritual reserves laid by for the hardship. We cannot extemporize character or improvise strength. In life's withering winters our endurance shows how well our souls have been fed.

Lions Club Hears Ralph E. McNabb On Social Security

Ralph E. NcNabb of Traverse City where he is in charge of the Social Security district office was the guest speaker at the luncheon meeting of the Lions club held Monday at the Weathervane Inn.

Mr. McNabb spoke at length on Social Security and said that to a young man with a family of two it was equivalent to a $50,000 insurance policy from which shi family would derive benefits until he would reach retirement age in the event of his death.

He advised everyone to obtain an interview with a Social Security director to obtain full details regarding Social Security and what it means to the individual for there are a number of conditions covered that the majority of persons are not aware of. He also pointed out that there are many persons eligible for Social Security who are not collecting it.

He was introduced by Paul Kohler, program chairman.

Kiwanis Club Plans Exchange of 'Pen Pal' Letters

"Build Friendship on Understanding" is the 1963 program theme of Kiwanis International's Committee on International Relations.

In its role as goodwill ambassador, the Charlevoix Kiwanis club has made connections with a newspaper editor in Para deMinas, Minas Gerais, Brazil, who is interested in combating communism among the youth of his city.

Through the cooperation of the local committee composed of Don Anders, H. E. Bingham, Rev. A. Robert Harrison and C. B. Meggison, arrangements are being made for an exchange of 'pen-pal' letters in both Spanish and English between 31 students in each of the two communities.

Letters between local students and those of Belguim are hoped for the future, according to Mr. Anders, who added that this would offer enlightenment to students of these nations on the American way of living and American students to theirs.

It is also hoped that Charlevoix and students in neighboring Canada might exchange a week or so this summer in their respective communities.

Miss Edna Kooyer To Serve in Korea

Ellsworth—Edna Kooyer will leave this week for a year's assignment with the American Red Cross in Korea where she will serve in the recreation department for G.I. activities.

Miss Kooyer received her A.B. degree from Calvin College, Grand Rapids in 1962. Since that time she has been employed in the adjunctive therapy department at the Pine Rest Christian hospital in that city.

Before leaving for Korea she will train in Washington for two weeks and in Japan for one week.

Miss Kooyer a graduate of Ellsworth Community school is the daughter of Mr. and Mrs. John Kooyer.

H. J. Gruber Speaks At Kiwanis Club Dinner Meeting

Harry Gruber of Petoskey spoke on "Responsibility . . the Key to Freedom" at the regular dinner meeting of the Kiwanis club held Monday at the high school cafeteria. He was introduced by Ralph S. Hamilton, program chairman.

Text of speech on page two.

A special committee to gather old hearing aids so that they may be re-built and given to persons needing them was appointed. Members are C. B. Meggison, Harold Totten and Robert Richards.

Guests at the meeting were Clyde Matson of Lansing, Duane Patterson of Atlas nd Willim Paddock Jr. of Big Piney, Wyo.

At the directors meeting following the dinner session, the board voted to send a case of maple syrup to the March of Dimes auction at Petoskey and to give a case of the syrup to Grandvue Medical Facility.

Previewing the Movies

FRED MacMURRAY and JANE WYMAN, those funloving Americans, having a ball in Paris, in Walt Disney's "BON VOYAGE" in Technicolor.

Bravo, Walt Disney has done it again in "Bon Voyage" showing at the Palace Theatre, Charlevoix, this weekend. It's another lively, hectic family comedy that will be delightful for all ages.

It is a sparkling, hilarious, and most enjoyable live-action comedy about the misadventures of an average American family finally taking that long planned for holiday in France.

It boasts a bright and talented cast consisting of Fred MacMurray, Jane Wyman, Michael Callan, Deborah Walley, Tommy Kirk and little Kevin.

Technicolor wrapping utilizing the locales of the luxury liner SS United States, the boulevards of Paris and the sundrenched beaches of the French Riviera and a series of harmless complications with which every member of the audience will find sympathy.

The story is strictly for laughs from the opening champaigne farewell party aboard ship through the various shipboard activities (romantic and athletic) at sea, a frantic cab ride down the Champs Elysees, a trip through the sewers of Paris, to the climatic Bastille Day celebration in the streets along the Riviera.

Although some of the 130-minutes running time could be eliminated without hurting the story, "Bon Voyge" still emerges one gay and lively cinimatic lark. Eventually the family heads back for Terre Haute a little wiser in all ways.

Skiing Lessons Continue at Mt. McSauba

Skiing lessons at the Mt. McSauba ski slopes will be continued for another two weeks according to Chuck Mier, park manager, who said the program was being extended for another two weeks to permit youngsters who had missed the earlier classes to receive free lessons.

The lessons are being sponsored by the Charlevoix Kiwanis club.

Plans are presently being made for a special ski day with races and a lunch. It is also hoped that a skating party may be incorporated into the program sponsored by the Kiwanis club. Further plans on this event will be announced at a later date.

The new Snow-Traveler used to pack snow and for other purposes is now fully paid for according to Mr. Mier who said that generous contributions had been made by Julius Gilbert, Frank Rothschild, Alan Stein, Nathan Cummings, the Lodge and the Holiday Terrace.

Mrs. Nowland Sr. Lifelong Resident Dies Unexpectedly

Mrs. Raymond F. Nowland Sr., 75, lifelong resident of this community, died unexpectedly Friday at the Charlevoix hospital where she had been a patient for 15 days.

Funeral services were held Sunday at the Winchester Funeral Home with the Rev. Harold E. Kohn officiating. Burial was in Brookside cemetery.

Born at Ironton Jan. 23, 1666, the former Lottie M. Provost was married to Mr. Nowland at Ironton in 1906. They always made their home here. Mr. Nowland preceded her in death June 17, 1952. She was a member of the First Congregational church and its Margaret Parker circle and a former member of the Macabee lodge, the Pythian Sisters and the Charlevoix V.F.W. Auxiliary.

Surviving are a son, Raymond J. Nowland Jr. of Charlevoix; one daughter, Miss Frances C. Nowland of Detroit; two grandchildren and a half-brother, William Prevost of Charlevoix.

Jan. 31 Deadline For Filing Alien Report Cards at P.O.

All aliens are reminded that today (Thursday) is the deadline for filing alien report cards at the local postoffice.

The Immigation and Naturalization Service of the U.S. Department of Justice requires all aliens to report their address and such information as may be required by regulations to the Commissioner, Immigration and Naturalization Service. The report should be made on cards available at the local postoffice.

Any alien who willfully or inexcusably fails to report as required is liable to be taken into custody and deported. In addition, imprisonment or fines may be levied before deportation.

D. Hale Brake to Speak to P.T.A On New Proposed Constitution

What is a state constitution? What are the major changes in the present constitution and how will they effect the people of the state of Michigan? Does northern Michigan stand to gain or lose under the proposed new constitution on which the residents of the state of Michigan will be asked to vote in April?

These are only a few of the questions which D. Hale Brake, director of the Education Division of the Michigan State Association of Supervisors, will answer when he appears at the February meeting of the P.T.A. to be held at the elementary school cafeteria Wednesday.

The business session at which Mr. Brake will explain the major changes in the new constitution will follow an open house and room visitation in the elementary school scheduled to begin at 7 p.m.

A state constitution is a written document, drafted by the people's representatives, and adopted by the people as the supreme fundamental expression of the principal of government under which they wish to live.

It is the purpose of this meeting to explain further what the changes in the new constitution entail so that all voters may make up their own minds if these are the principals by which they want to live.

E. K. Shanahan, delegate to the Constitutional Convention at which the new constitution was drawn up, will be present to introduce Mr. Brake, who was himself, a strong delegate to the convention.

Everyone is urged to attend this meeting and learn more about the important document on which they will be asked to vote in April.

Les Taylor Says:

WE THANK YOU . . .

Patrons of Charlevoix and the surrounding area for your very fine patronage, during the first four weeks of Winter Operation, during a period when general weather conditions were far from most desirable. Your attendance has certainly indicated that a great many are interested in a winter MOVIE, in Charlevoix. We most sincerely thank all for your most kind letters and phone calls expressing your thanks and desires.

While we operate the PALACE; actually, we will be unable to be very successful, unless your desires are expressed, also your complaints, because, after all, it is operated for your entertainment, comfort and relaxation.

The first three pictures presented, while good, were not Family type movies. We have had many requests for pictures in the latter category.

Due to the trend, in recent years, this is NOT going to be easy and, we may have to go back for months, however, I spent most of Monday contacting Detroit Exchanges via telephone, the resulting lineup follows:

BON VOYAGE—THE SUNDOWNERS—GAY PURREE and HORSE WITH THE FLYING TAIL—LADY AND THE TRAMP and ALMOST ANGELS—NO TIME FOR SERGEANTS—KID GALAHAD. More later.

Again, we thank you.

Louise and Les Taylor.

BETTER PRODUCTS

The constant search to improve farm products goes on throughout Michigan day in and day out and new and better food continues to reach the consumer's table.

Each year one dinner at Michigan State University brings to a group of citizens the latest improvements in agricultural fare. This is the annual "All Michigan" dinner served at the conclusion of the Michigan Press Association convention in late January.

In the past years editors and publishers from throughout the state have been treated to a new apple juice concentrate, potato flakes before they were placed on the public marketplace, a jellied cherry sauce, pre-cooked Michigan navy Beans, and a turkey roll.

• • •

This year's innovation competes with the Idaho baking potato, called the Arenac, topped the menu at the dinner, at which all food served is made in Michigan.

Another first being marking this year is the introduction of Cherry nuggets, dried red tart cherries. It is a well-known fact that Michigan has produced more than half of the total national cherry crop for several years.

The menu for the annual event, now in its 22nd year, also brought forth a first for the MPA dinner. In addition to the lengthy description of the benefits of Michigan agriculture being served, this year's menu was printed on paper made in the state.

• • •

Also unusual, although not the first at this year's annual gathering of newsmen, was a tossed salad containing Michigan greenhouse tomatoes and two kinds of green house lettuce. A January harvest of green house tomatoes is a success only recently recorded in the annals of Michign agriculture, but state officials said the first serving of the choice crop took place at an earlier event this year.

• • •

Rounding out the menu at the unusual event previewing farm products was prime rib of beef, apple juice, crackers, asparagus, cherry pie, radishes, pickles, celery, cottage cheese and other dairy products, all of which bear the "Michigan made" label.

The wide diversity of the state's farm crops, which last year brought Michigan farmers a whopping $750,000,000 gets a wide array of attention and a hearty welcome at the annual session of editors and publishers.

• • •

LAUDS LESS LITTER

Litter, eyesore at Michigan beaches, parks and roadsides, may be the object of a continued attack under Michigan's new governor.

Former Gov. John B. Swainson last year appointed a committee, which appropriately called itself the Keep Michigan Beautiful Committee, to suggest ways to cut down on the litter problems in the state.

One of Swainson's recommendations was that the efforts of the committee be continued. He called the initial work of the group, which was headed by State Police Commissioner Joseph A. Childs, "one of the most satisfying and necessary efforts of citizen action for the public welfare during my administration."

• • •

Gov. George Romney indicated the Keep Michigan Beautiful Committee will be one of those formed under his predecessor which will be kept in use during the new administration.

"I am studying the work of all the former governor's committees and commissions and will soon make a decision on whether to retain them or whether their purpose has been accomplished," Romney said.

He indicated the anti-litter group still had work to be done and that he thought it important enough work to continue it as a group.

• • •

NEW FARM AWARD

Something new under the sun seems to be the theme of the people who plan the annual Michigan Week, the period set aside each year for state residents to brag about themselves to each other and outsiders.

This year, the annual event will add a new award for statewide competition. In addition to the "Product of the Year" award initiated with the Michigan Week observance, and the "Achievement of the Year" citation which was added last year, a presentation will be made for the "Agricultural Contribution of the Year."

As is the case with the product and achievement awards, the agricultural contribution citation will be designed for presentation to an industrial concern, community, civic or service group. It will be based on the firm's or group's contribution to agricultural improvement in the state.

• • •

The three awards, in addition to the "Frontier Awards" given to outstanding individuals, present top competition throughout the state.

Milton Kendrick, Detroiter who is heading the awards committee of the Michigan Week business and products promotion board, said the eliminations at the county level would be completed by late March.

Early in April regional eliminations will be held in the 16 various geographic sections of the state. By May 1, the final winners will be selected and their products or records of the victorious efforts will be placed on display in Detroit during the May 19-25 observance.

PROCLAMATION

WHEREAS, it is most appropriate that the people of Charlevoix join with Governor Romney and the other citizens of Michigan in recognizing, during the week of February 3 through 9, the dedicated service rendered by members of the professions; and

WHEREAS, we recognize that our prospects for living happier and healthier lives depend upon the decisions and services rendered by professional men and women who, in turn, recognize as their primary responsibility contribution to human welfare; and

WHEREAS, Charlevoix is fortunate that its professional people have maintained high standards of excellence in research and in practice; and

WHEREAS, we heartily endorse the efforts of the Michigan Association of the Professions which is working to devise ways and means of better utilizing the professional heritage of knowledge and skill for the benefit of society and to create relations between the professions looking toward that end;

NOW, THEREFORE, I, Elmer D. Hawley, Mayor of the City of Charlevoix do hereby join with George W. Romney, Governor of the State of Michigan, in proclaiming the period of February 3 through February 9, 1963, as PROFESSIONAL WEEK in Charlevoix, and urge all our citizens to join in proper observance of this occasion.

AGRICULTURE in ACTION .....

by M. L. Woell

Farming in India

"Neutralist" India has been in the recent war news. Since a nation's ability to defend itself is closely tied to its ability to produce food, let's examine Indian agriculture.

There, socialistic-type "land reform" programs have cut down the amount of land any one person can farm to 25 acres. Farmers don't own the land in any case. It is government property that farmers, (called "cultivators") have been granted the right to farm. For this they pay a government tax.

As is usual with most government programs, people find means to duck the rules. By placing 25 acres of land in each family-member name, the holdings are sometimes built into several hundred acres or more. One farmer recently confessed placing 25 acres in the name of an unborn child!

Still, the average farm is three and a half acres in size. How can one mechanize a three-acre farm? It cannot be done. The bullock plow, hand labor, the hoe and the threshing flail are standard equipment.

The average Indian is a farmer. From 70 to 75 per cent of the total population is engaged in agriculture. This compares with 50 per cent for the Soviet Union, —8.7 per cent for the United States.

A male laborer will earn from one, to one and a half rupees per day. A female will earn about a half-rupee. A rupee is worth about 22 cents. The average yearly income is between 70 and 80 dollars.

Facts such as these were presented recently before the Board of Directors of the Michigan Farm Bureau by George Doup, President of the Indiana Farm Bureau, who recently toured India. Doup travelled as part of a "Farmers in World Affairs" group now active in promoting world understanding through a farmer-to-farmer program.

Like it or not, Michigan residents have much at stake in India. In the words of one farmer who made the trip, "If this nation develops and takes its place as a free democratic country, it will be a great asset to the free nations of the world. But, if through foment and 'social revolution' India should fail as a democracy, we can just about 'write off' the rest of Asia too.

Agriculture in Action .....

MICHIGAN FARM BUREAU

What Is A Farmer?

"Dear Editor"—the letter read. "Can you tell me what is a famer?"

The handwriting was scrawlish, and brought visions of another Junior-High classroom project. "What is a farmer?" Well, son, it depends. If you take the government standard, a farmer is anyone with around ten acres of land and something like $250 yearly income from it. But in Michigan, most would agree, those conditions hardly qualify as a true farmer.

Another set of impressive statistics show that 97 per cent of all farms in the United States are "family farms," whatever that is. Most would agree that this means they are owned and operated by a farm family. Not by a corporation, a prison, an experiment station or similar group.

That 97 per cent is a figure that has held for at least the past 40 years without changing, something that politicians ignore when they make impassioned appeals for legislation to "preserve the family farm." Many people overlook the important fact that it requires considerable more land to man an average "family farm" that it did a few years ago.

Can you imagine a modern, 24-foot combine, harvesting a "farm" of ten acres. It could hardly turn around. Can you imagine paying the cost of operating such a machine on that kind of acreage? Can you imagine the cost of wheat produced under such conditions?

What is a farmer? He is a minority of 8.7% of the total population,—politically, the farm vote is smaller than the negro vote.

But a farmer is much more than statistics.

To his Minister, he is a believer in God, in nature and nature in God. He is a strong contributor to Church in time talent and resources.

To an insurance man, a farmer is a big risk, and generally under-insured to boot. He has special needs that challenge the ingenuity of underwriters.

To his children he's a man who always has chores to pass out. Generally though, he can still remember when he was a boy, and the thrill of growing things, —of the first fish caught.

To all of us, he is by far the most important man in this country. His production is the envy of the world. What is a farmer, son? He is a God-Send.

Charlevoix Bows to Harbor Springs

★ ★ ★

Rayders on Short End Of 79-44 Score

The Charlevoix Rayders found themsleves on the short end of a 79-44 score Friday night as they bowed to the second place Harbor Springs Rams.

Paced by Paul Ranney with 28 points and Tom Pifer with 27 points, the Rams led the visiting Rayders 22-9 at the quarter; 39-19 at halftime and 56-36 going into the final period.

Starting for Charlevoix were Dan Pearl and John Pearl in the forward positions; Dave Rader Jim Uhrick in the guard positions. Curtis led the scoring with 12 points followed by Dave Rader with eight, Jim Uhrick with six and John Pearl with two.

Others who saw action were Chip Terrill with six; Pete Ance and Dwight Boss with four each and Bruce Kroken with two. Ken Parrish and Gary Stutsman also played.

Charlevoix J V's Post 9th Win In a Row

Charlevoix's J-V squad made it nine in a row, including a win over Petoskey, as they defeated the Harbor Springs Reserves 53-41.

The game, however, got off to a slow start with Charlevoix leading by only one point, 11-10, at the end of the first period and 21-20 at halftime. However, the young Rayders found their stride as the game went into the second half, posting a 38-32 advantage going into the final period when they outseored the young Rams 15-9.

Young Jack Winegarden with at center and Frank Curtis and 22 points paced the game to lead the Rams' scoring attack. Dave Norton and Dave Smith shared scoring honors for Charlevoix with 12 points each followed by Doug Winnell with 11 points; Jerry Uhrick with nine; Warren Belding with six and Don Smith with three.

Others who saw action for the Rayders who had 19 field goals to 15 for the Rams; 15 of 26 free throw attempts and 17 personal fouls compared to 11 of 24 attempts and 19 personal fouls for the Rams were John Bleha, John Ferguson, Niel Cross, Jack Uhrick, Tom Maxwell and Bob McCall.

Last Week With Class C

The Pellston Hornets tripped the Gaylord Blue devils by a score of 68-59 to defend their first place standings; Harbor Springs ran rough-shod over the Charlevoix Rayders by a 79-44 score to retain their second place standings; Grayling dumped East Jordan 62-32 to move into sole possession of third place and Boyne City edged Mancelona 62-59 to move into a tie for fourth place with Gaylord.

Pellston 68, Gaylord 59

The Pellston Hornets led the visiting Gaylord Blue Devils 14-10 at the quarter; 34-19 at halftime and 49-34 at the three-quarter mark only to see their advantage fade to one point as the game went into the closing minutes. However, Ed Clear, who hit on nine out of nine free throw attempts and Doug Lovaasen, who had 17 points for the game, came through to put the Hornets out in front by a nine-point margin at the final whistle. The Hornets won the game on the free throw line after both teams scored 23 field goals.

Stan Bodzik had 19 and Clear 15 points for the game. Art Tebo with 19 and Ron Snell with 17 points led the scoring for the Blue Devils.

Grayling 62 East Jordan 32

Tom Wright and Tim Neal teamed up to score 24 points each as the Vikings rolled over East Jordan 18-10; 43-22 and 49-24 by quarters. Don Roberts and Don Wilson had seven points each for the Jordanites.

Boyne City 62, Mancelona 59

Mancelona trailed 14-11 at the quarter; 33-25 at halftime and 50-41 at the three-quarter mark only to close the gap to one point with less than a minute to go. Randy Price, however, came through with a field goal to give the Ramblers a threepoint victory. Price had 26 points for the game followed by Larry Gunderson who had 20 for Boyne City. Pat Dutcher had the same number, 20, for the Ironmen with Dave Pruden adding 15 and Leroy Hood for the Ironmen.

This Week With Class "C"

The Charlevoix Rayders will host the cellar-dwelling East Jordan Red Devils this week while elsewhere in the league Boyne City will play at Gaylord, Harbor Springs will travel to Grayling and Pellston will play at Manceona.

The Rayders will meet the East Jordan Red Devils, one of the two teams they have defeated this season, on the local hardwoods Friday. Though the Jordanites have shown progress at times they have failed to keep the pace as they have gone into the second half. The Rayders, however, have shown themselves to be a second half team. This should bring them through with their third win of the season.

The Boyne City-Gaylord meeting will mean a battle for possession of fourth place in loop standings. Both these teams have played some heads-up ball on occasion. With so much at stake, this should be a elose one with the Blue Devils having a slight edge on their home floor.

The Grayling Vikings will be out to trip the second place Harbor Springs Rams when they clash on the former's hardwoods this week. But high scoring Paul Ranney and Cecil John, teamed with Tom Pifer who made an excellent showing with 27 points last week, will be a tough combination to stop as the Vikings go into the game without Chris Kroll, a consistent scorer, who is ineligible for the next six-week marking period. Barring an upset, the Rams should continue their winning ways.

The Pellston Hornets, pacing the pack with eight wins, should have no trouble with the Mancelona Ironmen, now in fifth place with a three-win-five loss record.

Goldman Meyer Memorial Fund Gives $977 for Local Aid

A report on the Lenore Goldman Meyer Memorial Fund made at a recent meeting of the local operating committee reveals that a total of $977.12 was spent to aid residents of the Charlevoix area during the past fiscal year, Mrs. Arthur Ranger, chairman of the committee, has reported.

The fund, established 22 years ago as a memorial to the late Mrs. Meyer following her untimely death, gave emergency aid to 17 families or an estimated 35 persons during the fiscal year which ended Aug. 1, 1962, according to the financial report presented by Robert Bridge, treasurer. A breakdown of the total shows that $209.05 was spent for clothing; $106.06 for shoes and winter boots; $144.62, fuel; $253.16, food; $1.37, medical; $239.01 for milk for indigent children in all local schools who might not otherwise receive this nourishing food and $27.85, miscellaneous.

This amount was slightly more than the $384.00 spent during the 1960-61 fiscal year.

Since the fund was established, a total of $21,164.63 has been spent for emergency aid to area residents.

Mr. and Mrs. Ralph McRae were named to serve on the local operating board to succeed Mr. and Mrs. Gordon L. Freedman who had served for the past three years.

Other members are Mr. and Mrs. Ranger, Mr. and Mrs. Bridge and Mr. and Mrs. W. F. Meyer of the permanent committee who have served since the fund was established in 1940, Mr. and Mrs. Robert Neff and Miss Frances Milner.

The late Mrs. Meyer was the daughter of Mrs. Alvin D. Goldman of St. Louis, Mo., and Charlevoix and the late Mr. Goldman. Because Mrs. Meyer loved northern Michigan where she had spent her summers since childhood and because she had the interest of its people at heart all through the years, the fund was established by her immediate family to perpetuate her memory by aiding others. Financed by her family and by others, it is used to render emergency assistance to residents of the Charlevoix area who are not receiving assistance from any other source.

Oddfellows Win Fourth in a Row

The Oddfellows won the fourth successive round of the onnual cribbage tournament with the Masons by 11 points bringing their lead to 689.

Sims Baker was high point man for the Oddfellows with a score of 945. Ronald Geer lead the Masons with 952 points.

NCM College Sets Two-day Registration

Registration for second semester classes at North Central Michigan College in Petoskey has been scheduled for Monday and Tuesday with classes starting Wednesday, according to Dean A. D. Shankland.

New students who are classified as those who are beginning their college training or those wishing to transfer from another college are allowed to enroll at the middle of the year and about 20 new students have aready enrolled in the school for the second semester.

North Central Michigan College offers a complete collegiate program which is transferrable to all four-year college and universities, and likewise, they accept credit from these universities in transfer.

Persons interested in enrolling in North Central for the first time this semester should contact the college office if at all possible before registration time in order that their transfer credits may be evaluated and a program set up for them. Returning students need not report until Monday or Tuesday.

North Central Michigan College also offers an evening program for persons having to work during the day.

Anyone with questions about either the day or evening programs may call the college office.

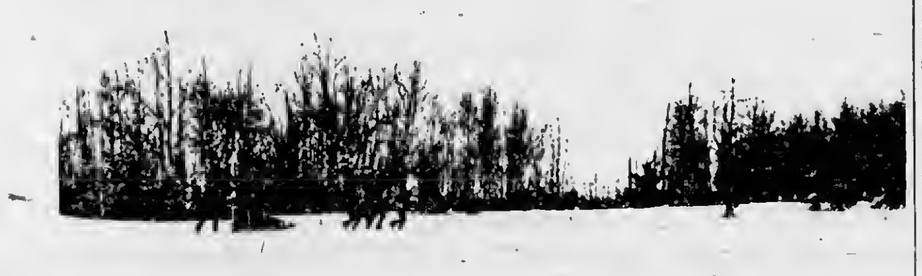
Scout Patrols Line Up for Start of Annual Klondike Deaby

Courier Photo

Excitement was at a peak Sunday as 22 Boy Scout patrols lined up in front of the club house at the Charlevoix Rod and Gun club for the start of the annual Klondike Derby. They dashed off in all directions on their assigned routes at the starting signal. Deep snow with a light crust made the going tough and it was not long before most of the patrols had slowed down to a plodding pace.



Courier Phot

Scout patrols, on the double, haul their Klondike Derby sleds and equipment over the deep and crusty snow to the various checking stations where examiners wait to check their efficiency in various phases of Scouting. Some of the boys who had snowshoes found them an aid in traveling while others, less skilled in snowshoeing, found them to be an extra burden.

Local Scouts Win Awards In Annual Klondike Derby

Twenty-two Boy Scout Patrols composed of 158 youngsters from 10 Northern District communities of the Scenic Trails Council gathered at the Charlevoix Rod and Gun Club Sunday for the annual Klondike Derby.

Each patrol, carrying its supplies on a Klondike sled, visited five stations over a course set up on the club property, where they displayed their skills in first aid, compass and measuring, fire building, wild life and knot tying. Northern District doctors and Scoutmasters served as judges at the various stations and judged the sleds made by the Scouts.

Ribbons were then awarded with the top class receiving blue, second class red and third class yellow ribbons for their accomplishments.

The Flaming Arrow and Owl patrols of Charlevoix's Troop 11 won red ribbons and the Panther patrol a yellow. Louis Edwards is their Scoutmaster.

Only six blue ribbons were given during the afternoon.

After completing the course, all Scouts and their adult leaders were served pancake suppers by the Charlevoix Kiwanis club which, with the Charlevoix Rod and Gun club, sponsored the derby.

Local plans for the event were made by the local committee composed of Robert Cook, Harry Stewart, Harry Ladd, Robert Bergmann and Russell Lowis and Leonard Burns, neighborhood commissioners, working with district Boy Scout groups in cooperation with the two local clubs.

Charlevoix County GOP Endorses New Proposed Con.

Charlevoix county Republicans went on record as endorsing the proposed new State Constitution and backing the nomination of Arthur K. Rouse of Boyne City as a candidate for trustee on the Michigan State University Board of Trustees.

They also elected delegates to the state convention to be held in Detroit later this month. Arthur Speltz of Boyne City, county chairman, was elected delegate-at-large; Mrs. Jay Hite of East Jordan, alternate delegate-at-large; John Connolly, Harry Jennings of Boyne City and H. L. Bliss of East Jordan, delegates and Clarence F. Rahach, Mrs. Harry Dunsmore of Boyne City and Carl Grutsch Jr. of East Jordan, alternates.

County Teachers Institute to be Held in Petoskey

Charlevoix schools will be closed Friday, Feb. 15, while teachers attend the Charlevoix-Emmet bi-county teachers' institute to be held at the Petoskey high school.

Legislation and New Constitution will be the theme of the first part of the morning session with Richard Adams, assistant executive secretary in charge of Governmental Relations of the M.E.A. and Ray Randalls, assistant executive secretary at the M.E.A. camp as the speakers.

Later in the morning the legislation regarding the Reorganization bill of Intermediate School Districts will be discussed by Dr. William J. Emerson, Superintendent of the Oakland county schools.

The Rev Dudley H. Burr, rector of Emmanuel Episcopal church in Petoskey will be the guest speaker at the luncheon meeting.

The major address will be presented by Herbert Harrison of Buffalo, N.Y., whose subject will be "Today's Keys for Tommorrow's Doors".

Charles A. Robinson, Charlevoix-Emmet county superintendent of schools who has arranged the program, will address the group briefly at the opening session. Registration will be at 9 a.m.

All schools in both counties will be closed on Friday, Feb. 15. for the institute.

To Use APW Funds For Financing Fish Hatchery

The Jordan River National Fish Hatchery near Alba, now under construction, will benefit from Accelerated Public Works Program funds being made available during coming months to the Bureau of Sport Fisheries and Wildlife, Department of the Interior, to help boost lake trout production to nearly five million yearling lake trout annually in Michigan's national fish hatcheries, according to an announcement made at the Bureau headquarters.

The Jordan River project will receive $400,000 of the $460,000 earmarked for the expansion and improvement of facilities. The Hiawatha National Forest Rearing Station near Brimley will receive the remainder of the appropriation.

Now under construction and financed by funds received earlier is a large hatchery building. Two miles of new access road was completed earlier.

The APW funds will finance five residents for hatchery personnel, water supply and pipe line systems, 50 raceways for rearing the lake trout, plus roadways, parking areas and landscaping features.

The Jordan River facility will begin production of lake trout in about 11 months with annual production aimed at three million yearling lake trout weighing a total of approximately 100,000 pounds.

Other national fish hatcheries in Michigan, include the Charlevoix and Pendills Creek stations, will produce more than a million lake trout a year.

Natural Gas Proposal Brings Good Response

Michigan Consolidated Gas Company said today that the possibility of extending natural gas to this area is excellent if the company continues to meet with the enthusiastic response it has found during the first two weeks of its survey of potential customers.

James C. Preston, General Manager af the utility's Northern District, said that customers representing about 25 percent of the potential large volume sales have signed applications for service. Another 25 percent of the potential large volume customers will probably sign applications as soon as they have had an opportunity to present the proposal to appropriate officials of their companies, he said.

The remaining 50 percent of these potential customers that are needed to make the project a reality have requested more time to study the matter, Preston said.

"We are enthusiastic about the initial response, but the $4.3 million proposed system which would also serve residential and commercial customers, can not go forward until there has been a substantial increase in the industrial sale commitments.

"The reputation natural gas has as an economical, flexible fuel for industry has preceded us, and we are pleased at the wonderful reception we have received from all the business, governmental, school and hospital executives we have been calling on.

If we can just obtain the rest of the customers commitments we need in the next few weeks, we can be sure of having natural gas here this year," Preston said.

Michigan Consolidated proposes to build 90 miles of gas transmission line and gas distribution systems in Petoskey, Charlevoix, Boyne City, Boyne Falls, East Jordan, Kalkaska, Mancelona and Antrim.

Former Resident Has Narrow Escape

Mrs. Don Herrick, the former Anne Campbell, escaped serious injury recently when the car in which she was traveling alone was struck from the rear by a truck loaded with steel when she stopped at a street in Los Angeles.

Mrs. Herrick, of Gardina, Calif., the daughter of P. D. Campbell, received minor injuries. Her car, however, was badly damaged.

Serve Injunction on City Garbage Service

Charlevoix is without a garbage service following an injunction and temporary restraining order served Saturday against William J. Marme Jr. and his son, William G. Marme, who do business as the Charlevoix Garbage Service and Mr. and Mrs. Marme Jr. on whose property the sanitary land fill is located.

Signed by Clyde Cunningham, supervisor of Marion township where the Marme property is located, the order restrains the company or its agents and employees from "placing, depositing, dumping or burying garbage, rubbish, refuse or trash collected commercially on the property owned by Mr. and Mrs. Marme Jr.

The restraining order, signed by Judge Charles L. Brown, Circuit Judge, was granted for the following reasons: That immediate and irreparable loss, damage and injury will result to the Township of Marion unless such actions on the part of the defendants are forthwith enjoined, pending a hearing of the motion for preliminary injunctive relief.

The hearing was scheduled for 10 a.m. Tuesday. However, it could not be held because Judge Brown was out of town on business and could not be present for the hearing.

Meanwhile, Charlevoix is without a garbage service.

At press time Wednesday, Mayor E. D. Hawley said that the city, which had entered into a contract with the Marmes to care for its garbage disposal needs, was doing everything possible to iron out the situation or to find a solution to the problem which has resulted from the injunction.

The city closed its dump in Charlevoix township Nov. 1 when the contract with the Charlevoix Garbage Service became effective.

The Charlevoix Garbage Service has been serving the community since that date and, prior to that time, had collected garbage, trash and refuse for many years and had used Marion township property as a dumping ground for some of the refuse.

The action against the Marmes and the business followed the establishment of a sanitary land fill on this same property last fall.

In the meantime, garbage is piling up every where, creating a health problem.

Electors to Vote on Proposed Sale of City Owned Electric Plant

Three proposals relating to the proposed sale of the municipally owned electric utility business and facilities to the Consumers Power Co. for the sum of $1 million will appear on the ballot in the April 1 general election.

The decision to bring the proposed sale of the power plant to a vote of the people on April 1 was made at a special meeting of the City Council held Thursday. Aldermen Richard Donaldson, Kenneth Staley, William Fochtman and Jaek Grubaugh voted to put the issue on the ballot at that time. Edward P. Hansen and Robert Neff vetoed the aetion.

The first proposal relates to the proposed sale of the entire electric utility facilities including the hydroelectric plant at Bellaire and its transmission facilities to Consumers Power Co. for $1 million.

Proposal No. 2 would grant a 30 year franchise to Consumers Power Co. to service the community.

The third proposal, the wording of which has not been completed at this time, would ask the voters' approval to invest the money derived from the sale, $1 million, in U.S. Government bonds with the interest to be used by the general fund.

A three-fifths 'yes' vote on Proposal 1 and 2 is required in order to sell the facilities.

Proposals as they will appear on the ballot may be found on page 8 of this week's Charlevoix Courier.

Be Informed Before You Vote

Should or should not the City of Charlevoix get out of the electric business? That will be decided by the electors at the April 1 election.

The council has approved the sale of the generating plants and the transmission and distribution lines to Consumers Power Company for $1,000,000. The sales agreement also includes a 30 year franchise to the buyer.

Terms of the sales agreement are published in this issue of the Courier. It is now up to the electors to get the facts before they vote on the issue. There already are varied opinions about the proposal. Many of these opinions are based only on generalities and not on realities.

There is time between now and April 1 for the electors to ask questions. The deputy city clerk has offered to answer questions relative to the past and present operation of the city-operated electrical business as recorded on city records.

Questions, not to exceed 100 words should be sent to the Courier and signed by the sender. The questions and the answer will be published at the first possible date.

BETWEEN YOU AND ME

- By Harold E. Kohn -

Grant Us No Ready-made Happiness

O Lord,
Grant to us, thy children,
No ready-made happiness
Sent down from above,
But give to us those things
From which joy can be fashioned
Here on earth.

If life seems dark around us,
May we brighten it
By removing the black shadow
Of our own self-interest.

May we have the blessings
Of a clear conscience
And a heart free
From envy or malice.

Give to us purposes
That are mightier than ourselves
And more durable
Than our infirm flesh,
Purposes worthy of high loyalty,
Purposes that invite us
To squander ourselves
For their dear sakes.

May we see not only
How dreadfully far we have to go
To reach our goals,
But how far
We have already come.
Yet,
Let us not realize our desires
Too soon.

'Lest hope and eagerness
And striving
Fade in us.

May we
Dare to care
More deeply for others
Than for ourselves
Make us useful
Somewhere to somebody
Somehow.

Let us find gladness
In non-material things
That time and adverse circumstance
Cannot corrode—
The affection of our friends,
The noble use of gifts and powers
Thou hast hidden within us,
In love for man and God,
In love made plain in deed.

Reveal to us the way
To transmute loss into gain,
Pain into power,
Vexation into victory,
And tragedy into triumph.

And
May whatever happiness is mine
Come to me
Without diminishing the joy
Of any other child of Thine.

Amen.

MR. LINCOLN SIGNS A BILL

Among the least well known of our 16th President's deeds is his signing of the National Curreney Act in 1863. Yet it is truly important.

The Act provided not only for a much-needed national curreney but also for national banks, to take their place alongside the existing state-chartered banks.

Under this dual banking system, the role of commercial banks in the Nation's life has become increasingly greater.

1963 is the Centennial of the National Currency Act. Our bank is proud to join in the observance of this significant anniversary.

Previewing the Movies

Audience this weekend at the Palace Theatre will go to Australia for a heartwarming drama of the mid-twenties to see "The Sundowners", starring Deborah Kerr, Robert Mitchum, Peter Ustinov, Glynis Johns and Dina Merrill. The pieture was filmed in Australia to assure authentic background for a story revolving about a family of itinerant hardworking fun-loving sheep drovers.

The ingredients that make this a family picture inelude human interest, suspense, humor, action (fights, forest fires, etc.), pathos, outstanding scenic viewa and an authenic sketch of sheep-driving and sheep-shearing.

Robert Mitchum portrays a high-living drover. Miss Kerr is outstanding as his wife who wants to settle down on a farm. Peter Ustinov is both exciting and humorous as a cultured two-fisted English drover. Miss John is delightful as a man-chasing innkeeper and Michael Anderson Jr. adds human interest as Mitchum's shy teen-age son.

Mitchum is a big Irish-Australian who works as a drover, traveling through the bush country with his wife and son, taking jobs herding sheep—their worldly possessions—a wagon, a horse and a tent.

Mitchum is terrified when his wife and son find a farm they want to make home so he takes a job driving 1200 sheep to Cawndilla. They take with them Ustinov whose specialty is avoiding permanent alliance with matrimony-minde women. The 400 mile drive provides plenty of the suspense, humor and pathos that appeals to young and old.

To Use APW Funds For Jordan Hatchery

(Continued from page 1)

The Hiawatha fish rearing station will receive funds for construction of two hatchery residences, installation of concrete bottoms on hatchery raceways and for fencing. This station, reactivated several years ago for lake trout production, formerly produced rainbow and brook trout. It will now produce about a half-million lake trout annually.

Rayders Nip East Jordan Blue Devils 53 to 35

★ ★ ★

Charlevoix Posts in Third Win of Season

The Charlevoix Rayders posted their third win of the season Friday night by dumping East Jordan 53-35 in a wide open game in which the local lads led all the way.

The Rayders dumped in six field goals including two each by Ken Parrish, Pete Ance and Frank Curtis to take a 12-3 lead over the visitors who had three points from the free throw line.

Others who started were Gary Stutzman and Jim Uhrick.

Bruce Murray joined the action in the first period; Chip Terrill, John Pearl, Dave Rader and Bruce Kroken in the second period; Dwight Boss in the third and Dan Pearl in the fourth periods.

In the second period, the visitors outscored Charlevoix 12-19 to cut the Rayder advantage to 21-15 as Curtis scored three free throws and Terrill, John Pearl and Rader one field goal each to five field goals and two chairty shots by the Red Devils.

Going into the second half the Rayders poured in 19 points including five points each by Parrish and John Pearl, Rader, three and two each by Curtis, Uhrick and Murray to outscore East Jordan 19-10.

The Rayders continued to outscore the Jordanites going into the final period as Stutzman scored two field goals, Curtis three points and Parrish, Kroken and Dan Pearl two each.

Curtis was top-scorer for the game with 12 points followed by Parrish with 11. Don Roberts had 11 for the Red Devils.

Charlevoix had a total of 22 field goals, nine of 24 free throws and 21 personal fouls. East Jordan had nine field goals, 17 of 30 successful free throw tries and 19 personal fouls.

Little Rayders Hand E. Jordan 49-41 Loss

The Charlevoix Reserves had one of their toughest battles of the season Friday night before they finally came through with a 49-41 victory over East Jordan.

The victory did not come easily, however, for the young Rayders held only a 12-10 first period lead which they lost by a two-point margin, 24-22 at halftime.

They did manage a come-back in the third period to gain a slim 31-30 third period advantage before outscoring the visitors 18-11 in the final period.

Dave Smith, who left the game with a laceration near his eye after colliding with an East Jordan player, led the scoring for the Rayders with 11 points. He was followed by Doug Winnell and Warren Belding with 10 each; Dave Norton with nine; Jack Uhrick with eight and John Bleha with one.

Only other players to see action were Don Smith, Jerry Uhrick, Tom Maxwell and Bob McCall.

Fisher had eight for the young Red Devils.

Last Week With Class C

The Pellston Hornets edged Mancelona 63-52; Harbor Springs defeated Greyling 64-55; Gaylord dumped Boyne City 59-47 and Charlevoix posted a 53-35 win over East Jordan Friday night.

Peilston 63, Menceiona 52

The Pellston Hornets had to come from behind last week to defeat the ironmen who jumped to a 15-10 first quarter lead but could not keep up the pace as the league-leaders went ahead 28-27 at halftime and 45-41 going into the final period. The Ironmen were hurt by the loss of Leroy Hood who went to the bench with his fifth foul and five minutes remaining. Mike Thompson with 22 points including eight field goals paced the game. Pet Dutcher had 21 for Mancelona.

Harbor Springs 64, Grayling 52

Grayling failed to do the only thing that could have given them a possible victory over Harbor Springs and that wes stop Paul Ranney who hit for 12 field goals and five out of seven free throws as he led his team to a 14-13 first quarter lead which they increased to 34-26 at halftime and 48-40 going into the final period. The Vikings managed a two-point lead late in the third period but they were unable to keep up their offensive attack and never again headed the Rams. Tim Neal had 20 and Tom Wright 19 points for Grayling.

Gaylord 59, Boyne City 47

Boyne City jumped to a 13-10 first quarter lead and held on 22-19 at halftime but a determined Gaylord outfit forged ahead 41-32 at the third quarter mark and outscored the Ramblers 18-15 in the final quarter for the victory which moved them into a third place tie with Grayling. Tom Lick paced the win with 10 points followed by Ron Snell with 14. Randy Price had 19 points for Boyne City.

Both Rayders and Red Devils were set for the re-bound at one point in the Charlevoix-East Jordan game Friday night. Lined up and ready for the ball were Chuck Reed (14), John Pearl (42), Bruce Murray (54), Fred Malpass (40), Pete Zouiek (30) and Dave Rader (50).

The Rayders won the meet 53-35 to rack up their third win of the current season.

This Week With Class "C"

This week's games

Friday
Grayling at Charlevoix
Harbor Springs at East Jordan
Mancelona at Gaylord
Boyne City at Pellston

Tuesday
Charlevoix at Boyne City
Mancelone at East Jordan
Gaylord at Grayling
Pellston at Harbor Springs

There's a good chance that the 1962-63 Northern Michigan Class C title will be decided within the week.

This may come about when the league-leading Pellston Hornets travel to Harbor Springs to take on the second place Rams whose only loss has been to the Hornets.

However, before this major game is played Pellston must get past Boyne City on their home floor Friday while the Rams are expected to have an easier time with the cellar-dwelling East Jordan Red Devils on the letter's floor.

Elsewhere, the Gaylord Blue Devils will be defending their third place standing against Mancelona on their home floor and Greyling, tied with Gaylord, will be out to trim Charlevoix on the Rayder court.

In other games scheduled for Tuesday Charlevoix will travel to Boyne City, Grayling and Gaylord will tangle on the Vikings' court and Mancelona will invade East Jordan.

Pellston will have their hands full Friday for the Ramblers will be out to upset the high-flying Hornets. Pellston, however, will have the advantage of their home court and should come out on top.

Gaylord edged Mancelona (52-47) the first time around and should take the game by an even greater margin this week.

Grayling, with a five win-four loss record, will be favored over Charlevoix (3-6) and the Rams will have a definite advantage over the Jordenites.

The clash between Pellston and Harbor Springs may well be the game of the season. In the first game between the two contenders, the Hornets dumped the Rams (54-43) on their home floor. However, since then the Rams have defeated all comers as have the Hornets. Pellston has a well balanced team with four of the starting five capable of leading the pack in scoring. The Rams' scoring, also, has been shared by three of their starting five including the top scorer in the league, Paul Ranney.

The Rams are a determined outfit who will have the advantage of their home court but the Hornets, with their sights on a second straight title, will be hard to stop at this late date.

With good officials who can keep the game in hand, this game can be the game of the year with the outcome a toss-up.

Gaylord won over Grayling (85-62) in their first meeting and next Tuesday's game can be expected to be as close.

Because of their record, Boyne City is favored over Charlevoix but not without a battle and Mancelona over East Jordan.

B. & O. Affiliates With Chesapeake And Ohio Merger

A new era in railroading in the East starts Monday with the affiliation of the strong and profitable Chesapeake and Ohio Railroad and the nation's first rail carrier, the Baltimore and Ohio Railroad.

At one minute after midnight Monday morning, a 35-day waiting period ends and the order of the Interstate Commerce Commission issued on December 31 goes into effect giving Chesapeake and Ohio control of Baltimore and Ohio, as a step to merger.

With the new rail partnership, for the first time in recent railroad history a financially and physically strong carrier, the Cheasapeake and Ohio, will be voluntarily consolidating with one of presently reduced strength, but of great promise. Each railroad will operate separately and keep its present name in the control period, during which they will cooperate fully in strengthening the Baltimore and Ohio and improving its earnings so that full merger of the two carriers can take place later.

Starting immediately, the new railroad partners will embark on a quarter-billion-dollar improvement program for the Baltimore and Ohio. Cars and locomotives will be acquired, tunnels enlarged to pass piggyback cars and other high and wide shipments, piers and docks improved and new yards built.

Because the 5,154-mile C & O and the 5,874-mile B & O are what are called end-to-end systems and not parallel systems, there will be a minimum of tearing up of track (a mere twenty-five miles of trackage is parrallel) and elimination of facilities. However, at some of the major points where they do come together new joint yards and other facilities will be built, improving service to shippers and making large savings.

Both companies trace their history back to canal companies founded by George Washington in 1785. The B & O was on rails earlier, however, operating its first train at Baltimore in 1830. The Cheaseake and Ohio's first train operations, from Richmond, Virginia, were in 1836.

PROCEEDINGS OF THE CITY COUNCIL OF THE

City of Charlevoix, Charlevoix County, Michigan

Minutes of special meeting of the City Council of the City of Charlevoix, Charlevoix County, Michigan, held in the Council Chamber of said City, on the 31st day of January, 1963:

Present: Mayor Hawley and Alderman Hansen, Neff, Staley, Donaldson, Fochtman and Grubaugh and also the City Clerk.

RESOLVED, that the following special question be submitted to the electors of the City of Charlevoix at the Regular Election, April 1, 1963 by separate ballot, to-wit:

Advisory Ballot resolution offered by Alderman Staley and supported by Alderman Donaldson.

RESOLUTION

Shall the money derived from the sale of the City's electric business and facilities be placed and maintained in a special account consisting entirely of U .S. Government securities, and the interest or income therefrom be placed in the General Fund of the City to be used and expended in the same manner authorized for the General Fund?

YES _____
NO _____

Adopted by the following Yea and Nay vote. YEAS. Alderman Staley, Donaldson, Fochtman and Grubaugh. NAYS: Aldermen Hansen and Neff. Absent: None.

Alderman Donaldson introduced and moved adoption of the following resolution, which was supported by Alderman Staley:

WHEREAS, the City of Charlevoix now owns and operates an electric utility business, electric utillty facillties and property located within and without the City; and,

WHEREAS, Consumers Power Company has offered to purchase all of said electric utility business, electric utility facilities and property owned by the City, including the City's hydroelectric property and electric transmission facilities, but not including the City's ornamental street lighting system, and the said Company is willing to furnish electric service to the City and its inhabitants; and,

WHEREAS, the sale of the City's electric utility facilities and property and the furnishing of electric service by Consumers Power Company to the City and its inhabitants are required by law to be approved by the electors of the City, voting at a regular or special election; and,

WHEREAS, a resolution has been adopted on December 17, 1962 by the City Council declaring that said Council deems it expedient and advisable to discontinue the operation of the municipal electric business of the City, and to sell to Consumers Power Company, free and clear of all liens, claims and encumbrances, all of the electric utility facilities and property of the City, located within and without the City, including the hydroelectric property and electric transmission facilities but not including the ornamental street lighting system, on the terms and conditions contained in a communication of Consumers Power Company to the City dated December 13, 1962 and to secure electric energy and services for the City and its inhabitants from Consumers Power Company; and,

WHEREAS, the City and Consumers Power Company desire to amend their agreement in regard to the property to be excluded from the sale of the electric utility business, electric utility facilities and property of the City and also desire to enter into a formal Agreement reflecting the understanding of the City and the Company; and,

WHEREAS, Consumers Power Company has submitted a form of Agreement to be entered into between the City and Consumers Power Company covering the sale of said electric utility business, electric utility facilities and property and providing for the furnishing of electricity by Consumers Power Company to the City and its inhabitants; and,

WHEREAS, the City Council deems it advisable to approve said form of Agreement and the execution of said Agreement on behalf of the City and submission of said Agreement, following its execution, to the approval of the electors of the City voting thereon;

THEREFORE, BE IT RESOLVED, that said form of Agreement providing for the sale of all of the electric utility business, electric utility facilities and property of the City of Charlevoix, including the City's hydroelectric property and transmission facilities, but not including certain electric facilities used in connection with ornamental street lighting, beach lighting, dock wiring and lighting, certain industrial service, and the City's water plant, and also providing for the furnishing of electricity by Consumers Power Company to the City of Charlevoix and its inhabitants and to the customers of the City located outside the limits of the City, this day submitted by said Consumers Power Company to the City Council and duly considered, be and the same is hereby accepted and approved, and the Mayor and City Clerk are hereby authorized and directed to execute the same for and on behalf of the City;

RESOLVED, FURTHER, that following execution of the aforesaid Agreement between the City of Charlevoix and Consumers Power Company, said Agreement be submitted for approval by three-fifths (3/5ths) of the electors of the City voting thereon at a regular or special election in accordance with applicable laws.

The above resolution was duly passed by the following vote: Yeas: Aldermen Staley, Donaldson, Fochtman and Grubaugh. Nays: Aldermen Hansen and Neff.

Alderman Grubaugh then introduced the following ordinance:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to construct, maintain and use electric lines consisting of poles, masts, towers, crossarms, guys, braces, feeders, transmission and distribution wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places in the CITY OF CHARLEVOIX, CHARLEVOIX COUNTY, MICHIGAN, and to do a local electric business therein, for a period of thirty years.

THE CITY OF CHARLEVOIX ORDAINS:

SECTION 1. That wherever the word "Grantee" appears in this ordinance, it is hereby intended to designate and shall be held to refer to the Consumers Power Company, its successors and assigns.

SECTION 2. The right, power and authority is hereby granted to said Grantee to construct, maintain and use electric lines consisting of poles, masts, towers, crossarms, guys, braces, feeders, transmission and distribution wires, transformers and the other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places in the City of Charlevoix, Charlevoix County, Michigan, and to do a local electric business therein, for a period of thirty years.

SECTION 3. No highway, street, alley, bridge or other public place used by said Grantee shall be obstructed longer than necessary during the work of construction and maintenance, and shall be restored to the same good order and condition as when such work was commenced.

SECTION 4. All poles, masts, towers and other supports shall be set and all wires shall be suspended in a careful and proper manner so as not to injure persons or property. The Grantee shall have the right to trim trees if necessary in the conducting of such business, subject, however, to the supervision of the Superintendent of the City. The Grantee shall at all times keep and save the City free and harmless from all loss, costs and damage to which it may be subject by reason of the negligent construction and maintenance of the poles, masts, towers, wires and other structures and appliances, the erection and maintenance of which are hereby authorized.

SECTION 5. Said Grantee shall be entitled to charge said City and its inhabitants for electric energy for lights, heat and power, the rates now on file with the City Clerk. Said rates shall be subject to review at any time by the Michigan Public Service Commission or its successors, upon proper application by either said Grantee or the City, acting by the City Council, being made thereto, and the regularly filed rates as approved by said Commission or its successors, as applicable to said City of Charlevoix, shall at all times be the lawful rates.

All bills for electric energy shall be payable monthly. The Grantee may collect the minimum charge as specified in said schedule. It shall also furnish and maintain commercially accurate meters to measure the energy furnished. Said Grantee shall at all reasonable times have access to the premises of its customers for the purpose of reading, inspecting, removing and replacing such meters.

SECTION 6. In consideration of and as fair compensation for the rights, power and authority hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 7. The rights, power and authority herein granted are not exclusive.

SECTION 8. The Grantee shall, as to all other conditions and elements of service not herein fixed, be and remain subject to the reasonable rules and regulations of the Michigan Public Service Commission or its successors, applicable to electric service in said City of Charlevoix.

SECTION 9. This ordinance shall be and become valid and binding only upon the happening of all the following events:

(a) The approval af the Agreement dated Jan. 31, 1963, between the City of Charlevoix and Consumers Power Company, providing for the sale to Consumers Power Company of all of the electric utility business, electric utility facilities and property of the City of Charlevoix including the City's hydroelectric property and transmission facilities, but not including certain electric facilities used in connection with ornamental street lighting, beach lighting, dock wiring and lighting, certain industrial service, and the City's water plant, and also providing for the furnishing of electricity by Consumers Power Company to the City of Charlevoix and its inhabitants, and to the customers of the City located outside the limits of the City, by at least three-fifths (3/5ths) of the electors voting thereon at a regular or special election to be held within the City of Charlevoix; and

(b) The approval and ratification, at a regular or special election to be held within the City, of this ordinance, by at least three-fifths (3/5ths) vote of the electors voting thereon at a regular or special election to be held within the City of Charlevoix.

SECTION 10. This ordinance shall not be submitted to the electors of the City unless the Grantee shall, within thirty (30) days after the adoption hereof, file with the City Clerk its written acceptance of the terms of this ordinance, subject only to the matters referred to in Section 9 hereof. Upon the acceptance hereof, and the happening of the events referred to in Section 9 hereof, this ordinance shall constitute a contract between said City and said Grantee for the full term of Thirty (30) years from and after the date that the Grantee takes title to the electric utility facilities and property of the City in accordance with the said Agreement between the City of Charlevoix and the Grantee which is referred to in subparagraph (a) of Section 9 hereof.

We hereby certify that the foregoing ordinance was duly enacted by the City Council of the City of Charlevoix Michigan, on the 31st day of January, 1963.

E. D. Hawley, Mayor

Attest: Hugh Mayne, City Clerk.

Alderman Grubaugh moved that the ordinance as read, be adopted, which motion was supported by Alderman Fochtman.

The following was the vote thereon: Yea: Aldermen Staley, Donaldson, Fochtman and Grubaugh. Nay: Aldermen Hansen and Neff.

The Mayor thereupon declared said ordinance duly carried.

The acceptance of the above franchise ordinance, duly executed by the Consumers Power Company, was then filed with the City Clerk, and upon motion the same was received and ordered recorded.

ACCEPTANCE

Consumers Power Company does hereby accept the terms of the ordinance adopted on the 31st day of January, 1963, by the City Council of the City of Charlevoix, Charlevoix County, Michigan, which said ordinance is entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER Company, its successors and assigns, the right, power and authority to construct, maintain and use electric lines consisting of poles, masts, towers, crossarms, guys, braces, feeders, transmission and distribution wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places in the CITY OF CHARLEVOIX, CHARLEVOIX COUNTY, MICHIGAN, and to do a local electric business therein, for a period of thirty years.

This acceptance is subject to:

(1) The approval of the Agreement dated Jan. 31, 1963, between the City of Charlevoix and Consumers Power Company, providing for the sale to Consumers Power Company of all of the electric utility business, electric utility facilities and property of the City of Charlevoix including the City's hydroelectric property and transmission facilities, but not including certain electric facilities used in connection with ornamental street lighting, beach lighting, dock wiring and lighting, certain industrial services, and the City's water plant, and also providing for the furnishing of electricity by Consumers Power Company to the City of Charlevoix and its inhabitants, and to the customers of the City located outside the limits of the City, by at least three-fifths (3/5ths) of the electors voting thereon at a regular or special election to be held within the City of Charlevoix; and

(2) The approval and ratification, at a regular or special election to be held within the City, of this ordinance, by at least three-fifths (3/5ths) vote of the electors voting thereon at a regular or special election to be held within the City of Charlevoix.

IN WITNESS WHEREOF, said Consumers Power Company has caused this acceptance to be executed by its duly authorized officer, this 31st day of January, 1963.

CONSUMERS POWER COMPANY

By C. A. Mulligan /s/

Vice President

Alderman Donaldson then introduced and moved the adoption of the following resolution, which was supported by Alderman Fochtman:

Rites Thursday For Orlo D. Plumm Former Resident

Funeral services for Orlo D. Plumm 40, former local resident who died Sunday at War Memorial Hospital at Sault Ste. Marie, will be held at the Hovie Funeral Home at the Sault at 1:30 p.m. Thursday.

The body will be returned here for burial in Brookside cemetery in the spring.

Born at Carson City, Nov. 12, 1922, Mr. Plum came here with his family as a child and received his education in the Charlevoix school. He left from Charlevoix in 1942 to serve in the U.S. Air Force during World War II. After three years, most of which was spent in the Pacific theatre, he went to the Sault where he became a lineman with Edison-Sault Electric Co., a position he held until his death. He was a member of the V.F.W. and the American Legion. He had been ill for more than three months.

Surviving are three brothers, Robert J. and George W. of Charlevoix and John M. of the Sault.

At the Sault for the service were Mr. and Mrs. George Plumm who left Wednesday and Mr. and Mrs. Robert Plumm and Melvin Plumm who left this morning (Thursday).

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the *Jet-smooth Chevrolet*, about as luxurious as you can go without going overboard in price; the low-cost *Chevy II*, a good-looking car that would send any family packing; another family favorite, the sporty *Corvair*, whose rear-engine traction will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, *Corvette*—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already? The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

When We Have a Good Man --Keep Him

None of the candidates seeking nomination for city office at the Monday's primary election has presented a platform on which to base issues. The proposal, whether or not to sell the electric business, is now in the hands of the electorate and not the city administration. The encumbents seem to be running on their records and it must be admitted their record is good.

There have been differences of opinion on the part of aldermen. That is good too. It definitely indicates Charlevoix does not have a "rubber stamp" council.

The nomination for the office of mayor appears to be an important issue. And that is an issue only on the basis of the candidate's ability as a business executive and his willingness to withhold personal biases in order to encourage full, unobstructive consideration of all questions affecting the well-being of the city.

The over-all operation of city government for the past two years is beyond reproach despite the fact that each individual may have his personal grievance or pet program.

These petty grievances and personal projects always present a problem to the administrative head of any governmental unit, and Charlevoix is no exception.

Under the mayorship of E. D. "Pat" Hawley, it can be said that he always has been receptive to the presentation of views regarding any issue confronted by the city, from both aldermen and residents. His record as mayor, and as a public spirited citizen prior to being mayor, is convincing assurance that he is more concerned with what is best for Charlevoix than what might be best for him. If our democratic form of government is to be retained, the minority always must accede to the decisions of the majority. He has presided at council meetings on that basis and he has represented the city on that basis.

We believe that Mayor Hawley is exceptional in that he has the ability to face all situations calmly and in a business-like manner. On that premise, we believe he should be nominated as the candidate for the office of mayor at Monday's primary election and elected at the April general election.

CHS Music Department Wins Division Rating

Forty-three members of the Charlevoix high school music department participated in 25 events at the District II Solo Ensemble festival held at the Inland Lakes high school at Indian River Saturday.

Of the 25 events, Charlevoix entries were awarded 15 first division rating and nine second division ratings with one solo entry playing for comment only.

C. A. Odmark, director of the Charlevoix music department, praised the performance of all the participants as doing the best job at such a festival since he has been in Charlevoix. The work of the accompanists was also outstanding according to Mr. Odmark. Mrs. Leonard Burns accompanied 11 entries and Mrs. Orlin Cunningham, Barbara Sugden, Terry Nielsen and Robert Odmark accompanied the others.

First division winners in the Senior High solo division who qualified for participation in the State Festival at Kalamazoo March 23 were: Richard Odmark, oboe; Bruce Kroken, baritone; Robert Odmark, French horn; Steve Kroll, trombone; Gary Stutzman, bass.

Ensembles winning top ratings and qualifying for state competition were the following: flute duet, Roberta Hiller and Marcia McCall; flute-oboe-clarinet trio, Shirley Stoel, Mary Hansen and Judy Walker; clarinet duet, Judy Walker and Barbara Sugden; saxophone trio, Terry Nielsen, Patty Penn and Sharon Wood; clarinet quartet, Judy Walker, Barbara Sugden, James Stewart ond John Ochs; bass sextet composed of Joan Riley, Tom Hawley, Robert Odmark, Bruce Kroken Steve Kroll and Gary Stutzman; snare drum trio, Irene Bascom, Sharon Sugden and Peter Brock.

State Disburses Highway Fund for Fourth Quarter

Checks totaling more than $24.5 million are being distributed to Michigan counties and incorporated cities and villages as their portion of the Motor Highway fund collected by the state during the fourth quarter.

Charlevoix county's share amounts to $70,583. Boyne City will receive $7,899; East Jordan, $4,541 and the City of Charlevoix, $6,026.

Antrim county's allotment is $71,642 and Emmet gets $80,833. The city of Petoskey will receive $10,708.

Net receipts of the highway fund during the months of October, November and December of 1962 amounted to $46,177,670, a decrease of $1,339,825 compared to the same period in 1961. The decrease is attributed to the fact that in 1961 the first new license plates were issued to motorists in three years.

Set Monday for Annual Blue & Gold Dinner

The annual Blue and Gold dinner honoring the fifty-third anniversary of Boy Scouting in America will be held at the high school cafeteria at 6:30 p.m. Mondoy.

Guests at the dinner will be Cub Scouts and their parents, Den Mothers, Boy Scouts, members of the Kiwanis club, which sponsors the Boy Scout program in Charlevoix, and their guests, members of the Boy Scouts ond Cub Scout committees.

George Schraut, executive of the Scenic Trails Council which embraces 18 northern Michigan counties, will be the guest speaker.

The program will open with the presentation of the flag by Explorer Scouts Tom Hawley and James Stewart. This will be followed by the Pledge of Allegiance and the invocation by the Rev. Jack Harris.

Also included in the program following the cooperative dinner will be the presentation of awards. Scoutmaster Louis Edwards will present Scout Awards and Uno Suomela, Cub awards. Bornoy Englehart, president of the Kiwanis club will also speak briefly. Don Anders of the Cub Scout committee will serve as master of ceremonies.

City Council Opens Six Bids For New Cars

Bids for new cars for use by the police and/or city superintendent were opened at the regular meeting of the City Council held Monday night.

Bids which were received from Uhrick Sales and Service, Petoskey Oil Co., Charlevoix Oil Co., Parsel Garage, Erber Auto Co., and Brown Motors Inc. were referred to committee for tabulation. A decision regarding the purchase of one or more new vehicles will be made at a future meeting.

Approval was given the installation of a launching ramp on Lake Charlevoix at the end of Stover road. City crews will do the work under the direction of City Supt. James Taylor and G. A. Shadko, engineer.

Plans were also approved for the construction of a diving platform comparable to the one used at the Lake Michigan beach last summer. The new platform will be used at one of the Lake Charlevoix beaches. It will be constructed by city crews.

The proposal made earlier to pay a set fee to city fathers for attending regular council meetings was approved by the council. Under the new arrangement council members, the city clerk and attorney will receive $5.00 and the mayor $7.50 for every regular meeting in addition to the regular fees of $300 to the mayor; $200 to the city clerk and $150 for the aldermen. The city attorney receives an annual retainer fee of $1,500.

A raise of $200 annually beginning March 1 for the deputy city clerk, Herbert Campbell, was approved.

Bills totaling $25,459.58 were approved and ordered paid. The amount includes a $12,003.75 payment to Consumers Power Co. for bulk power and a payroll of $5,915.37 plus current bills.

Announce Plans for First Aid Course To be Held Here

Plans for a First Aid course to be held over a 10-week period beginning this month have been annuonced.

Girl Scouts of high school age will form a nucleus of the class which will be taught by a qualified Red Cross instructor. Scout leaders will also be registering for the course.

An invitation has been extended to others in the community including Boy Scout leaders, teachers and others who might be in charge of groups in the event of an emergency, homemakers and anyone interested in First Aid.

Tentative plans call for the class to be held on Tuesday. However, there is a possibility this may be changed to please the majority of those registering.

Anyone interested in registering or obtaining more information may call 6605 or 2667.

Petoskey Skaters To Present Ice Revue Here Sunday

Charlevoixans will be served a rare treat Sunday . . . an Ice show, Winter Wonderland Revue presented by the Petoskey Figure Skating club at the municipal ice rink here at 3 p.m.

The show on ice in which some 125 boys and girls of all ages will appear in beautiful new costumes is being sponsored by the Charlevoix Chamber of Commerce for the entertainment of the residents of the area.

The hour-long show will feature 23 acts including solos, doubles and group appearances.

The show has been choreographed by Mrs. Rod Creede, a former local resident now living in Cadillac and Dawn Mundhenk off Petoskey. Mrs. Robert Humphries directs the show, assiated by Mrs. Burton Leist, also of Petoskey.

An invitation has been extended to area residents to view the show. There will be no seating available. Everyone is warned to dress warmly.

Group Organized To Oppose Sale of Electric Facility

A meeting of the recently organized "Citizens-for-Charlevoix committee' is scheduled for 8 p.m. Tuesday at the community room in the Charlevoix city hall. All citizens interested in opposing the sale of the city-owned and operated electric facility are invited to attend, King Saunders, committee director of publicity, has announced.

He reports that a fund-raising drive has been launched by the committee to finance the group's campaign to defeat the proposal. William Carey is chairman of this committee.

On accepting the appointment as drive chairman, Mr. Carey emphasized that every citizen has a stake in this issue which will be decided by the electorate at the April I election.

Persons wishing to contribute to the campaign fund may contact Mr. Carey, Gebeau'a Grocery, Edward's IGA, Central Drug Store, Cellner's Barber Shop, Bellinger Jewelers, Willams Cigar Store, Neff Bros. Grocery or Stoley Hardware Co.

Paul H. Todd, president of the Michigan Utilities Rate Payers' association was the featured speaker at the organizational meeting held at the Grey Gables Inn last week.

Officers of the committee are Edward P. Hansen, president; Hugh Mayne, secretary; Lee Moerland, treasurer; and Mr. Saunders, director of publicity.

Ruth Ann Miller DAR Citizenship Award Winner

Ruth Ann Miller, 18 Charlevoix high school senior, has been named to receive the D.A.R. Good Citizenship award given annually by the Petoskey chapter of the Daughters of the American Revolution, Mrs. Arthur Wexstaff, regent of the area chapter, has announced.

Miss Miller was selected on the basis of leadership, scholarship and eltizenship by her teachers and classmates to receive the award.

The daughter of Mr. and Mrs. David Miller, she is a member of the local chapter of the National Honor Society, Student Council Representative and member of the Charlevoix high school band. Her great-grandparents, the D. W. Millers, were among the pioneer families of this community.

She will compete for state honor at a meeting to be held in southern Michigan in March.

Donna Berg, who is now enrolled at the University of Michigan was the 1962 Good Citizenship award winner.

Donald F. Herrick Ex-City Engineer Dies Unexpectedly

News of the unexpected death of Donald F. Herrick, 64, at his home on St. Johns Island in the Virgin Islands has been received here by P. D. Campbell.

Mr. Herrick was an engineer and former city engineer and superintendent here. His wife who had been ill for several months died recently.

Surviving are a son, Donald Jr. of Gardina, Calif.; two daughters, Jackie and Roxie and several grandchildren.

Mother's March Nets $505 for March of Dimes

The Mothers' March for the benefit of the March of Dimes netted a total of $505.09 according to the chairman, Mrs. Robert L. Hooper.

This total added to what had been turned in earlier from various other sources has brought the overall total to approximately $1,200 Mrs. Robert Anderson, Charlevoix campaign chairman, reports.

Mrs. Anderson reported that the smorgasbord at the Argonne recently was the most successful and acknowledged the efforts of Mr. and Mrs. Perry Smith and Mr. and Mrs. James Alspaugh, general chairmen of the event. She also wished to thank the management of the Argonne for the use of the facilities and their other contributions and all others who joined, in various ways to make the event a successful one.

Mrs. Hooper, in announcing the results of the Mothers' March expressed her appreciation to the fine workers who are listed below: Mrs. Arthur Emmons, Mrs. Alspaugh, Mrs. Frank Sanford, Mrs. S. E. Coleman, Mrs. Walter Russell, Mrs. Thomas Carey, Mrs. James Frye, Mrs. Robert Zeitler, Mrs. Robert Pearl, Mrs. Lloyd Arnold, Mrs. James W. Rayders Bow To Boyne City in Overtime Game

The Charlevoix Royders lost their second 'cliff honger' within a week when they bowed to the Boyne City Ramblers 59-54 in an overtime game after the regulation game had ended in a 51-51 tie Tuesday night.

Paced by Bruce Kroken who had 18 points for the Rayders, Charlevoix rolled to an 18-13 quarter lead, held on 29-26 at halftime and 42-39 going into the final period when they were outscored 12-9 to throw the game into an overtime.

A field goal and two free throws made the difference in the next three minutes with Charlevoix scoring only two field goals while their hosts were hitting for eight points.

C.H.S. Concert Band to Enter Annual Festival

The Charlevoix high school concert band of 83 pieces will enter the annual District II Band and Orchestra Festival being held at Petoskey Saturday, Feb. 23, according to its director, C. A. Odmark.

Thirteen areas will participate in this festival while 12 other bands from the southern part of the district will meet on the same date at the Traverse City high school auditorium. The qualifying festivals are sponsored by District II of the Michigan High school Band and Orchestra Association headed by Mr. Odmark. Bands receiving I ratings in the district festivals qualify for participation in the state festival to be held in southern Michigan late in April.

Interest Soars in Most Contested Election In Recent Years

One of the most contested elections in recent years is scheduled for Monday when registered voters of Charlevoix go to the polls to nominate candidates for city offices. Heading the election are contests for the offices of Mayor and seeond and third ward aldermen.

In the contest for mayor, incumbent E. D. 'Pat' Hawley will be opposed by Edward P. Hansen, third ward alderman for the past six years.

In the second ward where incumbent Richard Donaldson is not a candidate for re-election, Robert Gill, Dr. Walter F. Hoffman and Theodore Heeres are seeking the nomination for the aldermanic post.

The third ward post of alderman being vacated by Mr. Hansen is being sought by Don Parsel and David Miller.

Arthur Osborn, whose term of office for justice of the peace expires this year, will be opposed by John J. Connolly whose term of office will not expire until 1984. Charlevoix is allowed twa justices.

Other candidates who are unopposed for nomination are Annabelle Cunningham, treasurer; Hugh Mayne, clerk; Robert Neff, first ward alderman and Kit Carson, John A. Uhrick and Harry Gebeau, candidates for supervisors in the first, second and third wards, respectively.

The polls of the city hall will be open from 7 a.m. until 8 p.m. Monday.

Persons wishing to vote by absent voter's ballot must do so by 2 p.m. Saturday.

The proposed sale of the municipal electric facilities will not be an issue in Monday's election but will be brought to a vote in the April 1 general election.

Little Rayders Win From Boyne Reserves 41-37

Charlevoix's little Rayders came through with a 47-37 victory over the Boyne City Reserves to keep their record clean.

However, the local lads had to come from behind to accomplish this feat after trailing 15-8 at the quarter and 23-15 at the half. The young Raydcrs seemed to find their stride in the third period to trim the Rambler lead and go ahead 34-33 going into the final period. In the last period they outscored the young Ramblers 13-4 for the win.

P.T.A. Sponsored All Games Party Set For Saturday

Name your game and you will find it at the all-games party to be held ot the Charlevoix elementary school gymnasium beginning at 7 p.m. Saturday according to Mrs. Clarence Smith, party chairman.

In addition, there will be refreshments including homemade pies in the adjoining cafeteria.

For the younger set who would rather dance than play games there will be a dance under the direction of Joan Riley, president of the Pep club and Delbert R. Terrill of the school faculty.

Mrs. Darrell Dinwiddie is in charge of tickets. Mrs. Melvin Plum will head the refreshment committee.

The all-games party will replace the P.T.A. Fair held in previous years.

Plan Gala Day for Young Skiers At Mt. McSauba Slopes

Young skiers in the area are reminded of the afternoon of skiing being planned for the Mt. McSauba ski area Saturday, Feb. 23, according to Chuck Meier, park manager.

Youngsters of all oges are invited by the Kiwanis club to join the fun which will include races with prizes and skiing on all the slopes for those not interested in racing followed by a buffet supper in the warming house.

All skiers planning to race are asked to register at the earliest possible date at the warming house at Mt. McSauba.

It sounds like great fun so, regardless of your skiing ability, why don't you youngsters all plan to attend this gala event being sponsored by the Kiwanis club for your enjoyment.

City Assured of Garbage Pick up Until Next Month

Charlevoix was assured garbage pick-up service for the present following a hearing Friday at which Judge Edward H. Fenlon presided.

Judge Fenlon ordered a stay until March 5 when Judge Charles L. Brown will return here for the regular March term of court.

The Charlevoix area was without garbage service for several days last week when an injunction and restraining order was served against William Marme Jr. and William G. Marme who do business as the Charlevoix Garbage Service ond Mr. and Mrs. Marme Jr. whose property in Marion township is the site of the sanitary land fill which has been in use since Nov. 1.

Signed by Clyde Cunningham, supervisor of Marion township, the order restrained the compony from placing garbage, rubbish, etc., collected commercially on the Marme property. A hearing was set for Feb. 5 but could not be held because Judge Brown was in Ionia on business.

Meanwhile, efforts are being made to find o solution to the problem.

Power--Naked Power

An old saying tells us that the best things sometimes come in small packages.

That can be applied to a four-line editorial which appearcd in a recent issue of Editor & Publisher, under the apt title "Power".

Here it is: "Congress couldn't do it. The President of the United States couldn't do it. Even the courts can't do it. Only a striking union abetted by other unions can close down the newspapers in the nation's largest city, not to mention the newspapers in the nation's eighth largest city."

The New York and Cleveland newspaper strikes prove, once again, that unions have achieved a monopoly power that cannot be countenanced in a free nation. The strikes were conducted at a tremendous cost to the publishers—some of whom were finding the going tough at best—and to merchants and others who counted on newspaper advertising to spur their all-important holiday trade. They deprived millions of people access to news coverage that newspapers and newspapers alone can give. Efforts by government arbitrators and others to find avenues to a fair settlement of differences were arrogantly rebuffed.

This was power—naked power, that demonstrated only contempt for the public interest. And it is the kind of power no nation can afford if it is to survive in freedom.

RE-ELECT
JOHN J.
CONNOLLY
Justice of the Peace
Certified **EXPERIENCED** **Qualified**
February 18, 1963 Republican Primaries

To the Citizens of Charlevoix:

A number of people have asked me questions about the proposal by Consumers Power Company to purchase the City's Electric Utility System. Some have asked me what my position is, that is, if I am for or against selling. I believe my role as your Mayor is to not tell you how to vote but to supply all the information that we can so that you, the voters (the owners of the utility), can come to your own decision. There are a few citizens who feel that the Mayor should at this time make a public statement against selling the utility. For the following reasons I believe this would be a mistake:

1. **Such a statement would confuse the issue at the February 18th Primary Election. At this election we are not voting on the sale of the electric utility, but for the leadership of the City. The issue of the sale of the public utility is at stake on April 1st, and not on February 18th. There is no real connection between the proposal to be presented to the people on April 1st. and the mayoralty contest on February 18th.**
2. **It is of the utmost importance to me that you citizens be fully informed before making a decision on the sale of the electric utility, and that you do not depend upon the recommendations of a few people. I will not be pressured into making such a recommendation, either pro or con, for the sake of a few possible votes.**

As your Mayor, I promise to make available all the possible information and the advantages and disadvantages for and against selling. The City Council has pledged itself to present this information either in pamphlet form or through the newspaper to help you make your decision.

If reelected as Mayor, I promise to uphold the dignity deserving that office. Your vote for me will be appreciated.

Elmer D. Hawley, Your Mayor

Gregory-Thorlund Vows Spoken At Methodist Church Ceremony

Mr. and Mrs. John Thorlund will make their home at Greenville following a wedding trip to northwestern Michigan ski resorts.

The bride is the former Clarice Ann Gregory, daughter of Mr. and Mrs. Clifton E. Gregory. Mr. Thorlund is the son of Mr. and Mrs. Einer Thorlund of Greenville.

The First Methodist church here was the scene of their wedding on Saturday, Feb. 2. The Rev. Raymond J. McBratnie officiated at the double ring service in the presence of more than 150 guests. Arrangements of white carnations and red roses formed a setting for the service. Mrs. Leonard Burns was the organist and Mrs. Lee Moerland the sololst.

Given in marriage by her father, the bride selected a chapel length gown of white satin for her wedding. The fitted bodice was fashioned with a portrait neckline outlined in lace and long tapered sleeves. Her fingertip veil fell from a miniature crown and she carried a cascade bouquet of red sweetheart roses and white carnations.

Sandra Gregory, as her sister's maid of honor, wore a red velvet sheath, red velvet hat with white nose veil and carried a cascade of red roses and white carnations.

Mrs. Vane Smith of Belding and Elaine Fleese of Greenville, as bridesmaids, wore gowns and accessories identieal to the honor attendant's and carried identical bouquets.

Terry Hodgson, daughter of Mr. and Mrs. John Hodgson of Greenville was flower girl and Thomas Doehne, nephew of the bridegroom and son of Mr. and Mrs. Harry Doehne of Laingsburg, was ring bearer.

Einer Thorlund of Greenville assisted his brother as best man. Theodore Miller of Birmingham and Mr. Doehne seated the guests.

A reception followed at the V.F.W. post home with Mr. and Mrs. William Supernaw, uncle and aunt of the bride, as master and mistress of ceremonies. Asisting were Mrs. Charles Spare and Mrs. Arlo Crites of Detroit, aunts of the bride, Mrs. Robert Heise of Detroit and Mrs. Robert Goss, cousins of the bride.

For traveling on their wedding trip the bride chose a tan wool sheath and brown accessories.

The bride is a graduate of the Charlevoix high school and Northwest Institute of Minneapolis and is an x-ray technician at United Memorial Hospital in Greenville. Mr. Thorlund is a graduate of Greenville high school and Michigan State University with a degree in Dairy Manufacturing. He is a veteran of two years service in the U. S. Army and is associated with his father and brother in the operation of a dairy farm.

Let's Keep Good Government

Mayor E. D. "Pat" Hawley has proven that the formula for good government for Charlevoix is to elect a capable and responsible Mayor who will work cooperatively with six City Councilmen.

Look at the Record!

Here are some of the things which have been accomplished!

1. City taxes have been lowered 30%.
2. A cost-sharing street and sidewalk paving program was inaugurated. This program was received with enthusiasm and has resulted in a more attractive City.
3. More off-street parking facilities have been provided.
4. The final step of the three-phase dock improvement program was completed.
5. Continued operation of the Public Library has been assured through the cooperation of the City and the School Board, and the special school voted millage.
6. Federal approval has been received for the airport improvement program.
7. New street equipment was purchased.
8. An improved summer recreation program was established, including the purchase of new playground equipment and diving platform.

How About the Future?

Re-election of Mayor Hawley will insure continued progress by the City through completion of the following projects and plans which are now in process or under discussion:

1. Continued low City taxes.
2. Purchase of Clinton Street laundry property for additional parking and completion of long-range waterfront improvement.
3. Further improvement for small boat launching ramp area.
4. Continuation of cost-sharing sidewalk and street paving program.
5. Installation of airport lighting and paving of runways to be completed ths summer.

How About the Electric Utility?

During the next several weeks you will hear much discussion over the proposal of Consumers Power Company to purchase the Electric Utility System owned by the City for the sum of one million dollars ($1,000,000.00). Mayor Hawley and a majority of the City Council feel the offer is reasonable and that the question is of sufficient importance to allow each voter to say "yes" or "no". It is the intention of Mayor Hawley and the City Council to see that sufficient data is presented to the voters before the April 1st election to enable them to make an intelligent appraisal of the situation and cast their vote in a manner which they feel will be in the best future interests of the residents of the City of Charlevoix.

Attention Citizens of Charlevoix

Announcing the Formation of the Citizens-for-Charlevoix Committee

A group of citizens of Charlevoix have spontaneously joined together and formed the Citizens-for-Charlevoix Committee for the sole purpose of creating a body through which citizens of Charlevoix can join in an organized effort to oppose the sale of the people of Charlevoix's electric business and facilities.

This organization has no political ties and it's sole purpose is to assemble and present facts to the people and oppose this sale.

The help of every citizen is needed. Membership on the Committee is open to any citizen who is sincere in his desire to keep the electric system as a municipally owned and operated enterprise, and such membership and assistance are eagerly solicited by the Committee.

Since City funds, including the funds of the City's electric system itself, are not available to pay for publicity and other expenses of carrying on this campaign, it is necessary that the funds for this purpose be contributed by the citizens themselves. Therefore, besides your own individual effort, the Committee sincerely solicits your donations for the purpose of financing this effort.

Next meeting of the Committee will be held at the Community Room at the City Hall on Tuesday night, February 19, 1963, at 8:00 o'clock, and all persons who desire to aid in this cause are sincerely and eagerly urged to attend.

Citizens-for-Charlevoix Committee

Members to date are:

Edward P. Hansen, Hugh Mayne, Lea Moerland, King Saunders, Herbert Campbell, James Hiller, Franklin Ochs, Ken Cellner, Art Ranger, John Geer, Harry Gebeau, Ted Bergmann, Ivan Phillips, Charles Bellinger, Carl Kohler, Fay Davis, Richard Edwards, John Connolly, Don Parsel, David Miller, Joe Williams, Edward Swanson, Norman Ance, Robert Neff, Gordon Bartlett, John Norton, Bill Carey, Clare Staley, John Uhrick, Karl Erber and Dean Davenport.

Congregational Church to Hear Missionary on Asia

Miss Mildred Drescher, a former local resident and a field worker for 27 years for the Methodist Board of Missions in India, will fill the pulpit at the First Congregational church at the 11 a.m. worship service on Sunday, Feb. 24, the Rev. A. Robert Harrison has announced.

Miss Drescher will speak on the topic "The Rim of East Asia".

Miss Drescher returned recently from Nepal where she had been a hostess in a nospital for 3½ years. She has been in Michigan recently to speak before the United Church Women in Grand Rapids.

In making the announcement regarding Miss Drescher's appearance here, Rev. Harrison said she was a speaker who appealed to young people.

Rev. Harrison will preach at the First United Church of Christ at Gaylord on that date.

Voice of Our Readers . . .

Dear Editor:

Without appearing too unintelligent, could one question the inference in one of your last week's advertisements that the mayorality race decision is also the decision whether or not to sell the electric utility?

Since the sale question is going to be decided by popular vote, what difference does it make if one or the other of the candidates becomes mayor? Whoever is elected mayor at the primary, come Monday April 18, must abide by the decision of the people about the sale of the electric system on April 1, so what's the problem.

It would appear that realistic facts and figures that can be proven and are devoid of wild assertions, could be gathered both for and against the proposed sale of the electric system that would truthfully guide the voter in his decision.

Very sincerely yours,
Ted R. Miller

Rayders Meet Defeat In Overtime Period

The Charlevoix Rayders, playing heads up ball all the way, bowed to the Grayling Vikings by a seore of 66-64 in an overtime game after the regulation game had ended 59-all.

Starting for the Rayders were John Pearl, Bruce Kroken, Ken Parrish, Frank Curtis and Jim Uhrick. Dave Rader and Chip Terrill joined the line-up in the second period and Pete Ance and Dwight Boss in the final period.

The Rayders took an early 4-0 lead before Grayling started to hit. The game then beeame a seesaw battle with first one and then the other seoring as the quarter ended in a 17-17 tie. Pearl and Uhrick had tallied five points, Parrish four and Kroken three while the Vikings had seven field goals and three free throws.

Going into the second quarter, the Rayders forged to a 25-17 lead on two buekets by Pearl and one by Uhriek and Rader before the Vikings, with 5:18 remaining in the period, eonnected for two quick ones. As the period eontinued Charlevoix added two field goals ineluding one each by Parrish and Rader with Parrish and Pearl adding four more from the free throw line for a 33-27 halftime advantage.

As the game went into the second half the Rayders eontinued to outplay and outseore the visitors as Parrish hit for three buekets and a free throw, Curtis added two baskets, Pearl a bucket and a charrity shot and Uhrick a two-pointer for a 10-point 49-39 lead as the period ended.

With the last eight minutes ticking off, Pearl hit for a field goal before the Vikings' seoring threat, Tim Neal, found the range and trimmed six points from the Rayders lead with two field goals and two gift shots.

Parrish and Pearl picked up four points on two field goals but another field goal by the Vikings' Tim Neal who eame out of the game with a total of 34 points, two field goals by Tom Dawson plus three free throws while Charlevoix was seoring a field goal and four free throws cut the Rayder margin to two points with time running out. With one second remaining on the elock, Neal hit for a bucket to knot the seore 59-all and throw the game into an overtime.

In the overtime Uhrick hit for a field goal only to have Grayling's Young eome baek with another to knot the seore. He was fouled in the aet of seoring and colleeted on the first of two tries to give Grayling a one-point advantage. Parrish put Charlevoix ahead with a field goal but the Vikings capitalized on the Rayders' efforts to regain possession of the ball with trips to the free throw line. Uhriek added one more for the Rayders but two by Neal with one second on the elock wrapped up the victory for the Vikings.

The Rayders lost Curtis on fouls late in the game and Terrill in the overtime. Pearl was benched for disciplinary reasons about midway in the final period.

Both teams scored 24 field goals with the difference eoming on the free throw line where Charlevoix hit on 16 of 27 attempts while colleeting 10 personal fouls. Grayling was sueeessful on 18 of 27 attempts and had 17 personal fouls.

Parrish led the Rayders seoring attaek with 20 followed by Pearl with 18; Uhriek with 12; Curtis and Rayder with four each and Kroken and Terrill with three each.

Grayling was without the serviees of regular forward, Tom Wright, who was ill.

Charlevoix's Jim Uhrick (20) and Grayling's Steve Dawson struggle for the ball in the heat of Friday's game which the visiting Vikings finally won in an overtime.

Shouting encouragement to his team-mate is John Pearl (42) while another Rayder, Bruce Kroken, behind Uhrick gets into the act and Ken Parrish stands poised to join the action.

Charlevoix J V's Rip Grayling By Score of 50-35

Charlevoix's Reserves continued to rack up vietories as they rolled over the Grayling Reserves by a score of 50-35 Friday night.

Going into Friday's game, the visiting Reserves' only loss had been to the Rayder Reserves by a score of 68-63 earlier in the season.

Doug Winnell, Jack Uhrick, Dave Norton, Warren Belding and Dave Smith started for the local J-V's who trailed 7-3 at the quarter.

However, as the game went into the second period, the local quintet caught fire and dumped in 17 points to 10 for the young Vikings to take a 20-17 halftime lead.

The young Rayders continued their torrid pace as the second half got underway for a 36-25 advantage going into the final period.

The fourth period was much of the same with the Rayders outscoring the visitors 14-10.

Three Rayders hit double figures including Winnell with 12, Norton with 12, and Jack Uhrick with 11 points. They were followed by Belding with seven, Dave Smith with three and Don Smith and Jerry Uhrick with two each. Others who saw action were John Bleha, John Ferguson, Tom Maxwell, and Bob McCall.

Bob Rohertson had 11 points for the visitors.

Pellston 68, Boyne City 43

Pellston, playing without regular Ken Cassidy who was benched with an ankle sprain, rolled over Boyne City 12-3; 23-17 and 47-28 by quarters with Mike Thompson accounting for 18 points. Verlin Thompson had 14 points for the Ramblers who were without the services of Randy Price and Larry Gunderson who were benched for disciplinary reasons.

Harbor Springs 66, East Jordan 49

Paul Ranney dumped in 24 points as the Harbor Springs Rams rolled over East Jordan 17-8; 45-19 and 56-32 by quarters. Mickey Bell had 17 for the Jordanites.

Gaylord 63, Mancelona 50

Gaylord and Mancelona slugged it out all the way Friday as Gaylord jumped into a 14-12 first quarter lead only to lose it to the Ironmen by a 20-28 margin at halftime before the Blue Devils knotted the score 40-all as the game went into the final period. Gaylord caught fire in the final quarter, outscoring the visitors 23-10 for the victory. Pat Dutcher paced the game with 26 points before leaving the game via the foul route with three minutes remaining. Art Tebo had 23 points for the victors.

Twenty Building Permits Issued In Charlevoix Twp.

A total of 20 building permits were issued for new structures or remodeling or altering of existing buildings in Charlevoix township, according to Clarence F. Rabach, township supervisor.

Permits were issued for four new homes, the extensive remodeling of three homes, five new cottages, one apartment building and two garages.

Permits were also issued to Lake Construction Co. for an office and storage building; to the Will-Flow Corp. for enclosing a breezeway between the factory and warehouse; to American Mold Engineering Corp. for a 3,000 sq ft. addition to the present building; to Wal-Mar Cabins for the remodeling of a front unit for use as a beauty shop; to Edwin Zeitler to house a sawmill.

The estimated cost of the construction represented by the permits is not known, according to Mr. Rabach.

Only other permit issued during the year was to the American Legion post for a circus which the organization sponsored.

Red Cross Offers Series of Movies On Home Nursing

A new motion picture series entitled "The Home Nursing Story" that will help teach home nursing is now available through the American Red Cross, Charles B. Landers, executive secretary of the Charlevoix county Red Cross chapter, has announced.

The 10 half-hour films are available for purchase by organizations, schools and institutions only through Red Cross chapters. The series may be shown in community and school classroom situations.

The films cover the following subjects: Recognition of the symptoms of illness; Prevention of disease; Importance of nutrition; Body mechancis and posture; Medical supplies for the home and precautions in taking or giving medications; Proper use of heat and cold in treating the ill or injured; Role of self-help in a patient's recovery; Safe water supply; Safeguarding the health and well-being of children and Individual preparation to assist in disasters.

Red Cross home nursing certificates are awarded to qualified persons who view the film and also attend three two-hour workshop aessions in which they practice home nursing techniques under the guidance of a Red-Cross-trained instructors. However, all persons will receive valuable home nursing information from merely viewing the films either on television or in group mectings.

The film series was produced for the Red Cross by the U.S. Army Signal Corps, using funds provided by the Office of Civil Defense. U.S. Public Health Service, OCD and ARC staff served as technical consultants on the series which is based on the regular Red Cross Care of the Sick and Injured course.

Further information may be obtained by calling Mr. Landers in East Jordan.

Charlevoix IN UNIFORM

Pfc. Steven J. LaBlance recently received what most people might consider a 'dream job' . . . serving as a member of the ski patrol at the American Olympic team training camp at Vail, Colo.

He was among 35 skiers atationed at Fort Carson, Colo, who received this unusual assignment as a member of the Olympic Training Camp Support Detachment because of his skiing ability.

After being issued soecial equipment including skiis and other necessary equipment, the detachment was transported to Camp Hale, Colo., where they were housed during the 16-day period they were on this special duty.

Among the skiers he met or saw in action were many who will be selected to represent this country in the next Olympics as well as others who have already made names for themselves on the ski slopes.

Steve, son of Mr .and Mrs. George A. Labiance, did his first skiing at Mt. McSauba as a youngster and later served on the ski patrol here.

Delegates Attend DEM Convention In Grand Rapids

While in Grand Rapids recently for the State Democatic convention, Arthur Osborn and Frank Oleksy, delegates to the convention, appeared on a weekly Town Meeting program devoted to the proposed new Constitution. Recognized authorities in constitutional law from throughout the U.S. presented their objective opinions on specific sections.

Dr. Delmar Karlen, director of the Institute of Judicial Administration at New York University Law School was the guest expert at the program at which the two Charlevoix men appeared. Convention delegates Robert Danhof appeared in behalf of the adoption of the constitution and William Ford against it.

Mr. Osborn's questions on the program relating to the Judicial branch which may be shown at some future date were: How can it be constitutional to say that there can not be any appeal to any court of any State Tax Commission or County Tax Allocation tax assessment and it it possible that any change in the present Justice Court system could cause great inconvenience to people many miles from a centralized court?

Start Fund Drive For Inter-Faith Chapel at Hospital

A campaign to raise funds in Charlevoix county for construction of an inter-faith chapel at the Traverse City State Hospital has been announced by the Rev. Alexander Wood, chairman for the county.

The overall campaign goal is $300,000.

Campaign activities throughout the 39 counties served by the hospital will be directed from donated office space in the Park Place hotel in Traverse City. The state hospital, described as a city of 3,000 without a church, serves a patient area extending from Muskegon-Bay City line to the Straits of Mackinac.

The construction of the proposed new chapel has been endossed by leaders of all faiths.

Citizens Committee Opposes Sale of City Electric Facilities

At a meeting Tuesday evening at the city hall, Edward Hansen, chairman of the Citizens Committee, recently organized to oppose sale of the Charlevoix-owned electric business and facilities, urged the 40 or more members present to get more residents to become active in the organization.

Quoting ligures to support his views, Mr. Hansen told the group that on the basis of the 1963 anticipated city budget of $128,000 that the 1964 electric prolits used for general fund purposes would be approximately $88,000. This would leave only $40,000 to be raised by taxation. He stoted further that if the electric business were sold to Consumers Power Co. for $1,000,000, this sum, invested in government securities, would have a net income, at most, not to exceed $40,000. This would leave $88,000 to be raised by taxation to meet the 1963 budget.

He further estimated that the first year net available revenue under the present system of buying power would be $108,186.73.

Mr. Hansen told the group that Consumers Power Co. brought pressure on some members ol the council, through private citizens, to negotiate the sale of the electric business and facilites, appraised by Cummins & Bernard at $1,382,463, lor the sum ol $1,000,000.

Norman D. Ance, city attorney, supported the Citizens Committee by stating, "I can't stand still and see Charlevoix traded out ol it's eye teeth". He said the Citizens Committee must get the story to the people and that it would not "oe an easy campaign because Consumera Power Co. has $5,000,000 to spend on such promotions.

He said he had been informed by Paul H. Todd president of the Michigan Utilities Rate Payers' association that Consumers would bring in a group of canvassers to make a house to house campaign.

A spokesman for Consumers when asked about this statement, said it is possible they will have a representative in Chorlevoix to furnish information in order to lully inlorm the public on both sides of the issue before the vote April 1. He said, "We believe that all of the information should b available to the citizens in order that they reach o sound decision".

The Consumers Power Co. plans to open an office next week at 224 Bridge st. where further inlormation may be obtoined.

Mr. Ance stressed the lact that money derived lrom the sale of the system can not be maintained as an investment; that the oction of one council is not binding on the succeeding council. He said the vote on this issue is only advisory, and that legally, "it will not hold water".

He prophesized the demand lor electricity would increase 10% per year, compounded onnually, for the next ten years and warned that, "you're going to be licked by inllation in the next 10 to 20 years". This would mean the moncy derived from the sale would be devaluated.

Mr. Ance closed his remarks by indicating that meetings of the Citizens Committee were for persons opposed to the sale of the electric system.

William Carey, treasurer of the committee, said that a minimum of $1,000 were needed to carry on the campaign. He reported the present fund at $340.00 and asked for volunteers to solicit members for additional funds.

Mrs. Walter Moore Dies Following Long Illness

Mrs. Walter Moore, 67, lifelong resident of this area, died Friday at Lockwood General Hospital where she had been a patient since Jan. 30. She had been in lailing health for several years and for the past four years had lived at the home of her son-in-law and daughter, Mr. and Mrs. Henry Dougherty in Boyne City.

Rayders Lose To Non-League Petoskey Five

The Charlevoix Rayders clashed with the Petoskey Northmen on the local floor Tuesday night and came out of the fray on the short end of a 43-31 score.

In a hard-fought defensive battle, the Northmen lorged to a 14-7 first period lead, rolled on to a 21-15 halftime advantage before the Rayders finally found the range to outscore the visitors 12-9 after knotting the score 24-all early in the second half and then going ahead briefly. Their lead, however, was short-lived as the Northmen pulled away to a 30-27 third quarter advantage.

In the final period, Petoskey outscored the home team 13-4 for the lopsided win.

Gale Sheldon with 13 points was top scorer for the game followed by Jerry Hand with nine and Floyd Rice with eight as Petoskey dumped in 14 field goals and 15 of 30 free throws while drawing 18 personal fouls.

Charlevoix had 11 field goals, nine of 19 free throws while collecting 22 personal fouls. Frank Curtis with eight points was high point man for the Rayders. He was lollowed by Ken Parrish with seven, Bruce Kroken and Dave Rader with six each and Gary Stutzman and Bruce Murray with two points each. Chip Terrill, Dwight Boss, Jim Uhrick and Pete Ance also saw plenty of action.

The Public and the Unions

A number of Senators have proposed or will propose various kinds of limitations on the monopoly power of labor unions, and on an unbridled right to call and prolong strikes which are gravely damaging to the public interest.

These Senators are not alone. It should be clear to all including the union heads—that public sympathy for the organized labor movement, which was once overwhelmingly strong, has undergone a sharp decline because of labor excesses.

The New York newspaper strike is one example. So was the maritime strike along the Eastern Seaboard. So are shutdowns in missile and other defense installations.

The unions, to a large extent, have put themselves in the same position as did numbers of big businesses many years ago. Greed, arrogance, and an almost total disregard of the public interest blinded those businesses to the restraints which are a necessary compliment of power, if power is to be tolerated. Legislation provided control. Now legislation must curb union monopolies in the interest of the rank-and-file of the membership, as well as everyone else.

The Weekly Newspaper

The American weekly newspaper is an institution which is as old as the nation. And it has shown the toughest kind of staying power.

For instance, a recent census made by the Ohio News Bureau shows that the state's weeklies exceed the dailies in circulation by a margin of 2,158,237 to 2,102,204. And weeklies, it also found, are read in the majority of Ohio homes.

The weekly in an era in which all the media are competing almost desperately for circulation and advertising —has proven its durability beyond any question.

There's very good reason why this should be the case. The weekly paper, is the community historian—an immortal record of births and deaths, marriages and divorces, business successes and failures, the growth and progress of the town and the county, the changing attitudes of mind that come with passing generations.

Beyond that, the good weekly is a molder of opinion. Through its editorial columns it provides not only facts but controversial opinion. It stirs debate and curiosity. In a phrase, it makes people think. And this, perhaps, is its greatest contribution to the nation it has served so well, long and faithfully.

Voice of Our Readers . . .

Marion Township Voice's its Position.

Let's have a few facts about the garbage problems in regards to the township's position.

On October last, 35 very interested residents petitioned the Town Board to enforce our zoning ordinance against Mr. Marme if he continued the operation of a land fill dump which he had advertized in the local paper that week and which would begin its operation November 1, 1962. The Town Board called a joint meeting with the zoning board at the town hall on October 6, 1962 and extended an invitation to all interested people to talk this matter over and see if we could come up with some reasonable solution since there had been no request by Mr. Marme to comply with our zoning ordinance. After discussion Mr. Marme was informed he would be in violence of our zoning if and when he started this operation.

On October 22, 1962 the City Council invited all Supervisors of the adjacent townships and their respective boards to a meeting with them at which time the main topic was a film shown by a gentleman from the State Department of Health showing sanitary land fill dumps in various parts of the State. We told the City Council that evening that Mr. Marme would be in violation of our zoning when he started this operation and that the Marion Town Board had every intention of making Mr. Marme comply with its ordinance.

On November 3, 1962 the Town Board sent Mr. Marme a notice he was in violation of our zoning and that we would be forced to take legal action. Not at any time was the Town Board contacted by Mr. Marme of having any intentions of complying with our zoning ordinance. The operation was carried on for 90 days plus before the court order was served and still our ordinance had not been acknowledged. The Town Board feels it has been more than lenient with Mr. Marme and that we certainly are not gluttens for trouble in any way, shape, or form; but we will do our job, as officers of the township, to the best of our ability.

Sincerely,
Clyde Cunningham,
Supervisor

Land Surveyors Meet in Saginaw

The annual three-day conference of the Michigan Society of Registered Land Surveyors was held in Saginaw last weekend.

Members of the five area chapters whose membership is more than 300 registered land surveyors attended the meeting designed to further knowledge of developments in the practice and to maintain professional standards.

Attending from northwestern Michigan were Herbert Irish of Harbor Springs and T. R. Miller of Charlevoix.

Ebenezer PTA Hears Reverend Gibbs

Ellsworth—A large crowd attended the Ebenezer P.T.A. Monday evening to view slides shown by Rev. Frederick Gibbs of the Pilgrim Holiness church showing his work as pastor in British Guiana, S. A. and as a missionary among the primitive people in the jungles of Dutch Guiana.

Special music was furnished by Mrs. Keith VanderArk and Ruth Bratt who sang a duet and a piano solo by Terry Vander Slik.

A gift of $500 was given to the school board for current expenses.

Hostesses were Mrs. Peter Jake Drenth, Mrs. Solomon Goeman, Mrs. John Jansen and Mrs. Anthony Kuiper.

The program was arranged by Mr. and Mrs. Theodore Vail and Mr. and Mrs. Vander Slik.

NOTICE OF SPECIAL ELECTION And Of REGISTRATION OF VOTERS FOR SUCH ELECTION

TO THE ELECTORS OF THE CITY OF CHARLEVOIX:

NOTICE is hereby given that a special City election will be held at Ward No. 1 City Hall
Ward No. 2 City Hall
Ward No. 3 City Hall
in said City, upon Monday, the 1st day of April, 1963, at which time there will be submitted to the vote of the electors of the City, the following three matters:

1. The question of approving the Agreement, dated January 31, 1963, between the City of Charlevoix and Consumers Power Company, providing for the sale to Consumers Power Company of all of the electric business, electric utility facilities and property of the City of Charlevoix, including the hydroelectric property and transmission facilities, but not including certain electric facilities used in connection with ornamental street lighting, beach lighting, dock wiring and lighting, certain industrial service, and the City's water plant, and also providing for the furnishing of electric service by Consumers Power Company, its successors and assigns, to the City of Charlevoix and its inhabitants and to the customers of the City located outside of the limits of the City.

2. The question of ratifying and approving a certain public utility franchise ordinance adopted by the City Council of said City, at its meeting held upon the 31st day of January, 1963, which said ordinance is entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to construct, maintain and use electric lines consisting of poles, masts, towers, crossarms, guys, braces, feeders, transmission and distribution wires, transformers and other electrical appliances on, along and across the highways, streets, alleys, bridges and other public places in the CITY OF CHARLEVOIX, CHARLEVOIX COUNTY, MICHIGAN, and to do a local electric business therein, for a period of thirty years.

3. Resolved that the following special question be submitted to the electors of the City of Charlevoix at the regular election on April 1, 1963 by separate ballot, to-wit:

Shall the money derived from the sale of the City's electric business and facilities be placed and maintained in a special account consisting entirely of U.S. Government securities and the interest or income therefrom be placed in the general fund of the City to be used and expended in the same manner authorized for the general fund.

Yes———
No———

On the date of said election, the polls will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be kept open until 8 o'clock in the afternoon, Eastern Standard Time, when they will be finally closed.

The City Clerk will be in his office on the 4th day of March, 1963, said date being the thirtieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the City as shall appear and apply therefor, which registration may be made on said date, between the hours of 8 o'clock AM and 8 o'clock PM, Eastern Standard Time.

Hugh Mayne, City Clerk

Four kinds of sport—all super

Want to make spring come in a hurry? Just pick a new car with whatever you hanker for in performance and sporty trimmings—like bucket seats, 4-speed shift*, lots of horses—and start driving it *now*. Chevy's got a lot of sport in four entirely different kinds of cars.

First, the Jet-smooth Impala Super Sport with your choice of 7 different engines that range up to 425 hp and that include the popular Turbo-Fire 409* with 340 hp for the ultimate in smooth, responsive driving in modern traffic. Optional equipment, including Comfortilt steering wheel* that adjusts to your convenience, makes it as super a sport as you'd like.

There's the Chevy II Nova, also available in an SS version. Special instrument cluster. Front buckets. All-vinyl trim. Distinctive SS identification. Fourteen-inch wheels and tires* with full wheel disks. Three-speed shift or Powerglide* with floor-mounted shift console.

Or the Corvair Monza Spyder with complete instrumentation, special identification, and an air-cooled Turbocharged Six.

And for a real wallop, see the stunning Corvette Sting Ray, winner of the "Car Life" 1963 Award for Engineering Excellence.

All told, four beautiful convertibles, four handsome coupes. You'll get a four-barrel kick just looking them over—and a whole lot more fun out of driving one!

*Optional at extra cost.

Charlevoix Bows to Pellston 66-44

Rayders Meet Defeat On Free Throw Line

The Charlevoix Rayders bowed to the first place Pellston Hornets by a score of 66-44 on the latter's floor, Friday night.

Despite the 20 point loss, the Rayders scored only three less field goals than the Hornets who had 22 to 19 for the local quintet. The major difference came on the free throw line where the Hornets hit an exceptional 22 out of 29 attempts while collecting only nine personal fouls. The Rayders got only seven trips to the free throw line where they hit on six of eight attempts while collecting 18 personal fouls.

Starting for Charlevoix were Bruce Kroken, Ken Parrish, Dave Rader, Frank Curtis and Chip Terrill. Pete Ance entered the lineup in the first period after Rader had collected three personal fouls early in the game. Gary Stutzman joined the action in the second period and Bruce Murray and Dwight Boss in the final quarter. Regular guard Jim Uhrick was benched because of illness.

Pellston rolled to a 10-7 first quarter lead over the Rayders, having scored all but two of the points from the free throw line. Kroken accounted for three field goals and Terrill for the single.

Pellston outscored the Rayders 21-8 in the second period for a 31-15 halftime advantage on eight field goals and five gift shots. Kroken, Curtis and Stutzman contributed two points each and Parrish and Ance one each.

Pellston continued its torrid pace, outscoring the Rayders 21-11 on nine field goals and three free throws as the second half got underway. Parrish dumped in three field goals, Curtis and Terrill one each and Ance a free throw for Charlevoix's points.

The local five got rolling in the final period, outscoring the Hornets 18-14 as Curtis dumped in four field goals, Parrish three and Kroken two.

Pellston had four field goals and six gift shots.

Parrish paced the local lads with 13 points followed by Kroken and Curtis with 12 points each. Terrill had three and Stutzman and Ance two each.

The Hornets little guard, Ed Clear, was top scorer for the victors with 21 points including nine free throws. He was followed by Mike Thompson with 19 including nine free throws. Stan Bodzik had 10 points.

This Week With Class "C"

The Charlevoix Rayders will host Gaylord this week while the league leading Pellston Hornets travel to Grayling, Boyne City ambles over to East Jordan and Harbor Springs entertains Mancelona.

The Charlevoix Rayders will take on the third place Blue Devils in a return game here this week.

There is no doubt that the visitors (8-4) will be favored in the meeting but the rejuvenated Charlevoix outfit has shown plenty of scrap in recent meetings and can be expected to give the visitors a good game.

If the Rayders can throw off the illnesses that have hit the squad recently, they should give the high flying Gaylord quintet a close game.

The Grayling Vikings would like nothing better than to knock this week's opponents, the Pellston Hornets out of first place but without the scoring punch of Chris Kroll who is out of the line-up because of academic difficulties it is doubtful if they will have a chance though they will have the advantage of playing on their home floor.

Boyne City should have no trouble with the cellar-dwelling East Jordan Red Devils (0-12) unless they suffer a let-down after upsetting the Harbor Springs Rams.

The Mancelona Ironmen will try to take on the role of spoiler this week as they travel to Harbor Springs. At times the Ironmen have looked real good. It will be a tough assignment for a team with a 4-8 record but with enough determination and a good night under the basket it is not an impossibility. Mancelona will be trying all the way to halt Paul Ranney and company who have their sights set high.

Charlevoix JV's Post 12 Straight Wins in a Row

Charlevoix's little Rayders racked up another victory this week as they dumped Pellston 61-37.

The young Rayders roared to a 20-2 first period lead over the young Hornets only to have the latter fight back to outscore them 19-11 to cut the halftime advantage to 31-21. Charlevoix got back in the game as the second half got underway, outscoring their hosts 16-14 for a 47-35 advantage going into the final period where they continued to pace the game 14-2.

Dave Norton had 18 points to lead the Rayders' scoring followed by Doug Winnell with 15; Dave Smith with 13; Warren Belding, eight and Jack Uhrick seven.

Also seeing very limited action in the final period were John Ferguson, Neil Cross, Tom Maxwell and Mike Crain.

Jack Skelton had 17 points for Pellston.

Pellston Hornets Regain 1st Place In MMCC League

The Boyne City Ramblers upset the Harbor Springs Rams 65-59 Friday night to knock the latter out of a first place tie with the Pellston Hornets who dumped Charlevoix 66-44 to retain their league lead.

Elsewhere Grayling edged Mancelona 62-59 and Gaylord rolled over East Jordan 60-44.

Boyne City 65, Harbor Springs 59

The Boyne City Ramblers, in an unanticipated show of strength, held the Rams' high scoring Paul Ranney to four field goals, all scored in the first half, to knock Harbor Springs out of a first place tie with Pellston. Using a full court press all the way, the Ramblers trailed the Rams 16-13 at the quarter and 30-25 at halftime before edging into a 46-46 tie as the game went into the final eight minutes.

Four of the Ramblers who started hit in double figures, led by Larry Gunderson with 18, Randy Price and Verlin Thompson with 17 each and Bill Darbee, who is credited with holding Ranney to four field goals, 13 points. Boyne had 24 field goals, hit on 17 of 26 free throw attempts and had 19 personal fouls compared to 20 field goals, a remarkable 19 of 25 free throw attempts and 19 personal fouls for the Rams who were paced by George Lauer with 21. Ranney had 13 and Tom Pifer 12 points.

Grayling 62, Mancelona 59

Mancelona proved a stubborn rival for the Grayling Vikings, coming from behind to knot the score several times in the final period after trailing 20-9 at the quarter. The Ironmen managed a 28-26 halftime lead which they lost in the third period as the favored Vikings went ahead 43-39. Tom Wright with 22 and Tim Neal with 21 paced the game for the Vikings. Dave Pruden had 22 and Pat Dutcher 12 for the underdogs.

Gaylord 60, East Jordan 44

Gaylord's entire line-up saw action Friday night as the Blue Devils led the visiting East Jordan Red Devils 17-15; 34-21 and 52-33 by quarters.

Ron Snell paced the victors with 17 points followed by Tom Lick with 13.

Mickey Bell had 13 points scored on one field goal and 11 (out of 13) free throws for the Red Devils.

RECORD OF THE COUNCIL

January 28, 1963

The Common Council of the City of Charlevoix met on the above date with Mayor Hawley presiding. Aldermen present: Grubaugh, Hansen, Neff, Staley, and Fochtman. Absent; Alderman Donaldson.

The minutes of the January 14, 1963 meeting were approved as presented to the Council in writing.

The following Fire Protection Resolution for Charlevoix Township was offered by Alderman Grubaugh and supported by Alderman Neff.

RESOLUTION NO. 2

BY THE CITY COUNCIL:

BE IT RESOLVED that the City of Charlevoix hereby agrees to furnish fire service to the territory embraced within the township of Charlevoix, it being expressly understood and agreed that such fire department response is binding upon the City of Charlevoix at all times except in the event that the fire department is unable to respond for reasons beyond its control:

AND BE IT FURTHER RESOLVED that the City of Charlevoix shall provide for response to fire calls within the Township of Charlevoix with fire apparatus having a minimum of 500 gallons per minute pumping capacity and at least four firemen and that the fire department will respond to such fire calls without delay and under the same conditions as to fire alarms within the City limits:

AND BE IT FURTHER RESOLVED that inasmuch as a reduction in fire insurance rates on certain properties outside the incorporated limits is recognized in connection with and on account of the above described response to fire calls, should this resolution be rescinded, The City Clerk is hereby instructed to notify the Michigan Inspection Bureau.

IF CALLING the folks back home has been only an occasional treat, why not make it a regular weekly event . . . at a time most convenient for you? More and more people are taking advantage of the lower Long Distance rates on many calls within Michigan. During the daytime, you can make a three-minute station-to-station call to anywhere in Michigan for a dollar or less. After 6 p.m. weekdays and all day Sunday, rates are even lower—70¢ or less up to 9 p.m. And after 9 p.m., *every* day, *you can call for 50¢ or less.* Excluding taxes, of course. Take advantage of these low rates by calling your Michigan relatives and friends often. No doubt about it, Long Distance is the next best thing to being there.

THERE'S MONEY IN A PILE of old phone books. That's why we ship mountains of old directories back to the paper mill. They're reduced to pulp once again, then made into new paper for future Michigan Bell telephone directories. We salvage about 3 million old directories every year—enough to fill a 76-car freight train to capacity! This behind-the-scenes operation saves us a considerable amount of money. And it's just one of the many ways all of us at Michigan Bell work to keep expenses down so we can continue to provide you with telephone service that's high in value, low in cost.

Area Franchise Given to Carey By Leonard Oil Co.

Appointment of Tom Carey, Carey Oil Company, as the new franchised Leonard distributor for the Boyne City area was announced this week by Leonard Refineries, Inc. The territory includes all of Charlevoix county and part of Emmet county.

Mr. Carey will utilize the distribution facilities of Rouse Oil Company, Boyne City. Art Rouse, owner of Rouse Oil and Leonard distributor for the past 17 years, plans to devote more time to his other business activities. He has recently completed construction of a new Firestone store at 437 Boyne Avenue, Boyne City where he will continue to handle Leonard petroleum products.

Mr. Carey is a lifetime resident of Charlevoix county and has many years' experience in the petroleum business. He stated that "Arnie" Hegerberg will continue to serve Leonard customers in the Boyne City area and that customers will receive prompt, courteous and dependable service.

A new office at the bulk plant and warehouse is being completed on Boyne Falls Road at the city limits of Boyne City.

Mrs. A. R. Harrison To Speak at Annual World Day of Prayer

The Community Reformed church of Charlevoix will be host to the annual World Day of Prayer scheduled for 1:30 p.m. Friday according to the general chairman, Mrs. Richard Potter.

"More than Conquerors" will be the theme of the annual service in which Protestant church women from all churches in the community will participate. Mrs. A. Robert Harrison will be the principal speaker at the service to which all women in the area are invited.

City to Protect Own Interest in Garbage Disposal Dispute

The Charlevoix City council, at its regular meeting Monday, made a move to protect the interests of the city in regard to its contract for garbage disposal and also to help insure continued maintenance of adequate sanitary garbage disposal facilities by intervening as a party defendant in the case of Clyde Cunningham, supervisor of Marion township, versus William J. Marme Jr. et al.

Mayor E. D. Hawley and Norman D. Ance, city attorney, were authorized and directed to do whatever is required to intervene in the case, which is scheduled to come before Judge Edward C. Fenlon, in Circuit court here Tuesday, and do whatever is required to protect the interests of the city.

The suite was brought again Marme, et al, doing business as the Charlevoix Garbage Service on Feb. 2. The case was continued from Feb. 5 to March 5 when Judge Fenlon ordered a stay until March 5 at that time.

Joseph Williams Stricken by Heart Attack in Florida

Joseph R. Williams was stricken with a heart attack Saturday while vacationing in Florida. He is hospitalized in Ormond Beach hospital for an expected three weeks.

His condition is reported satisfactory according to his daughter, Mrs. John Elzinga, who has been in communication with her mother.

Mr. and Mrs. Williams departed last week Sunday for a planned two weeks vacation.

City Council Votes To Have Audit of Books and Report

It has cost the city of Charlevoix the sum of $160,065.00 to keep the city in the electric business during the past 10 years. This is equal to $16,000 per year in the form of taxes and higher rates.

This startling information was released in the form of a resolution adopted by the Charlevoix city couneil approved by a four to one vote with one alderman absent. Voting for the resolution were Alderman Robert Foehtman, Richard Donaldson, Jack Grubaugh and Kenneth Staley with Alderman Edward P. Hansen casting the one nay vote. Alderman Robert Neff was absent from the meeting.

(A copy of the entire resolution may be found on page 11 of this week's Charlevoix Courier).

The electrical history of the Municipal Electric Utility over the past 10 year period lists the following benefits obtained: Cash Balance Feb. 28, 1962, $178,885; office rental to general fund, $48,000; hospital donation, $15,000; Chamber of Commerce, $3,725; street light maintenance, bulbs, fixtures, etc. $20,020 (Electric current used for street lights is paid by the general fund); fuel oil for streets, $7,580; transfers to: general fund, $135,605; water fund, $11,185; sewage fund, $6,600 or total benefits amounting to $426,600.

The cost of these benefits obtained include electric fund bonds and interest paid by funds derived from real and personal property taxes, $112,970 and not the electric fund; excess electric bills computed at an average of 20 per cent higher than would have been paid under competitive rates, minimum of $410,276; cash balance Mar. 1, 1952, for a total of $586,665.

Since the benefits received amounted to $426,600 and the cost of such benefits totaled $586,665 it would appear that it has cost the residents of Charlevoix $160,065 to keep the city in the power business, according to figures made available from the city's own books.

This, as mentioned above, is equal to approximately $16,000 annually to be paid in the form of taxes and higher rates.

Other factual information on the operation of the city, sources of income and plans for future operation will be made available by the council during succeeding weeks.

In other action of the council, a motion was adopted asking the firm of Dinwidie and Kandt be engaged to audit the books of the electrical fund and prepare a cash balance sheet for the 11 months period beginning Mar. 1, 1962, and ending Jan. 31, this year.

The council asked that the salaries paid by the electric utility, rent paid the city, difference in cost between city-used utilities under municipal ownership and Consumers Power rate comparison with Consumers, depreciation and comparison of cost of additional street lights be included in the report. The past 10 years record of growth to be used for a 10 year projection of the future growth of the electric utility.

The bid of $2,461 submitted by Parsel Garage for two Oldsmobile F-85 equipped with police packages was approved. The cars will be used by the police department and city superintendent.

Approval was given the salary increase of the city treasurer who will now receive $4,400 beginning with the next term of office.

A motion requesting the Waterways Commission to make an electrical engineering survey of the waterfront electrical system on a 50-50 basis was approved.

City Supt. James Taylor was asked to request a copy of Senate Bill No. 1392 from the Michigan Legislature.

Approval was given bills totaling $48,608.88.

The votes were canvassed and approved at a special meeting held Thursday evening.

Hike 25 Miles Across Big Lake

Courier Photo

★ ★

After a 25 mile trek across frozen Lake Michigan from Charlevoix to Beaver Island Sunday, Ivan Whitley, 27, (left) and his brother, Don, 25, are pictured here as they flew home from America's Emerald Isle, happy but weary and tired after the long walk.

What made them decide to take such a long and dangerous hike? Ivan, spokesman for the pair, said he had been eyeing the possibility ever since the consistently cold weather had caused Lake Michigan to be covered with fairly smooth ice earlier this year. "We kept an eye on the weather and had asked Joe McPhillips (who flies over the area almost daily while serving the Charlevoix-Beaver

- By Harold E. Kohn -

Hurrah for Tension!

Almost any day one can pick up a newspaper and read of lives being lost in fires. A mother and her babe die in their sleep when an oil heater overheats. Four children perish after playing with matches while their parents shop at a neighborhood store. Two cars collide and the gasoline tank of one car explodes, the flames killed the driver pinned in his seat.

A lighted cigarette costing about a penny was carelessly thrown to the side of a woodland trail in Maine, setting a fire which did eight million dollars worth of damage. Such forest fires, most of them caused by man, each year destroy enough wood in this country to build thirty-six thousand homes.

Still, for all the harm fire does, we seldom blame the fire itself for its ravages. It is man's misuse and carelessnes that are usually at fault. And, even when a forest fire is caused by a stroke of lightening, we recognize that it is the uncontrolled nature of the flames that make them disastrous. Controlled fire has been one of man's greatest benefactors—so much so that some primitive people worshipped fire. By the light of fire the primitives could frighten off threatening wild beasts. Fire kept the ancients warm, as it does us, and cooked their food. With the help of fire, men have made their tools and weapons, their musical instruments, and changed clay into pottery and brick. And in our time civilization would be impossible without the use of controlled fire. Hurrah for fire! Yet, say "fire" to some people, and their minds conjure up scenes of disaster rather than the countless benefits fire has bestowed upon man.

Another word in our language that is often abused and yet represents one of life's great powers for good is the word "tension." Speak the word in a large company and most folks will respond with pictures of migraine headaches, high blood-pressure, an uncomfortable taut, tight relationship between man and wife, parent and child, employer and employee, or between two countries on opposite sides of the "Iron Curtain". Of course, it is true that there is a kind of uncontrolled tension that, going rampant, scorches and chars individual minds and social relationships like a forest fire blackening the earth. Wherever there is an unresolved difference between the friendship we proclaim and the way we live, between the faith and morals we affirm and our daily conduct, between the friendship we profess toward others and the unfriendly way we talk about them when their backs are turned, we suffer from tension. Whenever we accept a task that is repugnant to our inner nature, or compromise high standards for expediency, or face an enemy we can neither conquer or escape, we feel the ill effects of unresolved tension.

Such undecided conflict impairs our efficiency, blights imagination, precipitates headaches, backaches, ulcers, vascular problems. On an international level, untreated tension causes mass hysteria and can end in war. But to "get rid of tension", (as some amateur pshychologists suggest) simply because it is sometimes abused and frequently uncontrolled is like banishing all the benefits of fire from the earth because some people throw away burning matches or overheat their stoves.

I say "HURRAH FOR TENSION!"

TENSION IS BEHIND ALL CULTURAL PROGRESS AND MAKES ALL PROGRESS POSSIBLE. Tension is civilization's driving force.

I have a pocket watch that sometime ago suddenly stopped. Its main spring had done exactly what the armchair psyehologists invite everyone to do: it had relaxed. The spring became limp. Upon examination, the spring proved to be broken. Only when a new mainspring, capable of tension, replaced the relaxed one, and the spring was wound tightly, could the watch function normally. When the watch was "rid of tension" it was worthless as a timepiece. When its tension returned this instrument again measured the passage of time.

Tension is a mainspring of civilization. At any given point in history if all men had become perfectly satisfied with things as they were, and had relaxed in comfortable contentment, further progress would have been impossible. Man has recognized the difference between things as they were and things as they might be. He is the only creature to be plagued with conscious dissatisfaction. While sea gulls and whitetailed deer provide for their needs and take care of their young as did their ancestors two thousand years ago, man has improved his methods of making a living and certain conditions under which he lives. It hasn't been through relaxation that man has increased the productivity of his fields, advanced his scientific knowledge, diminished the disasters of epidemics, cured many a disease, prevented countless other diseases through improved sanitation and inoculation, and bound the world together by better means of transportation and communication. Far from being relaxed, the civilization builders struggled through meagerness toward greater production, through ignorance toward knowledge, through disease toward health, through isolation toward a world neighborhood. We citizens of the twentieth century are all the beneficiaries of someone's dissatisfaction or disgust with things as they were and someone's striving to make things different. This feeling of discontent at the disharmony between the way things are and the way things ought to be is tension. No civilization and no culture would be possible without it. And I say, Hurrah for that kind of tension!

TENSION IS A POWER FOR MAKING PERSONAL PROGRESS POSSIBLE. As with the development of a civilization, so with personal growth of mind and soul—we make our gains when goaded by a purpose. At its best tension stretches us toward some goal. Such tension is the desire to be mentally and spiritually bigger, to know more, to do a better job. It makes a man grow. It is an evil day for anyone when he slumps back in complete and utter satisfaction with what he is and what he has done. Such limp-mindedness is doomed to disaster. James Marshall relaxed when he got all the money he wanted and then fell apart mentally and morally. While building a mill-race for John A. Sutter, in Sacramento, California in 1849, Marshall saw flakes of gold glittering in the stream. It was this discovery that started the California Gold Rush and pushed Marshall toward disaster. He established a fortune and then stopped work. He died in filth, squalor and drunkeness—his wealth squandered.

The Dillon Brothers of the West discovered the Little Chief Mine after the strain of long months of hard work. Soon they could lean back in the comfort of their wealth. They relaxed—one brother into alcoholism and the other into such prodigal spending that he had to become a rooming-house janitor in order to survive.

A man's mind is a little like a violin string. A relaxed violin anything but a noisy squawk. string is incapable of expressing. Only when it becomes tense is it free to sing. (Of course, like a violin string, a man's mind must not be stretched tight constantly. It must sometimes relax if it is to be effective when tightened into singing condition.)

We all live amidst a scheme of things which there are evil and good, the fair and the better and the best. It is plain that we must never choose the evil in preference to the good. Few will settle for disease rather than health, ignorance rather than knowledge, defeat rather than victory. Our real danger is that we will limply rest in the mediocre that does not represent our best and relax in the good that is not good enough. The kind of tension we need is a dissatisfaction with the good worker or good citizen or good person we were yesterday so that we become better today.

Such tension makes every day an exciting contest with yesterday and every man a competitor with his former self.

HURRAH FOR TENSION!

Voice of Our Readers . . .

To the Editor:

Marion Township has recently voiced its alleged position and we would also like to express ours.

In October, 1962, the Township Board was petitioned by some interested residents to enforce the Zoning ordinance. The Township Board did have an informal meeting on a Saturday night, October 6. I also attended this meeting although I received no invitation to attend and knew of the meeting only through hearsay. I felt that I was definitely an interested party.

I certainly felt that there was no question of my being in compliance with the Zoning Ordinance because for ten years prior to and continuously for ten years I have used the said property in my business by burning and dumping trash thereon. I felt that changing to a land-fill, doing away with smoke odors and possible rodents, would be an improvement and a benefit to the whole community and not in any way a violation.

From the meeting of October 6th I received the impression that if I requested re-zoning, the Township Board would turn it down.

I, too, am not seeking trouble, but in spite of the Township's so called lenience, we have been put to a great deal of additional expense and inconvenience.

I would certainly like to find a suitable solution and still be able to make a living while doing what I feel would benefit the community and not harm it in any way.

Sincerely,
William J. Marme, Jr.

To the Editor:

As a taxpayer and citizen of Charlevoix I wish to outline the reason I feel the Municipality should control the sale and distribution of electrical service in the City of Charlevoix. In stating these reasons I wish to point out that I am not against the efficiently operated private Utility Companies, as being an investor in several of these Companies I am satisfied with the return on my investment.

Charlevoix is different than most towns of comparable size in that they enjoy the unique situation of having available several sources of supply of electrical energy, such as:

1. Municipal generated power.
2. Purchase from a Private Utility.
3. Purchase from the Northern Michigan Eclectrical Cooperative, whose fine facility at Advance I understand is not selling all of it's capacity.

Many years ago it was thought the earnings from the Electric Utility could dispense with the Summer Real Estate Taxes. That has never been realized, however the earnings have been of some assistance to already overburdened Tax Payers. These earnings should exceed the Interest from a million dollars invested in Government, State or Municipal Bonds, which at the most would not exceed about forty five thousand dollars per year.

The present contract for purchasing power wholesale should be given a trial pperiod of at least three to five years, and in the meantime the Municipal owned Equipment should be maintained in a ready condition.

It should be remembered that once this Municipal earning power is sold, It is gone forever.

WE HAVE MORE SNOW THAN DOES MUCH OF THE ARTICS REGION. Americans ordinarily believe that they receive far less snow each winter than do the regions of the extreme North. Actually this winter's snow on the northern tier of states far exceeds what falls in any winter in polar America or on Greenland's ice-cap. The essential dryness of the inland polar regions makes for far less precipitation than in Michigan.

To Give 1963 National Merit Scholarship Tests March 9

The 1963 National Merit Scholarship Qualifying Test will be given to approximately 70 Charlevoix high school students at 9 a.m. Saturday, March 9, according to Harry E. Bingham, high school principal, and William Ratigan, school counselor.

All students who wish to be considered by the many Merit Scholarships to be awarded in 1964 should take the test at this time, Mr. Ratigan advised.

"The qualifying test is a three-hour examination of educational development. The test is the first step in the ninth annual competition for four-year merit scholarships provided py the national Merit Scholarship Corp. and by sponsoring corporations, foundations, associations, unions and individuals.

The test scores of students who are examined in March will be reported to their schools before May 15. The scores are used by class advisors in many high schools to help students make decisions about college attendance and field of study. Many who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. At the present time there are 3,400 Merit Scholars attending 403 colleges.

Some 13,000 semifinalists, the highest scorers in the state, will be named early next fall and published in a booklet which is distributed to all colleges and to other sources of financial aid for under-graduates. Further, their names and test scores are sent to colleges that express an interest in attending as their first or second choices.

An additional 35,000 students, selected on a national basis, receive letters of commendation for their high performances on the qualifying test. These students are considered for special awards made through the Merit Corporation and their names and test scores are sent to their first and second choice colleges.

The college stipends are based on financial need.

IT HAPPENED ON . . . . BEAVER ISLAND

By MARION MARTIN

(Lale News Letter)

In keeping with their Irish ancestry, the residents of America's Emerald Isle, Beaver Island, are making big plans for the observance of St. Patrick's Day.

Only Christmas and Independence Day take precedent over this day dedicated to the patron saint of Ireland on Beaver Island where the Irish immigrants, fresh from the auld sod, settled more than a century ago.

The celebration of St. Patrick's Day will begin with a big dance at the Shamrock on Saturday evening, March 16, with O'Malley's band of Green Bay, Wis., playing for dancing.

On Sunday a traditional Irish dish, corned beef and cabbage with all the 'trimmins' will be served at a dinner to be served at the parish hall beginning at 5 p.m. A movie in keeping with the Irish theme will be shown later in the evening.

Mrs. Russell Green with Mrs. Archie Minor serving as co-chairman is general chairman of the St. Patrick's Day festivities.

Weather permitting, many visitors are expected from the mainland. Tourist courts will open to accomodate the visitors.

While the Irish on Beaver Island are planning their observance of St. Patrick's Day, former island residents and those who have been touched with the Irish stardust while visiting Beaver Island are planning to celebrate the day on the mainland. At Lansing a party is being planned by the Beaver Island Association of Michigan headed by George Egbert and in Chicago similar plans are being formulated for the annual Beaver Island party by former island residents and their friends. Both these events will be held on March 9 at locations to be announced later.

Justice Court News

Justice Arthur Osborn reports the following cases which appeared in his court recently:

Douglas Houck of Boyne Falls, charged with being drunk and disorderly, was ordered to pay $5.00 fine and $4.30 costs. Summons was issued by the State Police.

Charged with speeding, the amounts of fines and costs and arresting agencies were: Donald Stratton, 27, of East Lansing, James Kerwin, 32 of Detroit, Karl Erber, 54, Marguerite Fisher, 41, of Coloma, Raymond Weigel III of Cadillac, D. Richard Noggle, 20, of Harbor Springs, Harold Breuker, 49, of Holland and George Beer of Traverse City. All were ordered to pay fines of $5.00 and costs of $4.30 each. The latter was also charged with having no operator's license on his person at the time of his arrest. However the second charge was dismissed when he presented proof that he had a valid operator's license. All summonses were issued by the State Police.

Ironton News

By Mrs. Harry Gingery

Mr. and Mrs. William Peck of Lansing were at their Ironton cottage for the weekend. Ironton residents are pleased to know that Mr. and Mrs. Peck will be making Ironton their year round home. Mr. Peck recently retired from his job at the Michigan National Bank in Lansing.

Terry Neilson, Steve and Kay Kroll and Peter Brock were in the High School Band Festival at Petoskey last weekend. The band received a 1 rating and will be going to Battle Creek later on in the year for the State Band Festival.

The women of the Ironton Congregational Church are having a quilting party this Thursday (today) at the church.

Mr. and Mrs. Richard Russell left Friday for a month's vacation. They are going out west, and will be stopping in Texas, California and Washington.

Mr. and Mrs. Richard Miller of Petoskey spent Sunday with their son-in-law and daughter, Mr. and Mrs. Sam Alexander and daughter, Diane.

CARD OF THANKS

We wish to thank unnumbered neighbors and friends who were so thoughtful and helpful during Mac's last illness and after his passing. We are most grateful for their countless letters, telephone calls, flowers, memorials and prayers. Special thanks are expressed to Doctors Grate, Seltonstali and Drake, ond to the entire staff of the Charlevoix Hospital for the help which was both so skillful and so tender.

Appreciated, too, were the kind ministries of the First Congregational Church, its ministers, its Women's Fellowship ond Margaret Parker Circle, the Masonic lodge brothers and the sisters of the Sylvia Chapter of the Order of the Eastern Star, the friendly concern and care of the employees of the American Mold Engineering Company, and the gracious services of Robert Winchester.

Memories of these kindnesses have strengthened us, and we shall remember them with gratitude.

Charlevoix High School Band Awarded First Division Ratings

The Charlevoix high school band, playing under the direction of C. A. Odmark, won a coveted 1 rating in the District 11 Qualifying Festival at Petoskey Saturday.

All four judges who heard the band awarded the 80 piece musical organization first division ratings and were most complimentary in their remarks and criticisms.

This marks the tenth consecutive year and sixteenth time in 17 years that the Charlevoix band has earned the right to participate in the Michigan State School Band and Orchestra Festival being held in Battle Creek April 27.

For the second straight year all three Charlevoix county bands received top ratings. The Boyne City band is directed by Herbert Parrott and the East Jordan group by Dwight M. Smith.

While the criticisms of the Charlevoix band were mostly technical in nature, such comments as these were expressd by the judges: Leonard Falcon, director of bands at Michigan State University, said: "This band displays clean ensemble, has a nice tone and is generally well in tune. This band is well organized and coordinated musically". Russell Friedewald of the music staff at M.S.U. wrote 'This band displays careful, accurate playing ... details of the score enhance the performance. Band is very responsive and well trained. A good music education is achieved ... well disciplined, accurate note playing throughout ... very musical'.

Rites Friday for Mrs. Irvin Cabana Belvedere Resident

Mrs. Irvin Cabana, 69, resident of this community for the past 25 years, died Tuesday at the family home at 306 Belvedere ave. She had been in failing health for several years.

Funeral services will be held at St. Mary's church at 9 a.m. Friday with the Rev. E. Francis Denay officiating. Burial will be in Brookside cemetery. The body is at the Winchester Funeral Home where the Rosary will be recited at 8 p.m. Thursday.

Born in South Bend, Ind., Apr. 13, 1893, the former Stella I. Ogniszak was married to Mr. Cabana on Feb. 4, 1913, at South Bend where they lived until coming to this community 25 years ago. She was a member of St. Mary's church and the Third Order of St. Francis.

Besides her husband, she is survived by two sons, Francis of Mt. Clemens and Harold of Royal Oak; five daughters, Mrs. Martin Kelly of Petoskey, Mrs. Joseph Hands of East Detroit, Mrs. Albert Ciesielski of South Bend, Ind., Mrs. Victor Sgrazzutti of Detroit and Mrs. Clifford Stewart of Warren; 13 grandchildren; four greatgrandchildren; three sisters, Mrs. Sophia Tobolski and Mrs. Mary Policinski of South Bend and Mrs. Hannah Tarwacki of Mishawaka, Ind.

To Dedicate New Organ at Grandvue

The dedication of the new organ at the Grandvue Medical Care Facility for the Aged has been scheduled for 2:30 p.m. Sunday, March 3, the Rev. George L. Majors, chairman of the Charlevoix County Ministerial Association, has announced.

The program will feature a talk by the chaplain, the Rev. Mr. Krake, a brief talk by the Rev. Daniel Axt of the East Jordan Presbyterian church regarding the chaplainey program and a prayer of dedication by the Rev. Charles A. Stoppels of the Community Reformed Church of Charlevoix.

There will be special hymns by the patients and those attending with Mrs. William Kerr of the Charlevoix Community Church of God, at the organ.

Rites Today for William D. Hair of Hayes Township

William D. Hair, 74, retired Hayes township farmer, died Tuesday at the Charlevoix hospital where he had been a patient since Saturday.

Funeral services will be held at the Winchester Funeral Home at 2 p.m. Thursday with the Rev. Harold E. Kohn officiating. Burial will be in Brookside cemetery.

Born in Hayes township July 3, 1888, Mr. Hair was married to the former Ruth Whitney at Central Lake in 1920. They always have made their home in Hayes township. For the past five years they have spent the school year in Clarkston where Mrs. Hair held a teaching position. He was a former member of the I.O.O.F. and the Maple Grove Grange.

Besides his wife, he is survived by a son, William H. of Madison Heights; four daughters, Mrs. Marion (Margery) McGhan and Mrs. Calvin (Marvel) Maison of Traverse City, Mrs. Calvin (Lynn) Lamoreaux of Petoskey and Mrs. David (Marilyn) Miller of Charlevoix; 17 grandchildren; a sister, Mrs. George Zelker of Charlevoix and one brother, George Hair of Charlevoix and Palmetto, Fla.

Forrest Muma's Sister, Mrs. Webster of Detroit Dies

Funeral services for Mrs. Garland Webster, 38, sister of Forrest Muma, who died Friday at Charlevoix hospital, were held Monday at the Watson Funeral Home in East Jordan. Burial was in Greenwood cemetery in Petoskey. The Rev. Daniel Axt officiated.

The former Betty G. Muma was born in Redford township in Wayne county Dec. 28, 1924; was graduated from Wayne high school and resided in Detroit and East Jordan prior to her marriage to Mr. Webster at Mt. Morris in 1949.

Besides her husband, she is survived by three children, Sandra, Patricia and Michael, all at home; her parents, Mr. and Mrs. Amber Muma of East Jordan and two brothers, Forrest Muma of Charlevoix and Dale Muma of East Jordan.

Hike 25 Miles

(Continued from page 1)

Island mail and passenger route) to check conditions from the air. He told us there was no open water anywhere in sight so we decided this was the time".

The pair stepped onto the ice north of the pierheads at 7:45 a. m. after getting a late start. They ran into knee-deep snow which was crusted over about two hours out of Charlevoix which made the going rough and slowed them down. In most places the ice was quite rough though they did walk over some blue ice. The toughest part of the hike came at the end where the ice had broken away from the southeast shoreline of Beaver Island, drifted out and then was windrowed as it was blown onto the shore. Tired and weary, they had about 1½ hours of this at the end of the trip which took them just 8½ hours.

They had planned to go ashore at Beaver Head light on the south end of the island but after realizing they would still have to walk the length of the 14-mile long island to get to St. James, they veered their course and came ashore near Cable Bay about 10 miles from the village.

They were surprised when they were met by Walter Wojan and his 'Snow-Mobile'. "We didn't know how he knew we were coming but we certainly were glad to see him," they said.

He took them to the Shamrock where a smorgasbord, sponsored by the Beaver Island Civic Association, was in full swing. They were feted and, later in the evening, taken to a local motel where they were guests of the association for the night. They returned home via air Monday morning.

Still weary and muscle-sore as well as wind-burned, both reported the venture had been challenging but added that they didn't think they would try it again right away.

The temperature was 10 below zero when they left and never got above eight degrees on the mainland. A sharp wind from the northwest added to their discomfiture about a third of the way across.

This is the first time in memory that anyone has walked from Charlevoix to the island though island residents have made the trip from the island to the mainland in the past. The last such recorded trip was made via car to the mainland and return in the mid-30's.

Your Yes Vote Will Help Charlevoix Go Forward

Charlevoix will reap these benefits through approval of the Electric Service Proposals April 1

1 Consumers Power Company will pay the City $1,000,000 for its electric business and property.

2 The City can invest this million dollars in government bonds or other securities and obtain interest estimated at $40,000 a year.

3 The City will avoid the necessity of spending an estimated $392,000 on expansion and improvement of the electric system during the next ten years.

4 Consumers Power Company will pay the City and school approximately $7,000 a year in taxes on the electric property. In addition, it will pay about $3,000 a year in county and hospital taxes on this property.

5 The People of Charlevoix will receive strong, dependable electric service at fair, regulated rates from one of the most efficient electric networks in the nation.

6 There will be an ample supply of electricity to meet all present and future needs of Charlevoix homes, businesses and industries, including industries that may consider building plants in Charlevoix.

7 Consumers engineers and home service specialists will be ready at all times to assist you without charge to make the most effective use of your electric service.

8 Consumers area development people will work with the people of Charlevoix to promote the continued growth and progress of the community.

Charlevoix Bows to Gaylord 63-60

Bad Second Period Marked Undoing for Charlevoix Rayders

The Charlevoix Rayders, battling hard to overcome a 34-23 halftime deficit, trimmed Gaylord's lead to three points as time ran out on the local hardwoods Friday night. The game ended with a 63-60 score with the Blue Devils on the credit side.

With Bruce Kroken and Ken Parrish in the forward slots, Dave Rader at center and Frank Curtis and Chip Terrill in the guard position, the Rayders trailed Gaylord by one point at the end of the first quarter 14-13 after a last minute surge had trimmed the Blue Devil lead to one point. Rader had contributed seven points, Parrish five and Curtis one.

A bad second period in which they were outscored 20-10 was the Rayders undoing. Dwight Boss had four points and Kroken, Curtis and Ance two each as Grayling seored twice as many on six field goals and eight free throws.

Playing the type of ball they are capable of playing as they came back for the second half, the Rayders poured in nine field goals including three by Curtis, two each by Radar and Parrish and one each by Kroken and Boss. The latter also had one free throw. Gaylord had 14 points on seven field goals as Charlevoix trimmed their margin to 48-42.

The final eight minutes saw the Rayders cut the Blue Devils lead to two points at various times but the local lads never managed to head the visitors as they outscored them 18 to 15 on three field goals by Parrish, two by Curtis, three points each by Kroken and Terrill and two by Rader. Gaylord had seven field goals and a charity shot.

Charlevoix ended the game with 24 field goals and 13 of 17 free throw attempts while collecting 14 personal fouls. Grayling had 27 field goals, nine of 21 attempts and 12 personal fouls.

Gaylord's sophomore center, Tom Lick, had 23 points for the victors.

Parrish with 15 points paced the Rayders. He was followed by Rader and Curtis with 13 each; Kroken and Boss with seven each; Terrill with three and Ance with two; Bruce Murray, Gary Stutzman and Jack Uhrick also saw action.

In on the action wes (l to r) Tom Lick (G-33), Pete Ance (22), Parrish, Jamie Guggesburg (G-23), Bruce Kroken and an unidentified Blue Devil.

The Rayders will travel to Mancelona Friday to close out their regular schedule before going ageinst Boyne City in the opening game of the Class C District tournament at Boyne City at 7:30 p.m. Tuesday

Pellston and Harbor Springs Share Loop Lead

The Grayling Vikings, in a surprise move, knocked the Pellston Hornets out of sole possession of the first place in the Northern Michigan Class C league Friday when they upended them by a score of 55-52.

Harbor Springs' victory over Mancelona by a score of 81-40 pushed the Rams into a first place tie with the defending champions while Gaylord nailed down second place with a close 63-60 win over Charlevoix. Boyne City remained in a tie with Grayling for fourth place with a 66-47 win over East Jordan.

Grayling 55 Pelston 52

After trimming Grayling earlier in the season, the Pellston Hornets apparently anticipated another easy victory as they went against the Vikings who are short-handed due to the loss of Chris Kroll, who, after being ineligible because of academic difficulties is now under a doctor's care because of illness which will keep him hospitalized for six weeks. The Vikings, however, had other ideas as they held the Hornets to a 13-11 first quarter lead before taking control of the game in the second period for a 25-23 halftime advantage. The third quarter saw the score knotted repeatedly but the Hornets never again headed the Vikings who held onto a slim 39-38 third period lead. In the final eight minutes, the Vikings outscored the visitors 16-14 for the three point victory.

Tom Wright poured in 22 points and Tim Neal 12 as the Vikings scored a total of 22 field goals and 11 points from the free throw line (out of 13 tries) while collecting eight personal fouls. Mike Thompson with 25 points and Ed Clear with 17 scored the lion's share of the Hornets' 23 field goals and six free throws (out of 12) while receiving 10 personal fouls.

Harbor Springs 81, Mancelona 40

Behind the scoring of Paul Ranney who dumped in 36 points for the game, the Rams rode rough-shod over the Mancelona Ironmen as they led the visitors 22-6; 47-27 and 59-31 by quarters. Giving Ranney an assist were George Lauer with 17 points, Tom Pifer with 12 and Mike Lauer with 10 points. Pat Dutcher, with 15 points, was top scorer for the Ironmen.

Boyne City 66, East Jordan 47

Three Ramblers, Larry Gunderson with 21, Verlin Thompson with 19 and Randy Price with 17, paced Boyne City as they led the Jordanites 14-10; 26-22 and 47-35 by quarters. Don Roberts and Jim Sturgell with 13 points each paced the scrappy Red Devils.

This Week With Class "C"

With the 1962-63 North Michigan Class C cage season drawing to a close, the battle for the league title continues right down to the wire.

Except for two times during the regular season it would seem as though the defending champions, the Pellston Hornets, had the chmpionship all sewed up. The first time was when the Harbor Springs Rams toppled the mighty Hornets from the ranks of the undefeated as the second half of the season got underway. Boyne City, by upsetting the Rams, pushed the Hornets back into sole possession of first place where they remained until Grayling upset them Friday night.

This week both teams must win to hold on to their lofty positions. Pellston will have the easier time of it as the Hornets travel to East Jordan to take on the Red Devils who have yet to post a win while the Rams will find the going rough as they invade Gaylord territory. The Blue Devils (8-3) will be out to upend the Harbor Springs five and could do just that for they trimmed Boyne City (59-47) before the latter upset Boyne City (65-58). Added to that, the pressure will be on the Rams while the Blue Devils have nothing to lose but prestige.

At Boyne City the Ramblers and Grayling will battle for possession of third place now shared by the two teams. The Vikings are riding high after upsetting Pellston and because of this win will be a tough adversary. The Ramblers, on the other hand, have an upset over Harbor Springs to their credit. These facts alone will make this a close game with the outcome a toss-up though the Ramblers will have the advantage of playing on their home floor.

Charlevoix (3-10) will be the underdog as the Rayders go against Mancelona (4-9) but the Rayders have one win over the Ironmen to their credit and will try to make it two. But the job will be a rugged one with the Rayders having to put forth their best to post a win.

Charlevoix JV's Dump Gaylord Reserves 62-50

Charlvoix's little Rayders continued along the victory trail Friday by dumping the Gaylord Reserves 62-50.

The local lads rolled to an 18-12 first period lead and continued to control the game with a 32-20 halftime advantage.

On their return to the hardwoods for the second half, the visitors found the range and started to hit but they still trailed 46-34 going into the final quarter when they outscored the Rayders 17-16.

Dave Smith with 27 points led the way for the local quintet. He was followed by Dave Norton with 19; Warren Belding with nine; Doug Winnell with six and Don Smith with one.

Seeing action with less than two minutes remaining were John Bleha, John Ferguson, Tom Maxwell, Bob McCall and Mike Crain.

Gene Fitzek had 18 for the visitors.

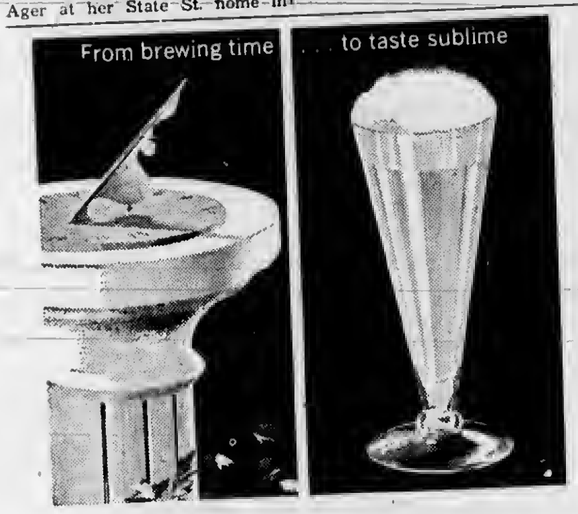
Seventy cup cakes were furnished by the Ladies Auxiliary of Charlevoix County Barracks No. 2710 Veterans of World War I. Valentine favors with candy bars were brought in by Rev. Donald Stephan of the Seventh Day Adventist Church of East Jordan. Our thanks to each one of these people.



IN MICHIGAN

BEER IS A NATURAL

Brewed slowly, by a centuries-old natural process, beer is Michigan's traditional beverage of moderation—light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Michigan, spent in Michigan. In Michigan, beer belongs, enjoy it.

Resolution adopted by the following yea and nay vote: Yeas; Aldermen Donaldson, Foehtman, Grubaugh, Hansen and Staley. Nays; None. Absent; Alderman Neff.

Alderman Donaldson offered the following Resolution and moved its adoption, seconded by Alderman Grubaugh.

RESOLUTION

Due to request from many citizens of Charlevoix, the Council deems it necessary that a review of the recent history of the electric utility should be published to inform the public about what has actually happened. A misconception has existed in relation to the past benefits and cost of same provided by the electric system. This information has been summarized from the year end Financial Statements of the City of Charlevoix. This report shows it actually cost the people $160,065.00 to keep the City of Charlevoix in the electric business during the past 10 years. Rayders Blaze Way to Victory in Tourney Game

★ ★ ★

Upsets Boyne City By a Score of 63-57

The Charlevoix Rayders, playing heads-up ball all the way, upset the favored Boyne City Ramblers by a score of 63-57 in the opening game of the Class C District tournament Tuesday night to win a berth in the finals at 7:30 p.m. Saturday.

The Rayders will take on the winner of the Harbor Springs-East Jordan game at 7:30 p.m. Saturday at Boyne City.

A determined Charlevoix quintet, coached by Don Carey, went onto the hardwoods at Boyne City Tuesday night, took an early lead and never were headed as they blazed their way to victory over a team that had defeated them twice during the regular season.

Ken Parrish and Bruce Kroken started in the forward positions, Dave Rader at center and Frank Curtis and Jim Uhrick in the guard positions. Gary Stutzman joined the fray in the third period when he replaced Kroken in the line-up.

Kroken went in to score the first bucket. Parrish made the score 3-0 before Boyne City hit for a double-pointer. Kroken snapped back for another field goal but Boyne countered with a bucket before Parrish added one from the free throw line and Rader hit on a field goal for an 8-4 lead. Boyne City managed to knot the score at 8-all and again at 10-all before Charlevoix went ahead 12-11 at the quarter. Kroken had scored three field goals, Rader and Uhrick one each and Parrish two points from the free throw line. The Ramblers had five field goals and a free throw.

Going into the second quarter, the Rayders managed to stay ahead of the Ramblers by three points or more as Rader scored three field goals and two free throws, Parrish and Uhrick two field goals and a single each and Kroken, two free throws for a 32-25 halftime advantage.

The Ramblers had their best quarter as the game went into the second half trimming two points from the Rayder lead as the period ended 46-41. Curtis and Stutzman had two field goals each, Uhrick three free throws, Rader two and Parrish one for 14 points. The Ramblers had seven field goals and two gift shots.

As the game went into the final period, the Ramblers fought for the ball sending Rayder players to the free throw line eight times to collect seven points. Parrish ended the period with eight points on two field goals and four free throws, Stutzman had two field goals and two free throws, Rader a field goal and Uhrick a single free throw. Boyne City had five field goals and six free throws including 10 points by Larry Gunderson.

The box score showed that the Rayders had scored 21 field goals and 21 of 28 free throws while collecting 13 personal fouls while Boyne City had 23 field goals and 11 of 16 free throw attempts while being tabbed for 20 personal fouls, most of them in the final period.

Parrish came out of the game with 16 points including eight out of 10 free throws; Rader with 14 including four of five free throw attempts; Uhrick with 11 including five of six attempts; Stutzman, 10 including two of four free throw attempts; Kroken eight including two of three attempts and Curtis two field goals.

Gunderson had 16 points; Randy Price, who left the game with five fouls with less than a minute remaining, had 14 and Verlin Thompson, ten points.

The Ramblers played without the services of Bill Darbee who was ill.

Heavy Snow Plugs Roads Charlevoix Schools Close at Noon

More than a foot of snow which started to fall about midnight sent all Charlevoix students to their homes at noon Wednesday.

The weather was clear and calm when fans returned from the district basketball tournament at Boyne City late Tuesday. However, at 2 a.m. Wednesday it started to snow and at 8 a.m. approximately eight inches had fallen. Buses were dispatched and a few had some difficulty returning with students. When the snow fall continued and at noon all schools in the county were advised by the Charlevoix County Road Commission to send students home.

By noon Wednesday approximately 12 inches of snow which had fallen in less than 12 hours was being whipped about by northwest winds. The barometer had dropped to 28.63, promising even more rough weather ahead.

The road commission reported US 31 plugged both north and south of Charlevoix and other roads filling fast at noon Wednesday. All equipment was in use but the heavy snowfall and high winds were making it impossible to keep roads open, according to Ralph S. Hamilton, clerk of the commission.

Ironton School Contract Let to Shaw Company

The Shaw Consruction Co. of Ludington, whose bid was in the amount of $29,358, has been awarded the contract for the construction of the Ironton school, Howell Parsel, secretary of the school board, has announced.

The Shaw Company was one of seven bidders for the project which will begin as soon as weather permits. Mr. Parsel said.

The building will be constructed on the site of the former frame building which was built in the 1870's and which was razed last year. The school was closed in April 1961 after it was declared unsafe by the State Fire Marshal.

The new one-story building will be constructed of block, brick and glass and will be approximately 30 by 70. It will feature one large classroom, a glass-enclosed office area which can also be utilized as a small classroom, a small kitchen and related rooms including a vestibule and cloak room, restrooms and storage areas. A furnace room will be reacher through an outside entrance. Oil-fired hotton of Traverse City is the water heat will be utilited to heat the building. Paul A. Hazel-architect.

Plans call for the building to be completed for use in September, Mr. Parsel said.

Approximately 20 children in the kindergarten through the sixth grade will be enrolled in the school.

During the past two school years, these students have been enrolled in the Charlevoix and East Jordan schools. During the remainder of the 1960-61 school year, a classroom in the East Jordan elementary school was used by the district.

Members of the school board are Kenneth Tunison, president; Earl Kroll, treasurer and Mr. Parsel, secretary.

Assign Specialist To Answer Electric Service Queries

Personnel specializing in specific fields have been assigned to the Consumers Power Co. temporary office at 224 Bridge st., according to B. D. Hilty, the company's manager for the Northwest Division. These specialists will augment the regular staff at the center and will be available to discuss problems in their respective fields.

Assigned to provide information on commercial sales are Gene DuCharme and Richard Dahlquist; power sales engineer, Willis Allen; lighting sales engineer, Joseph Herron; farm service advisor, Ben Porter; senior, technician, Robert Johnson; and Mr. Hilty.

Walter K. Martens, assistant to the district manager; Gerritt Elenbaas, division office representative; and Alun Bevan, Big Rock Point Plant Information services Co-ordinator, will be on full-time duty at the Bridge st. information center, Mr. Hilty has announced.

Mr. Martens, who will co-ordinate information activities, said the Bridge st. office will be open from 9 a.m. to 1 p.m. daily, including Saturdays, until further notice.

APOLOGIES

The heading on the story of the council act in The Courier issue of Feb. 28,1963, was misleading. The content of the news report, however, should have given readers a clear picture of the action taken by the council.

Urged to Apply Early for Absent Voter's Ballot

Registered voters who are planning to vote by absent voter's ballot in the April 1 general election are urged to apply as early as possible for an absent voter's ballot application.

Fenton R. Bulow, Charlevoix county clerk, in urging that everyone vote in the forthcoming April election, called attention to the need to apply early for the application for an absent voter's ballot. This applies, especially, to those who are away and who must depend on the mails, he said.

Requests for absent voter's ballots must be addressed to the city or township clerk where the voter is registerd. An application for a ballot is then forwarded to the voter and returned before the ballot can be sent. The voter must fill out the ballots and return them by April 1. This all takes time, Mr. Bulow said, in urging those who plan to vote in this manner to write at once for their ballots.

Weekly Lenten Service Topic Told

The Rev. Alexander Wood of Christ Episcopal church will speak on "The Triumphal Entry into Jerusalem" at the second of the Weekly Lenten services to be held at the First Methodist church from 12:30 to 12:50 p.m. Wednesday.

The series, to be presented at the centrally located Methodist church at the same time every Wednesday, is sponsored by the Charlevoix Ministerial Association.

The public is invited to attend.

Jerry B. Boss Wins Mathematics Prize

Jerry B. Boss was the top scorer for the Charlevoix high school in the Sixth annual Michigan Mathematical Prize Competition according to an announcement by Dr. James H. McKay of Oakland University at Rochester.

More than 12,000 students from 450 high schools participated in the competition which seeks to stimulate interest in mathematics

He is a senior at the Charlevoix high school and the son of Mr. and Mrs. Gerald Boss.

Seven Persons Arraigned in Circuit Court

Seven persons were arraigned at the opening session of Circuit court here Monday before Judge Edward H. Fenlon who has been assigned to this circuit in the absence of Judge Charles L. Brown who has been assigned to court in Detroit.

In the case of Frank Kuzmik, 25, of Boyne Falls, who was charged with statutory rape, the charge was reduced to indecent exposure. Kuzmik pleaded guilty to the lesser charge and the case referred to the probation department for investigation.

Frank Syrek, 19, of Boyne City pleaded not guilty to a charge of unlawfully driving away an automobile. The case was continued to the May term of circuit court.

On two separate appeals from Justice Court regarding conservation violations both defendants Purl C. Leazier, 26, of Boyne City, and Carl D. Morgan, 24, of Boyne City and Bad Axe, pleaded guilty and the cases referred to the probation department for investigation.

Mrs. Louise Hamlin, 24, pleaded guilty to two charges of cruelty to children. The case was referred to the probation department for investigation.

Walter B. Wilson, about 50, of Grand Rapids, pleaded guilty to a charge of reckless driving and was ordered to pay $100 costs and $50 fine.

The case of William Baumgardner, 40, charged with statutory rape was dismissed at the request of the complainant.

In all arraignments where the cases are referred to the probation department for investigation, the persons will appear for sentencing at later dates.

Peter H. Timmer Local Postmaster Wins Nomination

The second annual Postmaster Recognition week sponsored by Kiwanis International and the Business Mail Foundation will be observed March 11-16 according to Barney Engelhart, president of the local Kiwanis club.

Purpose of the observance is to give public recognition to the postmasters of the U.S. for their service to the business, social and civic life of the communities in which they live and work.

The Charlevoix club has nominated Peter H. Timmer, local postmaster, as a candidate for the national Postmaster Award.

Mr. Timmer and local postal employees will be guests at the March 11 meeting of the club.

Mr. Timmer will show a film demonstrating the work of the postoffice department and explain the operation of the local postoffice

Ellsworth Defeats Boyne Falls to Go Into Semi-finals

Ellsworth—The Ellsworth Lancers rolled to a 70-39 victory over Boyne Falls Tuesday night to go into the semi-finals of the Class D district tourney at Petoskey against the Central Lake Trojans. The game is scheduled for 8:40 p.m. Thursday.

During the regular season the two teams split their two game series in league play.

Tuesday's game got off to a slow start with both teams matching points for the first four minutes before the Lancers pulled away for a 14-7 lead. In the second period they outscored the Loggers 13-7 for a 27-14 halftime advantage.

Going into the second half, the Lancers were in complete control, pouring in 23 points to 13 for the Loggers for a 50-27 advantage and in the final quarter rolled to an easy win after outscoring them 20-12.

Bernie DeVries paced the Lancers with 15 points followed by Gary Tornga with 12. Dale Reinhardt had 18 points for the Loggers.

In other action, the Pellston Hornets, who chose to go into Class D for the tournament, won over Petoskey St. Francis 62-32 and will play Alanson in the Class D 'A' bracket in the first game at 7 p.m. Thursday. The victory will go against the winner of the Inland Lakes-Wolverine game at 7 p.m. Saturday.

The winner of the Ellsworth-Central Lage game will take on the winner of the Mackinaw City-Bellaire game in the 'B bracket finals at 8:40 p.m. Saturday.

Special Events to Mark Girl Scout Week in Charlevoix

Girl Scout week in Charlevoix will be marked by several special events in which the community's 140 Girl Scouts and Brownie Scouts will participate.

The first of these will be Girl Scout Sunday with all Scout troops, accompanied by their adult leaders, gathering at the Community Reformed church at the corner of Petoskey ave. and Meech St. for the 11 a.m. worship service. The Rev. Charles A. Stoppels has also extended an invitation to the Scouts to attend Sunday School at 9:45 a.m. Catholic Scouts and leaders will attend Mass at St. Mary's church.

Brownie Scouts will gather at the Scout room in the City Hall for their annual birthday party at 3:30 p. m. Thursday, March 14. Mrs. William Ratigan has been asked to serve as storyteller at the party which will also feature a lighted birthday cake and other refreshments.

Girl Scout week will also launch the annual Girl Scout cookie sale under the direction of Mrs. James W. Gallagher. The sale will get underway today (Thursday) and will continue for 10 days. All orders must be in by March 20.

This year buyers will have a choice of five kinds of cookies which will sell for 50 cents with the troop treasury receiving 10 cents on each box sold. Any Girl Scout selling $100 worth of cookies will receive a week's campership at Camp Sakakawea at Traverse City.

Cookie chairmen for the various troops are: Fifth grade troop, Mrs. Omar Loe; Seventh grade, Mrs. Robert Gill; Eighth grade, Mrs. Robert Somerville; Ninth, tenth and eleventh grades, Mrs. Clare Staley; Bay Shore, Mrs. Charles Swaboda and Ellsworth, Mrs. Sam Carlyle.

No Time for Malice

A letter addressed to the "Voice of Our Readers", signed by William J. Supernaw, appears in this issue of the Courier. It prompts the editor to get the record straight for the benefit of the the writer and also our readers.

It is the policy of the Courier to be unbiased in reporting news. An editorial, however, is a different matter wherein the editor is privileged to express his personal views in the same manner as an individual who writes a letter for publication. Either may be considered biased if the reader does not agree. Each is the thinking of only one person and fortunately the individual in this country is free to have an opinion and express it.

Your letter, Mr. Supernaw, appears just as biased as Courier editorials and we would not belittle your opinions. We do, however, question your right to insinuate that the Courier has been bought off by special interests. We also challenge you to prove that "monopolists", or even stockholders in the Courier, have ever attempted to dictate an editorial policy. We further challenge the insinuation that city officials or private citizens have had their minds "warped by cocktail parties and dinners". Such statements can only be rabble-rousing tactics if they cannot be verified.

The Courier, as yet, has not committed itself for or against the proposed sale of the electric business. When we have enough facts to warrant an opinion on this particular issue, that opinion will be stated regardless of whose toes we step on. Readers may take that opinion for what it is worth. We'll be satisfied if we can arouse citizens to get their own facts and figures and not leave it up to a country editor to make up their minds for them.

The electric issue should be resolved by the people on a business, common-sense basis, void of bally-hoo intended only to confuse the issue and create friction within the community. There won't be 100 per cent agreement but it is safe to assume that if enough level headed people use good reasoning, based on factual information, the outcome of the election will be for the best interests of Charlevoix.

This is no time to let personal malice overshadow the real issue.

Freedom From Envy

In Dante's "Divine Comedy" the poet pictures the envious in Purgatory with their eyes sewn shut. Dante saw that envy blinds man to worth in his fellowmen. The envious cannot see a fleck of goodness or a flicker of beauty in another. He is out of touch with the real values that exist in others, and to the extent that he is separated from reality, he is spiritually ill.

Envy will not allow us to rejoice in another's success or believe in another's superiority. Usually spiteful, and sometimes cruel, envy is not satisfied with venting its own maliciousness. It summons a whole gang of other demons to join it in mischief—gossip, slander and revenge, false pride and grudgefulness and they all troop into the situation close on the heels of envy, and set about their vandalism together. They tip over one's standards of values. They break all rules of conduct. They mix up one's emotions, and unlock and let loose one's baser primitive feelings. They pour poison into the well of thought. At last, one's spirit is in shambles.

It is most refreshing to know a few people who seem almost wholly free of envy. They are the world's great realists, seeing life clearly, even looking upon their chief competitors with objectivity and admiration. The Scotch poet and novelist, Sir Walter Scott, was such a person. While still a young man, Scott became famous for his poetic gifts, his splendid imagination, phrasing and harmony, his unique powers of narration, characterization and description. For some time Sir Walter Scott was widely regarded as the leading poet of his generation. Then Byron came on the scene and the bright light of his brilliant gifts cast Scott into the shadows. An anonymous reviewer wrote an evaluation of Byron's poetry that was almost extravagent in its praise. The critic said that it was now clear that Sir Walter Scott was not the best poet of his time. Byron was better. Some time later it was revealed that this reviewer was Sir Walter Scott himself.

Scott's passion for beauty was greater than his competitive feelings, and he loved the truth more than he loved his own preferment or fame.

We must love something and Someone bigger than ourselves if we are to be free of that malicious vandal, Envy.

Winter Nature Notes

— by Harold E. Kohn

The white birch, that somehow manages to look even whiter against winter's snow than against the green foliage of summer, was the northern Indian's favorite tree. From its wood he fashioned frames for his snowshoes. From the bark of the birch the Indian made a horn for calling moose. With the bark he also covered his canoe and sometimes his tepee or his lodge. On other occasions he rolled bark into punk sticks to discourage the attacks of marauding mosquitoes, and from the bark of the birch he made pots and kettles for cooking on hot stones.

Many a tree served the Indian well, but none better than our graceful friend, the white birch.

Voice of our readers

To the Editor:

Some sort of answer should be in order to the attack on utility corporations, and on Consumers Power by inference at least, made in the full page add in the Petoskey News-Review of February 26, over the name "Citizens-for-Charlevoix".

Just where would we be without large corporations who can make money, employ many people, pay earnings to a multitude of ordinary investors, and provide the means of neccesary research? Who can foretell the impact of the atomic research of one plant right here, and who can deny the sevcral thousands of dollars of tax money already benefiting our Charlevoix School District?

And in all fairness, the inflection that Consumers Power is an ogre trying to steal something from our City is an affront to the common sense of our people.

I cannot believe our citizens could have been the authors of such a diatribe as distributed thru the Petoskey News-Review to all homes in Charlevoix. There is a one man organization known as the Municipal Rate-payers Association with headquarters in Kalamazoo which has been active in organizing the "Citizens-for-Charlevoix" group. Perhaps they were unduly influenced by the Rate-payers Association.

Let us decide our problems in the light of whether or not our Electric Utility can furnish an adequate profit as we must operate it, and in the light of benefits which can accrue to us under Municipal Ownership and benefits which also can accure to us thru the ownership by our neighboring provate utility company.

Voice of Our Readers . . .

Letter to the Editor, ...

There have been several ads and articles in area newspapers in recent weeks concerning the proposed sale of the Charlevoix Municipal Electric Utilities which contain remarks, forecasts, guesses, and other remarks which I would like to comment on, as follows:

Published remarks and circulated rumors (parenthesized). Facts follow.

(Mr. Hansen, 1963 anticipated budget of $128,000 of which $88,000 would come from the electric fund).

The new budget has not been approved by the Council as yet, and actually has not even been discussed. Looking back over the past two or three years the budgets have ranged from $170,000 to $198,000.

Conclusion ... Mr. Hansen's figures must have been manufactured as they have no parallel with any figures that are familiar to the Council.

(Mr. Hansen, stated that Consumers Power Co. brought pressure on some members of the council to sell the system ... also some people have advocated that Consumers Power Co. is a giant corporation which is trying to rob the people of Charlevoix.)

I have not been subjected to any pressure from anyone to sell the electric system and I have personally asked the 3 other councilmen who favor the election if they have been subjected to any pressure ... the answer is nil! The Consumers Power Co. has been invited by myself and/or by Mr. Fochtman, Mr. Staley, Mr. Grubaugh and Mr. Hawley on numerous occasions in the past to sit down and discuss the possible sale. In every case Charlevoix city officials have extended the invitation ... Consumers has not tried to force their way in. I have written proof ... copies of the letters asking Consumers to come and talk to us.

Conclusion: City officials have requested that Consumers Power Co. submit a price for the electric system.

(Circulated Rumors: That Consumers Power Co. has influenced certain council members thru a series of cocktail parties and dinners.)

In the past 18 months I have attended one (I) dinner, at a local establishment, along with the rest of the council and the mayor, as a guest of Consumers at which meeting Consumers discussed the possibility of purchasing the Charlevoix Electric System. This dinner came after several meetings between Consumers and the Council regarding the subject matter.

(Statement Expressed at a Citizens for Charlevoix Committee meeting: Somebody must be getting paid by Consumers, to sell our electric system.)

Somebody may be receiving payment regarding this sale, but I would rather believe that only the employees of Consumers are the people involved. I have not received a dime and I think it would be foolish for the people to believe that any of the other councilmen are so involved.

(Statement made from the audience at a Citizens for Charlevoix meeting: What is wrong with the four councilmen who are trying to give away our electric system? How did this proposed sale get as far as it has ... ending in a vote by the people to decide the issue?)

The people of Charlevoix are responsible for electing a council. So if the people are unhappy with the actions of their councilmen they can take action at the polls to replace them.

Concerning the present Council and proposed sale; The council has had a very difficult decision to make. Should we continue to operate a system which has actually cost the people extra money to operate in the past ... but which has now reached the point where it has been able to reduce the rates and should show a profit in the future . . . or should we sell the system to Consumers and be reasonably insured of a steady income from the funds received?

We, as a council, have studied over many facts and figures, history and forecasts, and have finally decided that the best course of action would be to sell.

I have a tremendous volume of information regarding the electric system and I will be more than happy to make myself available to any individual or to small groups who would like to know why I am in favor of letting the people vote in this matter at the April 1, 1963 election.

Sincerely,
Richard Donaldson
Councilman
2nd Ward

To the Editor &
City of Charlevoix Property Owners:

Many people do not realize the importance of the meetings of the Board of Review. At this time property owners can inquire about their assessments and can make complaints if they feel their assessment is not equitable with other asssessments. Also, at this time, the Board of Review does review the assessments as made by the Assessor for error, omisslons, unusual changes in assessments, possible unequal assessments, grants poor relief, and makes other changes in the roll as presented by the Assessor.

The authority of the Board is considerable and quite final in the amount of our individual assessments. The total amount of assessment for the entire City of Charlevoix, or any city or township, is set by the State Tax Commission, and has been for ten years and more, through an actual inventory periodically rechecked for a true total value. This total inventory or goods (values) on the shelf can only be changed through new property added or lost property (fires, demolishing, etc.) deducted as yearly reported.

So the Board of Review has a certain amount to meet against which taxes are levied. Therefore any relief to poor people, or to businesses or factories, which the Board of Review may decide to grant, must be spread over the remaining amount, and results in you and I paying a larger portion than if everyone could or would, pay their share. If you take it off of one, you have to add it on to the other.

In the case of deserving poor people, we are all ready and willing to help. In the case of businesses or factories, this is called "preferential tax treatment", and definitely a questionable procedure.

"A" who runs a factory is given "preferential tax treatment" because the five members of the Board of Review make the decision that the rest of the people are willing to pay part of "A's" taxes because he may be necessary to the economy of the community. Then why might not "B" who has a grocery or a drug store, or "C" who has a creamery, say they are also essential to the life of the community, and demand "preferential tax treatment". So here we go and where do we stop.

It would appear that a factory or a business should expect to assume its rightful tax share as a part of the community. The amount of the local property tax is after all, probably not a very large percentage of the cost of operation.

It has been the procedure, but not by unanimous vote, for the Board of Review during the past several years to indulge in "preferential tax treatment". If you are concerned about your paying a part of anothers tax, discuss it with a member of the Board of Review. They are the three Supervisors; Kit Carson, Ward 1; John Uhrick, Ward 2; Harry Gebeau, Ward 3; Mayor Pat Hawley, and City Attorney Norman Ance.

Very truly yours,
Ted R. Miller

Charlevoix Courier
Dear Sir: Re: Electric System Proposal

It's seem's very odd to me that our town's only new's media would turn aginst what is best for our town and best for our people. After reading some of the articles that have been printed in the Courier in the past few week's their can be no doubt in my mind as to the fact that the same paper and the Editor have definetly sided with the puppet's that are trying to "SELL CHARLEVOIX DOWN THE RIVER".

Recalling the 28 February 1963 issue of the Courier, I noted that they were quite proud of their open criticism of the Administration of the United States for heir failure to curb what the Courier called the ever increasing power's that labor union's are supposed to be gaining. However, this same Courier that is not afraid to step on the big boy's toes is afraid to say even 'BOO' to the monoplist's who dictate to the Editor's of small town weekly newspaper's. People who live in glass houses shouldn't through stone's. Don't you think that some one should curb the undesirable power's that are growing in Charlevoix today? You could lead the fight, Mr. Editor. And you can Win! The Courier still has time to save itself and the City of Charlevoix. You need not commit yourself to one side or the other. All that is really needed is an accurate printing of the fact's. A printing of editorial's with unbiased opinion's.

I would like to add, that I think that we should all thank God that we have alderman like the Honorable Edward Hansen and Honorable Robert Neff. Thank God that they have thrown off the ideas of personal gain's at the stake of thousand's of Charlevoix citizen's. A few drink's and dinner's cannot warp the mind's of these two councilmen. However, the fact that other elected officials who are supposed to represent the best interest's of their elector's have given full support to this sell out scheme is, indeed, discouraging to these two aldermen, and to the voter's of City wards that thought hey were supporting capable candidates at the poll's in the past.

The future of the City of Charlevoix is at stake on April 1. Their can be no doubt as to the course the Courier will take.

I am anclosing with this letter my check to the Citizen's For Charlevoix committee. I trust you will forward it.

Respectfully yours,
William J. Supernaw

Editor's Note: The treasurer of the Citizens-for-Charlevoix Committee has been notified that he may pick up your check for $2.00 at the Courier office.

Charlevoix C of C Mails Housing Brochures

The 1963 Chamber of Commerce Housing brochures, just from the printers, have been mailed, along with the chamber's attractive 'Charlevoix the Beautiful' brochure to 500 people throughout the midwest in answer to recent inquiries regarding Charlevoix and its housing facilities, Paul Kohler, secreteary-manager of the Chamber, has announced.

The housing brochure, which contains pertinent information on hotels and resorts, motels and cabins, guest lodges and tourist homes, cottages, summer homes and apartment and real estate offices, is stapled inside the Charlevoix-the-Beautifful brochure publicizing the community as "the year 'round playspot of the North" for mailing. The housing brochure had an eye-catching pen and ink drawing of the south pier with seagulls flying over it on the cover and contains information on 34 different facilities of the types mentioned above.

These two brochures will be mailed in answer to all initial inquiries about local resort facilities, Mr. Kohler said. More specific information is forwarded in answer to letters requesting further information.

Cutter Sundew Reaches Muskegon

The U.S.C.G. Cutter Sundew arrived in the Muskegon area late Tues., Feb. 26 according to last report from the vessel which departed this port at mid-afternoon the previous Saturday

The ship ran into heavy ice after leaving the local harbor and on Monday was only 20 miles south of Fox Island.

The ship was scheduled to break its way into the harbor at Muskegon.

Kiwanians Hear Lt. Governor Davis

Barney Davis of Cheboygan, Lieutenant Governor of Division 15 of Kiwanis International, was the guest speaker at the regular dinner meeting of the local Kiwanis club held at the high school cafeteria February 25. He spoke on the history and aims of the service organization.

Tentative plans for a Senior Citizens dinner to which club members will invite a senior citizen from the community. This is scheduled for March 18.

Attends Hospital Administrators Meet in Gaylord

The regular quarterly meeting o the North Central District Association of Hospital Administrators was held recently in Gaylord.

Miss Anne Baumgartner, superintendent of the Charlevoix hospital was in Gaylord for the meeting.

She was accompanied by Mrs. Marion Miller, Mrs. Jeff Novotny and Mrs. Harry Gebeau who attended the district meeting of hospital auxiliaries held in connection with the administrators' meeting.

Plans to attend the district meeting were made at a recent meeting of the Women's Guild of the Charlevoix hospital attended by 19 members.

Pistol Shooters Stage Matches

Three pistol matches between two three-man teams of the Charlevoix Pistol club were staged recently at the Charlevoix Rod and Gun club.

Shooting on Team No. 1 were F. Zednicek, Harold Lang and Dr. Robert Martin. Team No. 1 took the first two matches handly with total score of 722 to 591 and 740 to 661. Team No. 2 composed of Bernie Ward, B. Curtis and Al Scheid, found the targets in the third match but was edged out 741 to 731.

Ward shot a high score of 99 out of a possible 100 in the second match at timed fire and a high of 285 out of 400 at slow, timed and rapid fire in the third match.

Pistol shooters meet at the Rod & Gun club every Friday evening to practice and set up matched events.

Over the past decade, the number of dairy cows has declined 19%, hut milk production has increased 9%—an increase in productivity per cow of 34%.

Lions Club Hears James Turmala

James Turmala, field representative for the Michigan Health and Safety Institute, was the guest speaker at the regular luncheon meeting of the Lions club held recently at the Weathervane Inn.

Mr. Turmala spoke on the Institute, a non-profit organization, organized in 1948, to co-ordinate and unify the efforts of those engaged in the several branches of plumbing, heating and cooling industry and their related activities.

He said the aims of the organization were to develop and promulgate educational programs designed to acquaint the public with the relationship between high standards of the industry and improved public health and safety, to sponsor programs dedicated to the prevention of contamination of public, private and all water supplies; to prevent pollution of lakes and streams in the state and to encourage the statewide establishment of minimum standards of sanitation for the protection of the public health and safety.

Paul Kohler, as program chairman, introduced Mr. Turmala.

Offers To Rent Island Property

Do you have a yen to get away to your own little island?

If you are looking for such a haven there's one available in northern Lake Huron ... Thunder Bay island located approximately 13 miles northeast of Alpena.

Owned by the U.S. Coast Guard it is now for rent, according to an announcement from the Ninth Coast Guard Headquarters in Cleveland.

There are no dwellings on the island which is approximately one-half mile wide and one mile long. The light station and the boat house on the island are not for rent.

Bids on the lease of the property are being accepted. Bid forms are available at the U.S.C.G. Group Commander at Charlevoix or at the district office located in the Main Postoffice Building in Cleveland where further information is also available.

Bd. of Education Discusses 1964-65 School Budget

The preliminary budget for the 1964-65 school year was discussed briefly from the standpoint of its final preparation for the allocation board at the recent regular meeting of the board of education.

It was emphasized that 9.75 mills would be required for a balanced budget. The above mentioned millage includes the one-half (.5) mills already voted for the operation of the library. This millage (9.22 mills) would not permit any payment on the deficit and was based on an increased assessed valuation and increased membership.

A committee from the Kiwanis club composed of Barney Englehart, Ralph Gillam and Fred Willis appeared to discuss the swimming pool which the club has offered to the school. Two major problems, a suitable building to house the pool and plans for its maintenance and operation were discussed at length. The general feeling was that it was a very desirable project and, while the board would not be able to make the final decision, the people of the school district should and would have an opportunity to express their wishes when the various data and necessary plans are made. The possibility of other agencies assuming part of the problem was also considered. Darrell Dinwiddie, president of the board, expressed the appreciation of the board and the district for the Kiwanis' offer.

The professional problems committee representing the teachers in the local school system composed of C. A. Odmark, Terry Rice, Mrs. Conrad Kloosterman Jr. and Mrs. Frank Novotny appeared to discuss various phases of the salary schedule recently adopted. Some of the problems included sick leave days which had different interpretations, limited increases as compared with immediate placement on the salary schedule and other problems relative to relations of the board and the teachers' group in the field of personnel

Albert H. Smith reported on the tractor to be used for snow removal which has been altered to meet specifications set up by the board. One-half payment for the tractor in the amount of $577.50 was approved. A bill in the amount of $1,000.95 for installation of the dust collectors in the high school industrial arts shop to Frank Novotny & Sons was approved and ordered paid. Other bills in the amount of $2,304.71 were approved and ordered paid.

Haven't I met you somewhere?

Now and then a new customer asks one of us at the bank that question. It's quite likely... shopping, maybe, or at the movies, or in a public meeting. And as we take part in community life, we learn more and more about how we can best serve our neighbors.

If we haven't met, don't leave it to chance. Come in: Acquaintance could prove mutually profitable!

SUPER SPORTS—that's the only name for them! Four entirely different kinds of cars to choose from, including bucket-seat convertibles and coupes. And most every one can be matched with such sports-car type features* as 4-speed stick or Powerglide transmission, Positraction, tachometer, high performance engines, you name it. ■ If you want your spice plus the luxuries of a full-sized family car, try the Chevrolet Impala SS. It's one of the smoothest road-runners that ever teamed up with a pair of bucket seats. It even offers a new Comfortilt steering wheel* that positions right where you want it. ■ The new Chevy II Nova SS has its own brand of excitement. Likewise the turbo-supercharged rear-engine Corvair Monza Spyder and the all-new Corvette Sting Rays. Just decide how sporty you want to get, then pick your equipment and power—up to 425 hp in the Chevrolet SS, including the popular Turbo-Fire 409* with 340 hp for smooth, responsive handling in city traffic. *optional at extra cost

Here Are Eight Important Points To Remember

If You Want To Help Charlevoix Go Forward...

● Consumers Power Company will pay the City $1,000,000 for its electric business and property.

● Invested, this million dollars can earn interest estimated at $40,000 a year for the City. This amount alone is more than the estimated future annual net income of the City electric system.

● Consumers Power Company will pay the City and schools approximately $7,000 a year in taxes on the electric property. In addition, it will pay about $3,000 a year in county and hospital taxes on this property.

● The City will avoid the necessity of spending an estimated $392,000 on expansion and improvement of the electric system during the next ten years.

● The people of Charlevoix will receive strong, dependable electric service at fair, regulated rates from one of the most efficient electric networks in the nation.

● There will be an ample supply of power to meet all present and future needs of Charlevoix homes, businesses and industries, including industries that may consider building plants in Charlevoix.

● Consumers employees will be ready at all times to help you without charge to make the most effective use of your electric service. There will be a Consumers office in Charlevoix with employees to serve you.

● Consumers area development people will work with the people of Charlevoix to promote the continued orderly growth and progress of the community.

These are eight of the important reasons for voting YES April 1. We would like to tell you more about them. A call to our Charlevoix office at 224 Bridge Street, Phone 547-9744, will put you in touch with a Consumers Power Representative.

Miss Janice Burns March Bride Elect Feted at Showers

Janice Burns, whose marriage to Michael Raecke will be an event of March 9 at the First Methodist church, has been honored at several bridal showers recently.

The most recent was a miscellaneous shower given Friday evening by Mrs. Charles Bleha, Mrs. Arnold Wadas and Mrs. Robert G. Martin at the latter's home.

Arrangements of pink flowers and tapers decorated the turquoise-covered refreshment table. The many lovely gifts which were opened by the bride-elect late in the evening were placed on the hearth.

Among those present were Mrs. Leonard Burns, Mrs. D. E. Johnson, Mrs. Ralph S. Hamilton, Mrs. Fred Willis, Mrs. Clarence Koteskey, Mrs. Roy Meyers, Mrs. Mabelle Graves, Mrs. Max Novak, Mrs. Robert Richards, Mrs. Robert Goss, Mrs. Uno Suomela, Mrs. Larrie Tuomela, Mrs. Richard Fochtman, Mrs. James Taylor, Mrs. Angus Fochtman and Mrs. Frank Novotny.

Earlier Mrs. Ronald Balch and Mrs. Larry Burns of Flint had hosted a group of former classmates and their mothers at a miscellaneous shower; Mrs. Orlin Cunningham and Mrs. Joseph R. Williams entertained at a kitchen shower and before she returned home from Olivet College her room-mate, Jackie Seifman of Huntington Woods, hosted a gadget shower.

State F.B. Opposes Wheat Controls

In a statement issued recently the Michigan Farm Bureau Board of Directors referred to the coming wheat referendum as "the best place for Michigan farmers to stop complete government control of agriculture."

"The coming referendum provides a multiple-price idea for wheat," the Board said, "tied to the tightest, most binding government controls ever seriously considered for any commodity. These controls include strict 'bushel' allotments,—a new, tougher type of marketing quota."

Vast new powers would be given to the Secretary of Agriculture to manipulate acres, dollars and government-stored grains, the group pointed out, putting him in the position of being able to make or break the market.

"If farmers accept the control scheme, they will have paved the way," said the Farm Bureau Board, "for full-scale supply-management control of their operations, including cross-compliance and if carried to its logical conclusion,—controls on livestock."

"Farmer rejection of the referendum wheat control scheme will once again emphasize that farm freedom is the real issue," the Board said, "and will have opened the way to the adoption of a realistic program that can help rather than hinder farmers in making needed adjustments.

Sophmore Class Participate in Development Tests

More than 85 members of the sophomore class of the Charlevoix high school took the National Educational Developfent Tests Tuesday according to H. E. Bingham school principal, and William Ratigan, school counselor.

A new addition to the Charlevoix testing program, the NEDT is standardized across the nation and thousands of tenth graders took the test at the same time as the Charlevoix sopohomores.

The test is comprehensive and takes two hours and 50 minutes to examine students in the areas of English, social studies, mathematics, natural sciences and word usage. Students were told before the testing began that "these tests are designed to help you, your parents, and your school to plan for your future and to get you thinking and studying now about those vitally important desisions."

Another feature of the National Educational Development Tests is that they are an excellent introduction to the National Merit Scholarship Qualifying tests which members of the junior class will take Saturday. The tests probe into the same areas of knowledge but at different levels of learning, thus permitting this year's sophomore class some idea of what is in store for them on the NMSQT test date in March of 1964.

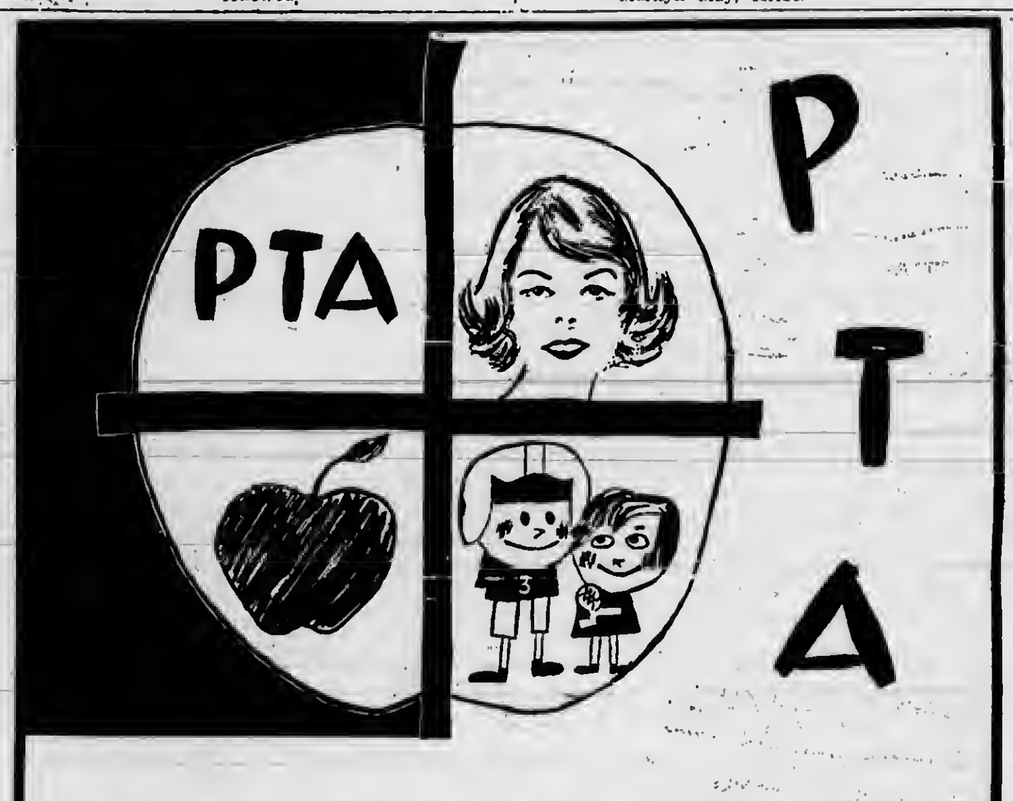
Community Reformed Church to Hear Rev. Robert Swart

The Rev. Robert Swart, who was among the many missionaries of all faiths who were forced to flee the Sudan recently, will be the guest speaker at the Community Reformed church at 7:30 p.m. Thursday, Mar. 14, the Rev. Charles O. Stoppels, pastor of the church, has announced.

The Rev. Mr. Swart, who has been in Holland since returning to this country earlier this year, has served his denomination in the mission field in the Sudan for 11 years. He will speak on the conditions in the country which have made it necessary for the missionaries to abandon their missions in the Sudan.

The Sudan is located in central Africa and was proclaimed an independent republic in 1956.

In announcing the Rev. Mr. Swart's visit to Charlevoix, the Rev. Mr. Stoppels has extended an invitation to the general public to hear him speak and to learn more about what is going on in the countries of Africa.



As a parent and citizen, you have an investment in growth stock of the highest potential--the growing youth of America. Safeguard your investment through the PTA.

The purpose of the PTA is to improve the quality of schools, enhance educational opportunities for all children and youth, build close relations between parents and teachers.

The PTA helps parents to: understand the school's educational program and goals, play in informed role in citizen action for better schools, deepen their insight into children's need for guidance, discipline, affection, and a steady example of high standards.

The PTA also promotes the health and safety of children and youth; fosters opportunities for recreation, cultural activities, and wholesome fun; works to combat the conditions that nurture juvenile delinquency; supports legislation that is good for children and families; and helps to assure home, school, and community environments that encourage moral and intellectual excellence.

Charlevoix Rayders Bow to Mancelona 63-47

Pellston and Harbor Springs Share NMCC League Title

The Pellston Hornets, defending champions, and the Harbor Springs Rams became co-champions of the Northern Michigan Class C league Friday night after finishing the current 14-game season with identical records of 12 wins and two losses.

In their final games, Pellston dumped East Jordan 77-59 and Harbor Springs stopped Gaylord 55-47 to clinch the title.

Elsewhere Grayling rolled over Boyne City 70-52 and Mancelona defeated Charlevoix 63-47.

Pellston 77, East Jordan 59

Playing at Pellston, East Jordan never had a chanee against the title-bound Hornets as they trailed 27-9; 51-23 and 68-36 by quarters. Don Roberts paced the game with 18 points for the Jordanites. Ed Clear had 14 and Stan Bodzik 12 for the Hornets.

Harbor Springs 55, Gaylord 47

The Harbor Springs Rams, with their sights on a share of this year's title, romped to an early lead over the Blue Devils for a 10-7 first quarter advantage which was increased to 20-14 at halftime and 37-30 at the three quarter mark. Paul Ranney with 21 points and Tom Pifer with 15 set the paee for the game and the victory. Tom Lick had 12 and Ron Snell 11 for Gaylord.

Grayling 70, Boyne City 52

The Grayling Vikings and the Boyne City Ramblers, tied for third place in league standings going into this game, played to a 15-15 first quarter tie before rolling to a 41-31 halftime lead which the Ramblers cut to three points, 49-46, going into the final period. The Vikings then outscored their hosts 21-6 for the lop-sided victory. Tim Neal with 30 points was high scorer for the game. Verlin Thompson had 18 points for the Ramblers who finished the game without Larry Gunderson and Bill Darbe who were benched with five personal fouls early in the final period.

Rayders Close Current Season With 3-Wins

The Charlevoix Rayders bowed to the Mancelona Ironmen by a score of 63-47 Friday night to conclude their worst season in many years.

Mancelona, intent on avenging their earlier loss to the Rayders, romped to a 23-11 first period lead which they increased to 39-24 at halftime and 54 to 32 at the three-quarter mark. The Rayders outscored the Ironmen 15-9 in the final period but their efforts were not enough to overcome the early deficit.

Dell Terrill had 12 points for Charlevoix followed by Ken Parrish with 11; Gary Stutzman with seven; Frank Curtis with six; Dave Rader with five Bruce Kroken with four and Jim Uhrick with two points. Dwight Boss, Bruce Murray, Jack Uhrick and Doug Winnell also saw action for the Rayders.

Pat Dutcher had 20 and Dave Prudden 19 for the victors.

Mancelona had 27 field goals, hit on nine of 20 free throw attempts and collected 11 fouls to 18 field goals and 11 of 14 free throws while being nicked for 17 personal fouls.

Battlin' Kenny Parrish is pictured here as he intercepted a Mancelone pass in the Rayder-Ironmen game on the latter's floor Friday night.

Preparing to take the ball is Doug Winnell (41). Jack Uhrick (23) waits for the action to come his way. Mancelona's Kent Stradinger (44) and Dave Prudden (42) are also pictured in the action.

Mancelona swept the game by a 63-47 score.

Little Rayders CloseSeasonwith Perfect Record

Charlevoix's little Rayders eame through with a 59-45 win over the Mancelona Ironmen to conclude their current season with a perfect record.

The young Rayders rolled up a 20-6 first period lead over the Mancelona Reserves who managed to trim three points from the Rayders lead at halftime when the score stood at 28-18. As the second half got underway the local lads increased their advantage to 46-30 as the game went into the final period.

Starting for the Rayders were Dave Smith who had 24 points; Dave Norton with 18; Warren Belding with 10; Don Smith with two and John Bleha. John Ferguson who joined the action in the second period had five points. Also seeing limited action as time ran out were Jerry Uhriek, Tom Maxwell, Bob McCall, Ted Weidman, Drew Young, Steve Ager, John Duerr, Gary Crain, Mike Crain and Neil Cross.

Miek Grody had 10 to pace the young Ironmen.

NMCC Athletes To Make Final Cage Appearance

Thirty-one young Northern Michigan Class C athletes from the eight schools that comprise the conference will be making their last cage appearances during the forthcoming tournaments before joining the annual June 'cap and gown parade'.

Harbor Springs, currently sharing this year's title with the Pellston Hornets, count seven seniors on the Ram squad while the co-champions list only two. Elsewhere, Grayling counts five, Charlevoix Maneelona and Grayling four each, Boyne City three and East Jordan, like Pellston, two.

Though Harbor Springs will lose seven, only two regulars, Paul Ranney and Tom Pifer, are from the starting five. Others who have given the team bench strength are Dave Rayner, Don Heinz, Jerry Burns, Jim Meyer and Tom Smith.

At Pellston the losses include two regulars, Stan Bodzik and Vern Hiar, the latter the center who replaced Ken Cassidy when he was benched last month with a badly sprined ankle.

Grayling's seniors include three regulars, Tim Near, Tom Wright and Chris Kroll. The latter has been lost to the squad since the beginning of the second semester when he was benched for academic reasons and more recently because of illness. Other seniors are Walt Fallon and Harvey Merithew who have ranked high as bench strength.

Charlevoix stands to lose two regulars, Frank Curtis and Dave Rader and two others, Dwight Boss and Bruce Murray, who have seen action in most games.

At Mancelona, Leroy Hood and Terry Johnson, regulars and Steve Ottgen and Denny Turben are their only seniors while at Gaylord, Art Tebo, Jamie Guggisgurg and Charlie Howe, regulars, and Dick Bottomly, the 'sixth' man on the squad, make up the Blue Devils' list of seniors.

Though Boyne City has only three seniors, they are all regulars from this year's team. They are Randy Price, Verlin Thompson and Larry Gunderson.

At East Jordan two regulars, Don Roberts and Dave Drenth, are listed among the seniors.

Top Basketball Scorers Named In NMCC League

Statisticians, with pencil in hand, are busy tallying total points and other pertinent information as they go about the business of naming top scorers in the Northern Michigan Class C league during the current season.

Heading the list with a total of 342 points for an average of 25 points per game is Harbor Springs' Paul Ranney whose consistency is reflected in the fact that he scored 171 points during the first seven league games and duplicated the feat during the last half of the season.

Tim Neal of Grayling came through with 310 points including 131 during the first half of the season and 179 the second

(Continued on Page 11)

This informal picture of the Charlevoix J-V squad was taken Friday night after the local lads had defeated the Mancelona Reserves 59-45 to finish the season with 16 straight wins.

They are: front row (l to r) John Ferguson, Bob McCall, Mike Crain, Drew Young, Gary Crain, John Duerr.

Ted Weidman, Jerry Uhrick, Bob Bergmann, Don Smith, Warren Belding, Coach Terry Rice, Deve Norton, Dave Smith, Tom Maxwell, John Bleha, student maneger Tom Meggison, Neil Cross and Steve Ager.

Charles A. Lindbergh refused to take his mascot, a pet kitten named "Patsy", on his pioneering transatlantie flight in 1927 because he felt it would be "too dangerous a journey to risk the cat's life."

Resort Areas to be Effected by Michigan's Weekend Closing Law

The Charlevoix Chamber of Commerce has called attention to the residents of this northern Michigan resort to a new law (PA 128 of the Acts of 1962) which could force many gift and speciality shops in the area to close down completely or in part on Saturday or Sunday.

The law will go in effect 90 days from the Adjournment of the legislature which is scheduled for later this month. Intent of the bill was aimed at discount stores operated in metropolitan areas but, by amendments, the law, as adopted, beomes statewide. Paul Kohler secretary-manager of the Chamber, explained.

The act prohibits many types of business operations on either Saturday or Sunday at the option of the store owner. It prohibits sales of such items as jewelry, clocks, radios, cameras, stationery, dishes, earthenwear, pet supplies and similar items found in gift and speciality shops which flourish in resort areas. Its effect would be to require almost every such shop to close down on either Saturday or Sunday. Those which could remain open would have to close off many of their counters and could not sell many of the items on display.

However the legislature has provided that the board of supervisors in the county, after notice and hearing, and by a two-thirds vote of all the members, might permit the sale of specific items prohibited in the act. In other words, Mr. Kohler said, each county could decide if it wanted to be covered by the law and to what extent the law would apply within the county.

If nothing is done, the law will be in effect this summer and thus could have a serious effect on the economy of the region.

The Charlevoix Chamber of Commerce has ordered copies of the informative pamphlet entitled "Michigan's Weekend Closing Law" in which the law, its intent and effects are spelled out. These pamphlets will be available to all business men in the immediate area. The Chamber is also planning to mail, at its own expense, copies of the pamphlet to the 25 supervisors in the county so that they may study the new law and its effects on the economy before they meet here next montmh for their regular spring meeting.

Ronald Grunch A3c was selected as the Manzano Base Athlete of the Month of January in recognition of his outstanding athletic ability, his parents, Mr. and Mrs. Raymond J. Grunch have been advised in a letter from Col. Raymond M. Hubbard, commanding officer of the base near Albuquerque, N.M.

The selection was made on the basis of his proficiency in weight lifting, having won First Place in the Class "A" Weight Lifting Meet and as a member of the Base Wrestling Team. In addition, he has participated in a majority of the Major sports during the year and has supported the teamm activities of his squadron and base.

In addition to being an outstanding athlete, your son, through perhonal example, serves as an inspiration to the airmen of the base in neatness and personal appearance, the letter continued.

In conclusion the letter said: It is a distinct pleasure to have your son in my command. Outstanding airmen like Ronald are invaluble to the fission of this base and to the U.S. Air Force".

Airman Grunch, it will be reembered, was a lineman on the championship football teams of 1958 and '59 at the Charlevoix high school.

AGRICULTURE in ACTION .....

by M. L. Woell

MICHIGAN FARM BUREAU

Everybody wants economy in government. Everybody is against waste. Hunters and fishermen are no exception. They want good hunting and fishing for their license money yet they are wasting almost $250,000 of it every year on a worthless project—bounties.

One-quarter of a million dollars per year—the equivalent of license fees from 80,000 residents small game hunters— almost $3½ million since 1935.

Three and a half-million dollars would have bought up a lot of good public hunting land and a lot of public fishing sites to give fishermen and boaters access to water. It could have built 30 duck hunting and fishing projects like the big Martiny flooding in Mecosta county. It could have been used to teach thousands of kids about our land, waters and wildlife that we all love and want them to enjoy.

There are permanent benefits; there are many more which could have been produced. Instead, 3½ million dollars have been poured down a rathole.

Every conservation official in North America will tell you that bounties are a flagrant waste of sportsmen's money. Then why pay bounties?

In Michigan, sportsmen's license money is used to pay bounties on bobcats taken in the upper peninsula and on all foxes and coyotes taken statewide, because people think this will cut down the number of these predators. Fewer predators, in turn, should mean more pheasants, rabbits, snowshoe hares, grouse, and deer for hunters.

But it doesn't work this way. Bounties result in a few extra foxes, bobcats, and coyotes being taken every year but bounties don't cut into the breeding stock of these animals.

Three types of people want bounties: First, the relatively few people who trap foxes, coyotes or bobcats; or dig them out of dens; or shoot them; or pick them off highways and who were paid $242,295 in 1961 for their trouble. Second, the sportsmen who are being hoodwinked into believing that bounties mean more game for them. And finally, farmers who think the bounty is going to mean fewer chicken-killing foxes.

But bounties fail to control predators: 34,856 foxes bountied in 1961—an all-time high; 4,328 coyotes bountied in 1960—an all-time high; and 1,016 bobcats bountied in 1960—an all-time high.

And in spite of these record high payments, more and more foxes, coyotes and upper peninsula bobcats are being killed!

Would Michigan be overrun with predators if there were no bounties? After 3½ years of no bounty on bobcats in the upper peninsula, the bounty was put back on. Fewer 'cats were bountied than before above the Straits. After years of no fox bounty, 20,968 foxes were taken in 1948. Then, in 1961; after 13 years of the bounty, 34,255 foxes were turned in for payment. Michigan used to pay bounties on woodchucks, crows, and weasels. Then bounties were taken off. How come we're not belly-deep in them?

Certainly, other things control animal numbers—bounties do not.

Having few predators doesn't mean more game. Foxes kill rabbits but not enough to make a difference. Good solid experiments in many states show that some of the best rabbit hunting is often when and where foxes are plentiful.

Foxes kill pheasants but not nearly as many as some people think. Conservation Department men followed 1,000 miles of fox trails in winter in southern Michigan and found remains of only 24 pheasants killed. In over 1,000 miles of fox trails in northern grouse country, not one grouse was killed. In the north, there are enough starved and illegally killed deer left in the woods to feed foxes, bobcats, and coyotes pretty well.

Bounties don't help the farmer. Most bounty trappers work where they can get the most foxes or coyotes the quickest—usually by digging out dens of youngsters in the spring. They do not concentrate on the culprit fox that has been killing chickens. Besides this, there are certain efficient ways to eliminate nuisance foxes without trying to eliminate all foxes.

Plenty of foxes and coyotes would be killed each year anyway, even without the bounty. Hunters would still shoot them just for sport. Paying a bounty on these animals doesn't make sense. Neither does it make sense to pay $5 for a fox that was killed by a car—but it's done and done legally.

Bounties can involve fraudulent practices. A lot of "on paper" foxes have been bountied in Michigan, and the state's sportsmen have undoubtedly paid for "nonresident" foxes and coyotes.

As the number of hunters increase, more and new game aminals will be needed. Fox hunting is a growing sport and a lot of deer hunters already get more thrill out of seeing and shooting a coyote than a deer. And for any of you who doubt the wisdon of this, just think back. Twenty years ago, who would have thought that Michigan would have a closed season on bobcats. But it does.

'Cat hunting is a great sport. Why bounty such a valuable sporting animal that could provide recreation and business for the people of the upper peninsula?

With all this evidence against bounties, why not try doing away with them for a few years. There would be nothing to lose. Are those who want bounties afraid to try it? Are they afraid to find out that they could still have good hunting and save one-quarter of a million dollars every year to boot?

The 1962-63 Charlevoix Rayders squad pictured during a practice session in preparation for the Class C district tourney.

They are (l to r) Chip Terrill, Frank Curtis, Jim Uhrick, Ken Parrish, Bruce Murray, Coach Don Carey, Dave Rader, Dwight Boss, Bruce Kroken, Doug Winnell, Gary Stufzman and Jack Uhrick.

Only seniors on the team are Curtis, Murray, Rayder and Boss.

The Rayders finished the season with a 3-10 record and defeated Boyne City 63-57 in the opening game of the Class C district tourney to advance to the finals against Harbor Springs. They dropped the latter game to the Rams by a score of 84-48 after losing Curtis early in the second period with a head wound that required 12 stitches and Kroken in the third period with an injured nose.

New Book of Essays Published By the Reverend Harold E. Kohn

The Rev. Harold E. Kohn's fifth book, "Reflections", a book of nearly 50 essays on the nature of the world and man, man's values and its destiny, has made its appearance in local book shops and news stands.

Like his other books, "Reflections" is illustrated with the author's incomparable pen and ink drawings which Rev. Kohn feels is one of the real features of this publication.

His profound understanding of man, nature and religion are reflected in the very readablo essays which are made all the more enjoyable by the sketches of birds, animals and landscapes on nearly every page.

To the residents of this community and much of northern Michigan, this book is written by a friend, a man who has made himself a part of the community by giving unselfishly of himself in countless ways. Though he has been plagued by ill health, he always has a happy smile and is always "just fine' in answer to queries about his health.

Rev. Kohn came to Charlevoix from the Chicago area because of an allergy believed caused by pollution of industrial smoke in the city. He was asked to fill the pulpit of the First Congregational church during the year or so he planned to be in Charlevoix. That was in 1952 and he is still pastor of the church though his health does not permit him to carry on all the work he would like. He always says that the days are not long enough and when one looks at his schedule 'of consulations, lectures, hours set aside for writing and drawing, for study and his church duties it is easy to understand why there are too few hours in his day.

Many of the essays found in "Reflections" first appeared in the Charlevoix Courier. Rev. Kohn has for many years written a weekly column for the local newspaper and many readers first 'met' him in this manner.

Others of his books are "Pathways to Understanding", "Thoughts Afield," "Through the Valley" and "Feeling Low?".

"Reflections" has been selected by the Christian Herald's Family Bookshelf as a book of the month. Rev. Kohn was informed this week by the publisher, William B. Eerdmans Publishing Co. of Grand Rapids.

Winner of Nahma Ellsworth Game To Meet Brimley

Two area teams, winners in the Class D district tourney at Petoskey last weekend, will go to St Ignace this week to participate in the Class D regional meet scheduled to be held at LaSalle high school gymnasium in the Straits city.

The Ellsworth Lancers, district champs in the B bracket at Petoskey, drew Nahma of the U.P. for the opening game at 7 p.m. last night (Wednesday) with Pellston, winners in the A bracket at Petoskey, drawing Rock also of the U.P., in the nightcap Wednesday.

The winner of the Ellsworth-Nahma game will meet Brimley at 7 p.m. Friday and the winner of the Pellston-Nahma game will take on Hilman at 8:30 p.m. the same evening.

The finals will bo held at 8 p.m. Saturday.

The team to come out of this tournament will advance to the quarter-finals next Wednesday at tourney sites to be announced later.

Call Meeting To Study New Sunday Sales Law

A special meeting of the Charlevoix county board of supervisors has been called for 7p. m. Tuesday, March 26, for a hearing regarding the Sunday Selling law, Section 0 of Public Act 128 of 1962.

The meeting has been called at the request of the Boards of Commerce in Charlevoix county in order that the board of supervisors may study the new Sunday Selling law and decide whether or not it shall become effective in the county. During the hearing, the new legislation will be discussed and interested persons will be given an opportunity to air their views.

The intent of the bill was aimed at discount stores in metropolitan areas but, by amendments, the law, as adopted, became statewide. It would force many gift and speciality shops to close down completely or in part on Saturday or Sunday and thus would effect the economy of the region which caters to tourists and summer visitors.

The legislature provides that, following a public hearing, the board of supervisors, by a two-thirds majority vote, may permit the sale of specific items prohibited by the bill. Among these items are jewelry, clocks, radios, cameras, pet supplies gift items and related merchandise.

The law will go into effect March 28.

To Assist Detroit In Obtaining 1963 Olympics

The Charlevoix city council, at its regular meeting Monday, adopted a resolution offering any assistance possible to the city of Detroit in obtaining the 1968 Olympic games.

Detroit has been seeking the games to be held in this country in 1868. If the city should be selected as the site for the Olympics, it would mark the first time they would be held in a state of the mid-west.

A group of 14 interested citizens appeared before the council to ask questions regarding the proposed sale of the municipal electric facility to Consumers Power Co. for $1 million. The issue will appear on the ballot in the April 1 election. Spokesmen for the group were Dick Lyons, Jack Bradley and Ronald Geer.

The transfer of $10,000 from the electric fund was approved.

The finance committee approved bills totaling $43,562.65. The figure includes a payment of $17,366.48 in county taxes collected to the county treasurer; a payment of $11,684.71 to Consumers Power Co. for bulk power; payment of $1,571.12 in school tax to the school district and a payroll of $6,299.72.

Area Pharmacists Push Program to Prevent Poisoning

This is national Poison Prevention Week which is observed to focus public attention on the dangers involved when a child, or even an adult, accidentally gets the wrong bottle of medicine. The result may be fatal or it may lead to serious illness if proper treatment is not administered immediately.

This area is fortunate in having a poison control center available. It is located at Little Traverse hospital, Petoskey. The center was equipped by the Northern Michigan Pharmacists association, according to Franklin Ochs, vice president of the association.

Children are too often the victims of poisoning or an overdose of a drug, which taken in a prescribed amount would be beneficial for specific ailments, Mr. Ochs said. He cited an instance of a four year old who found a bottle of aspirins in her grandmother's purse which had been left on a dresser. The child swallowed an unknown quanity, but prompt action on the part of her parents and a physician in rushing her to the hospital resulted in her recovery.

He also recounted the instance of a 14-month old child who got hold of a bottle of her mother's sleeping pills. They had been left on a dresser in the bedroom. The child was found in a coma, lying on the floor along with the sleeping pill bottle. He was rushed to the hospital, but not in time.

There are about one-half million accidental poisonings each year, according to the U. S. Public Health Service. Pharmacists, physicians, and other interested health and service people have joined forces in an attempt to educate the public to the dangers and to take such preventive measures as are warranted.

The major factors involved are the improper storage, handling and discarding of medicines and other household products, Mr. Ochs warned. Keep such items out of the reach and sight of children, preferably in a locked cabinet or closet. These simple precautions may save the life of a child.

Residents Urged To Let Water Rnn To Avoid Freezing

Residents of the community are urged by City Supt. James Taylor to leave the water in their homes running.

The consistently cold weather has frozen the ground deep enough that if the water does not pass through the pipes between the large water mains and the residences the pipes will freeze, creating a serious problem. If the cold water faucets are left dripping this condition may be avoided. This is especially true at the present time when the days are quite warm but nights very cold.

Mr. Taylor has asked that the residents of the community cooperate in this matter and thus prevent a serious problem.

Funeral Rites Held Sunday for Ira A. Campbell

Ira A. Campbell, 87, former local resident and for 50 years one of America's leading admiralty lawyers and authority on ocean shipping, died Thursday at his New York city home.

He was the brother of P. D. Campbell, local businessman, and Mrs. A. H. Cameron, also of Charlevoix.

Born at Hampshire, Ill., Jan. 10, 1876, Mr. Campbell lived at Whitehall before coming here as a young man. He was graduated from the University of Michigan in 1899 and its law school in 1902. He was a member of the Phi Delta Phi law fraternity and Phi Betta Kappa.

Mr. Campbtll began his legal career in Seattle, Wash., and in 1910 moved to San Fransisco where he specialized in the practice of admiralty law. While there he organized and assisted in the development of the Pacific Marine Review, an important Marine journal.

In 1918 he was appointed Admiralty Counsel of the U. S. Shipping Board and special assistant in Admiralty to the Attorney General of the United States, positions he held in Washington until the conclusion of World War 1. He then moved to New York where he became a member of the well known law firm Kirlin Woolsey & Hickox, now renamed Kirlin Campbell and Keating and handled many maritime matters for ship builders, owners, operators, insurers and other clients. He was general counsel of the American Steamship Owners Association until 1936 when it became the American Merchant Marine Institute.

During his entire career he was actively interested in the establishment and development of an adequate American Merchant Marine. He frequently appeared before federal and state legislative committees considering enactment of laws pertaining to maritime matters and assisted, in an advisory capacity, in drafting such legislation. He also attended a number of international shipping conferences dealing with various problems pertaining to marine safety regulations, rules and other matters of general concern to the shipping industry. He was a counsel and director of the American Steamship Owners Mutual Protection and Indemnity Association Inc. for many years.

In 1930 he was appointed by President Hoover as chairman of a committee to investigate and make recommendations to the President concerning the serious problems and difficulties then confronting the American shipping industry. The recommendations of this committee resulted in the successful establishment and operation of transatlantic passenger services and organization of the U. S. Lines which took over and completed the construction of the tonnage which had been deferred because of the economic conditions then prevailing in the world.

At the beginning of World War II, he organized the American tanker companies for effective war service and succeeded in forming marine insurance clubs into a group more effectively handled fleet insurance for the U. S. Government. His wide knowledge of American shipping problems and experience in working with shipping operators contributed greatly to the splendid service rendered by the U. S. Merchant Marine in World War II.

He was a member of the American Bar Association, the New York County Lawyers Association, the Association of the Bar of the City of New York, Maritime Law Association, the U. S. Society of Naval Architects and Marine Engineers and the National Institute of Social Sciences.

He was a member of the Pacific Union, India House, Downtown Association and the University Club.

His wife, the former Zella Z. Fay, whom he married in Los Angeles in 1907, preceded him in death in 1954.

The body was returned to the Winchester Funeral Home here Sunday with the Rev. Harold E. Kohn officiating. Burial was in Brookside cemetery.

Natural Gas Lines To Be Extended to This Area by Fall

Michigan Consolidated Gas Company announeed yesterday that it will spend $4.3 million this year to extend natural gas serviee to this area, in a major expansion program.

Hugh C. Daly, exeeutive viee president of the utility, said natural gas serviee will be available by next September in Petoskey, Charlevoix, Boyne City, Boyne Falls, East Jordan, Kalkaska, Maneelona and Antrim. The eompany will eonstruct 90 miles of transmission lines from near Traverse City to reaeh this area and approximately 100 miles of gas distribution mains within the eommunities.

Daly said Michigan Consolidated would contact potential gas customers by mail within a few weeks, and sales representatives will make personal calls in April on those residents who indicate an interest in having gas service. He pointed out mains can only be installed on those streets where a sufficient number of customers agree to take service.

Michigan Consolidated also announced it has signed an agreement of mutual cooperation with the Northern Public Service Company of Petoskey. The agreement was signed by Lou Marshall, president of Northern, and Hugh C. Daly, executvie vice president of Michigan Consolidated.

According to a joint statement issued by Marshall and Daly, the two companies will work together in promoting the sale of natural gas in the cities Michigan Consolidated plans to serve.

Marshall and his employees will serve as consultants to Michigan Consolidated, assist in securing franchises, aid in selling gas appliances and converting heating systems and appliances to use natural gas.

Daly said Michigan Consolidated's initial survey of potential large volume gas sales was very gratifying. "We have obtained signed service applications for a number of industries and public buildings and assurances that many more will be converted to natural gas."

James C. Preston, general manager of Michigan Consolidated's Northern Districts, said his staff will seek the necesary authorizations to install the gas system from the various municipal governments and adjacent townships within the next few days.

Absent Voter's Ballots Now Ready

If you are away from Charlevoix and wish to vote in the April 1 general election write now for your application for an absent voter's ballot was the warning issued this week by city officials.

A number of major issues will be on the hallot in this election including the proposed new constitution, the election of Supreme Court Justices, the University of Michigan Regents, M. S.U. trustees and Wayne state governors and the Superintendent of Public Instruction on the state level, mayor and other city officials on the local level as well as the two proposals relating to the proposed sale of the municipal electric plant and a third advisory proposal relating to the investment of funds derived from the sale if it is approved.

Rams to Appear In C Regionals Tonight (Thurs.)

The Harbor Springs Rams will make their initial appearance in the Class C regional tournament at Petoskey tonight (Thursday) after drawing a first round bye.

The Rams who came to the regional meet via the Boyne City district tourney will meet Whittimore-Prescott, a team that defeated Traverse City St. Francis 68-44 in the opening game of the tournament Tuesday night.

Gaylord was to meet Benzie Central Wednesday night.

The winner of Wednesday's game will go against the winner of the Harbor Springs-Whittimore-Prescott game in the finals at 7:30 p.m. Saturday.

The winner will advance to the state quarter-finals Wednesday to be held at a site to be announced later.

Citizens Group Opens Downtown Information Center

The Citizens for Charlevoix committee recently organized to defeat the proposed sale of the city's electric business to Consumers Power Co., has opened an information center at 411 Bridge st., according to Edward Hansen, chairman of the committee.

It is planned to have the office open week days from 9 a.m. to noon and from 1 to 5 p.m. The center will be staffed by members of the committee who may be consulted by persons interested in the proposal which will be voted upon at the April 1 election.

Mr. Hansen called a meeting of the committee at the city hall last evening to work out further plans in the campaign to stop the sale of the electric system.

Winter Nature Notes

— by Harold E. Kohn

Boldly facing blizzardy winter days, the rufted grouse remains jaunty and undismayed even in below-zero weather.

This bird has an appetite almost as hearty as a goat, and its tough gizzard allows it to digest nearly anything it finds in the forest. Against the cold of a northern winter the grouse stokes its inner fires with exposed, withered laurel leaves, buds of shrubs and trees,and even twigs.

Courier Classifieds For Action

Voice of Our Readers . . .

Editor of Courier:

Before the turn of the century, the city fathers of Charlevoix requested that residential porch lights be left on all night because of the inadequacy of the gas lamps which were in effect at that time. The original purpose was to insure safety during winter months when icy conditions made porch steps and walks hazardous. When Edison brought his incandesent lamp to Charlevoix, the city, desiring to continue what had proved to be a rather pleasant and cheerful custom, wired porch light meters in such a way that the residents were not charged for the service. As far as I know, this unique custom is not practiced in any other community in the country.

This old Charlevoix custom (and courtesy) apparently is no great concern to a large company such as Consumers Power, but sometimes small things gain importance. The eable cars of San Francisco have withstood countless modern assaults. They are outmoded, useless, expensive to maintain, cumbersome and completely ridiculous in a jet-propellel age, but the people of the city, as one solid heartbeat, have refused to part with them, because they represent or symbolize or identify or romanticize one of the most modern cities in the world. No large corporation can move into San Francisco and talk the citizens out of their cable cars, because good, sensible, reasoning falls on the deaf ears of those who value tradition and cherish custom.

The Consumers Power Company's campaign in Charlevoix has been a courteous one. Their statements concerning what they can offer us are direct and honest, but a pamphlet which blandly states that porch lights will be connected to the customer's meter by the Company (without explanation), has been published by a company which is not thinking too clearly about small things, and which definitely does not have a heartfelt interest in the community or a sympathetic finger on its pulse.

The porch light issue may be of small concern to Consumer's but it's going to cost them votes? Consumers can unquestionably give us speedy, efficient, modern service, but we would like to keep our porch lights on during the long winter months. We would like our visitors to continue to exclaim; "Goodness, what a cheerful, bright town!"

In an age when the next blast-off may be the last blast-off, some of us still cling to silly, unreasonable things like cable cars and candles on birthday cakes and porch lights which are turned on to welcome travelers and brighten the dark winter streets for us and for our neighbors.

Perhaps Consumers Power Company would care to re-examine their stand on this totally sentimental and traditional issue. We cannot be convinced by statistics. In dollars and cents, it will cost neither the consumer nor the power company any great amount of money to keep our porch lights burning. We simply don't like to be told that in order to obtain this wonderful new system, we must part with a legacy. It's a little like saying: "You will have to give up your grandmother's wedding gown, but in return we will give you a brand new expensive hair dryer." Why should anyone want to cling to a wedding gown worn a half century ago?" I haven't the least idea, but some of us would rather keep the faded and crumpled gown and do without the hair dryer.

This is all merely a matter of tradition and custom. The burning of our porch lights all night has become a friendly welcome to our community. Let's not darken our city streets just to be efficient. We should not be asked to relinquish this outmoded, unnecessary, ridiculous custom except as patriotic measure when it might be necessary to conserve power or to blackout our city to protect us against air attack—measures which we hope will never be necessary again in our world.

Eleanor Ratigan

Charlevoix Chamber of Commerce and Charlevoix Courier
Charlevoix, Michigan
Gentlemen:

As a long time summer resident (since 1945) I consider Charlevoix my second home and certainly the place to which I hope to retire sometime in the next 10 years.

It is therefore with great sincerity that I would like to express myself about my present second home town and place of my future permanent residence.

In the past 18 years I have keenly watched Charlevoix progress. It is no longer just a small town in Northern Michigan favored as a summer resort by a few selective summer visitors from metropolitan cities. Rather citizens and merchants, with excellent foresight, have made it an attractive year around community. Every natural advantage that Mother Nature has bestowed on this area has been utilized to make this a better place to live and enjoy life.

I need not list the innumerable projects and community improvements that have been the accomplishments of our Charlevoix and its citizens. They are there for everyone to see and use in their community life.

Charlevoix with all its very evident progress, has been lacking in one aspect however. It has been looking backward rather than forward in the matter of a vitally essential utility, electric power and light service.

In supporting this charge, allow me to state my eredentials to illustrate why I sincerely feel I am qualified to make this observation.

I have been intimately associated with the electric power industry for almost 35 years. I hold a B.S. degree in Electrical Power Engineering. Then in subsequent years I worked in the engineering department of a state utility regulatory board, with the engineering and construction department of an electric utility. For the past 25 years I have been associated with manufacturing firms, developing, manufacturing and marketing electric utility equipment.

I have seen and evaluated every side of the issue, private versus public power. There are advantages and disadvantages to both. And these pro's and con's vary greatly with each individual situation. The size of the community, the geographical location, availability of power sources, all have vital hearing on how to best evaluate and decide the question.

In recent years it has been my duty to study new manufacturing plant site locations. One of the factors that must be evaluated in such studies is adequate light and power service. By adequacy I mean not only electric service in sufficient amounts —but also electric service with good voltage regulation, maintained alternating current frequency, and service without interruptions.

I state that in my engineering and business judgments Charlevoix with its own small electric system, cannot meet these adequacy qualifications.

In recent political advertisements in the Courier, I note that one candidate for municipal office attempted to portray that prospective profits of the municipally owned system could be projected for 10 years with a growth curve of some 6 to 7 per cent annually. At the end of the 10 year period he had racked up for the city, a huge handsome profit—all of which would be lost to the city if the system was sold to Consumers Power Company.

As one whose duty it has been to forecast sales, budgets, profits for my company, I can say that such a 10 year forecast as portrayed in the Courier is completely unrealistic, and insupportable.

Campaigns such as now being waged in Charlevoix, often appeal to the emotions of pride, selfishness and prejudice, rather than hard headed business realism. As a non resident, I would not attempt to urge anyone to vote one way or the other, But as a future resident who loves Charlevoix dearly and as one who is reasonably well qualified to evaluate all the factors involved, I can state without reservation, that if Charlevoix was now my legal residence I would vote YES on the sale of the Charlevoix Electric System.

Respectfully,
J. M. Dollenmaier

To the Citizens of Charlevoix:

The issue of retaining or selling the Charlevoix Municipal Light Plant and all its facilities is fast becoming a driving wedge between many friends, and, even families. This issue, I believe, should not have been allowed by our City Council to advance this far.

The proposal to purchase our Electric Plant by Consumers Power Co., was no doubt made only after a careful study and analysis of the complete facility and it's earning power. Is it not only natural for this Company to want to furnish power to this Community after realizing the profit that can be made? That is the business of Consumers Power Company, and, they have a group of very fine men who are only doing the job they are paid to do.

Now, without delving into all the technical aspects of Kilowatts. Mills, etc., is it not reasonable to assume that if this plant is worth one million dollars to Consumers it should be worth more to the Citizens of Charlevoix to retain it?

Having served on the City Council and as your Mayor, I am firmly convinced that our Electric Plant should not be sold. Down through the years it has always made a profit for the people of Charlevoix, even during the rebuilding program when we were in the process of increasing our power.

At the present time the plant is free from all indebtedness and is in the best position to show more net profit than ever before . . . Is this the time to sell?

By the same reasoning, can you blame Consumers Power Company for wanting to buy this plant in order to sell us their own power?

Let us not permit personality clashes and bitterness to enter into this issue. I believe we should look at the picture calmly and from a practical viewpoint. I have refrained from going into technicalities as to why we should keep our plant because I believe there are enough people that are already properly confused . . . . figures can be manipulated to support most any argument.

The answer is simple; if a great Company like Consumers offers to buy our plant ... there must be an excellent reason! I believe it is worth much more to us to keep it!

Therefore, I urge all citizens who really want to see Charlevoix GO FORWARD, to vote NO on this issue April 1.

Sincerely,
Dean R. Davenport

Burns, Raeke Vows Exchanged At First Methodist Church

The First Methodist church was the scene Saturday of the wedding of Janice Louise Burns and Michael Anthony Raeke, Boatswain's Mate third class, U. S. Coast Guard.

Parents of the couple are Mr. and Mrs. Leonard W. Burns and Mrs. Harry Racke of Chicago, Ill., and the late Mr. Raeke.

The Rev. Raymond J. McBratnie officiated at the double ring service in the presence of more than 150 guests. Tall baskets and altar vases of white and red gladioli and lighted tapers formed a setting for the ceremony. White gladioli and satin bows marked the pews. Mrs. Charles Bellinger, at the organ played a program of traditional music and wedding marches and accompanied the soloist, Miss Dee Wust of Bridgeport, Conn., who sang "Because' and "The Lord's Prayer".

Given in marriage by her father, the bride selected a gown of white peau de soie for her wedding. Fashioned with a fitted bodice, portrait neckline appliqued with medallions of lace and long tapered sleeves, the gown had a full skirt which terminated in a chapel length train. Her fingertip veil fell from a lace cap and she carried a cascade bouquet of white carnations, miniature red roses and stephanotis.

Mrs. Ronald Balch was matron of honor and Mrs. Larry K. Burns of Flint, sister-in-law of the bride, was bridesmaid. They wore identical street length gowns of red satin with long sleeved bolero jackets and full skirts with over-skirts of white nylon, red velvet bows and white nose veils accented in red and red accessories. Their crescent bouquets were of white roses and stephanotis.

Leonard Lippoldt of Chicago assisted his brother-in-law as best man. Mr. Burns, brother of the bride, was groomsman. William Poquette and Edgar Culbertson seated the guests.

A reception followed in Harmony Hall of the church where the refreshment table was centered with a tiered wedding cake. Arrangements of white mums and daisies and tapers decorated the table. Assisting were Carol Reake, Alice Racke and Mary Raeke of Chicago, sisters of the bridegroom.

For traveling on their wedding trip to Chicago, the bride wore a winter white wool sheath with short over-blouse and black accessories.

They will return here to make their home at 309½ West Upright ave.

The bride is a graduate of the Charlevoix high school and attended Olivet College and North Central Michigan College. She is presently enrolled at the latter. Mr. Raeke is a graduate of Lyons township high school in Chicago and a veteran of 3½ years in the U.S. Coast Guard. He is presently stationed at the Charlevoix Lifeboat Station.

Wedding guests were present from Olivet, Marquette, East Lansing, Grand Rapids, Grand Junction, Monee and Chicago, Ill., Boyne City and Petoskey.

Letter by City Manager of Kalamazoo

Mr. Jack C. Grubaugh
212 Belvedere Avenue
Charlevoix, Michigan

Dear Mr. Grubaugh:

I received your letter of March 2, 1963, concerning the sale of our electric utility to the Consumers Power Company.

Our utility had approximately 1,000 customers including commercial, water pumping, city lights and a few domestic customers. It became necessary for us to consider new generation which would probably cost in the neighborhood of one million dollars. Inasmuch as our rates were as high as Consumers rates at the time we could not see how it would be possible to finance an addition to our plant. Since that time the cost for pumping our water has been greatly reduced. The Consumers rate is less than the City rate for this type of account.

Our street lighting costs per lamp are the same as when we had the plant. Other rates have been increased by Consumers, but they have been increased all over the State of Michigan at the same rate; and as you know, the rates are determined by the Public Service Commission

One of the greatest benefits which we have is the fact that Consumers Power Company has tie-in service with all of their plants in Michigan, in addition to the Detroit-Edison. If anything went wrong with our own plant it was difficult to get emergency service. As I look on the electric utility, I feel the time has come when we must consider regional service rather than local. As far as the administration is concerned in Kalamazoo, we are very happy with the Consumers Power Company. They give excellent service in case of emergencies, they can draw in men from other districts in case of storms and they have cooperated well with the City of Kalamazoo.

I trust that this answers your questions fully.

Very truly yours,
C. H. Elliott
City Manager

The experience of other communities can be invaluable in helping citizens of Charlevoix better analyze the proposal to sell the Charlevoix electric business. Be informed before you make your decision.

To Hold Industrial Arts Fair At Charlevoix High School

The Top-O-Michigan Industrial Arts Group have selected Charlevoix as the location for its Industrial Education Craftsmen Fair for Region 14 which takes in 10 northern Michigan counties, according to Robert J. Cook, local chairman of the event.

The fair will be staged at the Charlevoix high school gymnasium on Friday, March 29, in cooperation with the Michigan Industrial Education Society and the Detroit News.

Ribbons and certificates of merit for honorable mention will be furnished by the M.I.E.S. and the Detroit News. Exhibit certificates will be awarded by the Top-o-Michigan Industrial Arts Society to all students entering the fair.

Winning projects from the Region 14 Fair will be taken to the State Fair to be held at the Civic Center in Lansing April 3. This will be part of the 35th annual convention of the Michigan Industrial Education Society to be held in Lansing April 4, 5 and 6. Winners on the state level will receive cash awards as well as ribbons.

The purpose of this awards program is to encourage and recognize fine craftsmanship among students in the field of Industrial Arts and Trade and Industrial Education in the state of Michigan.

The awards program is open to all public, private and parochial schools in Michigan. Any students enrolled in Industrial Education courses in grades seven through 12 are eligible to enter projects in the more than 50 different classifications.

The exhibits in the gymnasium will be on display from 5:30 to 9:30 p.m. on March 29.

Bernard Scheele of Cheboygan is regional chairman of the M.I.E.S. and general chairman of the Region 14 Fair. Mr. Cook is local chairman. The awards committee is composed of B. T. Neidhamer of Boyne City and William Steffens of Petoskey.

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963½ Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story... car endurance that takes brutal punishment and comes back for more.

No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking . . . and all the other things that go into Ford's concept of total performance.

These were the same '63½ Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

CONSUMERS POWER COMPANY

12-13-14-15x

As the years come and go, Electricity plays a bigger and bigger role in the home, business and industry. That's why an immediate accurate communications system for electric service is a MUST in any community.

Consumers Power Company, in order to serve its customers with greater efficiency, has installed one of the largest mobile radio networks in the country . . . . operating over 1,200 mobile radio units covering 29,000 square miles of Michigan's Lower Peninsula.

This is the kind of Service organization whleh ALL of the Company's customers have behind them, wherever they may live.

If Charlevoix elects to become a part of that system, this modern service organization would become a part of Charlevoix.

Night and day, your electric service would come under the watchful eyes and controls of the round-the-clock Consumers organization.

This is only one of the many ways Consumers Power Company would assure Charlevoix dependable, efficient electric service.

It is a good example of how a modern utility company operates.

1ST 2ND 3RD 4TH 5TH! In the test that tears 'em apart...the Daytona "500"... Ford durability conquered the field!

Score another big win for Ford—this time at Daytona, February 24! The Daytona "500" is one of the toughest tests of automotive machinery. The twisting, turning, acceleration and braking a car gets in a little over 3 hours and 15 minutes at Daytona easily equals the wear and tear of 2 or 3 years' normal driving. And over 70,000 spectators saw dramatic proof of the stamina and durability built into the '63½ Super Torque Ford. Outperforming competitive cars in a field of 50, Fords finished 1st, 2nd, 3rd, 4th and 5th! Daytona was *open competition*, too—not a "private" test arranged by one car builder to favor his car's strong points. Never before has one make dominated so completely a major U.S. 500-mile track event. Ford's 5-in-a-line victory at Daytona stands as a spectacular demonstration of *total performance!*

Charlevoix to Host Northern Michigan School Board Ass'n

Plans for the Northern Michigan School Board Association conference to be hosted by the Charlevoix board of education on March 27 were discussed at length at the recent meeting of the group.

School board members from schools in 22 northern Michigan counties will gather here at 3 p.m. on that date for general and group meetings, panel discussions and a dinner meeting.

In other business the board discussed teacher contracts and the valuation of the school district and how it will effect anticipated tax allocations. The budget needs for the 1963-64 school year were studied and work on the budget continued.

Delivery on two new Chevrolet school buses was accepted and a payment of $ 3,012.20 toward their purchase price approved.

A report on the insurance appraisal made by Cale Flynn of all property owned by the school district was read. He was authorized to make an annual appraisal of the property.

The transfer of $3,314.02 from the general fund to the building and site fund to be used for the payment of attorney fees to Norman D. Ance was approved.

The board heard a report on the results of the recent District 11 Band and Orchestra Festival.

Bills totaling $5,172.10 were approved and ordered paid.

Consumers Power Company's Big Rock Point Nuclear Power Plant Is a $27,000,000 Symbol of the Company's Willingness to Work and Invest to Find Ways To Do a Good Job Better!

Working Hard Every Day to Find the Better Way

The Big Rock Point Nuclear Power Plant near Charlevoix is a good example of the Consumers way of working for progress. Even though the company's state-wide system of coal-burning and hydro-electric plant in Michigan rates in the forefront among all the utility systems in the nation, the Nuclear plant project was launched by Consumers. It was started (and is moving along well, thanks!) because it promised to yield valuable information leading to a new and perhaps better way to produce electricity.

In the case of the Charlevoix electric system, Consumers feels that Consumers Power Company offers a better way to serve the people of Charlevoix.

Consumers feels that Charlevoix will make progress if the people of Charlevoix turn over their electric problems to Consumers, which has agreed to pay $1,000,000 for the system as a going business.

Then, the Consumers ways of conducting an electric business will go to work for Charlevoix. It will do this in the form of increased income to the city, increased taxes to the city, schools, county and hospital, and with the company's entire system of power plants and power company people working to advance the interests of Charlevoix.

We want to be the electric company in Charlevoix. As the electric company to most Outstate Michigan communities, we have facilities to supply strong service, and people who will work to help Charlevoix progress.

We want to be the electric company in Charlevoix because we like Charlevoix and want to participate in the future development of this community. We believe the association of Charlevoix and Consumers Power Company will be pleasant and beneficial for both.

Your YES vote April 1 will help Charlevoix go forward.

Mrs. Hugh Warner, executive director of the Crooked Tree Girl Scout Council with headquarters in Traverse City, was the guest speaker at the regular luncheon meeting of the Lions Club held Monday at the Weathervane Inn.

Mrs. Warner spoke on the recently organized council which has adopted the name of 'Crooked Tree', reminiscent of the days when the Indians used such trees to mark their trails through the north country. She also showed a film showing the new program being adopted by the Scouts and spoke on the potential of Scouting in this community.

The Council has the Girl Scout camp on the Ellsworth road. She told of the many improvements needed at the camp and asked for assistance in any way possible in developing the camp site.

In conclusion she outlined the use to which Community Chest monies were put by the council which takes in 11 northwesten Michigan counties.

Robert G. Lieberman was program chairman.

Schroeder-Capek Vows Exchanged On Beaver Island

St. James, B. I.—Impressed with the hospitality of this northern Lake Michigan island, a couple from the mainland, Miss Patricia Schroeder of Muskegon and Richard Capek of Whitehall flew to the island recently for their wedding.

They were accompanied by Judge John J. Connolly of Charlevoix who officiated at the ceremony at the Shamrock.

The bride selected a mint green suit and matching accessories for her wedding.

Mrs. Orville Kemp of Muskegon, as her only attendant, wore a turquoise dress and matching accessories.

W. Max Klaus Jr. of Montague assisted the bridegroom as best man.

The island residents gathered at the Shamrock for the wedding and the reception which followed.

The couple plan to make their home at Whitehall.

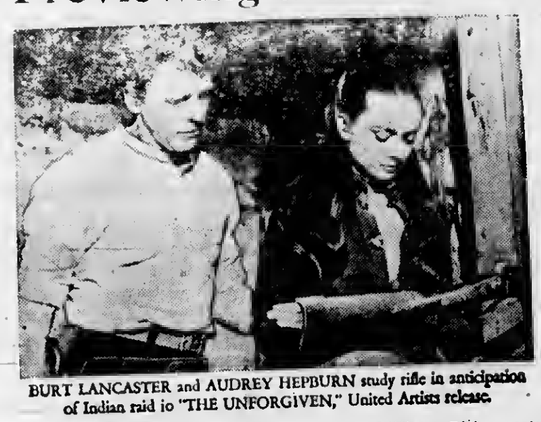
Previewing the Movies



BURT LANCASTER and AUDREY HEPBURN study rifle in anticipation of Indian raid in "THE UNFORGIVEN," United Artists release.

The setting for "The Unforgiven", showing at the Palace Theatre this weekend, is in the Texas Panhandle in the mid-1860's. The story revolves around a white family of cattle ranchers, starring Burt Lancaster as the eldest son and Audrey Hepburn, a daughter whose real identity is eventually revealed as the plot progresses. Audie Murphey and Doug McClure are other brothers. Lillian Gish portrays the mother who holds the secret. Playing featured roles are John Saxon, Charles Bickford, Albert Salmi and Joseph Wideman.

It's a story offering pathos, melodrama, suspense, and comedy all wrapped up into a good western which should have general appeal.

The screen story is based on a novel by Alan LeMay.

LES TAYLOR SAYS:

Statement of Policy

We sincerely apologize for stopping the feature, in the middle, last Friday night. This applies to the great majority of patrons who apparently tried to enjoy the movie. We hope the rest will eventually learn to consider others and behave properly to the enjoyment of all.

First, Charlevoix has one of the finest movie theatres for a city of this size anywhere on the continent.

Second, while we have battled storms and adverse weather during this winter, we have not failed to bring you the show, on the night specified. We try very hard to give you, our patrons, the following:

1. Comfort;and try to make it possible to enjoy your evenings' movie entertainment.
2. We strive to give you the best pictures, screen and sound presentation, available.
3. You should always enjoy a clean theatre, comfortable seats, drinking fountains, toilet paper, towels etc., and properly heated.
4. Our policy has been outlined above, if we "slip', please advise. SUGGESTIONS and CONSTRUCTIVE CRITICISM are always in order. The PALACE theatre possibly represents the largest investment on Bridge Street. To make it successful, we solicit your help and patronage. Even after thirty years of successful theatre operation we can always learn. Trank you, one and all.

Charlevoix Loses in NMCC Finals

Rayders Swamped by Harbor Springs 84-48

The Charlevoix Rayders bowed to the high flying Harbor Springs Rams 84-48 in the Class C district finals at Boyne City Saturday night.

Charlevoix had upset Boyne City 63-57 on Tuesday and Harbor Springs had downed East Jordan 71-39 on Tuesday to advance to the finals.

The Rayders were definitely the underdogs as they went into Saturday's game against the Rams who defeated them twice during the regular season.

The game started out as a defensive battle with the score standing at 15-13 at the end of the first quarter. However, with one minute gone in the second period, the Rayders lost Curtis, floor captain and manager, when he was injured as he collided with a Harbor player. With the loss of the experienced guard to whom the younger players had turned for guidance, they lost their confidence and thus lost the punch that had kept them in the game during the first period.

Bruce Kroken, Ken Parrish, Dave Rader, Curtis and Jim Uhrick started for the Rayders. Chip Terrill, Gary Stutzman and Dwight Boss made their way into the line-up during the second period as Coach Don Carey tried for a combination to stop the Rams who took advantage of the Rayder squad by pouring in 23 points for a 38-21 halftime advantage. Bruce Murray, Jack Uhrick and Doug Winnell saw action in the final period.

As the game went into the second half, Paul Ranney, the League's scorer who had been held to 11 points in the first half, poured in 14 of the Rams 27 points for the quarter as they left the struggling Rayders trailing by a score of 65-39 as the game went into the final period. Jim Uhrick was lost to the Rayders with three seconds remaining in the third period when he collected his fifth personal foul.

As time ran out the Rams continued their offensive attack, scoring 19 points in the last period. First regular Ram to go to the bench was Tom Pifer at 4:11. He was followed by Ranney at 3:34 and with less than three minutes remaining, Coach Charlie Paige emptied his bench. Charlevoix lost Rader with 1:10 remaining.

Charlevoix scored 12 field goals and on 24 of 32 free throw attempts while collecting 20 personal fouls for 48 points.

Harbor Springs had 29 field goals, including 11 by Ranney, and 26 free throws on 32 attempts while being tagged for 20 personal fouls for 84 points.

Dave Rader paced the Rayders with 19 points followed by Bruce Kroken with eight; Stutzman with six; Jim Uhrick and Terrill with four each; Curtis Murray and Boss two each and Parrish one.

Ranney paced the game with 29 points followed by Pifer with 14; Mike Lauer wih 13; Cecil John with 10; Dave Reyner and Dave Winegarden with five each; George Meyer and Jim Meyer with four each.

The game marked the final appearance of Curtis, Rader, Boss and Murray on the hardwoods.

Though it was a losing cause, the Charlevoix Rayders battled all the way as they went down to defeat in the Class C district finals against Harbor Springs Saturday night. Hero Bruce Kroken and Chip Terrill are pictured going for a rebound in the second half of the game as Bruce Murray (54), and Jack Uhrick await the outcome of the action. Also pictured are Cecil John (HS-41) and Tom Pifer (HS-43).

Kwanians Hear Peter H. Timmer Local Postmaster

Peter H. Timmer was the guest speaker at the regular dinner meeting of the Kiwanis club held Monday at the high school cafeteria.

Mr. Timmer, postmaster at the local postoffice, J. M. Foster and C. B. Meggison, former postmasters and Dan Geneit, assistant postmaster, Rex Davis, Pat Moran, Walker Miles and Jerry Stebe of the postoffice staff were guests at the meeting honoring postal employees during National Postmaster Recognition week.

Mr. Timmer spoke on the operation of the local postoffice and the development of goodwill toward the service.

Plans for the Old Timers dinner and for the Ladies Night meeting at the Argonne on April 1 were discussed.

Girl Scout News

Brownie Scout troop 275 met Friday evening for an investiture ceremony which was attended by our parents.

We sang a song for them and served them gingerbread. Two intermediate Girl Scouts, Sandra White and Patricia Goike, assisted us during the ceremony and in serving coffee. We also decorated things we had made.

Brownie Scout troop 259 met Monday.

We had a discussion; played some games and a dance, Bow, Bow Belinda. Nancy Fochtman and Janet Gillam brought the treat.

Thursday we will attend the Brownie Scout birhday party at the city hall at 4 p.m.

Charlevoix IN UNIFORM

A recent letter from Sgt. Charles R. Pieree who is stationed in Alaska with the U. S. Army Aretle Test Board has brought some interesting information on the most northerly of this country's states and on the work the test board is doing.

The letter reads in part: Here I am in a part of our great United States yet to a newcomer it's almost foreign. Alaska, in a sense, defies the imagination of one born and raised in a heavier populated area.

Here around us are mountains, streams, lakes and forests unexplored exeept, perhaps, by air. There are few roads, only one substantial railroad and some unimproved trails. The town are few, the cities quite small. Even these have the rugged appearanc that prevails througout the state. The people are almost a breed in themselves, their appearance is rugged, their talk is rugged and their ways are rugged. This is easily understood looking over what they have and what they are doing. I consider them pioneers.

Along all the major roads one sees isolated homesteads. The buildings run from quite modern to those hand-hewn primitive log cabins that were in our state in the past.

Yet in all this is a beauty I've seen nowhere else. Nature's raw untouched majestic beauty is the background everywhere. How could it fail?

Fort Greely, Alaska, is situated approximately nine miles south of the junction of the Alaskan and Richardson highways. The area was called "Big Dolta" at one time. The name originated during World War II when the Air Force had a small air field here. We still use the same runways.

Stationed here are two major organizations, the United States Army Arctic Test Board, of which I am a member, and the U. S. Army Cold Weather and Mountain School.

The board is unique in its field in that we test everything that an Army would need in sub-zero temperatures. Certain other posts specialize in their respective tests such as Armor, Artillery, Infantry, etc.

However, the board is broken down into seetions that specialize in certain fields. What do we test? Theories, application of those theories and equipment sub-zero warfare. All of them necessary to a modern army in are not successful. But if our boys in Korea had had what we're testing here today and what has been tested so far more of them could have come back. This alone would justify our efforts toward the future. When you hear or read that ours is the finest equipped army in the world, you may rest assured it's true.

I work in a small sub-section of the board that deals with field equipment. We test sueh items as snowshoes, skis, uniforms, gas masks, tents, ruck sacks, sleeping equipment, rations, etc.

I live in a small compound nine miles south of Fort Greely beside a small lake, Bolio Lake. Ours is known as the section that tests the man. We don't even start unless the temperature is below -20 degrees F. We have more frost-bite cases than the rest of the board sections put together. Our quarters are far from home and it's not uncommon to go a week without the luxury of a shower. Many of our young soldiers can't make it through a test season.

We haven't had too much cold weather this winter, As a matter of fact, we recorded a 75 degree F on Christmas Day during a Chinook (a warm southwest wind from the sea). Our coldest to date is -53 degrees; last year's was -73 degrees F.

The Cold Weather and Mountain School is just that. Selected personnel from units the world over take short courses in cold weather survival and mountain climbing. The mountain climbing phase is during the summer and the other during the winter. They then go back and teach the others the basic fundamentals Whereas, in the past these two (phases) left to specialized units, they are now for every soldier.

It's quite an expierience...being just a cog in this all-important work. Good wishes to everyone at home.

Amprehensions Unfounded.

February 19, 1963

E. D. Hawley, Mayor
300 East Dixon
Charlevoix, Michigan

Dear Sir:

News travels fast in the north, as you know. However I learned of Charlevoix's anticipation of selling their light system while at a meeting in Grand Rapids while talking with a Petoskey resident. Recalling the fears that we had in Grayling while going through the same situation, I thought you might like to hear of our experiences to add to your investigation, and possibly help in your decision.

We were very proud of our system and it certainly served its purpose well. As anyone, the thought of being taken over and wondering what our position would be after, felt like a heavy load on our shoulders. However, looking back, it really wasn't a load, especially now that everything has worked out fine. The transaction went smoothly and just as promised by Consumers personnol. They have updated our transmission lines and we feel that all users are at complete ease, knowing that they are getting the best service available. Their promises have been fulfilled and reliability substantiated. Another fear was, the handling of all this money. With it we have been able to go right ahead with a long overdue updating of our sewage plant and system. We have raised our sewer fee and additional revenue goes back into the revolving fund, drawing interest, created by this sale. Because of this available money, the financing and carrying out of needed projects are greatly aided.

Without going into all of the many benefits we derived from this transaction, I will simply state, "We would do it again."

Sincerely,

Ralph E. Hoffman, Mayor

The above letter was written unsolicited to Mr. E. D. Hawley, Mayor of Charlevoix. It is published with the consent of the writer.

F. B. Women Make Plans for Annual Rural Urban Lunch

Tentative plans for the annual Rural-Urban luncheon, sponsored by the Charlevoix county Farm Bureau Women's committee, were made at the recent meeting of the group held at the home of Mrs. Lot Notestine at Walloon Lake.

May 2 was set as the date for the event.

Mrs. Thomas Wieland spoke to the group on legislation including the wheat referendum and the proposed new state constitution. She said the latter was a non-partisan document on which everyone should vote.

Mrs. William Parsons, county president, reported that the new Moral Re-Armament play, "Music at Midnight", will be shown at the Schubert theater in Detroit this week. Plans for a group to make the trip to Detroit via chartered bus were discussed.

Mrs. Hugh Graham of East Jordan spoke briefly on safety, advising motorists to drive slowly and watch for children at cross streets which are now hazardous because of snow banks.

Trooper Robert Corkins of the Petoskey State Police post showed a film on resuscitation.

Fifteen members representing 10 groups were present for the meeting at which Mrs. Notestine lead the devotions.

The district meeting will be held April 26, it was announced.

Rites Tuesday for Charles Jerichow Of Hayes Township

Charles Jerichow, 90, retired Hayes township farmer, died late Saturday at the Charlevoix hospital where he had been a patient for three days. He had been in failing health for some time.

Funeral services were held at the Winchester Funeral Home Tuesday with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

Born in New Holstein, Wis., Nov. 27, 1872, Mr. Jerichow came to Hayes township in 1892 and operated a farm there until recent years. He continued to make his home there until 18 months ago when he moved to Charlevoix to live with his sister, Mrs. E. A. Mock. He never married.

Besides his sister, Mrs. Mock, he is survived by several nieces and nephews.

High School Band Members to Enter State Solo-Ensemble Festival

Twenty-two members of the Charlevoix high school senior band will participate in the annual State Solo-Ensemble festival at Kalamazoo Saturday, C. A. Odmark, director of the band, has announced.

The group, participating in 12 events, earned the right to enter the state event by winning first division ratings at the district festival at Indian River last month.

Four of the soloists entering the festival will participate in the profeciency division where they will not only be judged on the presentation of their solo but quizzed on major and minor scales and some sight reading, Mr. Odmark explained. This is a comparatively new addition to state festival classifications and in order to enter it a musician must have a rating of 86 out of a possible 100. Those planning to enter the profeciency division are Richard Odmark, oboe, Robert Odmark, French horn, Bruce Kroken baritone, and Gary Stutzman, bass. The fifth soloist making the trip, Steven Kroll, will enter the trombone solo division.

Others making the trip to participate in the festival to be held on the campus at Western Michigan University will be: a flute duet composed of Roberta Hiller and Marcia McCall; clarinet duet, Barbara Sugden and Elaine Martin; woodwind trio composed of Barbara Stoel on the flute, Mary Harrison, oboe and Judy Walker, clarinet; a saxophone trio, Terry Nielsen and Patti Penn, alto sax and Sharon Wood, tenor sax; a drum trio, Sharon Sugden, Peter Brock and Irene Bascom; a clarinet quartet composed of Judy Walker, John Ochs, Barbara Sugden and James Stewart and the largest single ensemble, a brass sextet, composed of Joan Riley and Tom Hawley, cornets, Robert Odmark, horn, Bruce Kroken, baritone, Steven Kroll, trombone, and Gary Stutzman, bass.

The trip will be made in private cars driven by parents of the participants and financed by the Charlevoix Band Parents Association. Mrs. Leonard Burns will serve as accompanist for four of the soloists while Robert Odmark will accompany the fifth.

This is the largest Charlevoix group of solos and ensembles ever to participate in the state festival. The festival at Kalamazoo is an 'open' festival where participants are not separated by the class of school they represent. This festival will feature students from AA through D class schools participating on the same level.

Plan Public Seminar on New Constitution

The Citizens Research Council of Michigan will present a public seminar on the proposed Constitution at the Charlevoix high school gymnasium at 8 p.m. Friday under the sponsorship of the Charlevoix Chamber of Commerce, according to Paul Kohler, secretary-manager of the Chamber.

The purpose of the seminar is to present an unbiased, factual review of the major highlights of the proposed constitution as a basis for informed voter decision at the polls during the general election Monday, April 1.

The Citizens Research Council will not urge either the adoption or the rejection of the proposed document. Illustrated with slide materials, each seminar will last approximately two hours, allowing opportunity for a question and answer period.

Arrangements have been made to present a seminar for students at the Charlevoix high school at 2 p.m. Friday, Mr. Kohler said. Approximately 100 students whose class schedules will permit it, will attend the special student seminar.

Soil Survey Party Maps All Islands In Beaver Group

By Bill Grimm

The Soil Conservation Service Soil Survey party has made soil maps of all the Beaver Islands as a part of the Charlevoix County soil survey. Aecording to Stanley Alfred, Survey party chief, the men mapped the soils on all the small islands in Lake Michigan which are a part of Charlevoix county.

Transportation of the men and their equipment was the largest single problem confronting the survey party in making soil maps of the small islands. This problem was solved by the Beaver Island Coast Guard unit, which provided transportation to and from these islands.

The smaller islands like Gull, Squaw, Whiskey, Trout and Hat have very shallow, gravelly soils.

The larger islands like High, Garden and Hog are covered partly with shallow, gravelly soils and partly with deep sand soils.

Beaver Island has about one-third good sandy loam soils, one-third deep, dry sands, and one-third swampy land.

Most farming operations have been abandoned on Beaver Island because transporation to market is too expensive to compete with similiar products grown on the mainland. A few farmers are raising beef cattle on the good pasture on the island.

All the smaller islands are covered with native vegetation, consisting of mixed hardwoods and conifers. Some have heavier forest stands than others.

Wildlife is plentiful on Beaver Island, consisting of deer, grouse and beaver. High and Garden Islands have a yood grouse population and some deer. The rest of the small islands do not have much game. Gull and Hat Islands are gull nesting grounds and are literally loaded down with gulls during the spring nesting season.

Supervisors Set Hearing on Sunday Closing Law

A special hearing regarding the Sunday Closing Law, PA 128 of 1962, which is scheduled to become effective March 28 will be held at the county building at 7 p.m. Tuesday in connection with a special meeting of the Charlevoix county board of supervisors.

The board may, by a 2/3 majority vote, exempt the county from coming under the new law which prohibits the sale of certain items, many of which are found in gift or speclality shops, on Sunday.

Irve's Shoe Shop Sold to Rabach

Negotiations are being made this week for the sale of Irve's Shoe Shop, E. Clinton st., to Clarence F. Rabach, Mr. Rabach has announced.

Mr. Rabach plans to move the shoe repairing equipment and shoe stock to the Rabach Sales & Service building on Petoskey ave. about Mar. 30. He said the repair shop would be open daily. He said he had not decided whether he would continue the sale of shoes but the present stock would be sold out at the new ioeation.

Mr. Drost who has operated the loeal show store and repair shop for the last three years, closed up the business last fall to open a candy store in Petoskey. Mr. Drost was associated with John Slezak periodieal for about 15 years prior to taking over the business.

Report Death of A. A. 'Bert' Wilbur

News of the death of A. A. Bert' Wilbur, about 77, at his Evanston, Ill., home Tuesday following a long illness has been received here.

A native of this community, he had been associated with Baird and Warner Realtors of Chicago for many years.

Besides his wife, Helen, he is survived by one sster, Mrs. Wilbur A. Cline, former local resident now living in New York City.

Funeral arrangements had not been completed late Wednesday.

Rewarded for Services

These members of the Mt. McSauba ski patrol enjoyed a 'postman's holiday' recently when they spent the day at the Mount Mancelona ski resort as a reward for their season's work.

Pictured here at the foot of one of Mt. Mancelona's runs are (l to r) Corky Meier, Gregory Seese and Albert Seese.

The trio has served as ski patrol without compensation at the local winter sports park, shoveling mountains of snow to keep the tows in running order, assisting with the packing of runs, with younger skiiers who have needed an assist on occasion and countless other chores that fall to such a group.

Corkey is the son of Mr. and Mrs. Charles Meier who manages the loral ski area for the Charlevoix-Mt. McSauba Recreation Corp. and the Seese brothers are the sons of Mr. and Mrs. William Seese.

Hansen to Oppose E. D. Hawley for Office of Mayor

Edward P. Hansen has announced his intention of becoming a 'sticker' candidate for the office of mayor in the April 1 general election.

He will oppose incumbent E. D. 'Pat' Hawley who defeated him by 70 votes for the nomination in the primary last month.

There are no other sticker candidates at this time.

Voters will go to the polls April 1 to vote on the proposed new state constitution, to elect several state officials and city officials. Residents of the city also will vote on the proposed sale of the municipal electric utility to Consumers Power Co. for $1 million.

Attend Senior Girl Scout Conference

Members of Charlevoix's Senior Girl Scout troop 256 were among the 475 Girl Scouts from four states who gathered in Flint over the weekend for a Senior Scout Conference whose theme was "Service to Others".

The conference, held at Flint Junior College, attracted Senior Scouts and their adult leaders from Wisconsin, Illinois, Indiana and Michigan. Main topics were the types of service Senior Scouts may offer in a community. Discussion periods followed general meetings attended by the group.

Tours of various points of interest in Flint area following the business sessions, a banquet and outstanding teen-age style show Saturday evening, special church services for all Scouts followed by a brunch Sunday morning highlighted the two-day event. Kay Halverson of Flint, daughter of Mr. and Mrs. Martin Halverson of Flint and Ironton, was in charge of the program during the lunch on Sunday.

At the banquet Saturday evening the Scouts heard Girl Guides from Germany and Finland tell of Scouting in their respective countries and also heard a representative of the Peace Corps tell of the service offered by this outstanding group.

While in Flint all visiting Scouts were guests in the homes of Girl Scouts in the Flint area.

Charlevoix Scouts and adult leaders making the trip were Linda Supernaw, Sue Staley, Sue Bacot, Marilyn Lesher, Sherry Holborn, Barbara Wood, Mary Moore, Mary Gallagher, and Diane McKenzie, all Senior Scouts, Mrs. Jaek Rader, their leader, Mrs. C. A. Duerr, Mr. and Mrs. Earl Holborn and Mrs. Peter Flum of Petoskey.

Grosbeaks Return To Charlevoix

Bird lovers who have missed the evening grosbeaks at their feeders this winter will be happy to know that a flock of 10 was seen by Mrs. Harley I. Oehs Wednesday morning.

She said she had also had many purple finches and gold finches as well as sparrows at her feeders throughout most of the winter. The former appeared at Christmas time and the gold finches early in January.

Robin Heralds Coming of Spring

"Cheer up! There's better days ahead" was the message a fat, saucy robin brought to this community Saturday.

After a long winter that has been the coldest in anyone's memory this harbinger of spring was first reported by Mrs. John Mol who said she could hardly believe what she saw.

On Saturday night, the area had its first thunder storm of the season with the rains washing away some of the snow which has been falling since Christmas. The rain continued through Sunday morning before the temperture began to drop. Monday morning found the thermometer registering another near-zero temperature but the sun, nearing the halfway mark with the equinox approching, brought renewed hope. along with the brave little robin, that spring is, indeed, just around the next snowdrift,

Rex E. Milligan to Succeed R. G. Bennett As Superintendent

The Charlevoix Board of Education Wednesday announced its choice of a superintendent to succeed Roy G. Bennett who earlier made known his plans to retire June 30 after serving 18 years as administrator of the Charlevoix public schools, according to E. Darrell Dinwiddie, president of the board.

He is Rex. E. Milligan, superintendent of the Sandusky Community Schools for the past 10 years and administrator of other central Michigan schools since 1943.

Mr. Milligan was selected from among more than 50 candidates for the post being vacated by Mr. Bennett.

He will assume his administrative duties here July 1.

The Sandusky school system is located in Sanilac county and has an enrollment of 1,240 students. In recent years the district has approved a bond issue for a new elementary school and is currehtly studying its needs for a new high school.

A graduate of Central Michigan University with an A.B. degree with a major in Agriculture and minors in social science and biology, Mr. Milligan received his Master's degree in School Administration with a minor in sociology from Michgan State University in 1961. He did his graduate work at Michigan State and Eastern Michigan Universities.

Mr. Milligan began his teaching career in 1936 after two years at Central Michigan University. He taught at Sethton rural school in Gratiot county until 1938 when he returned to the Central Michigan campus to complete work on his A. B. degree which he received in 1940. For the next three years he taught at Gaylord before accepting the post of superintendent of the Riverdale Public Schools in Gratiot county. In September 1945 he became superntendent at the Hale Area Schools in Iosco county, a position he held until 1948 when he took the helm at the Springport Public Schools a Class C system in Jaekson county. He went to Sandusky from this position in 1953.

In making the announcement in behalf of the board of edueation, Mr. Dinwiddie said that a great deal of time and thought had been given to the problem of naming a successor to Mr. Bennett. He went on to say that, "We have interviewed many candidates for the post, always keeping in mind the speeial needs of this community. We feel that Mr. Milligan will best meet these qualfications in every respect."

A native of Breckenridge where he was born in 1915, he received his early education in the Breckenridge schools where his father was a teacher. He is married to the former Helen Ilkka of Chatham a graduate of Munising high school and Michigan State University. They have four children, Gene, 20, a sophomore at Central, Rex. Jr., 16, a high school sophomore, Kathleen, 13, a seventh grader, and Richard, 8, who is in the second grade.

Please bear with us. The Brownie Scout cut lines under grade three and grade two are transposed. Pictures appear on page 9.

Know Before You Vote

Figures relative to the operation of the city's electric utilities which have been tossed out for public consumption during recent weeks appear misleading in the face of the operating statements released this week by the city. Citizens who have been lead to believe we are at the beginning of an utopia because of the fabulous profits promised should study the city report before casting a vote at the polls April 1.

There is little doubt about the city being able to make a profit right now in the electric business. What that profit will amount to over the next 10 or 20 years is merely a projection based on what has happened in the past, such as growth rate, business trends and the other factors. These factors often change. For instance, one factor that was not expected when the projections were made is the proposed extension of natural gas lines to this area. When natural gas is available it is likely the demand for electricity will decrease. That situation has been experienced in other areas.

Another factor that can change the picture from year to year is the changing of city officials and administrative heads. We can have an efficient and conscientous administration today but a future election could bring in officials that might bleed the business and the taxpayers at the same time.

We are convinced that, generally speaking, when business is operated by a unit of government, it is less efficient, more costly and too often maintained at the expense of the taxpayer. There are exceptions. We doubt however that Charlevoix will be one of the exceptions if viewed on a long range program.

It is our prediction that Charlevoix will be farther ahead over the next 20 years if it gets out of the power business while it has a buyer willing to pay a fair price.

Don't let fantastic promises be the basis of your decision. Get the facts straight from the records, weigh all the facts and conditions and then base your opinion on what will be best for Charlevox in the long run. You'll be doing your neighbor and yourself an injustice if you vote either way on this issue on the basis of wild promises.

BETWEEN YOU AND ME

- By Harold E. Kohn -

The Poetic Spirit

A few weeks ago Robert Frost, America's unofficial poet laureate died. He was eighty-eight years of age when a blood clot in the lungs took him. All America, and much of the civilized world, mourned Frost's passing.

Robert Frost was a strange mixture of a man, granite compounded with gentleness, simplicity stirred into profundity, and a bitter-sweetness flavoring much that he said to the world.

He wrote in a plain, rough-hewn style about everyday things, about the land, and good fences, and stone walls, about swinging on birches and scuffing through fallen autumn leaves, about horseback riding and blueberrying, and "stopping by woods on a snowy evening." To all common experience he gave uncommon expression. Although Frost has gone from our midst, his influence lingers. We need what he had to say about the mystery surrounding our everyday lives. He still appeals to our capacity for delight in simple things, and our wonder at commonplace things. Above all else, he shows us what it means to see life in a poetic fashion.

The one distinguishing mark of the poetic soul is his ability to respond to ordinary things with extra-ordinary wonder. It doesn't take much of a man to be astonished and comtemplative about an earthquake or the eruption of a volcano. But to find rich meaning in a "tree at my window" which Frost saw every day, without becoming numb to its presence,—that takes poetic feeling. It takes a reverent man to discover some universal meaning and to make poetry out of a New Englander's experience of mending fences and to make world-famous a simple line like

"Something there is
that doesn't love a wall."

A rare eclipse of the sun excites wonder in any man who watches. But the reverent man, the poet and the philosopher, are awed by every morning's sunrise and each evening's sunset. Robert Frost would have felt at home with Edward Dickinson (father of the poetess Emile), who once rang the church bell in Amherst, Massachusetts, as if to summon the town's people to help fight a fire. The whole town came running, but when they arrived at the church, they found Dickinson only wished to call attention to the sunset. Small wonder that Dienkinson's daughter wrote poetry after being exposed to a soul like that.

Every poet, and Robert Frost supremely, has engaged in such bell-ringing. Every good poem aims to call our attention to something significant that we are likely to miss.

We need a lot of such bell-ringing in our world, and we need a lot of people who will run to see the sunsets.

Memos

. . . On the Editor's Desk

Marshall Soyles, editor of the East Jordan News-Herald, makes the following comment in his column "Aroung he city"

We hear where some folks now claim that Consumers Power service is for the birds in East Jordan. We've been in this one spot for more than a decade and we find their service first class. And we haven't heard any complaints from others, either. Not in town.

* * *

Ronald Geer has entered a complaint because he was listed as one of the spokesmen for a group of citizens who appeared before the Council last week to ask questions regarding the proposed sale of the city electric facility. Mr. Geer informs us that he attended the meeting to get informaion which had nothing to do with the electric system.

A resident of Charlevoix for 18 years called last week and wanted to know why he had been paying for a porch light all these years when they were supposed to be furnished by the city. Another resident who said he had been getting free porch lights for years reported that he recently discovered his porch light had been changed to metered service. That prompted me to check my lights, only to discover i have been another sucker thinking I was getting "something for nothing".

If you want to find out if you are in our category, turn on your porch light, pull all the main switches in the fuse boxes and then look to see if the porch light is still on. If it's out call at our office and get your certificate as a qualified member of the "Order of Piscatorial Boobs".

Condolences From Editor of Citizen

By Gregg Smith, Editor

Small communities, like large communities, get involved in burning civic issues from time to time. There's one notable difference. In small communities, folks get more emotionally involved and their differences become more highly personalized with the result that they sometimes take on the aspect of long standing feuds.

Invariabiy the man caught in the cross fire of the community's battling factions is the publisher of the local weekly paper. There is nothing that he can do that would be right, and the dire treacheries that are ascribed to him by suspicious combatants would do credit to a science fiction writer.

Riding just such a bueking bronco at the present time is Harold Totten, publisher of the Charlevoix Courier, who sits right in the middle of the cross fire of the community,s electric power battle. On April 1st. voters go to the polls to determine whether or not they'll sell their municipal electrical system to Consumers Power Co. for $1 million or keep expanding the system.

If he takes no issue at all, Publisher Totten will be a spineless S.O.B.; (that means Silly Old Bum); if he endorses Consumers' proposal he's a super-S.O.B.; if he endorses continuance of municipal ownership, he's a socialist S.O.B.

All we can do is extend our sympathies to Publisher Totten and to the combatants who must resume being good neighbors once the village squabble is settled.

Voice of Our Readers . . .

Charlevoix Courier,

Another summer resident wishes to be heard. The sale of the light system has if nothing else shown that Charlevoix residents are interested in the operation of their city.

Some where in the furor the main issue is getting lost. It has been pointed out that Consumers Power Company is a proffit making organization. They see in the purchase of the Charlevoix distribution a proffit. Further their own advertizements state that in excess of $395,000.00 will be spent in 10 years to expand the system. This expansion is also for profit.

Consumers entered into a contract with the City of Charlevoix to sell power to Charlevoix at undoubtly what Consumers considered a fair profit.

The City of Charlevoix in turn sells this power to us again at a profit. If anyone thinks that the sale of the distribution system to Consumers will result in a reduction in their light and power bill they have another think coming.

Consumers will take the money now received by Charlevoix to Jackson. They will return only $10,000.00 per year in taxes. If Charlevoix grows as Consumers says it will the cost of operating the City will also grow. However sell your profit making system and you tie yourself to a fixed return on the money received from the sale. A fixed return that is if you leave it alone, and we are taking no precautions to insure it will be left alone. Consumers will get their monthly payment from you regardless.

Lets look into the return Charlevoix is receiving now on the power purchased from Consumers. Let our city fathers tell us what our profit is now. Using the most conservative figures the sale of the system will cost Charlevoix over 1 million dollars in twenty years and the town doesn't have to grow one stick. This estimate is based on council records, which show what Consumers received from Charlevoix for monthly power bills and what Charlevoix resold this same power to us as users.

Is any person in the City of Charlevoix ready to sign a contract of their own labor ot a fixed income knowing that the holder of that contract has advertized that he expects at least a 50% increase on the product of that labor. I think not. This is what some people are asking be done by the sale of the distribution system.

Keep the system, cause it to grow, and participate in its profits.

Gentlemen:

Back in 1912, in Charlevoix I had one of the first wireless stations. The antenna was located on top of my father's Roller Rink and soft drink plant on Belvedere Ave., at Round Lake.

Now I wish to join the Pioncer Wireless Association Club, which has only a few members and must furnish proof as to the existence of my wireless station there in Charlevoix at that time.

If you would be kind enough to publish in your paper my predicament, I feel sure that some of the old-timers there would remember my station and would write me verifying the fact.

I would appreciate very much receiving any statements from any of these people. They can reach me by mail: Vercial T. Seaman, c/o Clearwater Sun, Clearwater, Fla.

Thank you very much for your trouble and assistance.

telephone lines

By LES JOHNSON, *Manager*

FILL 'ER UP! Last year, Michigan Bell bought more than one million dollars' worth of gasoline to keep our fleet of 4,600 telephone trucks and cars running. When you add the money spent for lubricants, tires, repairs and *new* vehicles, the total amount comes to six million dollars—all spent right here in Michigan. Next time you see a Michigan Bell truck or car, we hope it reminds you of our efforts to bring you the finest telephone service possible, and that it also reminds you of the investment it represents in contributing to our state's growing economy.

QUICK COLOR QUIZ. Today's modern telephones are available in a number of different colors. Can you guess the two that are most popular?

☐ PINK ☐ WHITE ☐ BLUE
☐ BEIGE ☐ GREEN ☐ TURQUOISE

If you guessed white and beige, you're right. Surveys show that nearly half the color phones are either white or beige. White is most popular for the kitchen, while beige leads for living rooms, dining rooms, and dens. But no matter what color, the convenience of an extension phone is always appreciated. To order one, just call our Business Office—or ask the man on the telephone truck.

HOW MANY HATS does your telephone wear? As many as you desire! Your telephone helps you to arrange things, buy things, ask things, discuss things . . . and to do many other jobs in the course of a lifetime. It's hard to imagine what life would be like without a telephone. And it's still one of the biggest bargains in your family budget. Use it often.

Whatever Your Heart Desires

Can be yours if you save for it. Attractive interest, paid every six months, like clockwork, will hasten the day.

Skip the sulphur and molasses—

get a CHEVROLET SUPER SPORT

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel*.) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and waft on down to your Chevrolet showroom.

To the Voters of Charlevoix

There has been a good deal in the newspapers about the election on April 1 to sell the Charlevoix electric system to Consumers Power Company for the sum of $1,000,000. This election was called by the official action of the governing body of your city. Thic action has been under attack in the newspapers and on the streets. Because the action was not taken hastily and because it represents the best judgment of the Mayor and 4 of your City Councilmen we are publishing this statement so that you may understand the reasons why we think it is in the best interest of Charlevoix to vote for the sale of the municipal electric system at thls time.

We began to investigate the problems of continuing municipal operation back in 1960. In 1961 the city council spent about $5,000 with a consulting engineering firm of Cummins & Barnard. That Firm made an exhaustive study of the city electric operations.

Part of their study of the electric system was a forecast of what they thought operations up through 1980 would amount to. Their recommendation was for the city to stop generating its own electricity and for the city to make arrangements to buy all of its electricity from Consumers Power Company under a special contract running for a minimum of 5 years and as long thereafter as the contract was mutually satisfactory. During the negotiations with Consumers Power Company, that company suggested that it would purchase the municipal electric system and would pay $750,000 for it.

The council declined this offer of $750,000 and went ahead with the Cummins & Barnard recommendation to sign up for the purchase of all the electricity from Consumers Power Company.

The diesel engine plant was thus available for sale if we could find a buyer for it. If we could sell it this would salvage a considerable amount of money for the city. We therefore tried to sell the diesel engines.

We were not able to find a buyer for the engines. We have since learned that this is a eommon experience with a city that tries to sell a secondhand diesel engine generating plant. They do not attract very good priees and there are not many buyers for them.

When Cummins & Barnard made their study of the city electric system they wrote a letter on October 27, 1961 in which they gave their forecast of the present worth of the next 19 years of operaton of the eity electrie plant, running up thru the year 1980.

In that letter they gave $392,312 as the 1961 depreciated value of the city electric system, as entered on the books of the city.

We had hoped to sell the diesel engines for more than $200,000, but we had not been sucessful.

The idea therefore occurred to us to ask Consumers Power Company to re-study their purchase offer and to see if they wanted to submit a new and revised offer whch would inelude purchase of the diesel engines from us.

Consumers Power Company accepted our suggestion and after a while did submit a new purchase proposal in which they offered to pay the city $1,000,000 cash for the city system, including the diesel engines. Acceptance of this offer will salvage approximately $250,000 for the city out of the sale of the secondhand diesel engines which we own at this time.

In trying to decide whether or not this was a worthwhile offer we compared this offer with the forecast made by Cummins & Barnard in their letter to us on October 27, 1961. Copies of this letter and forecast have been reproduced and each of the undersigned members of the city government has a supply of these letters and will be glad to show them to any interested citizen or voter.

On Page 8 of that letter there is a summary giving the Cummins & Barnard estimate of the present worth of their forecast for the next 19 years' operation of the city electric system.

We took the Consumers Power Company offer proposal and calculated its present worth on exactly the same discount factors which Cummins & Barnard had used in their calculaton of present worth.

In the table below we are presenting n comparison of the present worth of continued city operation and the present worth of accepting the Consumers Power Company proposal:

If you will examine this table of comparative figures carefully, you will see that the Consumers Power Company proposal is worth substantially more to the city than continued city operation.

Not only is the Consumers Power Company proposal worth more in dollars, there are other great advantages. One of its greatest advantages is its certalnty. There is no doubt that Consumers Power Company can pay us the $1,000,000 purchase price and that the Company will do so if and when the voters approvo the sale and the transaction is completed.

There is no question about the fact that one million dollars can be invested in government securities and earn $40,000 a year for the city year after year.

There is no doubt that the tax payments on the Consumers Power Company property will be substantial and will increase greatly over the period of years of operation. The Cummins & Barnard report shows $166,419 as their estimate of the present worth of Consumers Power Company taxes during the next 19 years.

We have accepted their forecast although we are inclined to think that taxes everywhere will likely increase faster in the next 19 years than the Cummins & Barnard report indicates. We think it's likely that the Consumers Power Company taxes will amount to substantially more than the Cummins & Barnard report estimated. At the Board of Review hearing last week, the assessment on the Consumers Power Company transmission line, cable and substation now used to serve the City was set as $110,000 for the coming year.

There is a great deal more uncertainty in the 19-year forecast of the future of the city operation of the eleetric system. As everyone knows, even the most careful forecast can be thrown badly out of bounds by unexpected happenings. Great changes are being made now in the progress of generating and distributing electricity. One of them is right on our door-step, the Big Roek Point Nuclear Power Plant whieh Consumers Power Company has just built.

Many other new inventions and developments are being made every day. Who knows what effect they have on an operation the size of ours. One immediate effect is the eoming of natural gas this fall which may have great effect upon the market for electrie eooking, water heating and house heating. The city electric plant will face a new kind of eompetition.

These are not the only dangers in the 19-year foreeast. There are more common ones. For example: probable increases in fuel oil, increase in the eost of copper wire and materlal necessary for electrie system operation. None of these things can be exactly foreseen and no matter how earefully Cummins & Barnard may have been in their study, they cannot guarantee, and no one can guarantee, what the continued operation of the city electric system will run into.

Since we have been on the city council we have had the opportunity to study closely the operation of the city electric system. We have come to realize how very difficult it is for a city to achieve a business-like operation of what is essentially a eommercial activity, the generation and sale of eleetricity. Repeatedly we have seen cost estimates turn out to be only about half of what the real cost amounted to. Repeatedly things that should have been taken care of have not been taken care of. This is not to eriticize any particular individual but it is to point out the fact that the administration of our city government is not designed to do an efficient job mannging a fairly technical business like the generation and sale of electric power. This business may be more profitable to the city in the hands of professionals like Consumers Power Company from whom the city derives great benefits.

We would like to discuss the question of porch lights. Many years ago the city council provided for free porch lights where the city was not able to provide adequate street lights. As a result, our city has developed an attractive characteristic of having many lighted porches, particularly where the street lighting was inadequate.

The city council realized more than a year ago that the cost of the free porch lights was becoming a burden on the city. The council discussed the necessity for limiting the future installation of free porch lights and agreed that we should stop this practice but no ordinance was passed at that time.

The free porch lights were supposed to be limited to 40-watt lamps. If the porch lights are actually 40-watts and if they burn 12 hours every night, the eost to the householder would be only 29 cents per month if the porch light ran through the meter. If the electric system is sold to Consumers Power Company it does not mean that anyone has to turn off his or her porch lights. The porch lights can continue to burn. The only difference will be instead of paying the cost of these porch lights through your taxes to your city or through the higher electric rates the city plant used to charge you, the people would pay about 29 cents a month on their own electric bills. The money which the city has been spending to supply electricity to the frec porch lights could be used for better street lighting, if this is what the people would like to have it used for.

In all of the printed material and all of the talking of the sale of the city electric system, the opponents to the sale have very carefully avoided saying anything about the great future expenses which the city will have to pay if the city tries to keep on operating the electric system. In the course of the negotiations with Consumers Power Company it was necessary to reviow very carefully the present condition and value of the city distribution system so Consumers Power Company would know what they were paying for. It was also necessary for Consumers Power Company to make an estimate as to how much additional investment they would have to make to put the system in proper condition and to take care of the needed additions in the next few years.

We found out that Consumers Power Company plans to spend $392,000 in reconditioning. If we keep the system, the city will have to do the same thing in order to supply satisfactory service.

There has been some talk about what will happen to the city electrie plant employees if the system is sold. We have made a careful investigation of this. We found that when Consumers purchased the city electrie system in Kalamazoo and at Grayling and other towns, the employees were better off after the purchase by Consumers Power Company than when they were working for the city. Consumers representatives have talked individually with every city electrie employee and have explained that wages are higher, and fringe benefits are better than the city has been able to afford. Consumers has promised to hire every qualified employee. By qualified they mean persons who are able to do a normal days-work at the job. It is true that some of the employees will have to move but it is also true that Consumers Power Company has very large operations in Northern Michigan and the responsible officials of Consumers say that they will make every effort to find our people jobs in Northern Michigan.

It should not be overlooked that as the city continues to operate the electric system with purchased power, as Cummins and Barnard have recommended, it will not be possible indefinitely to continue with the same number of city employees who were necessary when the diesel plant was being operated to generate our power. Sooner or later the city will have to reduce the number of employees whether the sale to Consumers Power Company is approved or not. If the sale is not approved some of the present city employees may find themselves without the city job and with no offer from Consumers either.

In closing we would like to say that the only thing that we have had in mind has been the welfare of Charlevoix in proposing that the city sell the electric system to Consumers Power Company. Our study of the whole problem has convinced us that things have changed and that the day of the small city eleetric generating system is past. The large power plants of the commercial eleetrie eompany are more economical and more efficient and they can supply better service at lower prices than is possible for small city electric systems.

While operating forecasts may look favorable for the City operation, there are too many uncertainties which forecasts do not take into account, therefore, we believe that this is an opportune time for the city of Charlevoix to get out of a business which may have been desirable many years ago hut which is changing so as to become less desirable for the city to retain at this time and for the future.

We believe that it is to the best interest for the future of Charlevoix to vote YES on both ballots on the election of April 1. We have appreciated your support while we have been serving you and we will appreciate your support in voting for the referendum on April 1.

Sincerely,

E. D. HAWLEY, MAYOR

COMPARISON SHOWING HOW THE CUMMINS & BARNARD ESTIMATE OF THE PRESENT WORTH OF THE CITY ELECTRIC SYSTEM OPERATION THROUGH 1980 COMPARES WITH THE PRESENT VALUE OF THE CONSUMERS PURCHASE OFFER FOR THE SAME PERIOD OF TIME

Cummins & Barnard, Inc. estimate from page 8 of letter of October 27, 1961 addressed to Mr. James Taylor, City Superintendent.

Present depreciated book value of electric system	$ 392,312
Present worth of future operation income through 1980 (Covers 19 years as 1962 was included in calculation)	925,006
Present worth of future depreciation (for 19 years)	231,564
TOTAL	$ 1,548,882

Estimate of present worth of Consumers Power Company purchase offer calculated on exactly the same basis as Cummins & Barnard.

Present worth of purchase price	$1,000,000
Present worth of $40,000 annual interest on $1,000,000 purchase price (covers 19 years as the Cummins & Barnard estimate does)	572,888
Present worth of anticipated taxes on Consumers property. (Taken directly from page 8 of Cummins & Barnard report where Consumers taxes were estimated)	166,419
TOTAL	$1,739,307

According to the Cummins and Barnard estimate the Consumers Power Company purchase offer is $190,425 better than continued city operation for the next 19 years.

Why Your YES Vote April 1 Is

THE BEST DEAL FOR CHARLEVOIX

With the sale of the electric system to Consumers Power Company, Charlevoix would begin Immediately to enjoy strong, modern electric service from a Company whose Business it is to provide it.

End Charlevoix's clectric problems, and at the same time Assure the City of a good income in the years ahead by voting Yes!

Consumers is willing to pay $1,000.000 for the City system. Invested, the intercst alone on this amount would yield as much as a 5 mill tax increase in the city's revenues each year.

Consumers feels it has demonstratcd time and again that the Consumers Way is the Better Way to keep a community's electric service strong and healthy, and free of controversy.

Here are some examples of how other citics have profited from Consumcrs Power Company service:

KALAMAZOO: "It is my opinion that this sale has been very beneficial to the citizens of Kalamazoo. The money received from the sale has made possible a number of civic improvements, including a fire station, police and municipal building, a golf course, to name a few. These improvements were made without any capital outlay by the taxpayers."

Excerpt from letter of Paul E. Morrison,
Mayor of Kalamazoo

BELLAIRE: "I was very much opposed to selling something we owned—and could control-and said so! However, I kept trying to find out just what the Village would have to do in order to meet the ever increasing demand. It wasn't until after reliable facts and figures were worked out that I became convinced the job was too big a financial undertaking for us, and I favored selling to Consumers Power Company. Subsequent happenings have confirmed the decision."

Excerpt from letter of H. H. Bechtold,
Bellaire Businessman

WHITE CLOUD: "The money received for the sale of the local plant has been used in many useful ways for community benefit and after about 12 years we still have a nice balance to be used on the next project. Our relations with Consumers Power Company have been the very best."

Excerpt from letter of Mac F. Slade,
Mayor of White Cloud

CADILLAC: "Consumers Power Company, through its industrial Development Department, has been extremely helpful. Some months ago, the Consumers Power Company laid the ground work for a new industry in Cadillac, which already employs 130 men. In other ways where additional power facilites were needed, we have always met immediate response and cooperation."

Excerpt from letter of I. T. Wedin,
Mayor of Cadillac

We could go on! We would Help Charlevoix in every way, as tax-paying citizens of the city.

Help Charlevoix INCREASE Its income at NO increase in Taxes

Northern Michigan School Boards Association to Convene Here

The spring meeting of the Northern Michigan School Boards Association and the Michigan Association of School Boards will be held at the Charlevoix high school Wednesday, March 27, E. Darrell Dinwiddie, president of the Charlevoix board of education, and Supt. R. G. Bennett have announced.

Representatives from schools in 22 northern Michigan counties will gather here for the conference scheduled to begin at 2 p. m. and continue through the evening with a dinner meeting at 6 p.m. in the high school cafeteria.

The first general session will begin at 3:30 p.m. in the high school gymnasium after participants have registered.

Dr. Leroy Augenstein of the Biology Research Department at Michigan State University will speak on "Educational Needs Arising from Scientific Progress". Stanley McRee of Mackinaw City will preside at the session.

Beginning at 4:15 p.m. sectional meeting will be held on the following subjects: "Where are We Going in Vocational Education and Retraining?" "Intermediate School District", "School District Reorganization Bill" and "Relating Science and the Social Studies".

At 5:05 p.m. the first session will be repeated with board members and administrators moving to a new location to hear a new topic.

The dinner at 6:10 p.m. will be followed by a brief business meeting with Robert Starmer of Petoskey presenting a report of the nominating committee and Mrs. Jeanne Harvey of Cadillac a report of the by-laws committee.

At the evening general session at 7:30 p.m. a staff member of the University of Michigan will be present to give a comparison of "The Present and the Proposed Constitutions".

Among the resource persons who will be present for the conference will be Robert Ginger of the Office of Vocational Education, George Schutt, consultant, School Organization and Plant, Max Cochran, consultant, Legislation and Research all of the Department of Public Instruction; Helen S. Field, Legislative Chairman, MASB. Charles A. Robinson. Charlevoix County Superintendent of Schools.

Others will include Ivan S. Davis of Gaylord, Paul C. Lemin of Cheboygan and John Brubacher of Alpena, superintendent of schools in their respective communities; Robert Schlang of Gaylord, Roy Reppard and Jack Bond of Harbor Springs, Hans DeYoung of Ellsworth and D. W. W. Kitti of Kalkaska, school board members in their respective communities.

Supt. R. G. Bennett will welcome the members at the opening session and John Mellon of Lupton will give the invocation.

To The Citizens of Charlevoix:

As promised, the City Council is publishing information relative to the operations of the electric utility for the past eleven months. One statement shows the balance sheet as of the cut-off date Jan. 31, 1963. It should be pointed out the net book value of the diesel plant and diesel parts inventory have been segregated on these statements and the loss on their disposition will be charged against surplus when the loss is determined. To date we have received no bona fide bids on this equipment and the loss is indeterminable.

One statement refers to a 'Comparison of Operations.' The actual operation using the diesels for generating electricity for approximately eight months of the period shows net earnings from operations of $23,752.86, plus $3721.42 for penalties, etc., and after deducting $5904.40 for discounts allowed customers, leaves net earnings of $21,569.88. The next column is an attempt to show what the earnings would have been for the eleven months if we had purchased power from Consumers Power Company, such as we are doing now, rather than the diesel production. The Net earnings from operations is then estimated at $41,414.81, plus $3721.42 for penalties, etc., and after deducting the $5904.40 for discounts allowed customers, would have resulted in net earnings of $39,231.83. I have left the interest figure of $4072.50 out in each instance since that income isn't related to the actual operations.

The other statement is entitled 'Summary of Ten Year Forecasts.' One is based on the growth projection made by the engineering firm who made a study of our system. The other uses the historical growth of the City for nine years ended Feb. 28, 1962. To me, the projected growth based on our past experience appears very optimistic and, I believe, is well above the average experienced in like areas. In effect, it would give us sales at the end of ten years comparable to the sales enjoyed by the City of Petoskey at the present time. A reduction in these sales figures could have an adverse effect on the eventual net income. The forecasts should also be qualified by the following:

1. No provision has been made for contributions to the Chamber of Commerce or Charlevoix Hospital.
2. No provision has been made for depreciation of the diesel engines or building.
3. No provision has been made for loss or depreciation of the diesel plant or the diesel engine parts inventory.
4. No provision has been made for the following type of events or situations, any of which could affect the validity of the forecasts:
   (a) Major repairs to any facility or equipment, such as in the year ended Feb. 28, 1958, when $10,765.00 was spent on foundation repairs to the hydro-electric plant.
   (b) The accessibility of natural gas service and possible effect of such service upon the growth of any category of electric service.
   (c) Changes in technology, which would require substantially increased investment in the utility system.
   (d) The possibility of any natural disaster, resulting in widespread damage to the system.

The statements (financial) have been taken from the financial statements for the City as of January 31, 1963, and the ten-year forecasts of operations, both prepared by Dinwiddie & Kandt, Certified Public Accountants, who are the accountants for the City. These statements are subject to the comments and qualifications included in the full reports, copies of which may be examined at the office of the City Clerk.

In reviewing the forecasts such eventualities as pointed out above should be considered. It would be difficult for any City Administration to guarantee the profits will be the amounts indicated.

Anyone having questions please feel free to call me or any of the Alderman.

Sincerely,
Elmer D. Hawley
Mayor

Electors to Vote Six Ballots on Monday's Election

EDITORIAL

Always for Charlevoix

Again we point to E. D. "Pat" Hawley's record as mayor. He has been open and straight-forward regarding the operation of city government.

No one can question his desire to present to the public a dependable and unbiased financial statement of the operation of the city electric utlity. He reserved his opinion on the proposal to sell the electric utility until he had facts to substantiate his stand on the issue despite the fact that his opponent for the office appears to have made the proposal an issue.

Regardless of the acceptance or rejection of the proposal, Mayor Hawley will carry out the decision of the people to the best of his ability.

Charlevoix has progressed under his administration and there is every reason to believe it will continue to progress if he is re-elected to the office of Mayor.

Hold Public Hearing On City Utility Sale

A public meeting conducted by Mayor E. D. Hawley and four city aldermen who favor the sale of the city electric system to Consumers Power Co. was held at the Charlevoix high school gymnasium Tuesday night.

More than 2 [illegible] local residents ineluding representatives from a group opposing the sale heard the issue which will appear on the ballot in Monday's general election discussed at length.

Mayor Hawley opened the meeting by reading a strong statement outlining his reasons for favoring the sale of the utility to Consumers Power Co. for $1 million.

He said that starting in 1960, the council expressed concern about the municipal utility's ability to meet future needs and that since that time a series of studies of the system and electric plant operations have been made.

He made it clear that the council had invited Consumers in on numerous discussions regarding light plant problems ineluding the current proposal to sell the system.

Continuing with a resume of information regarding the proposed sale, he said that there was no doubt about the light plant's ability to make a profit for the time being and added:

"There has been a misconception as to what the utility has done for Charlevoix. Actually it has done things for Charlevoix at the same time the rates charged were 20 to 27 per cent higher, except the commercial rate, than would have been necessary if the system had been owned by a private utility".

While ushers gathered written questions from the audience, J. C. Lachman, general manager of Hoskins Manufacturing Co., received permission to read a prepared statement on his companys position in the controversy.

Lachman's statement said that the issue is "steeped in political and emotional issues" which he and his company wished to avoid, but that "the matter of power supply is extremely vital to our operation."

He went on to say that the company's initial problems in Chorlevoix with city power had been greatly relieved by the city's intereonnection with Consumers on a wholesale basis.

"We have a strong feeling that in general, the Charlevoix citizenry is underestimating the costs of updating and maintaining a completely modern power distribution system. This may be to some degree to laek of information, but it is probably due in large to misinterpretation of the data that has been published".

Future expansion of the Hoskins facilities in Charlevoix would depend on a strong power supply, Mr. Lachman said, adding "The final decision in initiating such a program might well hinge on our confidenee in the source of electrie power," he concluded.

Alderman Richard Donaldson, In answer to a question from the floor, said that the forecasts of future light plant growth which had been made by outside agencies at the council request were "rather confusing, because in three different forecasts we have three different answers. One forecast indicates the population of the city would have to double in 10 years."

In answer to another question Alderman Kenneth Staley said that city employee ranks would be reduced whether the system was sold to consumers or not, because the city had ceased operating its deisel generoting station when it began wholesole purchase of power from Consumers in November.

Other questions were answered by Alderman William Fochtman and Jack Grubaugh dealing with the city tax situation and anticipated income from the sale and others.

On one of his replies Staley said that much of the controversy about the sale of the plant had been generated by "outside interests, far from Charlevoix" but did not elaborate.

Appointed to Charlevoix Tax Allocation Board

Recent appointments to the Charlevoix county Tax Allocation Board by Probate Judge John Makel have been announced.

They are William R. Carey who was named as a representative of a municipality, Guy C. Conkle Jr. of Boyne City representing a K-13 school district and Kenneth Diller of East Jordan, representative-at-large.

Mr. Carey and Mr. Diller served on the 1962 allocation board.

Other members of the board by virtue of their offices are the county treasurer, Miss Lillis M. Flanders, Charles A. Robinson, Charlevoix county superintendent of schools and the chairman of the finance committee of the County Board of Supervisors. The latter will be named during he April session of the board scheduled to open April 8.

The organizational meeting of the Tax Allocation Board is tentatively scheduled for 1 p.m. Monday, April 15, at the county building.

Supervisors Vote To Excempt County From Sunday Law

The Charlevoix county board of supervisors, at a special meeting held Tuesday evening, voted by a 25-0 vote to exempt the county from P. A. 128 of 1962 known as the Sunday Selling Law.

The law would prohibit the sale of certain items, many of which are found in gift or specialty stores in resort areas on either Saturday or Sunday. It also would have made it necessary for these shops to remove these items from their counters either of these two days if they were to remain open.

At the hearing which preceded the adoption of a resolution by the board exempting the county from the law, petitions from the Chambers of Commeree in the county bearing signatures of interested persons were read and the Rev. Donald Stephan of East Jordan spoke briefly, outlining the reasons why he felt the board should exempt the county from the law.

Young Craftsmen From 10 Counties To Exhibit Here

Youthful craftsmanship will be on exhibit at the Charlevoix high school gymnasium beginning at 5:30 p.m. Friday as the Top-O-Michigan Industrial Arts Fair featuring entries from throughout the 10-county Region 14 gets underway.

Sponsored by the Michigan Industrial Arts Society and the Detroit News, the entries will be judged by Arthur Neiger and an associate professor of Industrial Arts from Northern Michigan College and by Hal M. Hill of the American Mold Engineering Corp. representing local industry before the exhibits are opened to the public.

Robert J. Cook, local chairman of the event, urges parents and friends of the school to visit the exhibits and see what is being accomplished by the young craftsmen from throughout the north. Top winners in the local foir will be entered in the State Fair being held in connection with the Michigan Industrial Education Society at Lansing next week.

Students in the seventh through the 12th grade will enter their projects in the Fair under the more than 50 classifications open to them.

Bomber Route To Cover Area Near Charlevoix

Supersonie training flights by Strategic Air Command B-58 Hustler bombers of the 305th Bob Wing, Bunker Hill AFB. Ind., will start Monday along a route from near Rudyard in the Upper Peninsula along a southwesterly route passing east of Charlevoix to a point approximately 25 miles northwest of Muskegon and over Lake Michigan to a spot midway between Benton Harbor and Woukegan, Ill.

Flights along this route moy be scheduled almost daily through June 30, after which supersonie activities in the area will not be planned for at least three months. Flights normally will not be scheduled between 10 p.m. and 6 a.m.

The bombers will fly at supersonie speeds up to 1,300 m.p.h. at altitudes above 35,000 ft. They will fly in near straight line 40 mile-wide corridors and may trovel in either direction.

Beginning a week loter on April 8, B-47 and B-52 bombers will begin flights over a route beginning at Garden Island in the Beaver group in northern Lake Michigan and traveling west to Manistique, then south over Fairport, across Loke Michigan to a point near Ludington and then east over a mobile bomb scoring unit stationed outside Cadillac.

No Need to Fear Water Pipe Freeze

Local householders who were advised earlier to leave faucets dripping in order to prevent water lines between the street and their homes from freezing may now discontinue this praetice.

City Supt. James Toylor said Wednesday that warmer weather and higher temepratures now makes this praetice unnecessary.

Detroit Woodwinds To Conduct Clinic For Area Musicians

The Detroit Arts Woodwind Quintet comprised of members of the Detroit Symphony Orchestra will present a clinic here for music students of District II of the Michigan State Band and Orchestra Association followed by a concert at the Charlevoix high school gymnasium Friday, April 5, C. O. Odmark, district president, has announced.

Chief purpose of the event will be to provide a clinic for the band students of District II on the five woodwind instruments, flute, oboe, clarinet, French horn and bassoon.

The quintet will present a student concert at 4 p.m. for students from the area and then will break up into [illegible] clinics where each performer will demonstrate and lecture on his instrument, play for the students and answer questions.

At 8 p.m. the quintet will present a formal concert of the caliber of concerts sponsored by the Northern Michigan Community Concert Association in Petoskey. The program to be presented will be varied and enjoyable, designed for music lovers whose tastes may vary greatly, Mr. Odmark said.

A dinner for more than 300 visiting students will be served by the Charlevoix Band Parents Association at 6 p.m.

A nominal charge will be made for the concert.

Rites Thursday For Albert Wilbur Former Resident

Funeral services for Albert A. Wilbur, 76, former local resident who died Tuesday at his Evonston, Ill. home, were conducted Thursday in Evanston by the Very Rev. J. Milton Richardson, Dean of the Episcopal Cathedral in Houston, Tex., and chaplain of Alpha Tau Omega fraternity and the Rev. Russell K. Johnson, rector of St. Mark's Episcopal church in Evanston.

Son of the late Capt. and Mrs. O. E. Wilbur, Mr. Wilbur, known as Bert, was born at Northport and came to Charlevoix in 1891. He attended the Charlevoix high school and Albion College where he was associated with Alpha Tau Omega froternity in which he later held many offices serving as its Worthy Grand Chief from 1941-46. In 1935 he instituted the fraternity placement service.

Since 1007 Mr. Wilbur had resided in Chicago where he was associated with the real estate business, being connected with Baird and Warner for the past 25 years. He was vestryman and junior warden ot the Episcopal Church of the Atonement in Chicago until moving to Evanston where he became a member of St. Mark's church.

As a lieutenant during World War 1, he was a member of former President Wilson's guard at the Versailles Peace Conference. He was a 32nd degree Mason and a member of the Medinoh Temple of the Shrine.

Surviving are his wife, Helen; a sister, Mrs. Wilbur A. Cline and a niece, Miss Helen Rose Cline, former residents now living in New York City.

Burial was in Brookside at Charlevoix.

Board of Public Works Proposal Splits Council

A resolution on which city councilmen could not agree and which resulted in a 3-3 tie vote in the absence of Mayor E. D. Hawley who was ill, highlighted Monday's meeting of the city council.

The resolution which failed to pass because of the tie vote was made by Second Ward Alderman Richard Donaldson who said that as the result of the recent auditor's report and the projection of future profits and business growth which would benefit the city, he would change his vote and oppose the sale of the municipal electric utility to Consumers Power Co. if the council could establish a Board of Public Works to operate the utility.

It was proposed that Donaldson's resolution be tabled but this also met with a tie vote so the issue was brought to a vote which resulted in Robert Neff, Kenneth Staley and Donaldson voting for the latter's resolution and Jaek Grubaugh, William Fochtman and Edward Hansen, serving as mayor pro tem in Mr. Hawley's absence, voting against the proposal.

The council, however, said they would give favorable consideration to Donaldson's proposal to establish a Board of Public Works but felt that there should be a further study of the issue.

In other action, the council voted to extend the option on the Model Home Laundry property owned by Louis Hamlin for another four months for the amount of $100; to consult with the Conservation Department on the possibility of exchanging the Colonial Club property for the Hamlin property which would be used for parking; to participate with the Michigan Waterways Commission on an electric survey of the City marina project which would cost approximately $600 on a matching funds basis with the city paying half that amount; to request the Conservation Department to release mineral rights on the airport to the State of Michigan. This must be done if the state is to participate in the financing of the airport improvement project.

The Council also passed a resolution asking the Charlevoix Development Corp. to deed back to the city the Schrader property on State St. adjacent to the airport.

It was voted to pay to Swanson Gravel Co. the amount owed the company by the City Band committee for the construction of the East Park band shell. This amounted to $772.40. The contract price for the project was $2,500.

A nuisanee ordinanee relating to weeds, noise, excessive smokes and odors, debris in alleys and others that might endanger or annoy the public.

Bills totaling $17,253.42 were approved. The figure includes $1,163.65 for new water meters; payment of $1,596.41 to Clifton Engineering Co., payment of $3,218.92 for fire insurances and a payroll of $5,809.61.

Survey Shows Marked Increase in Employment Here

An increase of 19.8 per cent in the number of industrial employees in the Charlevoix area hos been revealed following a survey conducted by the Charlevoix Chamber of Commeree oceording to Paul Kohler, secretary-manager of the Chamber.

The number has grown from 247 in 14 local industries in 1960 to 296 in 16 plants in 1963 for an overall growth of 49 persons.

Included in the plants surveyed are those where some type of product is manufaetured.

The obove figures do not take in the personnel at Consumers Power Company's Big Rock Point nuclear power plant.

Interest Mounts On Proposal to Sell Electric Utility

The majority of Charlevoix's 1,771 registered voters are expected to make their way to the polls at the city hall Monday in the 'hottest' election this community has seen in many years.

The issue that is expeeted to bring out the record vote is the proposed sale of the municipal eleetric utility to Consumers' Power Co. for $1 milllion.

Voters will find two ballots relating to this hotly contested issue. The first will contain two proposals. Proposal No. 1 relates to the sale of the city-owned electrie utility business to Consumers Power Company for the sum of $1,000,000. Proposal No. 2 relates to granting Consumers Power Company the franchise to maintain a local electric business with the city for a period of 30 years.

Proposal No. 3 is an advisory issue regarding the investment of monies received from the sale of the electric utility, if it is approved, in government bonds and placing the interest from the investment in the general fund.

In the only contest for city office, incumbent mayor E. D. Hawley is being opposed by Edward P. Hansen, currently serving as third ward alderman.

Other incumbents who are unopposed on the ballot are: Hugh Mayne, clerk; Annabelle Cunningham, treasurer; John J. Connolly, Justice of the Peace; Robert Neff, first ward alderman; Kit Carson, first ward supervisor; John A. Uhrick, second ward supervisor; Harry Gebeau, third ward supervisor.

The names of two newcomers will also be found on the ballot: Robert Gill, second ward alderman and Donold Parsel, third ward alderman.

Voters will also receive three other ballots; namely, the proposal regarding the adoption of the revised constitution; a nonpartisan ballot on which will be found the candidates for two seats on the Supreme Court. The names on the ballot will include incumbent Eugene F. Black, Paul L. Adams, Donald E. Holbrook and Richard G. Smith.

On the partisan ballot, voters will be asked to vote for Regents of the University of Michigan (2), Superintendent of Public Instruction, Member of the State Board of Education; Members of the Board of Trustees of Michigan State University of Agrieulture and Applied Sciences (2) and members of the Board of Governors of Wayne State University (2).

Polls at the city hall will be open from 7 a.m. until 8 p.m. Monday.

Beware of False 'Profits'

There is no doubt in our mind that a financial statement prepared by certified public accountants presents a more accurate and straight-forward summary of the city's electric business than conflicting figures put together by the average businessmen opposing the sale of the electric system.

Many of the figures quoted by the opposition can be most misleading to many voters, like the one quoted by Alderman Edward Hansen in a letter to the citizens. It states, "Where our Electric Utility does the same amount of business each day of the coming year as it did for each day in February, we will have a gross profit for the year of $148,957.17." Many people will take that figure to mean a net profit after all operating expenses are paid. That to us is a misleading statement, intentional or otherwise.

The actual net profit in the auditors report, based on an 11 month period of buying power on the two months that power was purchased and resold is only $43,304.43, including taxes, penalties and other miscellaneous items. That is a difference to consider before voting against a proposal because you had the idea that you were losing a bonanza.

We can't accept the statements either that all of the monies spent from the electric fund for the benefit of the city have all come from profits. A sizeable amount of this money appears to have come from depreciation reserves. The accumulated reserve fund for depreciation is itemized in the report as $614,731.55. We don't find nearly that amount reported in assets. In the final analysis the total assets, including money on hand, plants and equipment total only $610,454.65.

The promise of fabulous earnings can be hypnotizing and many a person has learned that to his sorrow. Projected earnings in the future can be just as misleading. They are all based on assumptions and not on assured facts. In this fast moving world, predicting the future is nearly as hazardous as gazing into a crystal ball for the answers. Even the auditor's projections are based on the assumption that future operation, progress and expansion will continue as in the past.

A study of the auditors report should be evidence enough that selling an electric utility with a book value of $610,454.65 for $1,000,000.00 is better business than gambling on the uncertainty of the future, particularly when we have no assurance of what kind of City administration we will have five, ten, or twenty years from now.

When all facts are considered it clearly indicates the city will be further ahead 20 years from now if we vote "Yes" on the proposal to sell the electric utility. It's a case of "a bird in the hand being worth two in the bush".

TELEGRAM TO THE EDITOR:

There are times when a community must step in and furnish capital for local projects electric water sewage and parks. However when private capital can take over then let us all join with them and support democratic systems. Years ago no private capital was available for Charlevoix and we combined our resources to give our community electricity and water. Now private capital is available. Why not use it? We are for private ownership as opposed to public ownership.

LETTER TO THE EDITOR .....

On the eve of this spring election the most momentous question ever to face the electors of the city of Charlevoix is to be voted on and that is: Shall the City of Charlevoix sell to Consumers Power Co. their Electric Utility system for One Million Dollars and grant them a thirty year franchise to operate this utility within the City limits of Charlevoix?

Most of us during our lifetime have met specialty sales people selling almost anything imaginable. After signing up with these people many of us have come to realize we have been taken.

During the past month many of us have been contacted by a group of fine gentlemen employed by Consumers Power Co. who are highly trained in the field of salesmanship and public relations. They have a job to do and are doing their best through personal calls and newspaper advertising to persuade the voters to sell their Electric Utility System to Consumers Power Co.

I believe the "Citizens for Charlevoix" committee with their limited funds and talent have plainly and truthfully shown you why this System should be retained and operated by the City of Charlevoix.

I do not wish to mention any figures as there have been so many presented; some to the point of being ridiculous and certainly confusing to the average citizen.

There is no doubt that the reason Consumers Power Co. wishes to buy this Utility is for the profits that may be derived from its operation. These profits to be paid to stockholders in the form of dividends. These profits I feel you will all agree should be kept in Charlevoix so as to make our City a more BEAUTIFUL and PROSPEROUS place in which to live.

All voters before they go to the polls Monday should stop and meditate on the many benefits received in the past by the ownership and operation of the Electire System and the benefits they may expect in the future.

After having given this matter careful consideration I am sure we can all go to the polls with a clear conscience and vote NO on Proposals 1 and 2.

Karl J. Erber

Dear Editor:

There are just enough good and bad reasons on each side of this Electric System decision so that either way we go some things will be better and others will be worse. In either event the importance is not enough to cause friends to cease speaking and relationships to become bitter. And likewise, Charlevoix is not going to fall apart at the seams as some are predicting.

A few questioning observations:

1. Borrowing from the experience of Harbor Springs, which has been operating now for some ten years or more, under very efficient management, buying wholesale power from Consumers, and from a detailed study of their last five years operation and converting their kilowatts used, the revenues, the costs, and the profits, to the size of Charlevoix's operation, which is 1.848 larger, it just is impossible to come up with the tremendous profits predicted by the literature which has been circulated. It takes a little hedging to come up with half of the predictions. Can we be that much better managers than Harbor Springs?

2. As Editor Totten notes, no doubt we can make a profit now, but what of the future? Who is going to guess how much we will have to put into rebuilding of our lines to keep our distribution system adequate to our voltage requirements for our growing lists of appliances and for hoped-for factories? Harbor Springs put $36,752 into beefing up part of their system in 1961, only part of the job. Consumers Power says $392,00 during the next ten years. Take even half of it, subtract it from the profit, and you come perilously close to the $40,000 interest figure from $1,000,000.

3. Can we expect to get $1,000,000 for the system in 1968, if we operate under purchase power for five years and then elect to sell? Has anyone figured that there is a tax angle which Consumers may be able to take advantage of now, but not five years from now, concerning the diesels and the building.

If, in five years, we are seeking to sell, maybe we could get only $750,000. This figures $50,000 less per year. Take this away from normal profit, and we are perilously close to zero.

4. Can Consumers raise their price of our purchase power during the next five years? Their representatives say no. That Consumers are committed to a solid price, varying slightly with the amount we use, for the next five years, unless there is a considerable rise in fuel costs to justify a raise in wholesale rates to all consumers, and which must be cleared with the Public Service Commission of the State of Michigan.

5. Can a city raise their retail electric rates? Yes, any time the Council so chooses. The Public Service Commission says they have no jurisdiction. Petoskey has just raised their rates and are now in our former postion of the highest municipal rate in the State.

6. Can Charlevoix buy wholesale power from the Northern Michigan Electric (REA)? Only any excess they may have, one week it may be half of what we want, the next it may be five per cent. Their first responsibility is to their co-op. We would have to keep the diesels ready to take over at any time, and we have just divorced ourselves from diesel generation because of the high costs.

7. Do these compound interest calculations of interest earned or profits made ever work out? Very rarely, but they look good on paper. There are too many unknowns that happen to knock them into a cocked hat. Have you ever taken $1,000 to a bank and have left it there until it becomes $3,000? How many businesses in Charlevoix show a profit today 3 times their profit of 10 years ago? Are you going to use in 10 years 3 times the electricity you now use? Is Charlevoix going to be 3 times larger in 10 years?

You carry on from here.

Fellow Citizens of Charlevoix:

After careful and thoughtful consideration of all the questions which have been raised, the undersigned Citizens are in favor of the proposal to sell the City electric system to Consumers Power Company.

We will vote for the sale at the election on April 1 for the following reasons:

1 The sale will end the insecurity and uncertainty about our power supply. Consumers Power Company can guarantee ample and dependable electric power for our needs now and in the future. We will be safe, with a sure power supply at reasonable rates and we will have the protection of the Michigan Public Service Commisssion.

2 The price of $1,000,000 is a good price for the City system and includes approximately $250,000 for the old diesel engine plant, which the city council tried to sell and could not sell because there were no buyers. This is probably our only chance to salvage the value of the old engines.

3 The City can earn an annual income of $40,000 in interest on the $1,000,000. This is more than the income from the city plant has been or is likely to average in the future.

4 The schools and the City, County, Township, hospital and library will all benefit from taxes on Consumers Power Company if the sale is voted. The total of these local taxes will be about $10,000 per year, and will increase as time goes on.

5 Charlevoix will get many extra fringe benefits which the City plant could never afford. Consumers has many free services, such as engineering help, lighting help, home service advisors and industrial development specialists. All of these services will be made available to our citizens at no extra cost.

We invite you to join us in voting for the sale, and for the best interests of Charlevoix.

Sally E. Cross Becomes Bride of Mr. Sanford in Church Rites

St. Mary's church was the scene Saturday, March 16 of the wedding of Sally E. Cross and L. Eugene Sanford.

Parents of the couple are Mr. and Mrs. Marcus H. Cross and Mr. and Mrs. Forrest Sanford.

The Rev. E. Francis Denay officiated at the double ring service during the Nuptial Mass which was celebrated by Rev. Victor Gallagher of Reed City, cousin of the bride. Arrangements of pink and white gladioli graced the altar for the service witnessed by more than 125 guests.

Mrs. Frank M. Oleksy was the organist. She accompanied the soloist, Vernon Haan of Grand Rapids who sang "The Lord's Prayer" and "On This Day" and Arthur Heilig who sang the Mass.

Given in marriage by her father, the bride selected a gown of Chantilly-type lace and peau de soie for her wedding. The molded bodice which dipped to a flattering V in the front and back had n scalloped sabrina neckline enriched with miniature seedpearls and irridescent sequins. The graceful wing skirt of peau de soie had appliques of matching lace at the sides and the softly draped butterfly bows. Her fingertip veil of Chantilly-type lace was secured with a headpiece of seedpearls and sequins. She carried a cascade bouquet of red roses and stephanotis and wore an heirloom bracelet belonging to her grandmother.

Mrs. Richard L. Selissen as her sister's matron of honor and Frances Hayes as bridesmaid wore identical sheaths of royal blue satin with matching overskirts and headpieces. They carried bouquets of feathered pink carnations and stephanotis.

Marcus E. Cross, brother of the bride, assisted the bridegroom as best man. Dale Sanford, brother of the bridegroom, was groomsman. Mr. Selissen and Robert Holloway of Mayport, Fla., seated the guests.

Altar boys at the Mass were William Shumsky of Ludington and Joseph McCann, cousins of the bride.

A reception at St. Mary's school hall immediately after the wedding was followed by an evening reception at the Charlevoix Rod and Gun club.

For traveling on their wedding trip to Florida where they will make their home at Mayport, the bride wore a turquoise suit and black accessories complemented by a corsage of red roses.

The bride is a graduate of the Charlevoix high school and Davenport Institute in Grand Rapids. Mr. Sanford attended the Charlevoix high school and is a veteran of five years in the U.S. Navy. He is presently stationed aboard the U.S.S. Stribling stationed at Mayport, Fla.

Wedding guests were present from Ludington, Ferndale, Birmingham, Southfield, Grand Rapids, Detroit, Ludington, Chicago, Ill., Duluth, Minn., and Mayport, Fla.

Parents Host Party For Classmates

Richard Worfel celebrated his tenth birthday anniversary at a party to which all his classmates in Miss Arlyle Roberts fourth grade were invited.

The youngsters gathered at the home of Richard's parents, Mr. and Mrs. Worfel Sr., for games followed by a dinner which featured a lighted birthday cake.

Miss Roberts and the guests were than taken to their homes.

Mrs. Shearer Hosts Legion Auxiliary

The American Legion Auxiliary met recently at the home of Mrs. George Shearer with 12 members present.

The group voted to send a $5.00 contribution to the American Legion Children's Home at Otter Lake.

At the close of the business session, refreshments were served during a social hour.

Miss Livingston And Grover Geneit Marry in Florida

Announcement has been made of the marriage of Miss Glenda Livingston, daughter of Mr. and Mrs. James Livingston of Arcadia, Fla., to Michael J. Geneit, Airman first class, U. S. Air Force, Sationed at MacDill Air Force Base, Tampa, Fla., at Tampa, Fla., March 10.

The bridegroom is the son of Mr. and Mrs. Grover C. Geneit of this city.

The couple is at home at 3813½ Cleveland St. in Tampa.

Mr. and Mrs. Russell L. McDonough To Reside in California

Mr. and Mrs. Russell L. McDonough are touring the southern states on their wedding trip enroute to Lemoore, Calif., where the bridegroom is stationed with the U. S. Navy following their recent wedding.

The bride is the former Betty Rose Hammond, daughter of Mr. and Mrs. Russell F. Hammond of Ypsilanti. Mr. McDonough is the son of Mrs. William McDonough of St. James, Beaver Island, and the late Mr. McDonough.

Msgr. Lawrence F. Graven officiated at the double ring service during the Nuptial Mass at St. John's church in Ypsilanti March 9.

For her wedding the bride selected a floor length creation of bouffant taffeta fashioned with a scoop neckline highlighted with lace appliques and seedpearls and long tapered sleeves. Her pouf veil was secured with a miniature queen's crown. She carried a bouquet of white roses and fuji mums.

Mrs. Theodore Danaj of Garden City, sister of the bridegroom, was matron of honor. She wore a floor length gown of lilac velvet and nylon net. Her headdress was a lilac velvet bow and veil. She carried a bouquet of lilac tinted carnations.

Mr. Danaj assisted his brother-in-law as best man.

A late afternoon reception and dinner was held at the home of the bride's parents.

Mrs. McDonough was in southern Michigan for her son's wedding.

Basketball Coaches Choose 1962-63 Conference Team

Choices for the 1962-63 Northern Michigan Class C All-Conference basketball squad following the close uf the current season have been announced.

The Pellston Hurnets who shared the league title with Harbor Springs won three berths on the all-conference 'dream team' while the co-champions, the Rams, and Grayling were awarded two and Gaylord, Mancelona and Boyne City one each on a team of 10 outstanding players as named by the eourt coaches.

Charlevoix's only candidate, Frank Curtis, was among six players who received honorable mention. He is a senior.

It was a 'repeat performanee' for four members of the All-Conference team, Stan Bodzick of Pellston, Larry Gunderson of Boyne Clty, Tim Neal of Grayling and Paul Ranney of Harbor Springs who had won spots on the 1961-62 honor team. Tbree others, Ed Clear of Pellston, Art Tebo of Gaylord and Tom Wright of Grayling won honorable mentiun last season. Newcomers tu the all-conference squad are Pat Dutcher, of Mancelona, Tom Pifer of Harbor Springs and Mike Thompson of Pellston.

Ranney also brought honor to himself and the league when he was named to Detroit Free Press All-State Class C squad. Bodzick won a berth on the Class D third team and Ed Clear received honorable mention. Pellston had dropped the Class D for tourney play.

All members of the honor squad are seniors with the exception of Clear, Thompson and Dutcher who are juniors.

Others who received honorable mention were Leroy Hood of Maneelona, George Lauer of Harbor Springs, Doug Lovaasen of Pellston and Tom Lick and Ron Snell of Gaylord. Hood along with Curtis is a senior; Lovaasen and Snell are juniors and Lauer and Lick are sophomores.

The East Jordan Red Devils who failed to win a game all season was the only team which received no recognition in league circles.

Coaches making the choices are Charlie Paige of Harbor Springs, Francis McMahon of Pellston, Paul Pfahler of Boyne City, Jim Mongeau of Gaylord, Bruce Smith of Grayling, Jake Schurmann of Maneelona, Tom Regan of East Jordan and Don Carey of Charlevoix.

At the busiess session which followed the announcement of the honor team, Matt Jacobson of Mancelona was named president to succeed Mr. McMahon; Mr. Mongeau was named vice president and Henry Smith of Gaylord, secretary-treasurer.

May 13 was set as the date for the All-Conference track meet and May 21 for the Petoskey Relays. The regional track meet will be held May 16 and the state track finals May 25.

Franklin Boss to Head P.T.A.; Other 1963-64 Officers Named

Franklin Boss was named president of the P.T.A. for the 1963-64 school year at the April meeting of the organization held Wednesday at the Charlevoix high school cafeteria. He will succeed Mrs. Robert O. Pearl in the office.

Other new officers who will assume their duties in September are Mrs. Clarence Smith, first vice president; Miss Frances Milner, second vice president; Mrs. Dale Boss, secretary and Fritz Puffpaff, treasurer. The slate of officers was presented by the nominating committee.

Mr. Boss and Mrs. Smith will represent Charlevoix at the State P.T.A. meeting to be held at Kalamazoo in May.

Supt. R. G. Bennett spoke briefly to the group outlining the growth of school enrollment over the past two years which totals 113 students.

C. A. Odmark spoke briefly on the clinic and evening program to be conducted by the Detroit Arts Woodwind Quintet comprised of members of the Detroit Symphony at the high school on April 5.

Robert J. Cook spoke briefly on the Region 14 Industrial Arts Fair to be held at the high school gymnasium Friday.

Mr. Boss and Ernest Murri were named to a committee to check undesirable magazines found on local newsstands.

Mrs. Charles A. Duerr, Mrs. Robert G. Martin and Mrs. Clifford Riley were named to a committee to explore the feasibility of sponsoring a scholarship.

Refreshments were served by the second grade mothers.

Supervisors and Clerks Convene

The quarterly meeting of the Second District Association of Michigan Supervisors and County Clerks was held at Beulah Thursday.

Those attending the all-day conference were F. R. Bulow, president of the organization; Russell L. Curtis, county assessment-equalization director and Harry Gebeau, third ward supervisor.

C.H.S. Juniors Select Cast To Present Mystery Comedy

With the task of selecting a cast behind them, the Junior class of the Charlevoix high school has gone into rehearsal of the mystery comedy, "Come Out of the Closet" for a local premiere on the stage of the elementary school auditorium Friday, April 19.

The plot unfolds as three pretty young girls locate an apartment in New York, complete with eccentric landlady, weird poet as a next door roomer, a housemaid named Ammonia, a rough and ready cab driver, a father who chases baby bottles at midnight and other colorful characters, at least two of whom turn out to be far different than they seem.

Barbara Messmore has been chosen to play the role of the overbearing Irish landlady, Mrs. Malone. Diann Phelps is cast as Jenny Potts, winner of a television contract and appealing enough to lead men around by the nose, Mary Harrison has taken on the job of characterizing Hilda Hawkins, a plain-speaking stenographer from Ohio. Judy Walker rounds out the host of newcomers to the big city by acting the role of Irene Gleason, something of a "clinging vine" type.

Jim Stewart has been given the difficult assignment of portraying Guthrie Rosewater, a modernistic' poet who apparently types his poems at dead of night on a riveting machine. Another complicated role is the one played by Teri Freedman who portrays Abbie Phillips, a seemingly plain and old-fashioned maiden lady with a crush on the poet's free verse.

Tom Hawley acts the part of Hercules Jones, modern knight whose 'shining armor' is a beat-up old taxi and whose fists carry the authority of a one-time prize-fighter. Charles Mort has the role of Mr. Cutter, who lives in the apartment across the hall from the three heroines and whose midnight sprints for the baby bottles through their 'bedroom' are not conducive to beauty sleep.

Susan Pearl is cast as Mrs. Malone's hired girl, whose name is Ammonia, seems to fit her in the worst way. Bob Odmark plays Irene's fiance, a somewhat retiring and intellectual type, who shows his true colors in the closing scenes of the play. Peter Brock has the stage assignment of Sweeney, definitely a non-typical policeman, whose eyesight is almost as poor as that of an umpire calling decisions against the home team.

In addition to the student directorship of Leslie Lyons, the hilarious eomedy mystery "Come Out of the Closet" is sponsored by the play production staff of H. E. Bingham, Don Carey, S. E. Coleman and Mr. and Mrs. William Ratlgan.

Understudy and various drama department assignments will be made shortly.

Four County 4-H Club Members To Tour Detroit

Four Charlevoix 4-H club members will be among 55 4-H club members from throughout northern Michigan who will depart Friday for a three-day trip to the Detroit area.

They are Eileen Elliott of Charlevoix, Bradley Jones, Patricia Murphy and Phillip Goebel of East Jordan who will be accompanied by Ed Rebman, county extension director.

A get-acquainted party at Greenfield Village where the group is staying will be held Friday night. On Saturday tours have been arranged to the U.S. Weather Bureau Station, Metropolitan Airport, Downtown Detroit, the Broadway Market and the University of Windsor via the Ambassador Bridge and return via the tunnel. They will attend Cinerama Saturday evening and on Sunday will attend church and tour Greenfield Village and the Ford Museum before returning home.

Relatives Honor Mrs. Geo. Meggison On 90th Birthday

Mrs. George Meggison who is presently in Detroit with her daughter, Mrs. Grant Mudge, was honored on the occasion of her ninetieth birthday anniversary on March 20.

Fourteen relatives and friends joined in the occasion hosted by Mrs. Mudge and Mrs. John Kee and held at the home of Mrs. Norman Kee.

A three-tiered birthday cake decorated with 90 candles centered the luncheon table.

Mrs. Meggison was presented with a money tree, a carnation corsage and an arrangement of spring flowers. A social afternoon followed.

Mrs. William Parsons

Dale Parsons returned to M-U at East Lansing Monday after a week's vacation spent with his parents Mr. and Mrs. William Parsons.

Mrs. George Parsons is recuperating from 'flu' complications at the Charlevoix hospital.

Charlevoix Co. Board of Directors of the Farm Bureau met at the Wm. Parsons home Monday evening.

Mr. and Mrs. Clarence Way attended a wedding in Rapid City last Saturday.

Mr. and Mrs. Ivan Parsons and children were Sunday dinner guests of her parents, Mr. and Mrs. Charles Zitka at Ironton.

Red Cross Instructor To Conduct First Aid Course Here

The first in a series of ten Red Cross First Aid lessons was held at the first floor community room of the city hall Tuesday evening under the sponsorship of the Senior Girl Scout Troop 256.

The course is given by a qualified Red Cross instructor under the supervision of Charles Landers of East Jordan, executive secretary of the Charlevoix county Red Cross chapter.

There are presently 25 persons enrolled in the class which is being held each Tuesday for 10 weeks. Others interested in joining are asked to call Mrs. Jack Rader or Mrs. Lloyd Arnold.

Correction

Through a misunderstanding it was stated last week that Miss Ella Gilkerson, former East Jordan resident now teaching in Jamaica, would show slides at a special missionary meeting to be held at the Ellsworth Holiness church at 8 p.m. tonight (Thursday).

Slides of the Faith Home Orphanage where she teaches will be shown but Miss Gilkerson herself cannot be present.

NOTICE TO THE VOTERS OF CHARLEVOIX

FROM E. D. HAWLEY, MAYOR

The following is a reproduction of a letter received by the Council on Monday night, March 25, from Dinwiddie & Kandt, accountants for the City. The recognition of the line loss factor in the distribution system materially changes the earning figures originally forecasted for the Electric Fund. The revision further points out the difficulty of forecasting operations as almost every figure of importance is based on assumptions and qualifications, which may or may not be true.

Honorable Mayor and Councilmen
City of Charlevoix, Michigan

This letter will inform you that the forecasts recently presented to you omitted any provision for line loss in the Charlevoix electric distribution system. Line loss has ranged from a high of 18.15% in the fiscal year ended February 28, 1958, to a low of 7.9% for the eleven months ended January 31, 1963. We have assumed a line loss factor of 10% and have recomputed the cost of purchased power and the net earnings for each of the ten years in the forecasts. These revised figures are presented below.

IN MICHIGAN

BEER IS A NATURAL

From nature's light grain comes sparkling, light beer . . . Michigan's traditional beverage of moderation—it's light, sparkling, delicious.

And naturally, the Brewing Industry in Michigan is proud of the more than 20 million tax dollars it contributes to the state of Michigan each year—money that helps support our schools, our hospitals and our parks. In Michigan, beer belongs—enjoy it.

UNITED STATES BREWERS ASSOCIATION, INC.

Charlevoix With Its City Owned Electric Utility, Proudly Completes an Era of Great Progress, And Looks to a Bright Future

The City of Charlevoix, with a tremendous boost from its own electric business, which has been soundly managed for 64 years, has made great strides forward and acquired an unusual array of assets. With an enviable financial record and means with which to work the City looks forward to a progressive future.

Charlevoix, besides its natural advantages, is proud to have:

1...A modern City Hall, fire station and modern fire department—fully paid for.

2. The busiest and best recreational harbor on Lake Michigan, marina and commercial docks—fully paid for, soundly managed and operated, and expanding.

3. Seven beaches and parks—fully equipped and paid for.

4. It's own golf course and a new $30,000.00 club house available at moderate rates to its citizens and guests—fully paid for.

5. A modern sewage disposal plant and water department—fully paid for.

6. Its own airport—paid for and being expanded with a paved runway and lights this year, with participation by the City, State and Federal Government. The City's share, in new land acquired and cash funds set aside, is in excess of $50,000.

7. An exceptionally well equipped and operated street department, with a new garage—fully paid for: A modern system of streets which are exceellently maintained, as are its several parks and public places.

8. A beautifully kept and operated cemetery.

9. Its own lighted soft-ball field and recreation program.

10. A fully equipped, staffed and operated police department.

11. A low tax rate of $8.00 per $1,000.00 valuation, which may be further reduced if the Electric System is retained as a City owned and operated business.

12. While not City functions, it is proud also of its County Building, Hospital, new School and Churches.

13. Last, but by no means least, its own City owned and operated electric utility, excellently equipped and managed, debt free with considerable surpluses and a bright business future. It is adequately and competently staffed and has a history of competent and reliable service to the community. We have lower rates than Consumers Power Company.

With all of this Charlevoix is unique among municipalities in that it is completely debt free with no outstanding bonds or other indebtedness of any kind—electric, water, sewer, special assessments or otherwise. It has significant surpluses in various departments, such as $73,630.11 in the sewer and water department, $35,000.00 in the airport department, $9,267.12 in the parking meter fund, $6,000.00 in the fire department reserve, and $148,135.50 in the electric fund.

Charlevoix's electric rate is now lower than Consumers Power Company's rate considering the five percent discount, hot water rate, free porch lights, transmission lines and transformers furnished without charge to industry and many other benefits.

Since 1945 Charlevoix has increased its employment opportunities by obtaining five new factories:

1. Freedman Artcraft Engineering Company.
2. American Mold Engineering Co.
3. Paul-Reed, Inc.
4. Will-Flow.
5. Hoskins Manufacturing Co.

All of this has been accomplished by the confident, capable, loyal, dedicated efforts and cooperation of Charlevoix's citizens, public officials, and employees over the years, WITH A BIG LIFT FROM ITS CITY OWNED ELECTRIC UTILITY BUSINESS.

NO COMMUNITY COULD HAVE ACCOMPLISHED THIS WITHOUT THE ASSISTANCE FROM ITS ELECTRIC UTILITY.

These benefits, during this 10 year period alone, in direct transfers of cash and other easily identified direct benefits, without including payroll and local expenditures which are considerable, exceeded $800,000. In addition to this, the payroll alone pumped into the economy of the City $529,604.23 during this time.

Charlevoix, like Petoskey, Traverse City, Holland, Grand Haven, Lansing and some other cities, has been fortunate to have its own excellent, financially sound, well-equipped, maintained, staffed and managed Electric Utility business. Most of these have rates below Consumers. All are financially sound and have contributed millions of dollars to their communities.

Founded by the forefathers of the community, it has contributed greatly to its progress and economy and paced the growth of the City. It is enjoying an era of steady remarkable growth, earnings, and financial stability and has an assured bright future of continued steady growth, greater service to the community, greater earnings and economic contribution to the City, with a promise of even lower rates if we keep our Electric System.

To illustrate this remarkable growth, in the 10 years from 1952 to 1962 the electricity sold rose from 4,075,558 KWH to 11,129,288 KWH, an increase of 144% or 14% per year on the 1952 figures.

During this 10 year period the total capital assets of the system, before depreciation, rose from $614,416.16 to $955,525.74 according to the City audits, and this included five major plant additions and other improvements to the system, all paid out of current income. A previous $150,000 improvement made in 1949 and not included in the above increase of capital assets was paid for by a bond issue now retired, but even $43,000.00 of this was paid for out of earnings.

The generating capacity of the plant was increased from 1600 KWH to 4620 KWH including the 1000 KW generator installed in 1949 and paid for during this time, giving it an adequate reserve of power for our citizens, at no increase in debt, and the cash reserve of the system was increased from $63,420.00 to $178,884.02.

Because of the increased cost of fuel the City had a study made by the Consulting Engineering firm of Cummins and Bernard to make a survey of the system and make recommendations for future plans. This cost $4,500.00 alone. After a very detailed analysis Cummins and Bernard recommended that the City:

1. Close the diesel plant and purchase bulk power available from Consumers Power Company or the R.E.A. Co-operative from its Advance Steam Plant.

2. Keep the Hydro Plant operating.

3. Reduce City rates to Consumers Power rates with an additional five percent discount, continue free porch lights, and also free transmission lines and transformers as an inducement to industry (not given by Consumers Power Company).

4. Keep the Electric System, as it is far too profitable as a City operated business to think of selling it.

The City followed this recommendation and placed the lower rates in effect to give the people lower rates than Consumers Power Company. It also entered into a five year contract with Consumers Power Company continuing thereafter and cancellable by either party only after three years by giving two years notice. This is to supply bulk power to the city's transmission lines and the City still runs its own business. R.E.A. also submitted a proposal at the time and will be available in the future to supply bulk power if Consumers Power Company does not, if Consumers Power Company raises the rates, or if R. E.A. Co-operative should be able in the future to sell at a lower rate. Some Co-operatives in lower Michigan have been able recently to sell for much less.

The City did this in line with intelligent management of its Electric business, according to the Engineer's recommendations to lower rates and still increase profits.

The City has an assured supply of bulk power for its Electric business from either Consumers or R.E.A. to each of whom it is profitable and both of whom desire to sell it to the City.

Further, the City's diesel plant which is in excellent condition and could be started up and carry the load in a few hours, is available for reserve, or peaking power which lowers the cost of bulk power.—It may also be a cheap source of supplementay power (such as Petoskey operates) with the coming of natural gas to the area this year as the diesels can be converted to use cheaper gas fuel. Other utilities, such as Grand Haven, have converted their diesels to natural gas fuel, and have lowered production costs. Natural gas was not available in this area when the Engineer's report was made.

In 1962 the City spent $70,000.00 out of its cash Electric reserve to construct the sub-station and improve its distribution lines to permit Consumers Power Company to deliver wholesale power to City lines.

Consumers Power Company was to have its lines connected to begin furnishing bulk power under the Contract by August 15, 1962, but did not start furnishing until November 15, 1962.

The City has had only three months experience under this arrangement and in those three months it has proven to be very profitable.

The Dinwiddie & Kandt report, obtained by the City shows the projection of future net earnings of the business based on its historical growth rate to be:

1964	$ 73,300
1965	88,600
1966	98,400
1967	106,300
1968	120,900
1969	133,300
1970	144,700
1971	157,500
1972	170,800
1973	185,800

This projection is an impartial report, capably prepared at the request of the City to give the facts to the people. It is conservative and sound, based on a 9.7% increase each year. To show you the soundness of it the actual figures from City audits since 1944 are:

	KWH (Amount of Electricity sold).	Total Sales Revenue.	Increase
1944	1,415,937	$ 54,103.72	
1952	4,075,558	135,208.66	185% in 8 years or 23% a year over the 1944 figures on KWH sold.
1962	11,129,288	259,515.06	144% increase or 14% a year over 1952 figures on KWH sold.

This full report and these figures may be inspected at the City Clerk's office.

THEREFORE THE PROSPECTS OF THE CITY WITH ITS ELECTRIC UTILITY RETAINED ARE VERY BRIGHT AND THERE IS NOT ONE SOUND REASON FOR SELLING THIS VERY IMPORTANT ASSET.

The election is to approve the sale of the City's entire electric business, transmission lnes and all of its assets, complete except for boulevard lights, and to give Consumers Power Company an exclusive 30 year franchise to operate an electric business here.

If the election passes and the business is sold:

1. The investment of the $1 million in U.S. Bonds cannot be guaranteed to the people. The vote is purely advisory on this question and can be disregarded.

2. If invested, it will produce only $40,000 a year income as against $73,300 net profit of the system in fiscal 1964, the year we are now in. The $40,000 will remain static and not increase, but the net profit from the electric business if it is retained by the City will increase at least 9.7% a year or to $185,800.00 by 1973, and then on up for the future of Charlevoix and the generations to come.

3. **Electric rates will increase** immediately by five percent, plus loss of porch lights, plus loss of cost of transmission lines and transformers to industry. If not sold, these benefits will remain in Charlevoix and it is quite probable the City can further reduce the rates.

4. **The funds will decrease** in value each year through inflation **but the business will increase** in value each year through inflation.

5. The City will lose all of the other benefits above outlined and many more that the Citizens are aware of, too numerous to list.

6. The community will lose a payroll presently at $55,967.45 a year.

7. The people will not have the **prompt, adequate, excellent service** that the experienced City crews now give.

8. The tax rate will increase.

RE-ELECT

E. D. "Pat" Hawley

FOR MAYOR OF CHARLEVOIX

Your best assurance of responsible city government for all.

Citizens for Hawley Committee

Pd. Political Adv.

To The Citizens of Charlevoix

"Actions speak louder than words" is an old statement but one which contains much truth.

As Mayor of Charlevoix it has been my pleasurer to conduct Council meetings, study meetings and to officially represent the City at various public gatherings.

The record of constructive business accomplished by the Council members speaks well of the time, interest and sincerity of each Alderman. I believe my acceptance and discharge of the Mayor's responsibility has helped coordinate and given leadership to the work of the Council and the constructive results of such work. Some of these results are:

1. **City taxes have been lowered 30%**
2. **A cost-sharing street and sidewalk paving program was inaugurated. This program was received with enthusiasm and has resulted in a more attractive City.**
3. **More off-street parking facilities have been provided.**
4. **The final step of the three-phase dock improvement program yas completed.**
5. **Continued operation of the Public Library has been assured through the cooperation of the City and the School Board and the special school voted millage.** 6
6. **Federal approval has been received for the airport improvement program.**
7. **New street equipment was purchased.**
8. **An improved summer recreation program was established, including the purchase of new playground equipment and diving platform.**

I am sincercly interested in continuing to serve the Citizens of Charlevoix as your Mayor. Your vote for me will help insure a continuation of constructive, responsible leadership—leadership which has been demonstrated by past accomplishments.

Sincerely,

E. D. (Pat) Hawley

Mayor of Charlevoix

36 days that proved Ford's total performance!

RIVERSIDE, CAL. January 20

In a *total* performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.

MONTE CARLO January 23

The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this ... one Sprint defeated every entrant in the Rallye's six special stages.

PURE OIL TRIALS January 27

In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their *total* performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA. February 24

Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's *total* performance design can endure the maximum in automotive punishment.

...and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the *results* are important to you. ☐ On every slippery surface you need the kind of roadability that placed five Fords out front in the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. ☐ The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's built for performance ... total performance!

Charlevoix Music Students Win Ratings at State Festival

Charlevoix high school music students, participating in 12 events at the State Solo-Ensemble Festival at Kalamazoo Saturday, returned home with three 1st division, eight sec. division and one third divison rating according to C. A. Odmark, local director of music who accompanied the group to southern Michigan.

All first division ratings were in the challenging Proficiency Division of the festival, marking the first time that a local student has successfuliy passed the high proficiency requirements which, in addition to performing of the solo includes a section of major and minor scales plus sight-reading, a complete examination on the musical proficiency of the students.

Those winning top ratings in this division were Richard Odmark, senior oboist; Robert Odmark, junior French hornist, and Bruce Kroken, junior baritone player. Gary Stutzman, a junior Sousaphone player, received a II rating in this section.

It is interesting to note that there were oniy three seniors among the entries in the festival.

Receiving II ratings in the regular solo and ensemble section of the festival were: Steven Kroll, a junior trombone soloist; Marcia McCall and Roberta Hiller, flute duet; Elaine Martin and Barbara Sugden, clarinet duet; Shlricy Stoel, Mary Harrison and Judy Walker, woodwind trio; Sharon Sugden, Peter Brock and Irene Bascom, drum trio; Judy Walker, John Ochs, Barbara Sugden and James Stewart, clarinet quartet and Joan Riiey, Tom Hawley, Robert Odmark, Bruce Kroken, Steven Kroii and Gary Stutzman, brass sextet, whose second division rating, designating a superior performance with minor flaws which kept them from receiving the coveted I rating. The saxophone trio composed of Terry Nielsen, Patti Penn and Sharon Wood received a III rating indicating an average performance.

The majority of the entries in the state event were from the metropolitan centers, Mr. Odmark said. The level of ability of high school students in the state of Michigan is certainly eye opening and something of which the students may be proud, he concluded.

Transporting the students to the festival were Mr. and Mrs. John Kroken, Mrs. Joseph Stutzman, Mrs. Harry Stewart, Mrs. Aaron Brock and Mr. Odmark. The caravan left Charlevoix shortly after 5 a.m. and returned home at 11 p.m. Saturday

CMU to Offer Classes at Beaver Island Facility

Central Michigan University will offer 13 classes at its off-the campus facility at Beaver Island this summer according to an announcement from the Field Services division of the college.

Classes which will operate on a workshop basis from early June to mid-August will offer such subjects as art, biology, speech, physical education, recreation and school transportation.

The first class to be offered will be Biology 312, Ornithology of Game Birds, from June 2 through 8. Designed to acquaint students with the game birds of Michigan and the game bird conservation program, it offers one semester hour credit.

The next two classes will be given from June 9 through 15 and will offer one hour credit each. They are Speech Education 325, Solving Speech, Language and Reading Disorders of Children and Recreation 405b, Organization and Administration of Community Recreation. The latter will deal with the organization and administration of the recreation program, problems of surveys, finance, publicity, program planning, leadership and liability.

Physical Education 351 and Biology Education 300 will run concurrently from June 16-29 with each offering one or two hours credit. The Physical Education course will feature the teaching of outdoor skills and will include techniques and procedures for teaching camping, archery, hunting gun safety, boating and water safety, and fishing and fly tying. Biology Education 300, Outdoor Education, is designed for persons interested in working as counselors in school or summer camps. Techniques and procedures for youngsters are stressed.

The next class, Biology 407a, Advanced Natural History for Elementary Teachers will be held from July 14 through 20 and will offer one hour credit.

A non-credit course, a school transportation seminar, has been scheduled for July 25-27 for transportation supervisors, county superintendents, school superintendents, principals and boards of education.

Four art classes, for two hours credit each, will be offered during the next two weeks, July 28 through Aug. 10. They are Art 100, Fundamentals of Art; Art 217, Freehand Drawing; Art 312, Painting I and Art 390, Painting II.

Two more art classes, Art 453 and 454, Studio Art, will be offered Aug. 11-17.

Further Information may be obtained by writing to Field Services, Central Michigan University, Mt. Pleasant.

Your YES Votes Monday Will

STRENGTHEN CHARLEVOIX

And Help to Assure the City of a Good Income

By voting yes on the proposals for the sale of the Municipal Electric Utility to Consumers Power Company, Charlevoix's citizens will Assure Charlevoix of a strong Electric System to Meet the Needs of the Future.

HERE'S WHY:

- The City distribution system will become part of Consumers Power Company's state-wide system of power plants, transmission lines and substations. Consumers would invest nearly $400,000 in the next ten years making sure that this distribution system is up-to-date and more than adequate.
- The City will get $1,000,000 for its electric system. Invested, this money will bring the city $40,000 a year in assured income.
- Consumers will pay $10,000 a year in additional local taxes to support the city, hospital, county, library and schools.
- Consumers will have an office in Charlevoix, with 24 hour service, 7 days a week.
- Charlevoix will have all of the company's facilities at its disposal, including experts and specialists in commercial and industrial power use, area development, store lighting, home economics, and others.
- You will end the controversy about the city system, removing your electric service from the area of politics.
- Charlevoix will avoid the necessity of spending nearly $400,000 on expansion and improvement of its electric system, because Consumers would do it.
- Every Charlevoix electric user would be treated equally, as a good customer of the Company.
- Your City Council would be free of the complex problems involved in running a business like the electric business. Aldermen would not have to worry about the expenses involved in keeping up with the rapidly changing technology of electric utility operations. Big Rock Point Nuclear Plant is a good example of how things are changing in the electric utility world.
- Charlevoix will benefit every day, in every way, if its citizens vote YES to put its electric system in the hands of a fine company whose Business it is to supply GOOD electric service.

Help Charlevoix Move Forward. Assure the City of a Good Income. Put your electric Problems in the Hands of a Tax-paying, investor-owned business enterprise.

Vote YES Monday. Vote For More Income for the City at NO Increase in Taxes!

Voters Turn Down City Electric Proposal

★ ★ ★

E. D. Hawley Elected Mayor for 3rd Term

In an election which brought out a record vote, the proposed sale of the municipal power plant to Consumers Power Co. for $1 million was turned down by the voters.

While opposing the sale, however, the electors returned to office incumbent mayor, E. D. 'Pat' Hawley who had favored the sale. He polled 710 votes to 590 for Edward P. Hansen, former third ward alderman and chairman of the Citizens-for-Charlevoix committee which opposed the sale of the city utility. Hansen was a stieker candidate for the office.

Proposal No. 1 on the ballot which would have approved the sale of the utility to Consumers Power Co. was turned down by a vote of 884 to 403 while the second proposal, giving the company a 30-year franchise to serve the community, was vetoed by a vote of 856 to 416.

The advisory vote which would have allowed the council to invest the monies derived from the sale, had it been approved, was vetoed by a vote of 708 to 602.

Candidates who were elected without opposition were: clerk, Hugh Mayne who polled a total of 1093 votes; treasurer, Annabelle Cunningham, 1191; first ward alderman, Robert Neff, 309; second ward alderman, Robert Gill, 468; third ward alderman, Donald Parsel, 359; first ward supervisor, Kit Carson, 289; second ward supervisor, John A. Uhrick, 449; third ward supervisor, Harry Gebeau, 354; Justice of the peace, John J. Connolly, 1085. All were incumbents with the exception of Gill who succeeds Richard Donaldson who was not a candidate for re-election and Parsel who sought election to the post being vacated by Hansen when he became a candidate for mayor.

On the state level, Charlevoix county voters put their approval on the new state constitution by a vote of 2348 to 1939.

State candidates and the votes each received in the county follow: Non-partisan ballot: Supreme court justices: Adams, 1666; Black, 1999; Holbrook, 1721; Smith, 1845.

Supt. of Public Instruction: Bartlett, 1740, Hatch, 2482; U. of M. Regents: Power, 1694, Thurber, 1624, Cudlip, 2553 and White, 2487; State Board of Education, Touchow, 1598, and O'Neil, 2574; M.S.U. trustee, Stevens, 1639, VanderPloeg, 1599, Nisbet, 2559 and Rouse of Boyne City, 2623; Wayne State governors, Ference, 1647, Woodcock, 1641, Noecker, 2499, and Whittaker, 2524.

State Election May Call for Recount

In a telegram received Wednesday from James M. Hare, Secretary of State, F. R. Bulow, Charlevoix county clerk, was advised to notify all township and city clerks of the possibility of a statewide recount as the result of the closeness of some of the state contests.

The wire advised that townships and city clerks take additional precautions in maintaining the security of ballot boxes and voting machines.

It also called to the attention of the clerks that no recount for municipal or township offices or propositions where paper ballots have been used may be conducted unless such ballots are in boxes other than those containing the ballots used in the elections for statewide offices or proposions, until released by the Secretary of State. No local recounts in machine areas may be held until such a release has been received.

Michigan Highway Employees Honored

★ ★ ★

Three local men were among the 18 Michigan State Highway Department employees stationed in northern Michigan who were honored at a Service Award Banquet held recently at the Lake Valley Resort near Kalkaska.

Here Julius Becker, (left) representing the State Highway Department, is pictured with William P. Collon, road construction engineer, with 25 years of service, Edward J. Vieau of Cheboygan and Charlevoix bridge operator, who also has 25 years service to his credit and Frederick 'Ted' Bergmann, bridge operator, with 20 years service. The latter two are operators on the Highway bridge here.

Detroit Arts Woodwind Quintet To Appear Here Friday

Charlevoix will host the Detroit Arts Woodwind Quintet Friday when the group, comprised of members of the Detroit Symphony Orchestra, presents a formal public concert at the Charlevoix high school gymnasium at 8 p.m. following a clinic for more than 400 young musicians from 12 northern Michigan counties.

The Quintet's appearance here is sponsored by District 11 of the Michigan School Band and Orchestra Association headed by C. A. Odmark whose brother, Ronald, is oboist with the Quintet. Other members of the group are Irving Gilman, flutist, Vincent Melidon, clarinetist, Lyell Lindsey, bassoonist, and Charles Weaver, French horn player.

The first group of numbers on the program, all written for woodwind quintet, is entitled "Quintet No 11 in A Major" by Anton Reicha, contemporary of Beethoven and one of the very first to write music for this combination which is now accepted as a woodwind quintet. He describes the work as "very melodic and excellently written for the instrument".

"Suite" by Gunther Schuller is composed of three short movements featuring a combination of classical and jazz. Schuller is a French horn player formerly with the Metropolitan Opera Orchestra who will be at Tanglewood, N. H., this summer as a faculty member in composition.

Haydn's "Divertimento" Mr. Odmark calls 'a very charming piece". The slow movement, "St. Anthony Chorale" is one that Brahns used for his famous variations on the Haydn theme.

Mr. Odmark went on to say that the Ravel piece is really an oboe solo. It is described as typically Ravel with a Spanish flavor. "Polka" by Zaninelli, Mr.

County Board Of Supervisors To Convene Tues.

The Charlevoix board of supervisors will meet at the county building here at 9:30 a.m. Tuesday to open the 95th annual meeting of the governing body of the county.

The first order of business at this meeting is the election of a chairman. Lee Sneathen Jr. of Hayes township is the present chairman.

After hearing reports by various officers which receive funds from the county and requests for funds for 1964 budgets, a tentative budget for 1964 will be approved. Equalization of the tax roll will also be done at this session.

Three new supervisors will make their appearances at Tuesday's meeting. They will be York Oster of Hudson township who defeated incumbent Henry Reynolds as a sticker candidate. Mr. Oster had, at one time, served on the board.

William Vrondran Jr. will represent Wilson township succeeding Leonard Cosier who was not a candidate for re-election after having served several terms. He defeated Erwin Mayhew for the post.

The third new member will be John Connaghan of Peaine township who, as a sticker candidate, defeated William Schmidt, veteran incumbent.

Chamber to Offer Free Golf at City Course

A week of free golf at the Charlevoix municipal golf course will again be offered this spring according to Paul Kohler, secretary-manager of the Charlevoix Chamber of Commerce who said that the city and the course management were joining with the Chamber in promoting the project.

The free golf week has been scheduled for the week of June 15 through June 21.

Last year it proved a big attraction bringing 1105 golfers here during the week for an average of 123 per day. Forty-four per cent of the golfers were from out of town and represented 59 communities.

Trio Bound Over To Circuit Court

Charged with breaking and entering Archer's service station and store on the Deer Lake road early the morning of Mar. 23, Samuel E. Evans, 21 and Judith L. Shischler, 19, both of Mancelona and James A. Lilak, 20, of East Jordan waived examination and were bound over to the May term of circuit court by Justice John J. Connolly.

Bonds were set at $500, each. Only Lilak furnished bond. The others were remanded to the county jail.

Arrests were made by the Charlevoix county Sheriff's Department.

The trio is charged with breaking into the store and service station early Saturday and taking beer and cigarettes.

I think an undeserved compliment is even more pleasing than the other kind.—I.T.M.

Research Phase To Begin Soon At Big Rock

Consumers Power Company's Big Rock Point Nuclear plant, which reached its full initial generating capacity of 50,000 kilowatts Mar. 21, has been operating at or near that level ever since, according to a special release to the Charlevoix Courier Wednesday.

The company said the original plan was to operate at full power 100 hours and then shut down to prepare for the research and development phase of the project.

Continued operation was decided upon after the initial 100-hour period had been passed because of the generally satisfactory response to full power

Robert E. Kettner, director of nuclear activities at Consumers said the plant's power output has been flowing into the Consumers Power network which serves about 70 per cent of Michigan's Lower Peninsula. He added that full-power operation since Mar. 21 has varied according to power requirements on the company's system and has been interrupted once or twice for adjustments to plant instruments.

Mr. Kettner said full-power operation will continue until Monday, April 8, when a scheduled shutdown of two weeks will take place. During this two-week period the reactor and other facilities will be made ready for the full-scale research and development tests. At this time the plant will have entered its 'research phase".

Consumers Power Co., the Atomic Energy Commission and the General Electric Co. are cooperating in this phase, aimed at increasing the efficiency of the reactor and reducing the cost of nuclear fuel.

The ultimate capacity of the plant is 75,000 kilowatts.

Plans Underway For Sports Banquet

Plans for an All-Sports banquet honoring Charlevoix high school athletes and their coaches were announced this week.

The event will be held at the high school cafeteria at 6:30 p.m. Tuesday, Apr. 23, and will feature Morley Fraser, head football coach at Albion College, as guest speaker.

Tickets will be on sale next week.

William H. Prevost Pioneer Resident Dies Unexpectedly

William H. Prevost, 85, pioneer resident of Charlevoix township, died unexpectedly at his home on Mercer Blvd. Monday. He had been in failing health for some time.

Funeral services will be held at the Winchester Funeral Home at 1:30 p.m. Thursday with the Rev. Jack Harris officiating. Burial will be in Brookside cemetery.

Born at St. Ignace Apr. 10, 1877, Mr. Prevost came to Eveline township with his parents as a child. In 1897 he was married to the former Sadie Benson. They resided at Ironton until going to Detroit in 1915. While in Detroit he was employed by the Ford Motor Co. He returned in 1930 to make his home in Charlevoix township except for four years in the early 1940's when he resided in Detroit. Mrs. Prevost died in 1945. He was a retired farmer and carpenter. He was a member of the Baptist church

Surviving are his wife, the former Mrs. Mollie Hall whom he married in 1956; a daughter, Mrs. Otto (Eunice) Boike of Dearborn; two sons, Kenneth R. of Dearborn and Claude M. of Royal Oak; a step-daughter, Mrs. Bernie Ward Sr. of Charlevoix; two step-sons, Kenneth Groth of Jeffersonville, Ind., and Jack Hall of Detroit; 10 grandchildren; 15 great-grandchildren 16-step-grandchildren; 18 step-great-grandchildren.

Cutter Sundew On Mercy Mission To Beaver Island

The U.S.C.G. Cutter Sundew left Charlevoix early Tuesday on its first mercy mission of the 1963 season, carrying aboard five tons of hay and a large supply of grain for a herd of Herefords on Beaver Island, according to Archie LaFreniere of the Beaver Island Civic Association which had requested assistance from the Ninth Coast Guard District headquarters in Cleveland when the island food supply ran dangerously low.

It took the ship 11 hours to break a path through the ice over the 32 miles to St. James harbor on the northeast side of the island where the supplies were unloaded.

The herd of 150 Herefords are owned by the Jordan River ranch owned by Henry Allen, Bud and Lawrence McDonough.

Mr. LaFreniere said that the early snowfall and the late spring had cut short the food supply for the herd which will not be able to feed off pasture land for another two weeks.

He added that this has been the only acute shortage on the island which is completely dependent on plane service from Dec. 31 until navigation opens in the spring. The heavy ice in the northern area of Lake Michigan will make transportation to the island by the Beaver Island Boat Co. motorship, Beaver Islander, impossible for several weeks.

The cutter Sundew 'broke out' the harbor before departing Wednesday morning for Charlevoix.

Hold Final Rites In Ellsworth for Mrs. Anthony Shooks

Ellsworth—Funeral services for Mrs. Anthony (Tillie) Shooks, 80, who died suddenly Monday at the Christian Nursing and Rehabilitation Center in Grand Rapids, will be held at the Ellsworth Christian Reformed church at 1:30 p.m. today (Thursday). The Rev. Henry Zwaanstra of Cutlerville will officiate at the service. Burial will be in the Ellsworth cemetery.

Services were held Wednesday at the Hollebeek Funeral Home in Grand Rapids with the Rev. Mr. Zwaanstra in charge.

Born in Grand Rapids Sept. 14, 1882, the former Tillie Postmus came to the Mitchell district of Antrim county in 1901. On Dec. 25, 1902, she was married to Mr. Shooks who preceded her in death on Mar. 5, 1958. She was a member of the Ellsworth Christian Reformed church and its Dorcas Ladies Aid Society. She had lived in Grand Rapids for the past five years.

Surviving are five daughters, Mrs. Martin Wierenga, Mrs. Albert Kuiper, Mrs. Catherine Gorman and Miss Gladys Shooks of Grand Rapids, and Mrs. Lewis Eisenburg of Ellsworth RR 1; five sons, Anthony M. and Wesley of Ellsworth and Donald, Percy J. and Vernon of Grand Rapids; 33 grandchildren; 42 great-grandchildren and a brother, Tate Postmus at the Holland Home in Grand Rapids.

Our Need of Adventure

Today is March 25th, and although spring officially arrived in northern Michigan four days ago, winter still rests heavily on the earth. Before spring peepers can sing their April choruses in the low-lands, the earth will need to yield its coldness to the sun and compel the last pewter-gray shells of ice to soften and gently melt into the ponds and marshes.

Yet, I know the earth is awakening. Awhile ago I heard a sure sign, as certain a harbinger of spring as a fresh smell of thawing earth or a drenching late-March rain. This afternoon as I wrote at my desk, a Killdeer's shrill cry pierced the lakeside stillness. Then rang another killdeer's call, and still another. These killdeer, circling low in migratory flight, were first this spring to greet our shores with their wild, lonely sounds of rejoicing. It's a little early for these plovers to arrive from the Gulf of Mexico. Some inner urgency said, "Go", and they started their trip northward, not knowing that this year the twenty-fifth of March would find Lake Charlevoix covered with ice and its food-rich shores still blanketed with snow. But, perhaps for killdeer as well as for men, the essence of adventure is risk, the chances one must take of meeting disappointment and hardship. These brave killdeer will linger here without regrets, making the most of this inhospitable cold, finding meager rations in an occasional bare spot of earth and waiting for south winds to bring the tender days of spring.

Before many days have passed we shall arise some morning and find the lake ice has opened around our off-shore pilings and in the opening—no matter how small—a few ducks will be paddling. This is our springtime experience, repeated every year—watching myriad ducks arrive from the south-eastern states, winging determined strokes across the breaking ice to find a small spot of rest and food. Scorning all risks of travel, they have come. Spurning the dangers of late freezes, they seek to follow the near edge of spring as it moves Northward. The lure of northern nesting grounds beckons them, and with some vague but undaunted courage akin to faith, they follow.

Springtime migrations are reminders that there is at the heart of life an elemental need for risk-taking, for exciting adventure. As forms of life rise higher, the power of risky wandering becomes more evident. Perhaps "keeping cool as a clam" means being as immobile as a clam. The clam keeps cool and stays put. He cuddles cozily in his clam shell, well-protected from the world's hurts. Fishes are of a higher order. They move. Birds are higher still, and the risks of existence to which they must adapt themselves are plentiful. Mankind has wandered from forest to plain, from hunting to agriculture, from land to sea, from the Old West to the New World, and from earth to outer space. This is the magnificence of man—his craving for risky adventure.

At his best, man has sought something deeper than geographical wandering. He has craved spiritual adventure. Man has left the comfortable old ideas for the risky new ones, has deserted old standards of conduct for higher ones, and has dared to believe in the possibilities of "a new heaven and a new earth." The history of science has been one of perilous pioneering, leaving safe and staid regions of thought for the new.

At its best, a church is a place of spiritual adventure where we seek uncomfortable and disturbing news about where we ought to be and how we ought to travel to get there. No church dies of lack of funds or lack of people. The dead churches have usually died of a lack of excitement and spiritual adventure. Then the funds and people dwindle away.

If your life is deadly monotonnus, and you wont to become fully alive, join the ranks of those who have dared to take all the risks of pioneering—like those who have been first to fly solo across the Atlantic Ocean, or first to climb Mount Everest. You might begin by seeing if you can, by God's grace, be the first to apologize when there are hard feelings between you and others, and be the first to help when you see human need.

Despise the risks. Disdain the chances you could be slighted, or meet with ingratitude. The essence of exciting adventure is the chance you might fail. But taking that chance is the only way you can move from where you are to where you really ought to be.

Spring Nature Notes by--Harold E. Kohn

BIRDS DO NOT FALL FROM THEIR PERCHES when they sleep because an arrangement of tendons in a bird's foot tightens and locks the bird's grip as the winged creature sinks into a resting position. The grip unlocks when the bird straightens up, prepared for flight.

Mr. and Mrs. Timothy L. Shores To Celebrate Golden Anniversary

★ ★ ★

Mr. and Mrs. Timothy L. Shores, lifelong residents of Northern Michigan will celebrate their golden wedding anniversary at an open house to be held at the home of their son-in-law and daughter, Mr. and Mrs. William Seese Saturday.

The couple will greet relatives and friends from 2 to 4 p.m. and from 7 to 9 p.m. at the Seese home located a block north of Michigan and Division aves. on the Mt. McSauba road.

Mr. and Mrs. Shores were married at East Jordan April 3, 1913 and have always made their home in northern Michigan. In the early days of their marriage both worked in the Nicholls Lumber camp. Mr. Shores as a woodsman and Mrs. Shores as a camp cook. Later they moved to their present home off Michigan ave. on the Mt. McSauba road. Mr. Shores was a painter and decorator for 30 years until he retired. Now that her family is reared, Mrs. Shores keeps busy sewing and making rugs. Both have been avid hunters and until recent years both Mr. and Mrs. Shores would fill their deer hunting licenses. Mr. Shores still hunts for smaller game.

Mr. Shores was born in Charlevoix Oct. 1, 1888. Mrs. Shores, the former Byrd Sweet was born at Chestonia in Antrim county Jan. 6, 1892.

The couple has six children including four daughters, Mrs. Albert (Helen) Cunningham, Mrs. William (Betty) Seese and Mrs. W. Keith (Catherine) Ager, all of Charlevoix and Mrs. Richard (Patricia) Haggerty of San Antonio, Tex.; two sons, Joseph of Port Washington, Wis., and Timothy Jr. of Boyne City They also have 21 grand children and seven great-grandchildren.

Couple Honored on 25th Anniversary

Atwood—Mr. and Mrs. Melvin Essenberg celebrated their silver wedding anniversary recently at their home.

Their daughters, the Misses Mary Jean and Lucile Essenberg of Grand Rapids, arranged the surprise party honoring their parents who were married at the Atwood Reformed church on March 24, 1938. Mrs. Essenberg is the former Margaret Drenth, daughter of John Drenth and the late Mrs. Drenth. Mr. Essenberg is the son of Mr. and Mrs. Gerrit Essenberg.

Joining in observing the event were Mr. and Mrs. Richard Kayner and daughters, Suellen and Mary, Carol Kayner, Robert Heeres, Robert Volmer, Judy DeYoung, Mr. and Mrs. Edwin Drenth and son, Steven, and Mr. and Mrs. Larry Kayner and daughter, Lynette.

To Hold Annual Christmas Tree Institute Saturday

The third annual Christmas Tree Institute where the newest and improved ideas in the industry will be presented will be held at the 4-H Center in Petoskey Saturday, according to Ed Rebman, County Extension Director.

The meeting which is scheduled to begin at 10 a.m. and continue until 4 p.m. will feature authorities from Michigan Department of Agriculture, Michigan Department of Conservation, Michigan State University and chemical companies.

How to combat the damage to buds by the pine grosbeak and how to prune damaged trees, the licensing of growers in an effort to stabilize the industry, improving the marketing and up grading of the quality of trees; the use of sprays and the problems facing the industry mill be among the issues discussed.

Garden Club Hears Miss Sally Gordon

Sally Gordon of Cheboygan, Consumers Power Co. economist, spoke on the subject of "Indoor and Outdoor Lighting" at the regular meeting of the Garden club held Tuesday at the home of the president, Mrs. Harley Ochs.

Miss Gordon placed special emphasis on outdoor lighting for outdoor living, landscape beauty and safety and showed slides to develop the theme. She also displayed yard lighting fixtures and explained their methods of operation.

At the close of the business meeting the hostess and Mrs. Theodore Miller served refreshments from a table decorated in a spring motif.

Annual Easter Seal Sale Campaign Gets Underway

Residents of the Charlevoix area will receive the annual Easter Seal letters this week bearing the attractive stamps used to raise funds for the Michigan Society for Crippled Children and Adults.

In announcing the Easter Seal sale, M. J. Foster, local chairman, said that the county's needs this year were greater than ever and urged everyone to support the campaign.

He went on to say that 16 cases in Charlevoix county were assisted during the year with available funds, 50 per cent of the $1,045 raised last year plus a small balance left from 1961.

Ten Charlevoix county children attended the forst two weeks camp for handicapped children held at Burt Lake at the cost of $700. The county depleted its funds by contributing the remaining $340 toward the project with the state organization paying the remainder. However, this assistance will not be available in the future. If children from Charlevoix county are to attend this summer, the funds must be raised locally.

Mr. Foster said it was necessary to borrow funds to mail this year's Easter Seals.

Funds forwarded to the State Society are used to support hospitals and training centers.

If you have not received your stamps, you may obtain them by calling Mr. Foster.

A study of errors in driving shows the most common error is failure to grip the steering wheel firmly on both sides to retain proper control of the car. Next is failure to look both directions at intersections with no traffic signals. Also common, is failure to signal before changing driving lanes.

Charlevoix High School Bands To Present Pre-Easter Concert

Charlevoix high school's two band groups, the Reserve band of 72 pieces and the Concert band of 82 pieces will present a pre-Easter concert at the high school gymnasium at 8 p.m. Wednesday under the direction of C. A. Odmark.

The Reserve band is composed of eighth and ninth grade music students and the Senior band of tenth, eleventh and twelfth grade students.

No admission is being charged but an opportunity to contribute to the band fund will be offered the audience. The fund is used to meet various miscellaneous expenses of the band program.

Tentative plans are also being made to offer a limited amount of this year's band candy for sale at the concert. Being prepared by Murdick's Famous Candy Kitchen, the candy sale will open on the Saturday following the concert, April 13.

The Reserve band, playing a group of numbers it has been preparing for the Massed Band Festival, will open the program. Included will be the march, "Queen City" by Bovin, Romberg's "Song of Love", a novel arrangement of cowboy song called "Prairie Lament" by Walters and Meredith Willson's famous march from "The Muisc Man", "Seventy-Six Trombones".

The Senior Concert band will open the second section of the program with a group of numbers reflecting the spirit of Holy Week. The selections will be presented with no applause requested and will include the chorale, "A Mighty Fortress is Our God" by Luther, a chorale from "Ave Maria" by Arcadelt, and the beautiful "Prelude and Fugue in F Minor" by Johann Sebastian Bach, transcribed for band by Moehlmann.

Following the religious group, the band will present a series of numbers designed to please all musical tasts . . . the march, "Emblem of Unity" by Richards; the English Folk Song Suite by Vaughn Williams and its American counterpart "American Folk Rhapsody" by Grundman.

The program will continue in a lighter vein with the band playing the novelty "Fantasia on Lady of Spain", a square dance tune, "Do-Si-Do" by Philip Lang and concluding with an old-fashioned trombone smear, "Lassus Trombone" by Fillmore and the march, "The Klaron" also by Fillmore.

An evening of fine and entertaining music is promised for the pre-Easter concert which the bands will present at 8 p.m. Wednesday at the new high school gymnasium.

Lay Initial Plans For Annual Fair At St. Mary's School

Initial plans for the fourth annual St. Mary's school Fair to be held Saturday, May 4, have been announced by Mrs. Josephine Bindi, president of the sponsoring group, the Little Flower Guild.

Mrs. George Plumm and Mrs. Jerome Whitley will be in charge of tickets and Mrs. Fritz Allard and Mrs. Lewis Skeel will head the advertising committee.

A variety of booths designed for the entertainment of all age groups are being planned. They will include a hat booth, grab bag, darts, candy booth, second hand store, goldfish and turtle booth, Parcel post booth and fish pond. In addition there will be a baked goods sale and a snack bar.

Further plans will be announced as they develop, Mrs. Bindi said.

Funds derived from the event are used to purchase equipment and supplies for the school.

Deadline April 15 For Applying for NCMC Scholarships

Students planning to apply for scholarships at North Central Michigan College in Petoskey for the 1963-64 school year are reminded that the deadline is **April 15.**

Dean A. D. Shankland said that each year there are about 25 scharlarships ranging in value from $100 to $275 available to incoming freshmen at the college.

Before an applicant may be considered for a scholarship, he must also have completed and filed an application fir admission to the college. After the scholarship applications have been received the scholarship committee at the college selects the winners from those applications and the scholarship awards are announced early in June.

Applications for scholarships which have been made available by various civic, organizations, businessses and individuals and awarded on the basis of scholastic ability and need may be obtained at the high school offices or the college.

Justice Court News

Justice John J. Connolly reports the following cases which appeared in his court recently:

Louise A. Kane, 39, waived examination and was bound over to the May term of Circuit Court on a charge of attempting to break jail. She was returned to jail after failing to furnish $100 bond.

The attemped jail break came after she had been sentenced to 15 days in jail and ordered to pay $10 fine and $5.00 costs on a charge of being drunk and disorderly. If the fine and costs are not paid she must serve an additional 15 days on the original charge. She was arrested on a citizen's complaint.

Joseph Clarke, 24, charged with non-support on a citizen's complaint, was ordered to pay $50 fine and $5.00 costs and sentenced to 30 days in the county jail. The fine and commitment were suspended and he was placed on six months probation.

William C. Mania, 35, of Traverse City, who changed his earlier plea of not guilty to guilty to a charge of driving while under the influence of intoxicating liquor, was ordered to pay $100 fine and $10 costs and his license suspended.

Charged on separate complaints of being drunk and disorderly were Marie Sands, 29, and Reuben E. Oliver, 46. Each was ordered to pay fines of $10 and costs of $5.00 and sentenced to 15 days in the county jail. If fines and costs are not paid they must serve an additional 15 days each. Summonses were issued by the City Police.

Charged with speeding were: Thomas J. Alcoik, 24, of Evanston, Ill., who forfeited a $10 bond; Robert E. Detlaff, 21, of East Jordan, Robert J. Jacobson, 47, of Sault Ste Marie, $4.30 and David R. Ellis, 25, of Grand Rapids, who were ordered to pay $5.00 fines and $4.30 costs each. Summonses were issued by the State Police except Detlaff's which was issued by the Sheriff's Department. Ellis was also ordered to pay $5.00 for driving with an expired operator's license.

Nevin G. Bowser, 36, of Chicago, charged with improper lane usage, forfeited a $10 bond on this charge and a $5.00 bond on a charge of driving with an expired operator's license. Summons was issued by the State Police.

LulaBelle Drost, 22, charged with having defective brakes, was ordered to pay $5.00. Summons was issued by the State Police.

Timothy L. Shores Jr., 30, of Boyne City, charged with driving to left of the center involving a collision, was ordered to pay $5.00 fine and $5.00 costs. Summons was issued by the City Police.

Patricia K. Pearsall, 17, of East Jordan, charged with failure to yield the right-of-way involving a collision, was ordered to pay $5.00 fine and $5.00 costs. Summons was issued by the City Police.

Charged with violation of the dog act were: Robert Martin, Gerald Goss (2 charges) William Kane, Patricia MacDougal, Arthur Falting and Dewey Bruce.

Wind Quintet to Apear Here Friday

(Continued from page 1)

Odmark describes as a "real cute thing with the wierdest-rhythmic pattern you ever heard . . . like a dancer with one short leg". The composer is a graduate of Curtis Institute in Philadelphia and a fine jazz pianist.

"Three Short Pieces" by Ibert will feature modern woodwind music and is a fine closing selection by a composer who writes extremely well for woodwinds.

Mr. Odmark concluded by saying the whole program is meant to be fun . . . "nothing too long hair but, on the other hand, it's not tawdry or provincial".

Charlevoix's Mr. Odmark is very enthusiastic about the Quintet's appearance here and feels that the north is indeed forunate to hear such an outstanding group of musicians outside the metropolitan area. He especially urges the parents of band members to attend the concert and hear what can be done by talented musicians with the instruments their children are learning to play.

All band directors whose students will be attending the clinic and concert are equall enthusiastic about the Quintet's appearance here for they feel the young musicians will not only learn a great deal about the woodwind instruments but see what fun they can be.

If this clinic proves worthwhile, similar clinics for brass and percussion instruments will be held in successive years, Mr. Odmark said.

The clinic for the students will open at 4 p.m. with the quintet playing a brief concert before holding separate sessions on each of the fi evinstruments.

The visiting students will be served a dinner at the high school cafeteria by the Charlevoix Band Parents Association before attending the evening concert.

The directors of District II MSBAOA will gather for their annual spring dinner meeting before attending the concert.

Mr. Odmark said that some are directors are bringing their entire bands to the clinic while others are bringing only their woodwind sections. The students will come from a 12 county-area and are expected to number more than 400.

Charlevoix Shop Students Win Awards on Work

Charlevoix students walked off with all the prizes in Machine Shop II (machine construction). Here John Pearl, a senior, shows his entry, a lapidary saw, which captured the blue ribbon to his friend, James Bogart. On the left of the table in the foreground are the steam engine parts made by David Parsons which took second place and the far right the grinder which won Herbert Cummings a third place ribbon.

Pictured on the far left is a polishing tool made by Dan Pearl which placed fourth in the judging and in the center a compressor made by David Austin which placed fifth. Shown with the work, in all instances, were the plans drawn by the students. The above mentioned students are all seniors with the exception of Parsons who is a junior.

David Austin pictured with the walnut desk which brought him a top prize in Woodworking II (furniture). He is a senior. Another of his entries, an attractive blond hi-fi cabinet was disqualified for judging when he won a ribbon with his desk.

grinder; Dave Pearl, fourth, with a polishing tool and Dave Austin, fifth with a compressor.

Open Division I: Group C, Dwight Boss placed first with an ice boat; Group B, Glen Crain placed third.

Mechanical Drawing I: Group C (11-12) Bill Dohm placed first; Andy Carey, second; Mike Bost, third; John Pearl, fourth; Dewey Bruce, fifth; John McSweeney, Sixth and Doris McBride, seventh.

Group B (9-10) Larry Hutchinson took a blue ribbon; Neil Cross placed second and Ted Weidman, fifth; Group A (7-8) Larry Feindt won a blue ribbon followed by Alan Lusk with a second place; Steve Smith with a third and Paul Martin with a fourth.

In Mechanical Drawing II, Bill Dohm placed third. Terry Geer fourth and Rick Miller, fifth in Group C (11-12) and in Group B (9-10), Clyde Allison placed third and Darcy Olsen, fourth.

In Mechanical Drawing III (Mechanical and architectural) Group C (11-12) Irving Drost placed second; Dave Novotny, sixth and Drew Young seventh; Mechanical Drawing IV, Group C, Joseph D. Smith placed third; Architectural Drawing I Group C. Joseph D. Smith placed first and Douglas Johnson, third; Architectural Drawing II, Group C, Joseph D. Smith; Group B, Joseph Olsen placed first and Michael Arbuckle, second.

Only divisions in which Charlevoix did not place were Machine Shop (Machine work) Group B (grades 9-10), Architectural Drawing I Group B (grades 9-10), Electricity I (electric project where no tubes or transistors are used), and Electricity II (projects where tubes and/or transistors are used) in both Groups B and C, Plastics I in Groups A, B and C and Architectural Drawing III, Groups B and C.

Other schools entered in the Fair were Petoskey which had 15 blue ribbons; Cheboygan with three firsts, Boyne City with one and East Jordan. The latter's entries were limited because their projects were not completed.

Instructors whose students exhibited were Uno Suomela and Robert Cook of Charlevoix; Bernard Scheele of Cheboygan, who was also general chairman of the event; B. T. Neidhamer of Boyne City; Wesley Fleet of East Jordan, T. A. Treloar, James Jinsky and William Steffens of Petoskey. Mr. Neidhamer and Mr. Steffens were in charge of awards.

Mr. Cook, local chairman of the Fair, was assisted by Joseph Smith who classified and placed all drawing entries; John Pearl and Bruce Murray who entered and placed all other entries, Dave Austin, Steve Faculak, Lionel McClanagham John McSweeney, and Terry Geer, who assisted with placement and other duties.

Bruce Murray, Charlevoix high school senior, took great pride in the blue ribbon he won for the set of Machinist's tools he made and displayed at the Industrial Arts Fair here Frdiay. In the foreground is the vise, hamm[illegible] and other tools which brought him the top prize. He is holding the plans for the tools. In the background are some of the 190 drawings entered in the Fair.

Robert J. Cook (left), Charlevoix high school indusirial Arts instructor and local chairman of Friday's Fair and Bernard Scheele of Cheboygan, genaral chairman of the event, pictured with the metal stand which captured a blue ribbon for David Goldstick for his work in bench metal. Mr. Cook and Mr. Scheele are examining other entries in this division. The show attracted 231 projects in 34 categories plus 190 drawings in various categories.

One of the proudest students to win a blue ribbon was John Faculak, a sophomore who is pictured with William Steffens of Petoskey as ha taped the coveted blue ribbon to this chest of drawers. In the foregrcund is a table antered in Woodworking II Group B (grades 9 and 10).

SUNDEW REPORTS

As the saying goes "Long time, no see"; however, we will attempt to bring you up to date on our comings and goings since our last report on December 20 of last year.

Fortune smiled upon us as we were able to stay in Charlevoix for all the Christmas season holidays. Needless to say, it was a respite much appreciated by the officers and men after the rigors of the buoy withdrawals just completed. In addition, it gave us some needed time to catch up on 'ship's work' that was long overdue. Surprisingly enough, we remained in port until the beginning of our scheduled three-week "Charlie status" on the 7th of January. During this maintenance period we were able to get considerable work done in preparation for the ice-breaking work ahead and the spring buoy operations to follow.

With much to do, the month of January passed quickly and Monday the 28th found us clearing the pierheads bound for Kewaunee, Wis., for the first of many ice-breaking chores. Shortly after leaving Charlevoix we cleared the ice and were in open water; however, strong westerly winds and freezing temperatures found us just barely making steerage way as we labored across the lake, trying to avoid excessive topside icing. If ice is permitted to accumulate to an excessive degree, it can jeopardize the stability of the ship; therefore we made little headway in our journey. The high winds and rough seas gave a good bit of trouble to all hands who, after a relatively long stay in port were hard-pressed to find their "sea legs".

After two nights and a day of miserable weather we arrived at dawn off the pierheads at Kewaunee. While there we assisted the Tanker Polaris in clearing the harbor. The following day we were ordered to Milwaukeee where we picked up our work boat that had been left there last fall for extensive hull repairs.

Departing Milwaukee we made for Chicago where, on Feb. 1, we broke out the area between Outer Drive Bridge and the Chicago River Locks which apparently had been ice-jammed for some time. Completing this little chore, we were permitted the weekend in Chicago where all hands enjoyed the offerings of the "Windy City".

The following Monday, Feb. 4, we were ordered to Ludington to assist some car ferries. When almost there we were diverted to Muskegon to assist tankers and car ferries. After seeing them safely into port through rather heavy ice, Commander (Francis J.) Mann was made Officer in Tactical Command of an ice-breaking Task Unit consisting of the Sundew, the buoy tender Mesquite from Sturgeon Bay, Wis., and the Arundel, a 110 foot tug from Chicago. Shortly after we were ordered as a group to Grand Haven where ice conditions were reported to be very bad. With the Sundew in the van, we smashed our way in after 10 hours of slugging at the ice. In spite of our late arrival at 2 a. m. spirits were pretty high for we had really shown what the Sundew and her crew could do. A few days before the 'mighty' Mackinaw had made the claim that only she could gain entrance to Grand Haven!

After a night in Grand Haven we found ourselves heading back to Muskegon where we remained over the weekend aiding tankers Detroit, Polaris and Amoco Wisconsin while there.

On Monday, Feb. 11, we were ordered to return to Charlevoix! After grinding our way in, we were finally home late the afternoon of the 12th. Apparently ice conditions to the the south had eased considerably for we remained in port for 10 days before receiving a call the 23rd, again to the Muskegon area.

After clearing the pierheads we ran into extremely heavy ice all the way to the Manitous (islands). After three days of creeping progress we broke out of the massive ice field and headed for Muskegon. Enroute we were diverted to Grand Haven to assist the Tanker Pleiades. With our old friend, the Arundel, plus her sister ship, the Raritan, bearing a hand, we had the Pleiades safe in her berth in record time. That evening we departed for St. Joseph to assist the Polaris, and the following morning found us guiding her into port. After a weekend in St. Joseph, the Sundew was bound for Chicago where we assisted the Sinclair Milwaukee and fueled the manned breakwater light at the entrance to the Chicago harbor.

Friday, Mar. 8, found us heading for Charlevoix for a week of "Charlie" status. While enroute we assisted the carferry Ann Arbor 5 in clearing Frankfort. Upon arrival north of North Manitou island we found the ice conditions to be little improved from those found earlier. So, rather than spend our week battling the ice, we decided to make for Frankfort where we could perform some much-needed maintenance.

While in Frankfort from the 11th through the 18th many of the Sundew's officers and men 'commuted' to Charlevoix, thus being able to spend some time with their families.

On the morning of the 18th we were again 'matching wits' with Mother Nature and hoping that soon the thaw would start for in a few weeks we shall have to start buoy operations once again.

Campus Comments

Donna L. Berg, a freshman student at the University of Michigan, is among the 289 freshmen at the university to receive William J. Branstrom prizes for top-flight scholarship, according to Ivan W. Parker, assistant director of financial aids at the U-M.

Branstrom prize winners rank in the top seven per cent of their school or college class. As his prize, each student selects one of 21 deluxe volumes of specially selected books, gold-stamped with the U-M- seal and marked with a special bookplate.

Presentation of prizes will be made April 26 in the Trueblood Auditorium on the U-M campus.

Miss Berg is a 1962 graduate of the Charlevoix high school and the daughter of Mr. and Mrs. Leo Berg.

New Amendment Deprives Day Center Of State Aid

The Charlevoix Association for Retarded Children Inc. was informed recently in a letter from the Department of Public Instruction that Mrs. Robert Bergmann who has been serving as direcor of the center operated by the association could not be accredited so that the center could receive State Aid through recently adopted legislation.

A request for a waiver for Mrs. Bergmann had been requested by Charles A. Robinson, Charlevoix-Emmet county Superintendent of Schools, because of her demonstrated ability in providing and operating a program approved by Mr. Robinson and the Emmet County Child Guidance Clinic.

Plans were made for a rummage sale to be held at the Center May 3 and 4.

The treasurer's report revealed the receipts for February were $1154 and the expenses $387.27 leaving a cash balance of $2122.85 on Mar. 1 Expenses through Mar. 20 were $303.27 and receipts $77.00 for a balance of $1896.58 on that date.

John Sutherland was named secretary of the association to succeed Mrs. Edwin Medsker who resigned.

SUNDEW REPORTS

Evening Groesbeaks Seen at Oyster Bay

Another bird lover, Mrs. Lawrence Kay Montgomery at Oyster Bay has reported the return of the evening grosbeaks.

A flock of more than 30 of the bird visited their feeder March 21 she said. Large flocks of purple finches are also among those present.

The Montgomerys have been gone for the past month but in their absence had someone keep the feeders filled at all times so their feathered friends, who have to depend on them would have plenty of food.

Previewing the Movies

"The Manchurian Candidate" showing at the Palace Theatre Charlevoix, this weekend offers a combination of realism and fantasy, nightmare and comedy and the plot will keep the audience guessing to the very end.

Starring in the picture are Frank Sinatra, Laurence Harvey and Janet Leigh.

The story begins when an army patrol, led by Sinatra and Harvey, is betrayed during the Korean War behind enemy lines by Korean guide Henry Silva, and captured by Red troops who transport the prisoners to Manchuria. After the war, Silva, a major in the army intelligence, is troubled with recurring nightmares in which he sees Harvey murder two of his friends. He asks govenment officials to ferret out the truth about Harvey who is now a newspaper man and the stepson of contraversial Mc Carthy-like Red-baiting Senator James Gregory, whose wife, Harvey's mother, is a scheming background politician.

When Gregory turns a press conference of Secretary of Defense Barry Kelley into a shambles with Communist accusations, Sinatra, responsible for the conference, is given sick leave. On the verge of a nervous breakdown and now convinced that Harvey is to be used as an assassin, Sinatra sets out to learn why the Queen of Diamonds card puts Harvey into a hnypnotic trance, who is Harvey's "American agent", and who Harvey's victims will be.

Intrigue and suspense continue up to the climactic convention in Madison Square Garden where Harvey is waiting to assassinate the presidential candidate and the whole plot is revealed.

CORRECTION

The names of three Charlevoix high school students were inadvertently omitted from the Honor roll published recently.

They are James Curtis, James Stewart and Robert Odmark.

Two Guests Speak At Kiwanis Club Dinner Meeting

The Kiwanis club had a dual program during its regular dinner meeting Monday.

John Wight, engineer with the Bechtel Corp., who returned recently from a European vacation trip spoke on his impressions of Europe, especially Italy. Arnold Wadas was program chairman.

Dick "Night Train" Lane of the Detroit Lions football team was then introduced by Lawrence Feindt. He spoke briefly on the team before the program was transferred to the adjacent gymnasium where a large group of high school athletes and their guests joined with Kiwanis club members in viewing a movie of the Highlights of the 1962 Lions Season. The Popular member of the club, Mr. Lane, then answered countless questions put to him by the students. His appearance was through the courtesy of Homer Brady, who accompanied him.

Leason Bishop of Palo Alto, Calif., was a guest at the meeting.

Dr. John J. Cooper Summer Resident Dies Unexpectedly

News of the unexpected death of Dr. John J. Cooper, 34, of Flint, son of Mr. and Mrs. Charles Cooper, owners of Cooper's Orchard, has been received here.

He died suddenly at his home on March 21.

A native of Flint, he had spent the summer months at the family farm since childhood. He was a graduate of the University of Detroit and St. Louis University School of Medicine. He was a general practitioner with offices in Flint. He was a member of St. Mathews church, St. Luke's Physicians Guild, Genesee County Medical Society, American Medical Association and St. Louis University Alumni.

Surviving are his wife, the former Mary Alice Clark whom he married in 1951; a daughter, Bridget, and two sons, John B. and James D. at home; his parents and a brother, Charles Y. Cooper Jr. of Detroit.

Services were held March 25 at St. Matthew church in Flint with burial in New Calvary cemetery.

Band Parents Plan Annual Candy Sale

"Help Send the Band Downstate!!" has been adopted as the slogan for the 1963 Band Candy Sale to be officially launched Saturday by the Charlevoix Band Parents Association.

A canvass of the community by Senior and Reserve band members will be conducted Saturday and continue through next week as they offer for sale delicious peanut brittle made especially for them by Murdick's Famous Candy Kitchen located in Charlevoix.

Funds raised from this year's sale will be used by the Band Parents Association to underwrite the cost of hotel accomodations for the Senior Band when it participates in the State Band and Orchestra in Battle Creek on April 27. The band will be housed at the Capitol Park Motor Hotel in Lansing while on the trip. The association must raise funds for the venture.

Any proceeds beyond the cost of the hotel accomodations will be applied toward the cost of eight new band uniforms which have been ordered and which should be delivered before the trip; toward the Interlochen Scholarship awarded each year by the Association or toward other projects undertaken by the group.

Through a special arrangement with Jerold Murdick, president of the association which spansors the sale, band members and association members assist in the packaging of the confection thus making a larger margin of profit than realized through the sale uf other commercially prepared candies.

A limited amount of the candy which has become a trademark of the annual sale was offered for sale at the pre-Easter concert presented last night (Wednesday) by the Charlevoix high school bands.

Robert Holtzman Here 15 Months Dies Unexpectedly

Funeral services were held at the Winchester Funeral Home Saturday with the Rev. Raymond J. McBratnie officiating. Burial was in Brookside cemetery.

Born in Flint Feb. 4, 1926, Mr. Holtzman later lived in Bayport where he was married to the former Stella Pacewicz in 1947. After joining the Michigan Conservation Department in 1056, he lived in Alpena for five years before coming tu Charlevoix 15 months ago. He was a member of the Bayport Methodist church and attended the First Methodist church here. He served as an officer aboard Patrol Boat No. 4 stationed here. The family home here is at 01 E. Lincoln ave.

Surviving are his wife; two sons Robert E. Jr. and Bernard D., at ome and two sisters, Mrs. Harold erome and Mrs. Donald Dutcher, oth of Bayport.

Set Wednesday for Annual Community Chest Meeting

Three directors will be elected, six proposed amendments to the Charlevoix Community Chest Constitution and by-laws acted on and reports made at the annual meeting of the Charlevoix Community Chest to be held at the court room of the county building at 8 p.m. Wednesday.

The directors whose term will expire are Frank M. Oleksy, Mrs. Wilson Baker and Miss Ann Cunningham.

The proposed amendments relate to fund-raising activities of member agencies, various phases regarding the payment of funds to member agencies and to membership on the board of directors. "This is the annual meeting of the Community Chest which last fall raised $11,278 for 12 member ageneies. In order to raise this much money everyone in the community had to become a part of the campaign. It is equally important that residents of the community take as much interest in the annual meeting at which directors are named and policies set", Mrs. Dean Davenpart, chairman of the Chest board said this week in urging residents of the Charlevoix area to attend this important meeting.

Other members of the board are Don Anders, Dobert Pearl, Mrs. Frank Bourgoin, Curtis Burlin and Lewrence Feindt. Mrs. C. A. Duerr is executive secretary.

Crescent Stone Co. Purchases 40 Acre Tract of Land

The sale of a 40 acre tract of land located west of Bolder Park in Charlevoix township to the Crescent Stone Co., a subsidiary of the Medusa Cement Co. has been made known.

Included in the sale was 1200 ft. of lake frontage along the roadway to South Point.

The Crescent Stone Co. purchased the property from Mrs. Wilma (See) Guenard of Slidell, La., a former local resident.

The sale was handled by Irma Scheid Realtor.

The purchase brings the company's holdings on the South Point area to more than 800 acres.

Hoskins Firm Predictions Good for 1963

1963 should be a good year for the Hoskins Manufacturing Co., William H. Brown, president of the company told sharehoiders at the 55th annual meeting heid recently in Detroit.

Mr. Brown went on to say that the company was off to a good start with first-quarter shipments about 20 per cent above the first quarter last year.

He added that the company shouid have a good first half, better than last year, but refused to project the forecast past that time because, as he explained, Hoskins, which makes electrical resistance alloys, seldom books orders more than 30 days ahead with the result that long-term sales projections cannot be made.

Alloys made by Hoskins are used for o wide variety of purposes: heating coils for coffee pots, toasters and clothes ironers; sparkplugs for motor vehicles; electronic equipment for spaceage devices.

Mr. Brown said the company, because of its versatility, was not dependent upon the fortunes of a single segment of the market.

Hoskins was founded in 1908 to produce patented nickel-chromium alloys developed by L. A. Marsh, a nuted metallurgist of the day. The company grew rapidiy as the use of electrical equipment expanded. By 1928 it was described as the world's largest manufaeturer of its specialized materials. However, this pre-eminent position has now been lost. Although consistently profitable, it has a number of competitors, several of them larger than Hoskins.

Confronted with this situation, Hoskins is basing its future hopes on development of new products, Mr. Brown added.

The company has three plants including one at Lawton and Buchanan in Detroit, another at Toronto and a third here. There are 345 empluyees in the U. S. and 14 in Canada.

The Charlevoix plant was constructed off M-66 in Marion township in 1961 and placed in operation in January 1962. The plant presently employs 36 persons, most of whom are women and local residents. John C. Lachman is manager of the Charlevoix plant.

Ironton Ferry Opens for Season

The Ironton ferry which transports traffic across the South Arm of Lake Charlevoix was placed in operation Wednesday, six days earlier than last season, according to the Charlevoix county road commission which operates the ferry for the county road commission.

However, the ferry channel at Ironton is the only part of Lake Charlevoix that is free of ice.

The ferry which operates across the 500 ft. channel began service on Apr. 16 in 1962. Unseasonably cold weather which caused ice to form on its cables forced the closing of the ferry service Dec. 22.

The ferry connects M-66 at Ironton with M-72 at Boyne City via the south shore of the lake. When the ferry is closed, traffic is re-routed along the north shore of the lake or through East Jordan at the south end of the South Arm.

Gas Company Franchise Gets Council Approval

A franchise ordinance granting permisssion to the Michigan Consolidated Gas Co. to do business in Charlevoix was approved by the City council at its regular meeting Monday night.

Bids for the semi-automation of the Bellaire hydro-plant will be accepted until 8 p.m. Monday, May 6.

Specifications for the remodeling of the plant have been drawn up by the J. & G Daverman Co. and are on file at the office of the City Superintendent. The hydro-plant generates 300 kilawatts of power for use locally.

The Michigan Waterways Commission resolution to conduct a survey of the electric facilities in the yacht basin on a matching fund basis was also approved. The survey will be made on a matching fund basis with the city and the commission each contributing $300.00 to the project.

A resolution giving the city's permission for a Class C Resort license for the Charlevoix Marine Suppiy Co. located at 105 Belvedere ave. was adopted.

The council agreed to run a three-phase power line to the Loeb Farm barns on M-66 which is being used as the site of a small factory. It will necessitate a 4000 ft. continuation of existinb lines.

May 13-18 was designated as Clean-up Paint-up Week in Charlevoix.

Bills totaling $24,740.38 were approved and ordered paid. The figure includes a payment of $11,062.25 to Consumers Power Co. for bulk power; $2,463 to Parsel Garage for two cars for use by the Police Department and the City Superintendent and a payroll of $7,038.27.

P.T.A. to Hear John R. Francis on Special Education

John R. Francis, Shiawasse county Superintendent of Schools, will speak on the subject of "Special Education" at the April meeting of the P. T. A. scheduled for Wednesday, April 17, according to Mrs. Robert O. Pearl, P. T. A. president.

The meeting will be held at the elementary school cafeteria at 8 p. m.

Charles A. Robinson, Charlevoix county Superintendent of Schools, who has arranged the meeting, said that Mr. Francis will speak on the implementation of a special education district thus providing monies for all types of special education including those partially reimbursable from State Aid funds and programs ond services supported by local funds. Among the special programs that could come under such education would be speech correction, programs for the mentaliy and physically handicapped, for the homebound, partially blind and hard of hearing. This district would also provide for the employment of education specialists such as visiting teachers, reading consultants and others. Mr. Francis will also outline the program as it is conducted in Shiawassee county.

Participate in Mayor Exchange Day Drawing at Lansing

Mayor E. D. Hawley was in Lansing Wednesday to participate in the drawings for Mayors Exchange Day which annually launches the yearly observance of Michigan week.

Mayor Hawley had been extended an invitation by Gov. George Romney to take part in the drawings.

Mrs. Hawley accompanied him to Lansing.

Local Musicians Participate in Honor Band

Five Charlevoix high school band students were in Mt. Pleasant over the weekend to participate in the sixth annual Central Michigan University Honors Band.

The quintet included Bruce Kroken, Steve Kroll, Robert Odmark, Richard Odmark and Gary Stutzman who were eiegible to participate in the Honors Bnd after winning first division ratings in the District II Solo Festival In February.

Organized by the music staff at Central Michigan under the direction of Norman Dietz, director of CMU bands, the Honors Band is composed of 130 young musicians from more than 60 Michigan high schools who receive the top rating in their respective district festivals.

The Honors Band concert was presented at 4 p.m. Sunday for parents and friends following rehearsal sessions Saturday and Sunday. While on the campus the students were housed at college dormitories and had their meals in the cafeterias. A banquet and mixer was held for the visitors on Saturday evening.

The Charlevoix students reported that real Inspiration was derived from the two-day session and all were most enthusiastic about the band, their director, C. A. Odmark, reports.

Engine Trouble Halts Ice Breaking For U.S.C.G. Sundew

The cutter Sundew's ice-breaking duties were halted unexpectedly at mid-morning Wednesday when the ship, enroute to Grand Traverse Bay to escort a tanker into Traverse City, had a major engine breakdown approximately one mile off the pierheads.

The ice breaker Mackinaw was dispatched to the aid of the ship and was due to arrive late Wednesday.

Earlier this week, the ship had 'broken out' Little Traverse Bay to the Penn-Dixie Co. dock and Harbor Springs so the cement carrier John L. A. Galster could cross to the company dock to take on its first cargo of the 1963 season.. The Sundew was scheduled to escort the Galster through the ice field to open water beyond the Manitou passage.

Some good catches of Walleye pike were reported taken off the East Jordan dock last week. Pictured above is a prize one taken by a Charlevoix man. James Annis is holding the nine pounder he caught last Thursday. The fish was 29 inches long and had a girth of 18 inches. Jim took another one this week but he said it wasn't in the picture class.

Local Churches Make Plans for Annual Easter Observance

Christ's last meeting with His Apostles, His Passion and death upon the cross, His interment in the tomb and finally His Joyous Resurrection . . . .

Plans have been completed by local priests and ministers for the commemoration of these Holy Week events called the most important in the liturgy of the Christian faith, for they are the observances of the death Christ voluntarily submitted Himself to in order to Redeem mankind from its sins.

Many area churches will observe Christ's last meeting with His Apostles at Communion services on Thursday evening.

His Passion and death upon the cross will be commemorated at Good Friday services in the community.

As worshippers gather in churches of their choice on Easter Sunday morning the story of His glorious Resurreetion will be told from pulpits throughout the Christian world just as they will be related in local churches.

That all Christians may join in the observances of these meaningful days, priests and ministers have issued invitations to everyone to join in worship services during Holy Week.

That everyone may be made aware of the many services, the Charlevoix Courier has included this week a detailed account of services at all local churches.

Bethany Lutheran Church

Lenten services at Bethany Lutheran church will come to a climax this week with Maundy Thursday and Good Friday services according to the Rev. Albert G. Engler, pastor of the church.

The sermon series for all Lenten services this year has been "Songs of Lent". The sermon topic for Maundy Thursday will be A Song of Sacrament: "The Death of Jesus Christ, Our Lord".

On Good Friday the sermon topic will be A Song of Battle: "The Royal Banners Forward Go". Both services will begin at 7:30 p.m.

The Easter morning service will be at 9 a.m. The sermon will expound the Epistle for the day 1 Corinthians 5:6-8.

The Holy Eucharist will be celebrated both on Maundy Thursday commenorating the institution of the Sacrament and on Easter morning, the Feast of the Resurrection of the Lord.

Sunday School and Junior Bible Class will be at 10:15 a.m. Sunday.

Christian Science Society

The story of Easter, with appropriate anthems and hymns, will be featured at the 11 a.m. Easter Sunday worship service at the Christian Science Society.

Sunday school will be at 10 a.m.

Christ Episcopal Church

The observance of Holy Week at Christ Episcopal church will open with a 10 a.m. Holy Communion service on Maundy Thursday followed by meditation and prayers at 7:30 p.m.

A three-hour Good Friday service with the vicar Rev. Alexander Wood meditating on "The Seven Words from the Cross" will begin at High Noon and continue until 3 p.m.

On Easter Sunday, a Holy Cummunion Service at 8 a.m. will be followed by the 11 a.m. Holy Eucharist Service at which the Rev. Fr. Alexander will deliver his Easter message, "The Tomb of Vietory."

A special Easter anthem, "Christ the Lord is Risen Today" by Louise E. Stairs will be sung by the choir under the direction of Mrs. Chester Belfy. Mrs. S. E. Coleman will he the organist. There will aiso be special Easter hymns.

A special Easter service for the children at which time their Lenten offering will he accepted will be held during the 11 a.m. service on Sunday, Apr. 21. At that time the Junior Choir, directed by Byron Wright, will sing.

First Congregational Church

A Communion Service at 8 p.m. on Maundy Thursday (today) will begin the observance of Easter week at the First Congregational church.

A reception of new members, a Communion service for all Christians and special music will

Will Flow Corp. Plans Future Expansion

"The potential sales obtained from the purchase of the Metal Glass Products Co. will be a definite factor in the future expansion plans for manufacturing at the Will-Flow Corporation plant located here" John Allen of Belding, president, and Roy Raymer, treasurer and general manager of the Will-Flow Corp., said this week in announcing the aequlsition of the Metal Glass Products Co. which they plan to return to Michigan from Indiana.

The Metal Glass Products Co., which operated in Indiana as the Schmidt Metal Products Corp., after leaving Belding five years ago will again carry its original name and will manufacture stainless steel tanks. Actual work will be done at the Will-Flow Corp. plant here with administration and sales being handled from the home office at Belding.

The history of the company goes back to its organization in 1928 as the Metol Vitrix Co. with headquarters ot Belding. In a re-orgonization in the early 1930's, the Metal Glass Products Co. was formed. Mr. Allen first became associated with the company as an engineer in 1935. The first stainless steel tank was produced that year and the last glass-lined tank was made in 1941. After one of the original owners, I. E. Colvin, sold his interest in 1949, Mr. Allen left the company to form the Stainless Products Corp. in New York. After control of the farmer Belding plant had passed through several ownerships, it was later merged with Hart Metal Products Co. at Elkhart. The company failed to prosper in Indiana and the Schmidt Products Co., as it was later called, was forced to suspend operations in February of this year.

In its peak Belding operation prior to its transfer to Indiana, Metal Glass Products Corp. shipped $1 million worth of tanks a year.

BETWEEN YOU AND ME

- By Harold E. Kohn -

A Prayer As Easter Draws Near

Standing here
In the midst of holy days,
Bathed by the thin, rich air
of spring.
Under trees
That are flushed with the wonder
of budding-time,
I see
The tiny things
Thy gentle hands have made.

* * *

Before me
And all around me
Are tender shoots
of sprouting plants
And fragile buds
of unfolding flowers,
Pearl-like drops of dew
Upon the greening grass,
A small seed upon the soil
That will not be
A mere seed
For long.

* * *

All these,
And more,
Softly speak to me
Of Thy care
of tiny things,
As if to say,
"Little man, why fret?
Your days,
Your death,
Your destiny,
Are in His tender hands."

— Amen —

Nature Notes
By Harold E. Kohn

THE BELTED KINGFISHER, which has now returned to the North, defends not only his nesting area from avian intruders, but also wide stretches of feeding territory. Kingfishers have been known to defend, as their private domain, as much as a mile of brook.

By the way, on his way North the kingfisher flies in solitary style, as does the hummingbird, rather than in flocks as do ducks, geese and warblers.

Mrs. R. Morse Hosts Shakespeare Club

The Shakespeare Study club will conclude its year's activities Tuesday, Apr. 22 with a tea and business meeting at the home of the retiring president, Mrs. Jack Rader.

A highlight of the meeting will be the election of officers for the 1963-64 club year.

At the recent meeting held at the home of Mrs. Robert Morse with Mrs. Edward K. Shanahan as co-hostess, Mrs. Charles A. Duerr presented a review of the book, "Charles" by Victoria Lincoln. This was an exchange program with the Dickens study club.

It was announced at this meeting that a vocal sextet from the local club has accepted an invitation to sing at the state convention of the Michigan Federation of Women's Clubs Apr. 23 at Saginaw. The sextet is composed of Mrs. E. D. Hawley, Mrs. Wayne Wood, Mrs. Alun Bevan, Mrs. Lee Moerland, Mrs. Robert Tollas and Mrs. Richard Worfel. Mrs. Charles Bellinger is the accompanist.

Kiwanis Club Wins Awards Contest

Kiwanis International received top recognition in the Americana, General, Division of Freedoms Foundation Awards contest held recently at Valley Forge, Pa., according to E. A. Englehart, president of the local club.

The award is the thirteenth the club has received since the Foundation's inception and was the result of Kiwanis' programs promoting better understanding of and participation in, the fundamental freedoms upon which a free constitutional government is based.

Graduates of 1938 Lay Initial Plans For Class Reunion

Initial plans for a twenty-fifth reunion of the Class of 1938 of the Charlevoix high school have been announced.

Heading the committee making the arrangements are Mrs. Robert (Dorothea Taylor) Kelley of Bay City, who was secretary-treasurer of the class, Mrs. Cise (Rosemary Cooper) McCoy of Boyne City and Mrs. John (Helen Ikens) Norton of Charlevoix.

Members of the class are asked to write to Mrs. Norton naming a choice of dates (Venetian weekend July 27-28 or Aug. 10-11 have been suggested) and with the names and addresses of class members, especially those who no longer reside in the Charlevoix area.

Keith Carey was president and Mrs. Charles (Florence Palmer) Struthers was vice president of the class.

Mrs. Norton's address here is 313 Prospect ave.

Jack Fels please call at the Charlevoix Courier and pick up your free ticket to the Palace Theatre on or before April 20, 1963. Showing this week is "In Search of the Castaways."

Rev. E. Francis Denay Honored Sunday

The Rev. E. Francis Denay, pastor of St. Mary's church, was honored Sunday by the members of his parish on the occasion of his birthday anniversary and his tenth anniversary as pastor of the church.

More than 125 parishioners gathered at the school hall for a potluck supper and program. George A. LaBlance conveyed the good wishes of the parishioners to Father Denay and outlined his accomplishments since coming here in 1953. They include a new school, the removal of the convent to a new location and its remodeling and plans for a new church which is to be started later this spring. The latter included a successful fund campaign to underwrite the cost of its construction.

As a climax to the event, Father Denay's charming 86 year old mother, Mrs. Henry Denay, arrived from Bay City to join him in observances of the anniversaries. A breakdown of a son's car at Boyne City necessitated her arrival via wrecker, an unusual mode of transportation which she took in her stride.

Churches Plan Easter Observance

(Continued from page 1)

be featured at this service which will follow a family night supper at Friendship hall at 6:30 p.m.

On Friday members of this congregation will join in the Union Good Friday service to be held at the Community Church of God under the sponsorship of the Charlevoix Ministerial Association.

The Easter Sunday worship service will begin at 6:30 a.m. with a Sunrise Service with the Rev. A. Robert Harrison presenting the Easter sermon.

Members of the Congreteen under the direction of Mary Harrison and the Junior Congreteen Bell Ringing Choir will participate in the service to be followed by a breakfast at 7:30 a.m. Adults are invited to attend the early service.

The Rev. Harold E. Kohn will preach on the topic, "Good Morning!" at the celebration of the Resurrection at the 11 a.m. worship service. The combined Senior and Youth choir and the Sanctuary Songsters will sing "The Holy City", by Adams under the direction of C. A. Odmark. Mrs. Charles Bellinger will accompany the groups. James' anthem, "Sing and Rejoice" will he presented by the combined Senior and Youth choirs. The Cherub choir will sing "In a Lovely Garden" by Lilienas.

There will be no church school sessions Sunday. All are asked to attend church.

First Methodist Church

Easter services will begin at the First Methodist church with the Youth Fellowship groups meeting at the Greensky Indian Methodist church where they will conduct the traditional Easter Sunrise Service at 6:30 p.m.

After the service the women of the host church will serve an Easter breakfast.

The Sunday school will meet at the regular time, 9:45 a.m.

The pastor, the Rev. Raymond J. McBratnie, will deliver a sermon entitled "A Troubled Question and a Wonderful Answer" at the 11 a.m. worship service which will also include a service of baptism and membership reception.

The choir under the direction of Mrs. Dean Davenport will sing two special numbers, "The Rising of the Lord" hy Ellen Jane Lorenz and "An Easter Antiphon" by VanDenman Thompson. Mrs. Leonard Burns will be the accompanist.

Community Church of God

The Sunrise service beginning at 6:30 a.m. will usher in the observance of Easter at the Community Church of God.

The message of Easter will be told in drama and song by the young people of the church under the direction of Mrs. David Clarke.

An Easter breakfast will be served at Fellowship hall at 7:30 a.m. for all those who care to attend. Miss Delora Richardson will be in charge.

The Sunday school department will present its Easter program at 10 a.m. under the direction of Mrs. Minert Veenstra, superintendent. It will consist of song and recitation by the children.

At the morning worship service at 11 a.m. the pastor, the Rev. George L. Majors, will be speaking on the subject "The Darkness Lifted".

The choir directed by Glen Bearss will sing "Christ the Lord is Risen Today" and the male quartet composed of Tom Maxwell, Kenneth Boss, George Majors Jr. and Mr. Bearss will sing a special Easter selection. A special Easter Missionary offering will be accepted during the service.

During the evening service at 7:30 p.m. the youth of the church will present the Easter play titled "At Early Dawn". Mr. and Mrs. Clarke will be in charge.

Community Reformed Church of Charlevoix

The Rev. Charles A. Stoppels has chosen as his sermon topic for the 11 a.m. worship service on Easter Sunday "Walking with Jesus".

The choir, under the direction of Mrs. John L. Boss, will sing the anthem, "Alleluia, Jesus Lives", a 14th century Bohemian carol by Stuart Lendon, in addition to the traditional Easter hymns.

There will be baptisms and reception of new members at the 11 a.m. service.

Sunday school will be at the usual hour of 10 a.m.

The evening service will begin at 7.45 p.m., 15 minutes later than during the winter months, and will feature a hymn sing.

The Rev. William Harmon, pastor of the church, will speak on the topic, "What the Cross is Saying". There will also be a baptismal service.

On Easter Sunday morning the regular Sunday School hour will be replaced with a short Sunday School program at 10:30 a.m. under the direction of Mrs. Pete Bennett and Mrs. Sam Alexander.

For the 11 a.m. worship service the Rev. Mr. Harmon has chosen as his sermon topic "The Ressurrection Gospel".

The choir will sing the anthem "To Thee, Oh Lord"; Steven Kroll will play a trombone solo, 'Holy City", accompanied on the organ by Terry Nielsen who will present an organ solo "Christ Arose". A baptismal service will also be held.

Bible Baptist Church

"The Resurrection and His Appearance to the People" will be the theme of the lesson at the Sunday school of the Bible Baptist church on Easter Sunday.

At the 11 a.m. worship service to follow, the pastor, the Rev. James E. Lugibihl will speak on the subject, "The Prophecy and Fullfillment of the Resurrection". There will be congregational singing and the youth choir will sing "He Lives."

A lively program of songs, choruses, quizzes and a word drill are planned for the 6:30 p.m. meeting of the B.T.U. youth group.

At the 7:30 p.m. evening service, three of the young people of the church, Terry Pop, Karen Olson and Betty Brown will speak on the subject "What the Resurrection Means to Me". In addition to congregational singing, the youth choir will sing "Christ Arose".

Assembly of God Church

The Rev. Arthur A. Austin has selected as his sermon topic at the 11 a.m. worship service Easter Sunday "Triumph over Death".

The observance of Easter at the church will begin at 10 a.m. with the presentation of corsages to the mothers of families who earned them during the recent Sunday school contest.

At the evening service, the Sunday school program will be presented. This will include two brief Easter plays, "The Spirit of Easter" and "Early Dawn". There will also be recitations by the children.

First Baptist Church

A sunrise service at the Ferry ave. beach on Lake Charlevoix at 6:30 a.m. will mark the beginning of the observance of Easter at the First Baptist church. A breakfast will follow at the church.

Sunday school at 10 a.m. will mark the first Sunday of a statewide Sunday school contest in which American Baptist churches across the state are participating. It will end on June 2, the Day of Pentecost. There will be classes for all ages.

At the 11 a.m. worship service, the pastor, the Rev. Jack Harris will bring the message entitled "The Joy of the Resurreotion". The Junior and the Senior choirs will sing at this service.

At the 6:30 p.m. service the Junior Fellowship and the Senior B.Y.F. will meet for a special program being planned.

An evening baptismal service will be held at 7:30 p.m. The message by the pastor will be "The Meaning of Baptism". This will mark the first use of the church's beautiful new baptistry which was completed recently. There will be a reception for new members following the service.

RESOLUTION

Alderman Fochtman offered the following Resolution and moved its adoption, seconded by Alderman Neff:

WHEREAS, the City of Charlevoix deems it expedient and a necessary public improvement to expand its Marina and Parking Area on the shore of Round Lake in the City of Charlevoix North of Clinton Street and for this purpose it is necessary for the City to acquire the title to the Model Home Laundry property owned by Louis C. Hamlin and Ellen Hamlin, being that parcel of land in the City of Charlevoix, Charlevoix, County, Michigan, described as follows:

"Commencing at an iron pin on the South line of Lot Two (2) of Block Five (5) of the Plat of the Village (now City) of Charlevoix, Michigan, and E69 feet east of the Southwest corner of said Lot 2 of Block 5; thence Easterly along the South line of said Lot 2 Block 5, 97.92 feet; thence angle left 97°43'-49.5 feet; thence angle left 82°17' 97.22 feet; thence angle left 90° 49 feet to the place of beginning, being a part of Lot 2 Block 5 of the Plat of the Village (now City) of Charlevoix, Michigan. AND ALSO: Any other land that the first parties may own, or have any interest in, by purchase, occupancy, or otherwise, adjacent to the above described in Lot 2 of Block 5 of the Plat of the Village (now City) of Charlevoix, Michigan, it being intended that this description shall cover all of the land of the first Parties at the site of the Model Home Laundry and it being further intended that a more accurate description of the same shall be prepared and substituted for the above description."

AND WHEREAS, the City of Charlevoix owns certain other real estate in the City of Charlevoix, known as the Colonial Club property, which it acquired from the Department of Conservation for the State of Michigan in the Deed recorded in Liber 175 of Deeds on Page 388 in the office of the Register of Deeds for Charlevoix County, Michigan, restricted to use only for public purposes and described as that parcel of land in the City of Charlevoix, Charlevoix County, Michigan, described as follows:

"Beginning at a point on the North line of Dixon Avenue 146 feet East of the East line of Prospect Street; thence North 351 feet; thence west 4 feet; thence north 5 feet; thence East parallel to the North line of Dixon Avenue to the West line of Meech Street; thence South along the West line of Meech Street to the North line of Dixon Avenue; thence West on the North line of Dixon Avenue to the place of beginning; being a part of Block 1 of Lindsay Park Addition to the City of Charlevoix and a part of Government Lot 2, Section 26, Town 34 North, Range 8 West."

AND WHEREAS, the City of Charlevoix has an Option to Purchase the Hamlin property for the sum of $9,300.00 and desires to exchange the Hamlin property for the Colonial Club property so that the City can sell the Colonial Club property to reimburse itself for purchasing the Hamlin property and for the City to acquire the Hamlin property from the Department of Conservation after said trade by a conveyance restricting the use thereof for public purposes;

THEREFORE BE IT RESOLVED, that the City of Charlevoix make application to the Michigan Department of Conservation to trade the said Hamlin property for the said Colonial Club property and further apply to the Department of Conservation to convey the said Hamlin property after said trade to the City of Charlevoix under the Michigan Department of Conservation's standard Deed restricting the use thereof to public purposes.

BE IT FURTHER RESOLVED, that a certified copy of this Resolution be forwarded to the Michigan Department of Conservation with the City's application for said trade and property acquistion.

Resolution adopted by the following Yea and Nay vote: Yeas: Aldermen Neff, Staley, Hansen, Grubaugh, Fochtman and Staley. Nays: None. Absent: None.

The following ordinance was written and proposed by Alderman Donaldson, seconded by Alderman Staley.

ORDINANCE No. 287

AN ORDINANCE DEFINING CERTAIN PUBLIC NUISANCES, PROHIBITING THEIR CREATION OR MAINTENANCE AND PROVIDING FOR THEIR ABATEMENT BY THE PROPER AUTHORITIES.

Public nuisances are bereby declared to be those things, acts or failure to act, or uses of property which:

1. Shall annoy, injure, or endanger the safety, health, comfort or repose of the public;
2. Shall offend the public deceney;
3. Interfere with, obstruct, or render dangerous any street, alley or public place;
4. In any way render the public insecure in life or property.

It shall be unlawful for any owner, possessor or occupier of any lot or premises, occupied or vacant, within the City Limits, or any person, firm or corporation having charge of such lot or premises to cause or permit to continue unabated any condition, as hereinafter defined, which in the judgment of the city fire chief, health officer, superintendent or police chief, may constitute a public nuisance.

The following represents a partial list of said conditions above referred to which may, in the judgment of the fire chief, health officer, superintendent, or police chief, be declared to be public nuisances and as such subject to abatement as hereinafter provided for:

COMMON NUISANCES:

1. Accumulation of junk or rubbish causing unsightly appearance for adjoining properties.
2. Buildings, structures or things in such condition as to cause fire hazard or otherwise be dangerous to public health or safety.
3. Growth of noxious weeds or other rank growth of more than six (6) inches.
4. The emission of dense smoke into the atmosphere from any building or premises owned or occupied within the city, or from any boiler, stove, furnace, chimney, smoke stack, cupola, or other machine or device thereon for more than two (2) minutes at any one period or for more than an aggregate of six (6) minutes in any hour.
5. Unnecessary loud or unusual noise which annoys, injures or endangers the comfort, repose, health or safety of the public, nor shall any person play or operate any musical instrument, phonograph, radio, or TV in such a manner as to cause loud or unusual sound or noise between the hours 11:00 P.M. and 8:00 A.M.
6. The operation or maintainence of any machine, device, apparatus or instrument between the hours of 6:00 P.M. and 1:00 A.M. which shall cause reasonably preventable electrical interference with the operation of any radio or television receiving set.

PUBLIC NUISANCE AFFECTING HEALTH:

1. The throwing, placing, depositing or leaving in any street, alley, or public or private place of rubbish, garbage, manure, or any animal or vegetable substance in such a manner and in such condition as to cause a noisome, offensive or unwholesome smell or be dangerous to public health.
2. Privy vaults and garbage cans which are not fly tight.
3. Dense smoke, noxious fumes, gas or soot, or cinders, in unreasonable quantities.
4. The pollution of any well or cistern, stream or body of water by sewage, industrial wastes, or other substances.
5. All other acts, omissions of acts, occupations and uses of property which are in fact a menace to the health of the inhabitants of this City or any considerable number thereof.
6. Every act, thing, device or condition which is forbidden by this ordinance shall be deemed to be a public nuisance. In addition, any act, thing condition, land, building, or premises which annoys, injures or endangers the public health, safety, comfort, offends public deceney, or in any way renders the public insecure in life or property is hereby declared to be a public nuisance.

It shall be the duty of the City Police Chief, upon complaint made to him, and if the condition investigated is deemed to be a fire hazard, health menace, or other nuisance, as the case may be, to give such general notice as provided for in the State Law in the matter of cutting of noxious weeds, to the owner or occupier, or to the person, firm or corporation responsible for creating or maintaining such conditions or performing such acts, or both, as set forth in the foregoing sections. Said notice shall describe in detail the condition or conditions which are deemed to be a public nuisance and which require abatement thereof within a period of not more than ten (10) days or less in the discretion of the health officer if the public health is endangered, from date of said notice. Said notice shall further state that failure to comply with its terms within the specified period shall subject said person, firm or corporation to prosecution for a misdemeanor, as provided in following section, and shall further make, said lot or premises (where a lot or premises are involved) liable for the necessary expenses incurred by the city in abating said nuisance as defined in the aforesaid notice.

Any person, firm or corporation violating any of the provisions of this ordinance and neglecting or refusing to abate the public nuisance as specifically described in the abatement notice as provided in the foregoing, shall be deemed guilty of a misdemeaner and upon conviction thereof shall be punished by a fine of not less than $25.00 nor more than $100.00, or by imprisonment in the county jail for not more than ninety (90) days or by both such fine and imprisonment in the discretion of the Court.

In the event that the person, firm or corporation doing or omitting to do anything herein declared to be a nuisance shall not discontinue doing or omitting to do and wholly abate the same within the time stated in the notice, it shall be the duty of the Chief of Police, or such official as the Council shall designate, to take the necessary steps to wholly abate and remove such nuisance so set forth in the notice served, which may remain unabated at the end of the time stated.

Any expense incurred by the City in the abatement or removal or any nuisance as a result of the fallure of any person, firm or corporation causing same to wholly abate or remove such nuisance within the time stated, shall be charged against the lot or premises upon which the nuisance was maintained and from which it was removed, as a special assessment and shall become a lien against such lot or premises at the same time and of the same character and effect, and collectable in the same manner as the lien created by the City Taxes assessed against such lot or premises, until paid.

Ordinance adopted by the following Yea and Nay vote: Yeas: Aldermen Staley, Donaldson, Fochtman and Hansen. Nays: Aldermen Neff and Grubaugh. Absent: None.

Alderman Donaldson proposed the following resolution, supported by Alderman Neff: A resolution to create Board of Public Works resolution defeated by the Board to be set up in accordance with Chapter XXVIII, of Act 215 of the Public Act for the State of Michigan for 1895, as amended.

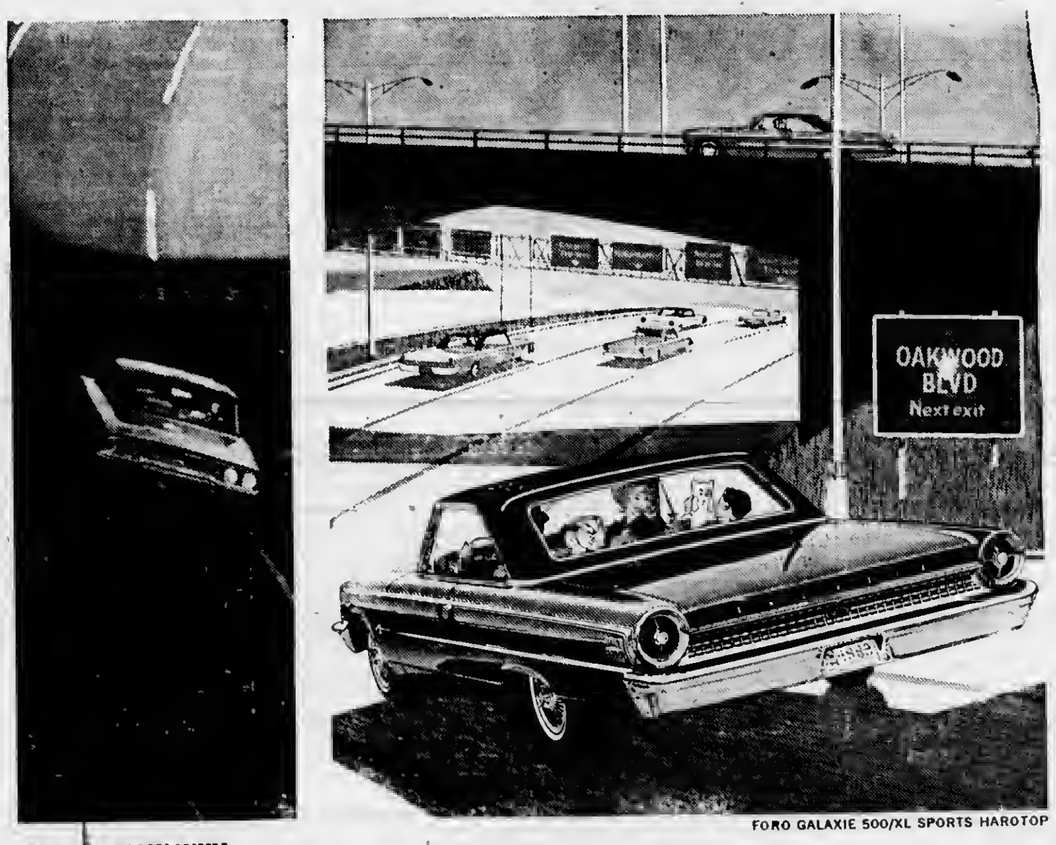
TOTAL PERFORMANCE:



FORD GALAXIE 500/XL SPORTS HAROTOP

YOU'LL KNOW WHY FORD SWEPT THE FIRST FIVE PLACES AT DAYTONA...WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR

Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.

In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.

Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision control and road-clinging suspension can win . . . that's what we mean by total performance.

Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. Remember, *if it's* [illegible] *it's built for performance... total performance!*

Local Entry Wins 1st Place Award In State Show

A local entry in the Michigan Industrial Education Awards statewide competition at Lansing last week won a first place award, two other entries won second places while an additional five were given honorable mention in the event held in Lansing Saturday under the sponsorship of the Michigan Industrial Education Society and the Detroit News.

The salad set, a bowl and fork and spoon, won a blue ribbon for Michael Bost, Charlevoix high school senior, in the Wood Division 1-C.

A lapidary saw made by John Pearl won a second place ribbon in Machine Shop (Metal Construction) 2-C and a drawing of a house, entered by Joseph Smith, won a second place in the Architectural Drawing 2-C division.

Five honorable mentions were awarded in each of the 43 categories winning honorable mention for local students were a HiFi cabinet mado by David Austin and entered in Woodworking 2-C; a chest of drawers entered in Woodworking 2-B by John Faculak; a tool set entered in Metal shop 1-C by Bruce Murray and Architectural Drawings entered by Larry Hutchinson in AD 1-B and Larry Feindt in AD 1-A.

The entries had won first dipetition at the Industrial Arts Fair vision ribbons in district comheld here March 29.

First place winners received a desk pen with a marble base carrying a MIES seal and a plate denoting first place in state competition; second and third place winners received wall plaques and those receiving honorable mention were given certificates.

Paul Cook of Petoskey was the only other area entry to win a first prize. This was given for a lamp which won only second place in district competition. Two Petoskey students, Ted Hoick and Marsha Hanna won second place and Robert Starmer third with their Architectural drawings. Five others received honorable mention.

Don Willson of East Jordan won an honor mention with his coffee table and Dennis Reishe an honorable mention with his plastic cribbage board.

Robert J. Cook, a member of the executive board and co-editor of the MIES newsletter and Uno Suomela of the Charlevoix high school Industrial Arts Department and John Pearl, a senior student, were in Lansing for the conference and Saturday's fair.

Franklin Ochs Heads Lions Club

Franklin Ochs was elected president of the Charlevoix Lions club at the annual election of officers held during the luncheon meeting at the Weathervane Inn Monday.

Other officers are: first vice president, Robert Lieberman; second vice president, Jesse Penn; third vice president, Don Meggison; lion tamer, Leslie Payne; tail twister, Don Kowbel; directors for terms of two years each, Thomas Loeb and Paul Kohler.

Dean Davenport, retiring president, was named chairman of the board of directors.

Other officers are: secretary, Alun Bevan; treasurer, Dr. Robert Tollas; directors, Jack Erber and Byron Wright.

At the business meeting it was reported that the club had purchased glasses for two local residents.

William Supernaw Marks 93rd Birthday

William H. Supernaw, one of the community's oldest residents, observed his ninety-third birthday anniversary Monday.

A native of Ellenburgh, N.Y., where he was born Apr. 8, 1870, he came to Michigan with his parents as a child. They later settled in the Norwood area. Later he lived in East Jordan before moving to the family's present home in 1922.

Beaver Island Boat Company Sets Policies and Schedules

Policies were set and schedules arranged for the 1963 navigation season of the motorship Beaver Islander operated by the Beaver Island Boat Co. at a recent meeting of the Company's board of directors held here.

In reporting on the meeting Karl J. Erber, president of the company which operated the motorship between the mainland at Charlevoix and Beaver Island, said that the 1983 season looks bright. He bases his forecast on the number of inquiries and the increased number of early reservations for transportation of motor vehicles to the island.

The season during which the motorship will operate out of Charlevoix has also been extended, Mr. Erber said. In the past the schedule has called for the ship to operate out of Beaver Island until late in June. This year the ship will begin operating out of Charlevoix in mid-June and will continue to operate from here until Sept. 23, two weeks later than in the past.

A report on the vehicles and passengers carried last season reveals that approximately 2200 cars and trucks were transported and approximately 17,500 passengers carried during the season which began early in April and extended through Dec. 31.

This will be the first full season for the motorship which was constructed at the Sturgeon Bay Shipbuilding and Drydock Co. at the cost of $215,000 and placed on the run July 28, 1902. The new 97 ft. steel craft powered by two 500 hp. diesel engines replaced the Emerald Isle, a 72 ft. steel boat which had been in use since 1957. The latter has been sold to the Arnold Transit Co. and operates between Mackinaw City and Mackinac Island.

At the present time the Beaver Islander is being over-hauled and painted in preparation for the 1963 season which is expected to get underway before the end of the month, Mr. Erber said. The breaking up of the ice in the area during the week will make it possible to begin operating as soon as the ship is fitted out, he added.

From the time it starts until mid-June it will operate out of St. James, leaving there daily for the round trip to the mainland. Until May 1 it will be operated three days a week.

Officials of the company are Mr. Erber, Lloyd McDonough, vice president; Archie LaFreniere, secretary-treasurer and Henry Allen and Roger Carlise, directors.

Trio to Attend Community Chest Budget Meeting

Curtis W. Burlin, Robert O. Pearl and Mrs. C. A. Duerr will represent the Charlevoix Community Chest at the annual budget conference of the Michigan United Fund to be held in East Lansing Apr. 30.

The trio will serve as members of the Admissions and Budget committee, comprised of more than 250 volunteers, who will hear the budget requests outlining the programs and financial needs of the 30 state and national health and welfare agencies in the Michigan United Fund.

Mr. Burlin and Mr. Pearl are directors and Mrs. Duerr is executive secretary of the Charlevoix Chest.

Farm Bureau Women Plan Annual Luncheon

Plans for the annual Rural-Urban luncheon sponsored by the Charlevoix County Farm Bureau Women's Committee were made known at the recent meeting of the group held at the home of Mrs. Dawson Way.

The luncheon will be held at the Boyne City Presbyterian church at 12:30 p.m. Tuesday, Apr. 30.

Plans also were announced for the district meeting which the Charlevoix county group will host on Friday, Apr. 28. This meeting will be held at the Goodwill Center in East Jordan beginning at 10 a.m. and continuing through the day. Election of officers will be a feature of the meeting. There will be a potluck luncheon at noon. The meeting is open to all interested persons.

At Friday's meeting information regarding the Farm Bureau camp at Twin Lakes was also made available by the president, Mrs. William Parsons. The camp will be held June 11, 12 and 13.

Mrs. Thomas Wieland of the legislative committee spoke on HB S-1380 which would cut $385,000 in appropriations to finance the Michigan State University Extension service to the counties if adopted.

Mrs. Hugh Graham of East Jordan, chairman of the Safety committee, warned members to keep all drugs, poisons and other harmful items locked away and to be careful in the kitchen where most household accidents involving children occur.

Dr. A. F. Litzenburger, director of District Health Unit No. 3, spoke on the present Kerr-Mills bill as compared to the proposed King-Anderson bill. He also related some startling facts regarding the recent Pap tests taken by county women.

Mrs. Lot Notestine of Walloon Lake was in charge of devotions.

Call Meeting Of Venetian Committee

D. D. Walker, general chairman of the Venetian Festival, called a meeting of the festival committee Friday to discuss plans for the annual event to be held the weekend of July 27 and 28 Paul Kohler, secretary-manager of the Charlevoix Chamber of Commerce, has announced.

Present plans call for the festival to open at 10 a.m. on Saturday, July 27, with a street parade which will be the signal for the midway in East Park to open its shutters to the public.

A popular featuro of the afternoon will be the Doll and Pet Parade with Mrs. Wayne Woods as general chairman.

The Venetian Boat parade which climaxes the weekend is expected to be as successful as last year when more than 24 boats entered the colorful event. In order to attract more entries which will have a chance to compete for the cash prizes offered by the Chamber of Commerce prizes will be awarded in three different categories this year instead of one general category as in the past. Prizes will be offered boats up to 20 ft.; from 21 to 30 ft. and over 30 ft. All will compete for the cash awards and for the traveling trophy presented to the grand winner. Phil Lawrence will be in charge of the parade.

Invitations will be mailed this week to boat owners and organizations urging them to plan their entries.

Bob Humphries has been named general chairman of the programs in East Park Saturday and Sunday. He will also serve as master of ceremonies at the Sunday evening stage show which will precede the Venetian Boat Parade and fireworks display.

Two Local Entries Place in Regional Forensics Contest

Two of the Charlevoix high school's three entries in the regional forensics contest held at Mancelona Monday placed in the event according to their faculty advisor, Mrs. Robert G. Martin.

Barbara Messmore won first place in the humorous reading division and James Stewart won a second place in the interpretative reading category.

Susan Pearl participated in the extempore speaking division but did not place.

The local entries placed in the recent district contest at Gaylord to advance to Monday's regional contest.

Mrs. Martin said that competition in the contest was keen and that she felt Charlevoix's entries did extremely well in their respective events. She added that there were eight contestants in each category.

The region includes schools in the northern third of the lower peninsula.

Mrs. Rose Pearl has returned after spending the winter in Mississippi, Tennessee and New Orleans, Louisiana.

Sundew Towed To Sturgen Bay For Repairs

The U.S.C.G. Cutter Sundew in command of Cmdr. Francis J. Mann, which was halted by a major engine breakdown a mile off the pierheads last Wednesday (Apr. 10), was towed to the Sturgeon Bay Shipbuilding and Drydock by the icebreaker Mackinaw for repairs.

The Mackinaw took the Sundew in tow about 9 p.m. on Wednesday enroute to Sturgeon Bay, arriving there the following day.

The breakdown is now being repaired. However, on Wednesit was not known how long the ship would be away from its home port.

Meanwhile, the cutter Mesquite out of Sturgeon Bay has taken over the more pressing duties of the Sundew, transporting light station crews and supplies before returning to the western shore to carry out its own spring duties.

Morley Fraser To Speak at Sports Banquet

Morley Frasher, who has completed his ninth year as head football coach at Albion College, will be the guest speaker at the annual All-Sports banquet honoring Charlevoix high school athletes and coaches Tuesday.

The event will be held at the Charlevoix high school cafeteria at 8:30 p.m.

Coach Don Carey will introduce the members of his Varsity football and basketball squads and Coach S. E. 'Irish' Coleman the members of his track team. Other coaches being honored will be Terry Rice and Leonard Burns. Varsity cheerleaders Linda Neff, Shirley Stoel, Donna Korth and Judy Walker will also be introduced.

Supt. R. G. Bennett has been asked to speak briefly and to introduce Coach Frasher. William Carey will be master of ceremonies. The Rev. George L. Majors whose son, Howard, will be among the athletes honored will give the invocation. H. E. Bingham and Ray L. Kipke, members of the athletic council, will also be introduced.

Coach Frasher, who will address the group, has an impressive record for nine years he has been at Albion College for his terms have posted a 47-25 overall record and 35-16 record in the Michigan Intercollegiate Athletic Association, always placing in the conference's first division.

Many area residents will remember Coach Frasher as football coach at Newberry high school where his teams piled a string of 24 consecutive victories over three unbeaten seasons and annexed the state championship in 1951. In 1952 he went to Lansing Eastern where, in two years, he brought the team from last place in the 5-A league to third and second place finishes.

All residents of the community, especially parents and friends of the athletes themselves, are urged to attend the banquet honoring the team that brought the 1962 Conferenee track title and the 1962 football title to Charlevoix as well as the cage team that gave so faithfully of its efforts during the recent court season.

Tickets may be purchased at the high school office or from Fran Martin.

Supervisors Adopt Tentative Budget Of $312,071.00

The Charlevoix county board of supervisors adopted its most conservative tentative budget in recent years, $312,071.00, for 1964 before adjourning the 95th annual spring session Tuesday.

The budget is only $23,926 more than the 1963 adopted budget of $284,045. For the first time in many years the county ended the year $12,095 in the black. This plus anticipated revenues from other sources including refunds, justice court fines and costs and other sources will trim the amount to be raised by taxes to $294,858 which will require a 5.7032 mill tax levy on the county's new state equalized valuation of $51,700,-235.

The county's new equalized valuation is an increase of $4,-504,200 over the current valuation of $47,195,986. The increase represents new property in the county, much of which is in Hayes township where the Big Rock Point Nuclear plant is located.

All taxing units received an inerease in valuations over last year with the exception of Boyne Valley township which lost $92-800 in valuation as the result of the dismantling of a hydro and diesel plant on Boyne River; St. James township on Beaver Island whose valuation was trimmed by $1,739 and the city of East Jordan where the valuation was cut by $82,546 as the result of a loss of inventory and adjustment of an error in the valuation of the former East Jordan Creamery.

Major increases were in Hayes township where the valuation was upped by $3,715,312; Wilson township, $95,834; Melrose township, $91,875; Eveline township, $90,107; Marion township, $77,-217 and Charlevoix township, $05,671. The townships, as a whole, showed an increase of $4,130,458.

The cities in the county, on the other hand, showed an overall increase of $373,790 with the valuations in Boyne City going up $219,989 and Charlevoix $218,347 over last year.

An analysis showing State Equalized Valuations of taxing units within the county as compiled by the Charlevoix County Assessment Equalization Department follows:

Taxing unit	1962	1983

County Total	47,195,986	51,700,235

A proposed addition to Grandvue Medical Facility for the Aged was discussed at length with the result that the board voted to transfer $45,000 from its building and improvement fund to the Grandvue building fund. The board also authorized a $500 appropriation to underwrite the cost of architect's fees to study the proposed new addition.

Only major appropriation other than the above was $1,200 made to supplement the 1963 budget of the Charlevoix County Board of Education.

A drawing for a wall decoration for the front of the court room submitted by a committee composed of William Sanderson of Eveline township, Harry Gebeau and Sam Arbuckle of Boyne City was approved and an appropriation made to underwrite its cost. It will include the words "In God We Trust" in English script lettering around the seal of the State of Michigan.

BETWEEN YOU AND ME

- By Harold E. Kohn -

Remove The Insulation, Lord

O Lord,
Children are so fortunate.
by too much familiarity
Heavily insulated
They are not yet
with the world.

* * *

They still feel
The exciting surge
of electric delight
upon discovering
A wasp drowsily crawling
on a window pane
while first emerging
from winter sleep
or upon
Hearing the first
spring peeper's call
in the greening marsh,
or upon
Seeing the first tree swallow
floating on spring's
damp breezes.

* * *

Children revel
in April's first rain
and
Gambol on May's new grass
and
Lounge in June's languid
sunshine
and
Swim in July's laughing waters
and
Become gladly grimey
with August's dust
and
In every season
draw good Nature
to their hearts
with gladness.

* * *

O Lord,
Strip the insulation
from our souls
So that, like little children,
We may savor
life's simple pleasures,
Taking nothing for granted,
Taking all things for joy.
In the name of One
Whose soul was bared to Thee
and all Thy works
and
Who delightedly pointed
Near His feet and said,
"Behold
the
lilies
of
the
field."

Spring... Nature Notes

By Harold E. Kohn

TURTLES and tortoises appear to be among the most persistent of all creatures in steering a stubborn course. Usually they attempt to clamber over an obstacle rather than to turn aside and go around it.

Herman Melville, author of "Moby Dick," onetime told of a tortoise taken captive and placed aboard ship. For a whole day it pushed against the ship's mast rather than to go around it. Melville said of such tortoises: "Their crowing curse is their drudging impulse to straight forwardness in a belittered world."

You can trust your neighbor, the pond turtle. He's a straight forward fellow!

John Ochs Wins Nomination for English Award

John Ochs, Charlevoix high school junior, has been nominated for the annual Achievement Awards program sponsored by the National Council of teachers of English, according to Mrs. Laura Courtade, head of the English Department.

For the sixth year, the Council is conducting the Awards program throughout the nation to grant recognition to outstanding high school seniors for excellenee in English. The writing abilities and the awareness of each nominee will be judged by local and state rommittees. The finals will be announced in November and their names will be sent to every U. S. college and university with the recommendation that these students be considered for scholarships assistance.

John is the son of Mr. and Mrs. Franklin Ochs.

Foundation Names Mrs. Scott Wilson To Bd. of Trustees

Mrs. Scott Wilson, who with Mr. Wilson owns and operates the Holiday Terrace Hotel here, was recently elected to the board of trustees of the Mt. Grace Foundation.

Newton Dillaway of Wakefield, Mass., was re-elected president; Mrs. Clarence Puddister also of Wakefield, Loring Goodale of Boston and Ernest Gallant of Reading were re-elected to the board. Miss Trudy Cremer of Pompano Beach, Fla., with Mrs. Wilson were elected for the first time.

The Mt. Grace Foundation is a non-profit organization, incorporated under the laws of Massachusetts in 1952, whose aim is "to furnish education in all matters, to make investigations and supply information to its members and associates".

The Foundation was recently offered the use of a large estate in Massachusetts with the purpose in mind of a new school for teenagers. The work of this Foundation, which is entirely educational, is based on the view that the best way to improve and stabilize the world situation lies in a better system of education.

To learn to think together and work together for the whole human race; to move toward wholeness under grace. . . this is the hope, the design and the essential program of the Mt. Grace Foundation. When people can change and broaden their attitudes, war and social calamaties can be stopped. It is the belief of this fine organization that this can be done by a vigorous educational program aimed at the whole human race.

Memberships in the Foundation begin at $2.00 a year for an associate membership; $5.00, regular; $10.00 group or family and $100.00 life membership.

Committee Heads Named for St. Mary's School Fair

Committee chairmen for the fourth annual School Fair to be sponsored by the Little Flower Guild of St. Mary's church on May 4 have been announced by the general chairman, Mrs. Joseph Bindi.

Mrs. Frank Bourgoin will be in charge of the goldfish and turtle booth, a new innovation at the fair this year.

Mrs. Ralph Doan will head the hat booth committee; Mrs. Willis Peters and Miss Mary Evans, the grab bag booth; Mrs. Charles Meier, the dart booth; Mrs. Leo Fairbanks and Mrs. Ronald Peterson, the candy booth; Mrs. Joseph Etienne, the Second Hand store; Mrs. Paul Santek and Miss Evans, the fish pond and Mrs. Edward P. Hansen, the Parcel Post booth.

Mrs. Frederick Keie and Mrs. Eugene Dziedzic have assumed responsibility for the snack bar which will feature various 'short-order' choices while St. Mary's Rosary Altar Society will be in charge of the baked goods sale. Mrs. Robert Morse has been named general chairman.

Chairmen of other entertainment will be named as soon as plans are completed.

Phyllis Trimble To Wed in May

Mr. and Mrs. Harrison Trimble have announced the engagement and approaching marriage of their daughter, Phyllis Ann, to William Klimas of Grand Rapids.

The wedding will be an event of May 16 in Grand Rapids.

The bride-elect is a graduate of the Charlevoix high school and Ferris Institute School of Pharmacy and is presently employed in the Pharmacy Department of Blodgett Memorial Hospital in Grand Rapids.

Township Officers To Hold Conference In Traverse City

A conference for township officers will be held at the Senior high school in Traverse City at 9 p.m. Monday under the auspices of the State Association of Supervisors and the Second District Association of Supervisors.

The one-day conference will be geared to the needs of the newly-elected township officials including problems of the township board and of the individual officers, supervisors, clerks and treasurers. While the program will be designed for new township officers, experienced officials may also benefit from the conference and are invited to attend.

Local Residents Guests Aboard U. S. C. G. Sundew

To the cry of "Take in all lines" a party of 10 local residents began a day's icebreaking aboard the U.S. Coast Guard cutter Sundew Friday.

The ship got underway at 10 a.m. and proceeded toward the Penn-Dixie Company dock on Little Traverse Bay near Petoskey.

As the result of the high winds Thursday, there was sufficient ice to give an excellent demonstration of the Sundew's icebreaking techniques and capabilities.

This representative group of local leaders were invited aboard by the Commanding Officer of the Sundew, Cmdr. Francis J. Mann, in an effort to acquaint the area residents with another facet of the Sundew's activities. It is Cmdr. Mann's contention that it is only fitting, since the Sundew and its crew are part of the community, that the people of Charlevoix be aware of the ship's many tasks and how they are performed.

The guests enjoyed luncheon and a tour of the ship while on the lake. Those making the trip were William G. Carey, Roy G. Bennett, Robert S. Hamilton, Mayor E. D. Hawley, Carl F. Kohler, R. L. Porter, Roy L. Raymer, Sheriff Glenn E. Rose, William 1. Supernaw and City Supt. James Taylor.

The ship returned to port at 4:45 p.m. the same day,

Jerry Left please call at the Charlevoix Courier and pick up your free ticket to the Palace Theatre on or before April 27, 1963. Showing this week is "Ocean's 11."
